Notes:			

Notes:

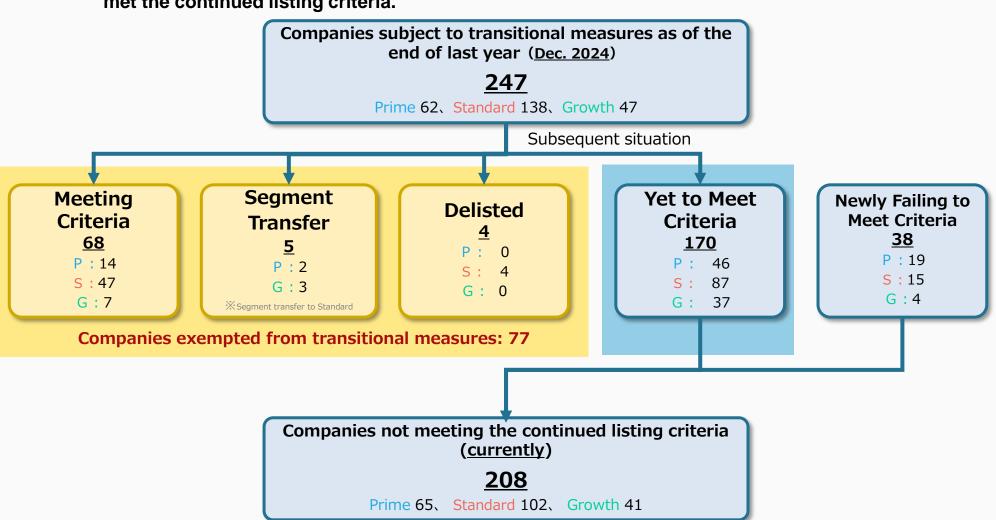

- Excluding companies not subject to transitional measures (new listings after market restructuring or companies designated as Securities on Special Alert) and companies that only fail to meet criteria not subject to transitional measures (amount of net assets)
- 12 companies are not subject to transitional measures and do not meet the continued listing criteria.
- Criteria for tradable shares are reflected up to the record date at the end of March 2025 (such criteria are
 reflected up to the record date at the end of April or May 2025 for companies whose statuses are known).
 Criteria for market capitalization are reflected up to companies whose fiscal year ends in May.
- Excludes companies scheduled to go private (companies designated as Securities Under Supervision)
- For companies that have not yet entered an improvement period, figures have been calculated based on the
 assumption that they will continue to fail to achieve their targets
- For companies that fail to meet the criteria for transitional measures in addition to criteria not subject to transitional measures (amount of net assets), figures have been calculated based on the end date of the improvement period for transitional measures

Ref: Changes in Companies Subject to Transitional Measures Since the End of Last Year

- Among the 247 companies subject to transitional measures as of the end of last year, 68 companies, mainly those with a fiscal year ending in March, have met the continued listing criteria.
 - Among the companies with a fiscal year ending in March, 55 out of 114 companies (about half) have met the continued listing criteria.

Status of Consideration of Market Segment Transfer and Multiple Listing on Other Exchanges

- Among companies that do not meet the continued listing criteria (208 companies), many companies are beginning to consider or implement market segment transfers or listing on other exchanges as a next best option in the case they fail to comply with the criteria.
- Some companies are scheduled for delisting through an M&A, MBO, etc., with other companies.
- ⇒ Going forward, TSE will conduct interviews with each company to understand their specific situations and encourage them to consider these options.

Market segment transfer

47 companies have had consultations/disclosed policies regarding changing their market segment to the Standard Market (Prime: 36 companies; Growth: 11 companies)

Multiple listing on other exchanges

- <u>17 companies</u> have already carried out multiple listing on other exchanges in Japan (Prime: 3 companies; Standard: 14 companies)
- In addition, <u>9 companies</u> have disclosed policies regarding multiple listing on other exchanges (Prime: 2 companies; Standard: 5 companies; Growth: 2 companies) and <u>56 companies</u> have had consultations regarding multiple listing on other exchanges (Prime: 2 companies; Standard: 36 companies; Growth: 18 companies)

*Counted regardless of likelihood of compliance with listing criteria. Companies that have had consultations with multiple exchanges have been counted more than once.

Going private

Sompanies are scheduled for delisting through M&A with other companies, MBO, etc. (Prime: 2 company; Standard: 1 companies)

Ref: Notifications to Shareholders/Investors, Requests/Notifications to Listed Companies Entering Improvement Period (Reprint)

- Strengthen efforts to inform/caution shareholders and investors that transitional measures have expired, and delisting will occur in about one year's time in the earliest case
- Request that listed companies (entering the improvement period in or after March 2025) provide detailed explanations/information to shareholders and investors. Also notify them of other companies' corporate action status and encourage them to consider and implement necessary initiatives

Specific planned actions

Requests/
notifications to
listed
companies
entering
improvement
period

- Request that companies strive to provide detailed explanations/information to shareholders and investors at events such as general shareholders and IR meetings regarding status of initiatives toward conformity, delisting risks, and improvement period schedule, etc.
- Notify them of other companies' corporate action status (conformity to standards, market transfers, listing on other exchanges, going private, etc.) and encourage them to consider and implement necessary initiatives
- Request that when a company discloses progress of its plan to meet the continued listing criteria, in addition to the status of its initiatives towards conformity, it also discloses considerations on other corporate actions
