BASE PROSPECTUS

NOMURA

NOMURA BANK INTERNATIONAL PLC

(incorporated in England with limited liability with registered number 1981122)

NOMURA EUROPE FINANCE N.V.

(a limited liability company with corporate seat in Amsterdam, the Netherlands)

EURO NOTE PROGRAMME

FOR THE ISSUE OF NOTES WHICH WILL BE GUARANTEED, IF SO SPECIFIED IN THE APPLICABLE FINAL TERMS, BY EITHER

NOMURA HOLDINGS, INC.

(incorporated in Japan with limited liability)

OR, ON A JOINT AND SEVERAL BASIS, BY

NOMURA HOLDINGS, INC.

(incorporated in Japan with limited liability)

AND

NOMURA SECURITIES CO., LTD.

(incorporated in Japan with limited liability)

Under this Euro Note Programme (the **Programme**), Nomura Bank International plc (**NBI**) and Nomura Europe Finance N.V. (**NEF** and, together with NBI, the **Issuers** and each an **Issuer**) may from time to time issue Notes (the **Notes**) denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined herein).

The payment and/or delivery obligations under the Notes of each Issuer may be unconditionally and irrevocably guaranteed, as specified in the applicable final terms document (the Final Terms), either by Nomura Holdings, Inc. (NHI) or on a joint and several basis by NHI and Nomura Securities Co., Ltd. (**NSC** and, together with NHI, the **Guarantors** and each, a **Guarantor**). Notes may also be issued without a guarantee from either NHI or NSC.

In relation to each Tranche (as defined herein) of Notes, the applicable Final Terms will specify whether such Tranche is to be guaranteed by either NHI or NHI and NSC or not guaranteed by either. References herein to **Guaranteed Notes** shall be construed as references to Notes which are guaranteed by either NHI or, on a joint and several basis, by NHI and NSC, as specified in the applicable Final Terms. References herein to **Guarantor(s)** shall be construed to mean **NHI** (where the relevant Final Terms specify NHI as sole Guarantor in respect of the relevant Series of Notes), or the Guarantors (where the relevant Final Terms specify each of NHI and NSC as the Guarantors in respect of the relevant Series of Notes). NEF shall only issue Guaranteed Notes which shall be guaranteed by either (i) NHI or (ii) NHI and NSC on a joint and several basis. Guaranteed Notes issued by NBI shall only be guaranteed by NHI.

On 26 July 2002 and 19 October 1994, each of NBI and NEF, respectively, established its own programme for issuing and listing the notes described therein (the **Existing Programmes**). Notes issued under the Existing Programmes can be guaranteed by NHI or NSC or, by NHI and NSC on a joint and several basis or, not guaranteed by either, all as described therein. On 13 May 2011, NEF was substituted for Nomura Global Funding plc (i) as the issuer of the guaranteed notes and as principal obligor under the Programme and (ii) as the issuer of the guaranteed notes and as principal obligor under the deed of covenant and the agency agreement under the USD 3,500,000,000 single-issuer euro note programme of Nomura Global Funding plc (**NGF Single-Issuer Programme**).

For the purposes of calculating the maximum aggregate amount of Guaranteed Notes that can be issued under the Programme, the outstanding guaranteed notes issued under the Existing Programmes by each Issuer, as well as the NGF Single-Issuer Programme in the case of NEF, will be taken into account.

The Issuers have a right of substitution as set out in Condition 20. The Guarantors have a limited right of substitution as set out in Condition 20.

The maximum aggregate nominal amount of Notes issued by the relevant Issuer and from time to time outstanding under the Programme will not exceed:

- U.S.\$10,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement) in the case of Notes issued by NBI; and
- U.S.\$30,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement) in the case of Notes issued by NEF,

subject to increase in accordance with the terms of the Dealer Agreement.

Application has been made to the Luxembourg Stock Exchange in its capacity as the market operator of the Euro MTF Market under the Luxembourg act relating to prospectuses for securities (*loi relative aux prospectus pour valeurs mobilières*) to list Notes issued under the Programme on the Euro MTF Market for a period of 12 months from the date of this Base Prospectus. Notice of the aggregate nominal amount of, interest (if any) payable in respect of, the issue price of, the issue date and maturity date of, and any other terms and conditions not contained herein which are applicable to, each Tranche of Notes will be set forth in the applicable Final Terms which, with respect to Notes to be listed on the Euro MTF Market of the Luxembourg Stock Exchange will be delivered to the Luxembourg Stock Exchange on or before the date of issue of the Notes of such Tranche. In addition to the above, the Programme will also be admitted for the listing of the Notes on the Tokyo Stock Exchange in its capacity as the market operator of the TOKYO PRO-BOND Market in accordance with the rules and regulations of the Tokyo Stock Exchange.

This Base Prospectus may only be used for the purpose for which it has been published.

References in this Base Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to trading on the Euro MTF Market and are intended to be listed on the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's Euro MTF Market is not a regulated market for the purposes of Directive 2004/39/EC as amended (the **Markets in Financial Instruments Directive**).

The Programme provides that Notes may be listed on or by such other or further stock exchange(s) (other than in respect of an admission to trading on any market in the European Economic Area (the **EEA**) which has been designated as a regulated market for the purposes of Directive 2003/71/EC as amended (which includes the amendments made by Directive 2010/73/EU to the extent that such amendments have been implemented in a relevant Member State of the European Economic Area) (the **Prospectus Directive**)) as may be agreed between the relevant Issuer and the relevant Dealer. The Issuers may also issue unlisted Notes.

The Notes of each Tranche will either initially be represented by a temporary global note (each a **Temporary Global Note**) or, if agreed between the relevant Issuer and the relevant Dealer, be represented by a permanent global note (each a **Permanent Global Note**) which, in either case, will be deposited on the issue date thereof with a common depositary or a common safekeeper, as the case may be, on behalf of Euroclear Bank SA/NV (**Euroclear**), and Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**) and/or any other agreed clearing system. A Temporary Global Note so issued will be exchangeable, as specified in the applicable Final Terms, for either a Permanent Global Note or definitive Notes, in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. A Permanent Global Note will be exchangeable for definitive Notes as further described in “*Form of the Notes*” below.

