

Handling of Market Maker Program for Futures and Options Market

Established October 23, 2013

Revised June 5, 2026

(Effective: August 3, 2026)

Osaka Exchange, Inc.

Items	Contents	Notes
I. Purpose	<ul style="list-style-type: none">The purpose of this document is to establish necessary matters in relation to the market maker program which is described in Article 18 of the Enforcement Rules for Business Regulations, in order to ensure the smooth execution of transactions and improve liquidity in the OSE futures and options market by securing trading opportunities for investors through continuous quoting, etc.	
II. Outline 1. Definition	<ul style="list-style-type: none">A “market maker” is a trading participant designated by OSE to conduct market making or provide liquidity (hereinafter referred to as "market making").“Market making” is continuous quoting of a bid and an offer by a designated Primary Market Maker (hereinafter referred to as "PMM") for their designated contracts as specified by OSE."Liquidity provision" is quoting of a counter-bid or offer within a scope that a designated Liquidity Provider (hereinafter referred to as "LP") deems appropriate for their designated contracts as specified by OSE.	<ul style="list-style-type: none">A trading participant shall conduct market making or liquidity provision for its proprietary account or for a final customer (in case where a customer of a trading participant is an intermediary broker between the trading participant and the final customer, it refers to those who entrust transactions to

Items	Contents	Notes
	eligible product, etc.	
b. Response to Request for Quote (RFQ)	<ul style="list-style-type: none"> A PMM shall have discretion on providing bid and ask quotes in response to a RFQ for any issues of the eligible products for which it conducts market making through the derivative trading platform (J-GATE). 	
c. Easing / Exemption of Market Making Requirements	<ul style="list-style-type: none"> A market maker may have market making requirements eased or be exempted from them in the following situations: <ul style="list-style-type: none"> (a) In cases where trading in the eligible product is halted or suspended. (b) In cases where multiple market makers of the same eligible product declare to OSE that they are unable to provide quotes, and OSE deems it reasonable. (c) Other cases deemed necessary by OSE. 	<ul style="list-style-type: none"> In cases where the number of market makers of the same eligible product is only one, then the declaration from such one market is applicable.
d. Measures for Failure to Fulfill Market Making Requirements	<ul style="list-style-type: none"> A PMM may temporarily suspend market making due to market conditions, trading situation, system failures, etc. If a PMM is unable to fulfill its role, OSE will not impose a direct penalty on such PMM. However, the fee discount rate which is described in item "4. (2)" may be lowered in such conditions, and if a PMM's performance rate is significantly low and OSE deems that it will not recover in near future, OSE may cancel its designation as a PMM. 	
(2) Incentives for PMMs	<ul style="list-style-type: none"> OSE shall provide PMMs with some incentives, such as discounts on trading fees and bonuses, etc., in consideration for market making. 	
a. Trading fee discount	<ul style="list-style-type: none"> OSE will discount the trading fees of PMMs in accordance with their average monthly performance rate for market making specified by OSE. 	<ul style="list-style-type: none"> For details on the method of measurement of the average

(Reference Translation)

Items	Contents	Notes
	<ul style="list-style-type: none"> A PMM will be eligible for discounted trading fees for transactions executed through the Sub-Participant Code, which it registered with OSE in advance as the dedicated Sub-Participant Code used for calculating transactions of such PMM. 	<p>monthly performance rate, please refer to Appendix 1. (Same as Item 4. (2) b.)</p> <ul style="list-style-type: none"> The subject of fee discount and discount on PMM trading fee is as shown in Appendix 2. (Same as Item 4. (2) b.) OSE will announce the average performance rates as of mid-month and month-end to PMMs. (Same as Item 4. (2) b.)
b. Payment of Fixed Amount	<ul style="list-style-type: none"> OSE will pay the fixed amount specified by itself to a PMM based on the average monthly performance rate for the market making by the PMM. 	
c. Allowance of Criteria for Receiving Incentives	<ul style="list-style-type: none"> OSE may make allowance to criteria for receiving incentives for eligible products as described in a. and b. in above under the market conditions that OSE specifies. 	

(Reference Translation)

Items	Contents	Notes
d. Use of Additional User ID	<ul style="list-style-type: none"> • OSE will allow a PMM to use more than the upper limit of User IDs, set per Final Investor (meaning the proprietary trading division or final customer of the trading participant), in accordance with the number of eligible products for which the PMM conducts market making, etc. 	<ul style="list-style-type: none"> • Type and number of additional use of User IDs that OSE allows shall be specified in Appendix 4. • In cases where OSE deems that the market maker does not sufficiently fulfill its role as a market maker, OSE may suspend the additional use of User IDs.
5. LP (1) Role of LP	<ul style="list-style-type: none"> • LP shall conduct matching quotes within the scope the LP deems appropriate for eligible products. • OSE shall measure the monthly trading volumes based on trades executed through the Sub-Participant Code, which it registered with OSE in advance as the dedicated Sub-Participant Code used for calculating transactions of such LP. 	<ul style="list-style-type: none"> • Market making requirements like those required of PMMs shall not be established for LPs.
(2) Incentives for LP	<ul style="list-style-type: none"> • OSE will discount trading fees of LPs in accordance with their monthly trading volume for eligible products. • The eligible transactions for discount on trading fees shall be the transactions described in Item “5. (1)”. 	<ul style="list-style-type: none"> • The discount on trading fees for LPs is as shown in the Appendix 3.
6. Holiday Trading

(3) Designation of Market Makers, etc. (related to Item 3)	<ul style="list-style-type: none"> Market makers designated as such upon the submission of an application pursuant to Item 3 may conduct market making, etc., in accordance with this handling. 	<ul style="list-style-type: none"> The submission of an application for the designation as a market maker for holiday trading is not required. 												

