

Handling of Market Maker Program for Futures and Options Market

Established October 23, 2013

Revised December 1, 2025

(Effective: January 5, 2026)

Osaka Exchange, Inc.

Items	Contents	Notes
I. Purpose	<ul style="list-style-type: none"> The purpose of this document is to establish necessary matters in relation to the market maker program which is described in Article 18 of the Enforcement Rules for Business Regulations, in order to ensure the smooth execution of transactions and improve liquidity in the OSE futures and options market by securing trading opportunities for investors through continuous quoting, etc. 	
II. Outline 1. Definition	<ul style="list-style-type: none"> A “market maker” is a trading participant designated by OSE to conduct market making or provide liquidity (hereinafter referred to as "market making"). “Market making” is continuous quoting of a bid and an offer by a designated Primary Market Maker (hereinafter referred to as "PMM") for their designated contracts as specified by OSE. "Liquidity provision" is quoting of a counter-bid or offer within a scope that a designated Liquidity Provider (hereinafter referred to as "LP") deems appropriate for their designated contracts as specified by OSE. 	<ul style="list-style-type: none"> A trading participant shall conduct market making or liquidity provision for its proprietary account or for a final customer (in case where a customer of a trading participant is an intermediary broker between the trading participant and the final customer, it refers to those who entrust transactions to

<p>3. Designation of Market Makers, etc.</p> <p>(1) Recruitment of Market Makers</p>	<ul style="list-style-type: none"> • OSE will set the application period and the eligible products for market making, etc. as-needed and accept applications from trading participants who wish to participate in market making in the OSE futures and options market. 					<ul style="list-style-type: none"> • In the case where a maximum number of market makers is established, OSE will announce the maximum number and the selection method during application acceptance.
<p>(2) Application for Designation as Market Maker</p>	<ul style="list-style-type: none"> • A trading participant who wishes to be designated as a market maker shall submit the prescribed "Application Form for Market Maker" to OSE via the dedicated page for market maker in Target (hereinafter referred to as "dedicated page for market maker"). 					<ul style="list-style-type: none"> • In cases where a trading participant wishes to apply for a PMM for Nikkei 225 mini in order to receive

(Reference Translation)

Items	Contents	Notes
	<ul style="list-style-type: none"> • In cases where a trading participant conducts market making for a final customer account, in principle only for the first of submitting, a copy of "Written Confirmation pertaining to Market Making" attached to "Application Form for Market Maker" must be submitted with respect to each individual final customer for which such trading participant conducts market making via dedicated page for market maker. • A trading participant shall apply the Sub-Participant Code which is exclusively used for market making, etc. by submitting the prescribed "Application Form for Measuring Sub-Participant Code" via dedicated page for market maker. A trading participant is not allowed to use said Sub-Participant Code except for transactions for market making conducted for its proprietary account or for a final customer account • A trading participant shall use reasonable effort to submit, if any, additional information which OSE deems necessary to accept the application of the trading participant. 	<p>incentives described in 4 (2), such trading participant shall apply for a PMM for other eligible products specified by OSE at the same time.</p> <ul style="list-style-type: none"> • The application for LP for Nikkei 225 Futures and Nikkei 225 mini is allowed only when the liquidity will be provided through a final customer account. • In principle, only one Sub-Participant Code can be notified. The applicant may notify up to twenty Sub-Participant Codes, where nineteen of the twenty Sub-Participant Codes must be Self Trade Prevention enabled Sub-Participant Codes.
(3) Designation of Market Maker	<ul style="list-style-type: none"> • In cases where OSE receives an application from a trading participant, OSE shall designate the trading participant as a market maker after reviewing the application form, etc. 	<ul style="list-style-type: none"> • Designation of market maker is conducted on the first business day of every

(Reference Translation)

Items	Contents	Notes
		month.
(4) Cancellation of Designation as Market Maker, etc.	<ul style="list-style-type: none"> In cases where OSE receives an application from a market maker to cancel its designation as a market maker, OSE shall cancel such designation. OSE may revoke or suspend market maker designation or take other measures deemed necessary by OSE in the following situations: <ul style="list-style-type: none"> (a) Where OSE deems that the market maker does not sufficiently fulfill its role as a market maker. (b) Other cases where OSE considers designation as a market maker inappropriate. 	<ul style="list-style-type: none"> In cases where the market maker intends to cancel its designation, in principle, the market maker shall submit "Cancellation Form for Market Maker" via dedicated page for market maker at least 1 month prior to the date it wishes to lose its designation. In cases where OSE takes measures such as suspension of designation, OSE shall make an inquiry with market maker in advance. Particularly, this measure will apply where a market maker violates related laws or regulations, or exchange rules, etc.
4. PMM		
(1) Role of PMM	<ul style="list-style-type: none"> A PMM shall endeavor to conduct market making for the specified products in the "Application 	<ul style="list-style-type: none"> In cases where there are