- (b) the U.S. dollar amount (or, where applicable, the U.S. dollar equivalent of the amount) of Dual Currency Notes, Foreign Exchange Linked Notes, Index Linked Notes, Equity Linked Notes, Credit Linked Notes, Exchangeable Notes, Other Notes (not issued at a discount or a premium) and Partly Paid Notes (each as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") shall be calculated (where applicable, in the manner specified above) by reference to the original nominal amount of such Notes issued (in the case of Partly Paid Notes regardless of the purchase price paid); and
- (c) the U.S. dollar amount (or, where applicable, the U.S. dollar equivalent of the amount) of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*" below) and Other Notes issued at a discount or a premium shall be calculated (where applicable, in the manner specified above) by reference to the net proceeds received by the relevant Issuer for the relevant issue.

FORM OF THE NOTES

Each Tranche of Notes will either be initially represented by a Temporary Global Note (without receipts, interest coupons or talons) or, if agreed between the relevant Issuer and the relevant Dealer or Dealers, be represented by a Permanent Global Note (together with the Temporary Global Note, the **Global Notes**) which, in either case, unless otherwise agreed between the relevant Issuer and the relevant Dealer or Dealers, will:

- (i) if the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear and Clearstream, Luxembourg; and
- (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for Euroclear and Clearstream, Luxembourg.

Any reference in this section "*Form of the Notes*" to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the relevant Issuer, the relevant Dealer and the Agent. Whilst any Note is represented by a Temporary Global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification to the effect that the beneficial owner of such Note is not a U.S. person or a person who has purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it/they has/have received) to the Agent.

On and after the date (the **Exchange Date**) which is 40 days after the date on which a Temporary Global Note is issued, interests in the Temporary Global Note will be exchangeable (provided that, if it is a Partly Paid Note (as described below), all instalments of the subscription moneys due before the date of such exchange have been paid) (free of charge) as described therein either for interests in a Permanent Global Note (without receipts, interest coupons or talons) or for security printed definitive Notes (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms) in each case against certification of beneficial ownership as described above unless such certification has already been given as described above. The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused. Pursuant to the Agency Agreement, the Agent shall arrange, unless otherwise instructed by the relevant Issuer, that, where a further Tranche of Notes is issued, the Notes of such Tranche shall be assigned a common code and ISIN by Euroclear and Clearstream, Luxembourg which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least 40 days after the completion of the distribution of the Notes of such Tranche. The end of such period (and the common code and ISIN thereafter applicable to the Notes of the relevant Series) will be notified by the Agent to the relevant Issuer and the relevant Dealer.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the relevant Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

If in respect of any Note any amount of principal and/or interest is to be settled by the delivery of an asset other than by the payment of cash, the relevant provisions dealing with such delivery will be set out in the applicable Final Terms.

A Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached, as specified in the applicable Final Terms, either (i) on not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, an **Exchange Event** means that (i) an Event of Default (as defined in Condition 12) has occurred and is continuing, (ii) the relevant Issuer or, in the case of Guaranteed Notes, the Guarantor(s), have been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer or, in the case of Guaranteed Notes, the Guarantor(s), have or will become obliged to pay additional amounts as provided for or referred to in Condition 10 which would not be required were the Notes represented by the Permanent

Global Note in definitive form. The relevant Issuer or, in the case of Guaranteed Notes, the Guarantor(s), will promptly give notice to Noteholders in accordance with Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer or the Guarantor(s), may also give notice to the Agent requesting exchange. Any such exchange shall occur no later than 60 days after the date of the first relevant notice received by the Agent.

Global Notes and definitive Notes will be issued pursuant to the Agency Agreement.

The following legend will appear on all Global Notes, definitive Notes, receipts, interest coupons and talons, unless otherwise agreed between the relevant Issuer and the relevant Dealer:

“ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(J) AND 1287(A) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, receipts or interest coupons.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 12. In such circumstances, where any Note is still represented by a Global Note and a holder of such Note so represented and credited to his securities account with Euroclear and/or Clearstream, Luxembourg, as the case may be, gives notice that it wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such Global Note, such Global Note will become void. At the same time, holders of interests in such Global Note credited to their account with Euroclear or Clearstream, Luxembourg will become entitled to proceed directly against the relevant Issuer on the basis of statements of account provided by Euroclear and Clearstream, Luxembourg, on and subject to the terms of the Deed of Covenant (as defined below).

The election will have effect as follows:

- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes held (or, as the case may be, in respect of which Coupons are presented for payment) by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the relevant Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Agent may approve) euro 0.01 and such other denominations as the Agent shall determine and notify to the Noteholders;

New euro denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No

Exchange Notice may be given less than 15 days prior to any date for payment of principal of or interest on the Notes;

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except where a Fixed Coupon Amount or a Broken Amount is specified in the applicable Final Terms, such interest shall be calculated by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

- (i) if **Actual/Actual (ICMA)** is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if **30/360** is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

Fixed Interest Period means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date; and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

(b) Interest on Floating Rate Notes, Index Linked Interest Notes and Foreign Exchange Linked Interest Notes

(i) Interest Payment Dates

Each Floating Rate Note, Index Linked Interest Note and Foreign Exchange Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in the Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (II) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (I) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (II) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In this Condition, **Business Day** means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro or Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney, and if the Specified Currency is New Zealand dollars, shall be Wellington and Auckland) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the **TARGET2 System**) or any successor thereto is open or (iii) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Hong Kong.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of the Floating Rate Notes, Index Linked Interest Notes and Foreign Exchange Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;

- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (**LIBOR**) or on the Euro-zone inter-bank offered rate (**EURIBOR**), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate, calculation agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded, if necessary, to the sixth decimal place, with 0.0000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) Minimum and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and Calculation of Interest Amounts

The Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. Unless otherwise specified, the Rate of Interest shall be rounded to six decimal places, with 0.0000005 being rounded up. The

Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes, Index Linked Interest Notes or Foreign Exchange Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency (being, in the case of amount payable in euro or U.S. dollars, cents, in the case of amount payable in pounds sterling, pence and, in the case of amount payable in Japanese Yen, yen), half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note, an Index Linked Interest Note or a Foreign Exchange Linked Interest Note is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5(b):

- (A) if **Actual/Actual (ISDA)** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (C) if **Actual/365 (Sterling)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (E) if **30/360, 360/360** or **Bond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Interest Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"**M₂**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (F) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

- (G) if **30E/360 (ISDA)** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31 and D₂ will be 30.