(Reference Translation)

Items	Contents	Notes
<p>(4) PMMs (related to Item 4)</p>	<ul style="list-style-type: none"> The performance of market making is assessed separately for weekdays (on a monthly basis) and holidays (on a one-day holiday basis.). In addition, when there are multiple holidays in the same month, the status is assessed for each holiday. When criteria for receiving incentives for both weekdays and holidays are met, market makers may receive both incentives for weekdays and holidays. When criteria for receiving incentives for either weekdays or holidays are met, market makers may receive the incentives for either weekdays or holidays for which the criteria are met. In addition, when the criteria for receiving incentives for multiple holidays are met, market makers may receive the incentives for each of all the days for which the criteria are met. 	<ul style="list-style-type: none"> For the calculation of the monthly performance rate, the number of weekdays is included, and the number of holidays is excluded. The performance rate for each holiday is reported to PMMs. Discounts on trading fees for market making on weekdays are based on trades executed on weekdays, and discounts on trading fees for market making on holidays are based on trades executed on holidays.
<p>(5) LPs (related to Item 5)</p>	<ul style="list-style-type: none"> The trade volumes of LPs for weekdays (monthly) and holidays (on a holiday basis) are measured separately. When there are multiple holidays in the same month, the trade volume is measured for each holiday on a one-day basis. 	

(Reference Translation)

Items	Contents	Notes
7. Other	<ul style="list-style-type: none"><li data-bbox="472 197 1644 325">• A market maker is required to notify OSE of contact person information according to the predetermined "Notification Form pertaining to MM's Contact Information" via dedicated page for market maker and must promptly notify OSE if its contact person will be changed.<li data-bbox="472 341 1644 469">• If there is a change in the role of market makers and incentives, OSE will announce such changes at least one (1) month in advance. However, such a notification shall not apply to minor changes, etc.	

Calculation Method of Performance Rate for Market Making

1. Calculation method of performance rate for weekdays

- OSE shall calculate an average monthly performance rate for the whole day (from start of day session to the end of night session), day session, and night session, respectively, based on the daily performance rate which is measured for each period.

(1) Daily performance rate for the whole day. (Same as the day session and night session.)

= Time period of fulfilling market making requirements (*) / Quoting time period

(*) Requirements for market making mean the conditions specified by OSE for each eligible product. (Please refer to Appendix 2.)

(*) Holidays are excluded from the calculation.

(2) Average of monthly performance rate for the whole day. (Same as the day session and night session.)

= Sum of daily performance rates / Number of eligible days for market making (weekdays only)

(*) When average of monthly performance rate (%) includes a figure of a decimal point or less, it shall be rounded off.

2. Calculation method of performance rate for holidays

- OSE shall calculate daily holiday performance rates for the whole day (from the start of the day session to the end of the night session), day session, and night session, respectively, according to the roles of the eligible products.

(*) When there are multiple holidays in the same month, the performance rate is calculated for each of the holidays.

(*) The performance rate of night sessions for holidays is calculated for the night session starting from the evening of said holidays. For example, the performance rate for September 23, 2022 (holiday) is for the night session starting from the evening of September 23, 2022 (holiday), not for the night session starting from the evening of September 22, 2022 (weekday). The night session starting from the evening of September 22, 2022 (weekday), is subject to the calculation of the performance rate of the night sessions for weekdays.

Minimum Quantity	20 contracts																						
Criteria for Receiving Incentives	Performance rate of 30% or more.																						
Incentives	Discount on Trading Fee (*33)	<p style="text-align: center;">Discounts on trading fee for eligible products of 1st contract are applied.</p> <hr/> <p style="text-align: center;">Amount for trading value multiplied by 1 basis points</p> <hr/> <p style="text-align: center;">* Discount fee per contract for each transaction is up to JPY 350. * Only applied to transactions in the auction market (Night session).</p>																					

(*31) ATM of Nikkei 225 Options (regular options) is calculated based on the last traded price of Nikkei 225 Futures (the nearest contract).

(*32) If a PMM provides a sell quote that is priced below or equal to the lowest (e.g. JPY 5) among the range of values specified by the maximum spread, provision of only such a sell quote is deemed to satisfy the bid/offer spread requirements and is considered in the calculation of the PMM's performance rate.

(*33) In addition to the discount on trading fee described above, for weekdays, incentives equivalent to usage fee of OUCH user ID(s) that each PMM uses shall be provided up to 5 IDs for 50% or more performance rate and up to 3 IDs for 30% or more and less than 50% performance rate (JPY 50,000 per month per OUCH user ID) if the PMM satisfies criteria for receiving incentives.

※1: Excluding additional use for being designated as PMM of Individual Securities Options.

※2: Meaning the upper limit of available user IDs per final investor regardless of the designation as PMM. Use of OUCH (Mass Cancel) user is permitted only for final investor who has been designated as PMM.

※3: In the case where the final investor has not been registered as a person conducting high speed trading under the Financial Instruments and Exchange Act, the upper limit of available user IDs for such investor is up to 2IDs for each partition, and OSE does not permit additional use of user IDs even if the final investor has been designated as PMM.

※4: The number of OUCH (Mass Cancel) user IDs that can be used shall be fixed regardless of the number of designation as PMM. However, if the final investor notifies of multiple sub-participant codes for market making, such final investor can own OUCH (Mass Cancel) user IDs up to the number of sub-participant codes notified to OSE.