(Reference Translation)

Items	Contents	Notes
a. Requirement of Market Making	<p>Form for Market Maker", in accordance with requirements prescribed by OSE.</p> <ul style="list-style-type: none"> • OSE prescribes the following matters as market making requirements. <ul style="list-style-type: none"> (a) Quoting time period (b) Range and number of contract months and issues for each eligible product (Eligible issues) (c) Maximum spread for bids and offers (d) Minimum quantity for bids and offers (e) Other matters which OSE deems necessary in consideration of trading conditions of the eligible product, etc. 	<p>some requirements prescribed by OSE for the same product, a PMM shall endeavor to conduct market making in accordance with requirements a PMM selects. However, a PMM can select only one requirement.</p> <ul style="list-style-type: none"> • The requirements on the left shall be specified in Appendix 2 for each eligible product for the whole day, day session, and night session respectively.
b. Response to Request for Quote (RFQ)	<ul style="list-style-type: none"> • A PMM shall have discretion on providing bid and ask quotes in response to a RFQ for any issues of the eligible products for which it conducts market making through the derivative trading platform (J-GATE). 	
c. Easing / Exemption of Market Making Requirements	<ul style="list-style-type: none"> • A market maker may have market making requirements eased or be exempted from them in the following situations: <ul style="list-style-type: none"> (a) In cases where trading in the eligible product is halted or suspended. (b) In cases where multiple market makers of the same eligible product declare to OSE that they are unable to provide quotes, and OSE deems it reasonable. (c) Other cases deemed necessary by OSE. 	<ul style="list-style-type: none"> • In cases where the number of market makers of the same eligible product is

(Reference Translation)

Items	Contents	Notes
		only one, then the declaration from such one market is applicable.
d. Measures for Failure to Fulfill Market Making Requirements	<ul style="list-style-type: none"> A PMM may temporarily suspend market making due to market conditions, trading situation, system failures, etc. If a PMM is unable to fulfill its role, OSE will not impose a direct penalty on such PMM. However, the fee discount rate which is described in item “4. (2)” may be lowered in such conditions, and if a PMM's performance rate is significantly low and OSE deems that it will not recover in near future, OSE may cancel its designation as a PMM. 	
(2) Incentives for PMMs a. Trading fee discount	<ul style="list-style-type: none"> OSE shall provide PMMs with some incentives, such as discounts on trading fees and bonuses, etc., in consideration for market making. OSE will discount the trading fees of PMMs in accordance with their average monthly performance rate for market making specified by OSE. A PMM will be eligible for discounted trading fees for transactions executed through the Sub-Participant Code, which it registered with OSE in advance as the dedicated Sub-Participant Code used for calculating transactions of such PMM. 	<ul style="list-style-type: none"> For details on the method of measurement of the average monthly performance rate, please refer to Appendix 1. (Same as Item 4. (2) b.) The subject of fee discount and discount on PMM trading fee is as shown in Appendix 2. (Same as Item 4. (2) b.) OSE will announce the average performance rates as of mid-month and

(Reference Translation)

Items	Contents	Notes
		month-end to PMMs. (Same as Item 4. (2) b.)
b. Payment of Fixed Amount	<ul style="list-style-type: none"> • OSE will pay the fixed amount specified by itself to a PMM based on the average monthly performance rate for the market making by the PMM. 	
c. Allowance of Criteria for Receiving Incentives	<ul style="list-style-type: none"> • OSE may make allowance to criteria for receiving incentives for eligible products as described in a. and b. in above under the market conditions that OSE specifies. 	
d. Use of Additional User ID	<ul style="list-style-type: none"> • OSE will allow a PMM to use more than the upper limit of User IDs, set per Final Investor (meaning the proprietary trading division or final customer of the trading participant), in accordance with the number of eligible products for which the PMM conducts market making, etc. 	<ul style="list-style-type: none"> • Type and number of additional use of User IDs that OSE allows shall be specified in Appendix 4. • In cases where OSE deems that the market maker does not sufficiently fulfill its role as a market maker, OSE may suspend the additional use of User IDs.
5. LP (1) Role of LP	<ul style="list-style-type: none"> • LP shall conduct matching quotes within the scope the LP deems appropriate for eligible 	<ul style="list-style-type: none"> • Market making