- (v) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the relevant Issuer, the Guarantor(s) (in the case of Guaranteed Notes) and any stock exchange on which the relevant Floating Rate Notes, Index Linked Interest Notes or Foreign Exchange Linked Interest Notes are for the time being listed, quoted and/or traded and notice thereof to be published in accordance with Condition 16 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange, competent listing authority and/or quotation system (if required) on which the relevant Floating Rate Notes, Index Linked Interest Notes or Foreign Exchange Linked Interest Notes are for the time being listed, quoted and/or traded and to the Noteholders in accordance with Condition 16. For the purposes of this paragraph, the expression **London Business Day** means a day on which commercial banks and foreign exchange

markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London.

(vi) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(b), by the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the relevant Issuer, the Guarantor(s) (in the case of Guaranteed Notes), the Agent, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the relevant Issuer, the Guarantor(s) (in the case of Guaranteed Notes), the Noteholders, the Receiptholders or the Couponholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Interest on Dual Currency Interest Notes, Equity Linked Interest Notes, Credit Linked Notes and Other Notes

Any rate or amount of interest payable in respect of Dual Currency Interest Notes, Equity Linked Interest Notes, Credit Linked Notes and Other Notes shall be determined in the manner specified in the applicable Final Terms.

(d) Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) Accrual of Interest

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption unless payment of principal is improperly withheld or refused or delivery of any asset in respect thereof is improperly withheld or refused. In such event, interest will continue to accrue until the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid and/or all assets in respect of such Note have been delivered; and
- (2) five days after the date on which the full amount of the monies payable in respect of such Note has been received by the Agent and/or all assets in respect of such Note have been received by the Settlement Agent and notice to that effect has been given to the Noteholders in accordance with Condition 16 or individually.

6. Provisions related to Index Linked Notes where the Index is the Nikkei Stock Average

If the Index is specified as the Nikkei Stock Average in the applicable Final Terms, paragraphs (a), (b) and (c) below shall apply, unless otherwise specified, in relation to any amount or rate the value of which is based upon the level of the Nikkei Stock Average.

(a) Adjustment to Index

(i) Successor Index

If the Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then in each case that index (the **Successor Index**) will be deemed to be the Index.

(ii) Modification and Cessation of Calculation of the Index

If (i) on or prior to any Valuation Date or any Scheduled Trading Day during the Reference Period, as the case may be, the Index Sponsor announces that it will make a material change in the formula for or the

method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stocks and capitalisation and other routine events) (an **Index Modification**) or (ii) on any Valuation Date or any Scheduled Trading Day during the Reference Period, as the case may be, the Index Sponsor fails to calculate and announce the level of the Index, then the Calculation Agent in its sole discretion shall (or, with respect to an Index Modification on the relevant Scheduled Trading Day during the Reference Period (other than the Valuation Date), may) determine the level of the Index in accordance with the formula for and method of calculation of the Index last in effect prior to that change or failure, but using only those securities that comprised the Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on the Exchange).

(iii) Cancellation of the Index

If on or prior to any Valuation Date or any Scheduled Trading Day during the Reference Period, as the case may be, the Index Sponsor permanently cancels the Index and no Successor Index exists, then the relevant Issuer in its sole discretion may take the action described in (A) or (B) below:

- (A) to require the Calculation Agent in its sole discretion to determine the level of the Index in accordance with the formula for and method of calculation of the Index last in effect prior to that cancellation, but using only those securities that comprised the Index immediately prior to that cancellation (other than those securities that have since ceased to be listed on the Exchange); or
- (B) to redeem the Notes by giving notice to the Noteholders in accordance with Condition 16. If the Notes are so redeemed, the relevant Issuer will pay to each Noteholder the Early Redemption Amount on the date notified to the Noteholders in accordance with Condition 16. The Early Redemption Amount in respect of each nominal amount of the Notes equal to the Specified Denomination shall be an amount in the Specified Currency calculated by the Calculation Agent in its sole discretion that, on the date three Business Days prior to the due date for redemption, is equal to the fair economic value of such nominal amount of the Notes, less the cost to the relevant Issuer of unwinding any underlying related hedging arrangements. **Business Day** for the purposes of this Condition 6(a)(iii) only means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in London, Luxembourg and Tokyo.

(iv) Correction of the Index

If the level of the Index published by the Index Sponsor and which is utilised for any calculation or determination made for the Notes is subsequently corrected and the correction which leads to the correction of the amount and/or the rate previously determined with reference to the level of the Index is published by the Index Sponsor within one (1) Exchange Business Day of the original publication, but under no circumstances later than the relevant payment date, then the Calculation Agent will promptly notify the relevant Issuer and the Agent of (i) that correction, (ii) the amount that is payable or deliverable as a result of that correction, as calculated by the Calculation Agent and (iii) to the extent necessary, the adjustment to the terms of the Notes to account for such correction, as soon as possible after the publication of such correction.

(b) Disclaimer

The Notes are not in any way sponsored, endorsed, sold or promoted by the Index or the Index Sponsor and the Index Sponsor makes no warranty or representation whatsoever, whether express or implied, either as to the results to be obtained from the use of the Index and/or the levels at which the Index stands at any particular time on any particular date or otherwise. Neither the Index nor the Index Sponsor shall be liable (whether in negligence or otherwise) to any person for any error in the Index or be under any obligation to advise the relevant Issuer or the Noteholders of any error therein. The Index Sponsor makes no representation whatsoever, whether express or implied, as to the advisability of purchasing or assuming any risk in connection with the Notes and has no obligation or responsibility for any business regarding the Notes. None of the relevant Issuer, the Guarantor(s), their affiliates or the Calculation Agent shall have any liability to the Noteholders for any act or failure to act by the Index Sponsor in connection with the calculation, adjustment or maintenance of the Index. Except as disclosed prior to the issue of the Notes, none of the relevant Issuer, the Guarantor(s) or their affiliates has any affiliation with or control over the Index or Index Sponsor or any control over the computation, composition or dissemination of the Index. Although the Calculation Agent will

obtain information concerning the Index from publicly available sources it believes reliable, it will not independently verify this information. Accordingly, no representation, warranty or undertaking (express or implied) is made and no responsibility is accepted by the relevant Issuer, the Guarantor(s), their affiliates or the Calculation Agent as to the accuracy, completeness and timeliness of information concerning the Index. The copyright regarding the **Nikkei Stock Average** or the intellectual property right in respect of the presentation of the **Nikkei Stock Average** or any other right is held by Nikkei Inc. Nikkei Inc. has the right to change the content of the **Nikkei Stock Average** and to suspend the publication thereof.

(c) Interpretation and Definitions

In these Conditions, the following terms shall have the meanings given or referred to below. Other terms used in these Conditions may be defined in the applicable Final Terms. In the case of inconsistency between these Conditions and the applicable Final Terms, the applicable Final Terms shall prevail.

Disrupted Day means any Scheduled Trading Day on which the Exchange or the Related Exchange fails to open for trading during its regular trading session (which, in the case of the Related Exchange, the Calculation Agent determines is material) or on which a Market Disruption Event has occurred. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the relevant Issuer and the Agent of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date.

Early Closure means the closure on any Exchange Business Day of the Exchange or the Related Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by the Exchange or the Related Exchange at least one hour prior to the earlier of (A) the actual closing time for the regular trading session on the Exchange or the Related Exchange on such Exchange Business Day and (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

Exchange means Tokyo Stock Exchange, Inc., which expression shall include any successor as the Exchange.

Exchange Business Day means any Scheduled Trading Day on which each of the Exchange and the Related Exchange are open for trading during their respective regular trading sessions, notwithstanding the Exchange or the Related Exchange closing prior to its Scheduled Closing Time.

Exchange Disruption means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or obtain market values for, securities that comprise 20 per cent. or more of the level of the Index on the Exchange or (B) to effect transactions in, or obtain market values for, futures or options contracts relating to the Index on the Related Exchange.

Index means the Nikkei Stock Average, an index of 225 selected stocks listed on the first section of the Exchange, which is currently calculated and sponsored by Nikkei Inc. (the **Index Sponsor**, which term shall include any agents or other persons acting on behalf of such person) subject to (a) above.

Market Disruption Event means, in respect of the Index, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time, or (iii) an Early Closure. For the purposes of determining whether a Market Disruption Event in respect of the Index exists at any time, if a Market Disruption Event occurs in respect of a security included in the Index at any time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

Reference Period means the period specified in the applicable Final Terms. If any Scheduled Trading Day during the Reference Period (other than the Valuation Date) is a Disrupted Day, then the Calculation Agent may (but is not required to), subject to (a) above, determine the level of the Index at such time on that Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the Disrupted Day using the price on the Exchange (or if trading in a relevant security has been materially limited or suspended, its good faith estimate of the price that would have prevailed on the Exchange but for that suspension or limitation) as of any relevant time on that Scheduled Trading Day of each security comprising the Index.

Related Exchange means Osaka Securities Exchange Co., Ltd., which expression shall include any successor as the Related Exchange.

Scheduled Closing Time means, in respect of the Exchange or the Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of the Exchange or the Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

Scheduled Trading Day means any day on which both the Exchange and the Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

Trading Disruption means any suspension of or limitation imposed on trading by the Exchange or the Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the Exchange or the Related Exchange or otherwise (A) on the Exchange relating to securities that comprise 20 per cent. or more of the level of the Index or (B) in futures or options contracts relating to the Index on the Related Exchange.

Valuation Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the first succeeding day which is a Scheduled Trading Day. If any Valuation Date is a Disrupted Day, then the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless the Calculation Agent determines that each of the eight Scheduled Trading Days immediately following the original date that, but for an event causing a Disrupted Day, would have been the Valuation Date, is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the level of the Index as of the Valuation Time (or any other time specified in the applicable Final Terms) on that eighth Scheduled Trading Day in accordance with (subject to (a) above) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time (or any other time specified in the applicable Final Terms) on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time (or any other time specified in the applicable Final Terms) on that eighth Scheduled Trading Day).

Valuation Time means the Scheduled Closing Time on the Exchange. If the Exchange closes prior to its Scheduled Closing Time, the Valuation Time shall be the actual closing time for its regular trading session.

7. Provisions Related to Foreign Exchange Linked Notes

Unless otherwise specified, paragraphs (a) and (b) below shall apply to all Foreign Exchange Linked Notes.

(a) Provisions related to Foreign Exchange Linked Notes

If the foreign exchange rate is to be determined on the basis of an FX Page, such rate shall be the Spot Exchange Rate of the Currency Pair, expressed as a number of the First Currency per Specified Unit of the Second Currency, that appears on the FX Page as of the FX Rate Determination Time on the relevant FX Rate Determination Date. If such rate does not appear on the FX Page or such FX Page is not available at the relevant time, the foreign exchange rate shall be the Spot Exchange Rate of the Currency Pair, expressed as a number of the First Currency per Specified Unit of the Second Currency, that appears on the Fallback FX Page as of the FX Rate Determination Time on the relevant FX Rate Determination Date. If such rate does not appear on the Fallback FX Page or such Fallback FX Page is not available at the relevant time, the relevant Spot Exchange Rate of the Currency Pair shall be determined by the Calculation Agent in its discretion acting in good faith, having taken into account relevant market practise.

(b) Interpretation and Definitions

In these Conditions, the following terms shall have the meanings given or referred to below. Other terms used in these Conditions may be defined in the applicable Final Terms. 8. Payments and Deliveries

(a) Method of Payment

Subject as provided below:

- (i) payments in respect of definitive Notes in a Specified Currency other than euro will be made at the option of the bearer either by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is New Zealand dollars, shall be Wellington and Auckland); and
- (ii) payments in respect of definitive Notes in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

(b) Presentation of Notes, Receipts and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States. Payments under paragraph (a) above made, at the option of the bearer of the Note or Coupon, by cheque shall be mailed or delivered to an address outside the United States furnished by such bearer. Subject to any applicable laws and regulations, such payments made by credit or transfer will be made in immediately available funds to an account maintained by the payee with a bank located outside the United States. Subject as provided below, no payment in respect of any definitive Note or Coupon will be made upon presentation and surrender of such definitive Note or Coupon at any office or agency of the relevant Issuer or any Paying Agent in the United States, nor will any such payment be made by transfer to an account, or by mail to an address, in the United States.

Payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against presentation and surrender of the relevant definitive Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains, against which the amount payable in respect of the relevant instalment will be paid. Unmatured Receipts and Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the relevant Issuer. Upon the date on which any definitive Note becomes due and repayable, unmaturing Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes, Equity Linked Notes, Index Linked Notes, Credit Linked Notes, Foreign Exchange Linked Notes or Other Notes) should be presented for payment together with all unmaturing Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Coupons), failing which the amount of any missing unmaturing Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmaturing Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against presentation and surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 10) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 11) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its

Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Equity Linked Note, Index Linked Note, Credit Linked Note, Foreign Exchange Linked Notes or Other Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender of the relevant definitive Note.

(c) Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant Global Note against, where applicable, presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States, subject as provided below. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note either by such Paying Agent or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

(d) General Provisions applicable to Payments

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the **Code**) or pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 10) any law implementing an intergovernmental approach thereto.

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the relevant Issuer and, in the case of Guaranteed Notes only, the Guarantor(s), will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the relevant Issuer or the Guarantor(s), (in the case of Guaranteed Notes) to, or to the order of, the holder of such Global Note. No person other than the holder of such Global Note shall have any claim against the relevant Issuer or the Guarantor(s), (in the case of Guaranteed Notes) in respect of any payments due in respect of that Global Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and/or interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia; its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the relevant Issuer and, in the case of Guaranteed Notes only, the Guarantor(s), have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment in U.S. dollars of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the relevant Issuer and, in the case of Guaranteed Notes only, the Guarantor(s), adverse tax consequences to the relevant Issuer or the Guarantor(s) (in the case of Guaranteed Notes).

(e) Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to any further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of definitive Notes only, the relevant place of presentation; and
 - (B) each Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro or Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is New Zealand dollars, shall be Wellington and Auckland) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System (or any successor thereto) is open or (3) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Hong Kong.

(f) Interpretation of Principal and Interest

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 10;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Instalment Notes, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount; and
- (vii) any premium and any other amounts (other than interest) which may be payable by the relevant Issuer under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10.

(g) RMB Currency Event

If “RMB Currency Event” is specified in the applicable Final Terms and a RMB Currency Event, as determined by the Issuer (or the Guarantor, as the case may be) acting in good faith, exists on a date for payment of any amount in respect of any Note, Receipt or Coupon, the Issuer’s obligation to make a payment in RMB under the terms of the Notes (or, as the case may be, the Guarantor’s obligations to make a payment in RMB under the Guarantee) may be replaced by an obligation to pay such amount in the Relevant Currency converted using the Spot Rate for the relevant Determination Date.

Upon the occurrence of a RMB Currency Event, the Issuer or the Guarantor, as applicable, shall give notice as soon as practicable to the Noteholders in accordance with Condition 16 stating the occurrence of the RMB Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

For the purpose of this Condition 8(g) and unless stated otherwise in the applicable Final Terms:

Determination Business Day means a day (other than a Saturday, Sunday or public holiday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and New York City;

Determination Date means the day which is two Determination Business Days before the due date of the relevant payment under the Notes;

Governmental Authority means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

Relevant Currency means U.S. dollars or such other currency as may be specified in the applicable Final Terms;

RMB Currency Events means any one of RMB Illiquidity, RMB Non-Transferability and RMB Inconvertibility;

RMB Illiquidity means the general Renminbi exchange market in Hong Kong becomes illiquid and, as a result of which, the Issuer (or the Guarantor, as the case may be) cannot obtain sufficient Renminbi in order to satisfy its obligation to pay interest and principal (in whole or in part) in respect of the Notes as determined by the Issuer (or the Guarantor, as the case may be) in good faith and in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active in the RMB exchange market in Hong Kong;

RMB Inconvertibility means the occurrence of any event that makes it impossible for the Issuer (or the Guarantor, as the case may be) to convert any amount due in respect of the Notes into RMB on any payment date at the general RMB exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer (or the Guarantor, as the case may be) to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer (or the Guarantor, as the case may be), due to an event beyond its control, to comply with such law, rule or regulation);

RMB Non-Transferability means the occurrence of any event that makes it impossible for the Issuer (or the Guarantor, as the case may be) to deliver RMB between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the RMB clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer (or the Guarantor, as the case may be) to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer (or the Guarantor, as the case may be), due to an event beyond its control, to comply with such law, rule or regulation); and

Spot Rate means, unless specified otherwise in the applicable Final Terms, the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in two Determination Business Days' time, as determined by the Calculation Agent at or around 11.00 a.m. (Hong Kong time) on the Determination Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent shall determine the rate taking into consideration all available information which the Calculation Agent deems relevant, including pricing information obtained from the Renminbi non-deliverable exchange market in Hong Kong or elsewhere and the CNY/U.S. dollar exchange rate in the PRC domestic foreign exchange market.

(h) RMB account

All payments in respect of any Note, Receipt or Coupon in RMB will be made solely by credit to a RMB account maintained by the payee at a bank in Hong Kong in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of RMB in Hong Kong).

(i) Deliveries

If, in respect of any Note, any amount of principal and/or interest is to be settled by the delivery of an asset other than by the payment of cash, the relevant provisions dealing with such delivery will be set out in the applicable Final Terms.