Makers, etc. (related to Item 3)		designation as a market maker for holiday trading is not required.
(4) PMMs (related to Item 4)	<ul style="list-style-type: none"> • The performance of market making is assessed separately for weekdays (on a monthly basis) and holidays (on a one-day holiday basis.). In addition, when there are multiple holidays in the same month, the status is assessed for each holiday. • When criteria for receiving incentives for both weekdays and holidays are met, market makers may receive both incentives for weekdays and holidays. When criteria for receiving incentives for either weekdays or holidays are met, market makers may receive the incentives for either weekdays or holidays for which the criteria are met. In addition, when the criteria for receiving incentives for multiple holidays are met, market makers may receive the incentives for each of all the days for which the criteria are met. 	<ul style="list-style-type: none"> • For the calculation of the monthly performance rate, the number of weekdays is included, and the number of holidays is excluded. • The performance rate for each holiday is reported to PMMs. • Discounts on trading fees for market making on weekdays are based on trades executed on weekdays, and discounts on trading fees for market making on holidays are based on trades executed on holidays.

(Reference Translation)

Items	Contents	Notes
(5) LPs (related to Item 5)	<ul style="list-style-type: none">• The trade volumes of LPs for weekdays (monthly) and holidays (on a holiday basis) are measured separately. When there are multiple holidays in the same month, the trade volume is measured for each holiday on a one-day basis.	
7. Other	<ul style="list-style-type: none">• A market maker is required to notify OSE of contact person information according to the predetermined "Notification Form pertaining to MM's Contact Information" via dedicated page for market maker and must promptly notify OSE if its contact person will be changed.• If there is a change in the role of market makers and incentives, OSE will announce such changes at least one (1) month in advance. However, such a notification shall not apply to minor changes, etc.	

Calculation Method of Performance Rate for Market Making

1. Calculation method of performance rate for weekdays

- OSE shall calculate an average monthly performance rate for the whole day (from start of day session to the end of night session), day session, and night session, respectively, based on the daily performance rate which is measured for each period.

(1) Daily performance rate for the whole day. (Same as the day session and night session.)

= Time period of fulfilling market making requirements (*) / Quoting time period

(*) Requirements for market making mean the conditions specified by OSE for each eligible product. (Please refer to Appendix 2.)

(*) Holidays are excluded from the calculation.

(2) Average of monthly performance rate for the whole day. (Same as the day session and night session.)

= Sum of daily performance rates / Number of eligible days for market making (weekdays only)

(*) When average of monthly performance rate (%) includes a figure of a decimal point or less, it shall be rounded off.

2. Calculation method of performance rate for holidays

- OSE shall calculate daily holiday performance rates for the whole day (from the start of the day session to the end of the night session), day session, and night session, respectively, according to the roles of the eligible products.

(*) When there are multiple holidays in the same month, the performance rate is calculated for each of the holidays.

(*) The performance rate of night sessions for holidays is calculated for the night session starting from the evening of said holidays. For example, the performance rate for September 23, 2022 (holiday) is for the night session starting from the evening of September 23, 2022 (holiday), not for the night session starting from the evening of September 22, 2022 (weekday). The night session starting from the evening of September 22, 2022 (weekday), is subject to the calculation of the performance rate of the night sessions for weekdays.

(*10) If a PMM provides a sell quote that is priced below or equal to the lowest (e.g. JPY 0.04 for Type 1, JPY 0.05 for Type 2) among the range of values specified by the maximum spread, provision of only such a sell quote is deemed to satisfy the bid/offer spread requirements and is considered in the calculation of the PMM's performance rate.

(*11) Among the PMMs registered for Type 1 or Type 2 of Options on 10-year JGB futures who meet the criteria for receiving incentives, the top 2 PMMs in monthly auction trading volume will receive the fixed amount for the type they are registered in. For the PMMs ranked 3rd, 4th, and below 5th in monthly auction trading volume, they will receive 80%, 60%, and 40% of the fixed amount for their registered type, respectively. However, if there are multiple PMMs with the same monthly trading volume, the ranking should be decided by the performance rate.

-----------------	---	--	---	--	---	--	---	--

※1: Excluding additional use for being designated as PMM of Individual Securities Options.

※2: Meaning the upper limit of available user IDs per final investor regardless of the designation as PMM. Use of OUCH (Mass Cancel) user is permitted only for final investor who has been designated as PMM.

※3: In the case where the final investor has not been registered as a person conducting high speed trading under the Financial Instruments and Exchange Act, the upper limit of available user IDs for such investor is up to 2IDs for each partition, and OSE does not permit additional use of user IDs even if the final investor has been designated as PMM.

※4: The number of OUCH (Mass Cancel) user IDs that can be used shall be fixed regardless of the number of designation as PMM. However, if the final investor notifies of multiple sub-participant codes for market making, such final investor can own OUCH (Mass Cancel) user IDs up to the number of sub-participant codes notified to OSE.