9. Redemption and Purchase

(a) At Maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the relevant Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Redemption for Tax Reasons

The Notes may be redeemed at the option of the relevant Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes, Equity Linked Interest Notes, Index Linked Interest Notes, Foreign Exchange Linked Interest Notes and Dual Currency Interest Notes) or (unless otherwise specified in the applicable Final Terms) on any Interest Payment Date (in the case of Floating Rate Notes, Equity Linked Interest Notes, Index Linked Interest Notes, Foreign Exchange Linked Interest Notes and Dual Currency Interest Notes), on giving not less than 30 nor more than 60 days' notice (or such other period of notice as is specified in the applicable Final Terms) to the Noteholders in accordance with Condition 16 (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the relevant Issuer (or, if payment under the Guarantee were required to be made, the Guarantor(s)) has or will become obliged either to pay additional amounts as provided or referred to in Condition 10 or to account to any taxing authority in the relevant Issuer's Jurisdiction or, as the case may be, the Guarantors' Jurisdiction for any amount (other than tax withheld or deducted from interest payable on such Notes) in respect of such payment in each case as a result of any change in, or amendment to, the laws or regulations of the relevant Issuer's Jurisdiction or, as the case may be, the Guarantors' Jurisdiction or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the relevant Issuer (or the Guarantor(s)) taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days (or such lesser period as specified in the applicable Final Terms) prior to the earliest date on which the relevant Issuer (or the Guarantor(s)) would be obliged to pay such additional amounts or make a payment in respect of which it would be obliged to account to any taxing authority as aforesaid were a payment in respect of the Notes (or the Guarantee, as the case may be) then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the relevant Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by one managing director of the relevant Issuer (or a Representative Executive Officer of the Guarantor(s)) stating that the relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the relevant Issuer so to redeem have occurred, and (ii) an opinion of independent legal advisers of recognised standing to the effect that the relevant Issuer (or the Guarantor(s)) has or will become obliged to pay such additional amounts or to account to any taxing authority as aforesaid as a result of such change or amendment.

Each Note redeemed pursuant to this Condition 9(b) will be redeemed at its Early Redemption Amount referred to in paragraph (f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the Option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the relevant Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice (or such other period of notice as specified in the applicable Final Terms) to the Noteholders in accordance with Condition 16; and
- (ii) not less than 15 days before the giving of the notice referred to in (i) (or such other period of notice as may be agreed between the relevant Issuer and the Agent), notice to the Agent;

(which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than any Minimum Redemption Amount and not more than any Maximum Redemption Amount indicated in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed (the **Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 16 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the relevant Issuer to the Noteholders in accordance with Condition 16 at least five days prior to the Selection Date.

(d) Redemption at the Option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the relevant Issuer in accordance with Condition 16 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the relevant Issuer will, upon the expiry of such notice, redeem (subject to, and in accordance with, the terms specified in the applicable Final Terms) in whole (but not in part) such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. The exercise of an Investor Put may be subject to the satisfaction of certain conditions and/or circumstances. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of this Note, the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is to be made by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depository, or common safekeeper, as the case may be, or common service provider for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice or other notice given by a holder of any Note pursuant to this paragraph (d) shall be irrevocable except where prior to the due date of redemption an Event of Default (as defined in Condition 12) shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the relevant Issuer to withdraw the notice given pursuant to this paragraph (d) and instead to declare such Note forthwith due and payable pursuant to Condition 12.

(e) Redemption upon a Regulatory Event

The Notes may be redeemed at the option of the relevant Issuer in whole, but not in part, any time, on giving not less than 30 nor more than 60 days' notice (or such other period of notice as set out in the applicable Final Terms) to Noteholders in accordance with Condition 16 (which notice shall be irrevocable), in the event that a change in applicable law or regulation occurs that results, or will result, solely by reason of the Notes being outstanding, in the relevant Issuer being required to be regulated by any additional jurisdiction or regulatory

authority, or being subject to any additional legal requirement or regulation considered by the relevant Issuer to be materially onerous to it.

Each Note redeemed pursuant to this Condition 9(e) will be redeemed at its Early Redemption Amount referred to in paragraph (f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(f) Early Redemption Amounts

For the purpose of paragraphs (b) and (e) above and Condition 12, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Note (other than an Equity Linked Redemption Note or Index Linked Redemption Note) with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Note (other than a Zero Coupon Note but including an Equity Linked Redemption Note, Index Linked Redemption Note, Credit Linked Note, Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less than or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Note, at an amount (the **Amortised Face Amount**) equal to the sum of:
 - (A) the Reference Price; and
 - (B) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, it shall be made on the basis of a 360-day year consisting of 12 months of 30 days each or on such other calculation basis as may be specified in the applicable Final Terms.

(g) Instalment Notes

Instalment Notes (as defined in the applicable Final Terms) will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (f) above.

(h) Partly Paid Notes

Partly Paid Notes (as defined in the applicable Final Terms) will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(i) Purchases

The relevant Issuer, the Guarantor(s) or any Subsidiary may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the relevant Issuer, surrendered to any Paying Agent for cancellation.

Subsidiary for the purposes of this Condition 9(i) means any company which is a subsidiary (as defined in Section 736 of the Companies Act 1985) of the relevant Issuer or the Guarantor(s).

(j) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (i) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

Cancellation of any Note represented by a Permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant Permanent Global Note.

(k) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c), (d) or (e) above or upon its becoming due and repayable as provided in Condition 12 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (f)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholder either in accordance with Condition 16 or individually.

(l) Equity Linked Redemption Notes

Provisions relating to the terms of any Equity Linked Redemption Notes, including the redemption thereof, will be set out in the applicable Final Terms.

(m) Credit Linked Notes

If the Final Terms specifies that the Notes are Credit Linked Notes, the amount of principal and interest payable by the relevant Issuer in respect of such Notes, and the date of redemption of the Notes, is dependent on whether one or more credit events in respect of one or more reference entities, as specified in the applicable Final Terms, has occurred. The specific provisions relating to the terms of any Credit Linked Notes, including the redemption thereof, will be set out in the applicable Final Terms.

(n) Index Linked Redemption Notes

Provision relating to the terms of any Index Linked Redemption Notes, including the redemption thereof, will be set out in the applicable Final Terms.

(o) Foreign Exchange Linked Redemption Notes

Provision relating to the terms of any Foreign Exchange Linked Redemption Notes, including the redemption thereof, will be set out in the applicable Final Terms.

(p) Exchangeable Notes

In the case of Exchangeable Notes which are redeemable by delivery to the Settlement Agent of shares or other securities or a combination of such shares or securities and cash, on such terms as are specified in the applicable Final Terms, any relevant amendments to the Conditions will be set out in the applicable Final Terms.

10. Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the relevant Issuer or, in the case of Guaranteed Notes, under the Guarantee by the Guarantor(s), shall be made free and clear of, and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the relevant Issuer's Jurisdiction (in the case of the Issuers) or the Guarantors' Jurisdiction (in the case of the Guarantors) or, in either case, any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the relevant Issuer, or as the case may be, the Guarantor(s), will (save as may be provided in the applicable Final Terms) pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such

withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) (x) in the case of payments made by the relevant Issuer, the holder of which is liable for such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the relevant Issuer's Jurisdiction or (y) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder, in the case of payments made by the Guarantor(s), under the Guarantee, (a) who is, for tax purposes in the Guarantors' Jurisdiction, treated as a resident of the Guarantor's Jurisdiction or as a corporation incorporated in the Guarantors' Jurisdiction or (b) who is otherwise subject to such taxes, duties, assessment or governmental charges by reason of being connected with the Guarantors' Jurisdiction, in each case, other than a connection by the mere holding of such Note, Receipt or Coupon; or
- (ii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (iii) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union; or
- (iv) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day; or
- (v) presented for payment in the relevant Issuer's Jurisdiction or in the Guarantors' Jurisdiction.

As used herein, the **Relevant Date** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 16.

11. Prescription

The Notes, Receipts and Coupons (if any) will become void unless claims in respect of principal and/or interest are made within a period of ten years (in the case of payments of principal and/or delivery of any asset) and five years (in the case of interest) after the Relevant Date therefor.

There shall be no prescription period for Talons but there shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 8(b) or any Talon which would be void pursuant to Condition 8(b).

12. Events of Default and Enforcement relating to Notes

If any one or more of the following events (each an **Event of Default**) shall have occurred and be continuing namely:

Any such notice shall be deemed to have been given to the Noteholders on the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

21. Governing Law

The Agency Agreement, the Deed of Covenant, the Notes, the Guarantee, the Receipts and the Coupons (and any non-contractual obligations arising out of or in connection with the Agency Agreement, the Deed of Covenant, the Guarantee, the Notes, the Receipts and the Coupons and every such agreement for the issue and purchase of Notes) are governed by and shall be construed in accordance with the laws of England.

Each of the Issuers and the Guarantors irrevocably agrees for the benefit of the Noteholders that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes) and that accordingly any suit, action or proceedings arising out of or in connection with the Notes (together referred to as **Proceedings**) may be brought in the courts of England.

DESCRIPTION OF THE ISSUERS

NOMURA BANK INTERNATIONAL PLC

The business description of Nomura Bank International plc (**NBI**) is set out in the Registration Document incorporated by reference in this Base Prospectus.

Financial Summary of NBI

NBI's key financial performance indicators during the year were as follows:

	Year ended 31 March 2013 \$'000	Year ended 31 March 2012 \$'000
Operating Income	(285,502)	166,453
(Loss) / Profit on ordinary activities before taxation	(300,800)	153,694
(Loss) / Profit on ordinary activities after taxation	(305,973)	113,764
Shareholders' funds	584,975	890,944

NBI reported a loss on ordinary activities before tax for the year of \$300,799,951 (2012: profit of \$153,693,596). This is largely attributable to the impact of tightening credit spreads on NBI's note issuance business. As NBI's own credit is included in the fair value of bonds and medium term notes issued, the tightening of Nomura's credit spreads during the year ended 31 March 2013 has impacted the valuation of NBI's financial liabilities. As credit spreads have tightened, the fair value of bonds and medium term notes issued in the statement of financial position has increased and profit on ordinary activities has decreased. The impact of own credit included within the loss on ordinary activities before tax was a loss of \$313,329,593 (2012: profit of \$144,905,376).

DESCRIPTION OF THE GUARANTORS

NOMURA HOLDINGS, INC.

NHI is a holding company of one of the leading financial services group in Japan and has worldwide operations.

NHI, formerly known as The Nomura Securities Co., Ltd., was incorporated in Japan on 25 December 1925 under the Commercial Code of Japan when the securities division of The Osaka Nomura Bank, Ltd. became a separate entity specialising in the trading and distribution of debt securities in Japan. NHI was the first Japanese securities company to develop its business internationally with the opening in 1927 of a representative office in New York. In Japan, NHI broadened the scope of its business when it began trading in equity securities in 1938 and when it organised the first investment trust in Japan in 1941.

On 1 October 2001, NHI adopted a holding company structure and became a holding company for the Nomura group of companies. In connection with this reorganisation, NHI changed its name from “The Nomura Securities Co., Ltd.” to “Nomura Holdings, Inc.” NHI continues to be listed on the Tokyo Stock Exchange, Inc. and other stock exchanges on which it was previously listed. A wholly-owned subsidiary of NHI assumed its securities business and is named “Nomura Securities Co., Ltd.”

In December 2001, NHI listed its shares (in the form of American Depositary Shares evidenced by American Depositary Receipts) on the New York Stock Exchange.

NHI has also enhanced its asset management business through the acquisition of a majority interest in Nomura Asset Management Co., Ltd. (NAM) in March 2000. NAM became a wholly-owned subsidiary of NHI in December 2001.

In June 2003, NHI adopted a committee-based corporate governance system under which it established the Nomination Committee, the Audit Committee and the Compensation Committee.

In February 2007, NHI acquired Instinet Incorporated, a global agency broker and major provider of electronic trading services for institutional investors, to provide an electronic platform in global equities.

In a series of steps beginning in September 2008, NHI acquired certain operations, including personnel, of former Lehman Brothers in Asia, Europe and the Middle East.

Information Concerning NHI's Directors

Under the Companies Act, joint stock companies in Japan have the option of choosing committee-based corporate governance system (**Committee System**) that consists of board of directors and committees or a traditional corporate governance system that consists of a board of directors and board of statutory auditors. A company which chooses the Committee System must establish three committees: a nomination committee, an audit committee and a compensation committee. The members of each committee are chosen from the company's directors, and a majority of the members of each committee must be outside directors. Under the Committee System, the board of directors is entitled to establish the basic management policy for the company, has decision-making authority over certain prescribed matters, and supervises the execution by the executive officers of their duties. Executive officers and representative executive officers appointed by a resolution adopted by the board of directors manage the business affairs of the company, based on a delegation of authority by the board of directors.

NHI adopted the Committee System by amending its Articles of Incorporation by way of a special resolution adopted at NHI's Annual Meeting of Shareholders held on 26 June 2003. Through the adoption of the Committee System, NHI aims to strengthen management oversight, increase the transparency in its management and expedite the decision-making process within the Nomura Group. An outline of NHI's Board of Directors, Nomination Committee, Audit Committee and Compensation Committee is provided below.

Board of Directors

NHI's Board of Directors consists of Directors who are elected at a general meeting of shareholders, and NHI's Articles of Incorporation provide that the number of Directors shall not exceed 20. The term of office of each Director expires upon the conclusion of the ordinary general meeting of shareholders with respect to the last fiscal year ending within one year after their appointment. Directors may serve any number of consecutive terms. From among its members, NHI's Board of Directors elects the Chairman. NHI's Board of Directors met 11 times during the fiscal year ended 31 March 2013. As a group, NHI's Directors attended approximately 97 per cent. of the total number of meetings of NHI's Board of Directors during the year. NHI's Board of Directors has the authority to determine NHI's basic management policy and supervise the execution by the Executive Officers of their duties. Although the Board of Directors also has the authority to make decisions with regard to the Company's business, most of this authority has been delegated to the Executive Officers by a resolution adopted by the Board of Directors.

Nomination Committee

NHI's Nomination Committee, in accordance with NHI's Regulations of the Nomination Committee, determines the details of any proposals concerning the election and dismissal of Directors to be submitted to general meetings of shareholders by NHI's Board of Directors. NHI's Nomination Committee met three times during the year ended 31 March 2013. As a group, the member Directors attended 100 per cent. of the total number of meetings of NHI's Nomination Committee during the year. As of 26 June 2013, the committee's members are Nobuyuki Koga, Masahiro Sakane and Takao Kusakari. Nobuyuki Koga is the Chairman of this committee.

Audit Committee

NHI's Audit Committee, in accordance with NHI's Regulations of the Audit Committee, (i) audits the execution by the Directors and the Executive Officers of their duties and the preparation of audit reports and (ii) determines the details of

proposals concerning the election, dismissal or non-reappointment of the accounting auditor to be submitted to general meetings of shareholders by the Board of Directors. With respect to financial reporting, the Audit Committee has the statutory duty to examine financial statements and business reports to be prepared by Executive Officers designated by the Board of Directors and is authorised to report its opinion to the ordinary general meeting of shareholders.

NHI's Audit Committee met 22 times during the year ended 31 March 2013. As a group, the Audit Committee members attended 100 per cent. of the total number of meetings of NHI's Audit Committee during the year. As of 26 June 2013, the members of the Audit Committee are Tsuguoki Fujinuma, Toshinori Kanemoto and Hiroyuki Suzuki. Tsuguoki Fujinuma is the Chairman of this Committee.

Compensation Committee

NHI's Compensation Committee, in accordance with NHI's Regulations of the Compensation Committee, determines NHI's policy with respect to the determination of the details of each Director and Executive Officer's compensation. The Compensation Committee also determines the details of each Director and Executive Officer's actual compensation. NHI's Compensation Committee met five times during the year ended 31 March 2013. As a group, the member Directors attended 93 per cent. of the total number of meetings of NHI's Compensation Committee during that year. As of 26 June 2013, the committee's members are Nobuyuki Koga, Masahiro Sakane, and Takao Kusakari. Nobuyuki Koga is the Chairman of this Committee.

Liability under each such agreement is limited up to either ¥20 million or the amount prescribed by laws and regulations, whichever is greater.

Information Concerning NHI's Executive Officers

Certain important matters so delegated (including management strategies, business plans, budgets, allocation of management resources, and other important matters related to the management of the Nomura Group) are determined by the Executive Management Board. Results of Operations

Overview

Net revenue increased by 18 per cent. from ¥1,535,859 million for the year ended 31 March 2012 to ¥1,813,631 million for the year ended 31 March 2013. Commissions increased by 3 per cent., due primarily to an increase in commissions from the distribution of investment trust certificates. Fees from investment banking increased by 5 per cent., due primarily to an increase in commissions received from equity and equity related products.

Asset management and portfolio service fees decreased by 2 per cent.. Net gain on trading increased by 35 per cent. to ¥367,979 million for the year ended 31 March 2013, primarily driven by the revenue from Fixed Income trading. Net gain on trading also included total losses of ¥57.8 billion attributable to changes in Nomura's own creditworthiness with respect to derivative liabilities and financial liabilities for which the fair value option has been elected. This net loss was due primarily to the tightening of Nomura's credit spreads during the period. Gain on private equity investments decreased by 68 per cent. due primarily to the realised gains on equity securities of certain investee companies for the year ended 31 March 2012. Other was ¥708,767 million for the year ended 31 March 2013, including ¥663,466 million of revenue from of Nomura Land and Building Co., Ltd (NLB) and its related subsidiaries. This contained ¥336,858 million of revenues from real estate sales generated by Nomura Real Estate Holdings Inc. (NREH) which was a subsidiary of NLB. The revenues were recognised when sales have closed, the buyer's initial and continuing investments are adequate to demonstrate a commitment to pay for the real estate and Nomura doesn't have a substantial continuing involvement in the real estate. Also, ¥50,139 million of revenues were from Nomura's sale of a portion of its holding shares of NREH in March 2013. This included ¥38,468 million of the unrealised gain from Nomura's remaining shares. With this sale, Nomura no longer maintains controlling financial interest and NREH has changed from a consolidated subsidiary to an affiliate accounted for by the equity method.

Net revenue increased by 36 per cent. from ¥1,130,698 million for the year ended 31 March 2011 to ¥1,535,859 million for the year ended 31 March 2012. Commissions decreased by 14 per cent., due primarily to a decrease in commissions from the distribution of investment trusts, reflecting the turmoil in the global financial markets which was mainly caused by the European sovereign debt crisis. Fees from investment banking decreased by 44 per cent., primarily due to a decrease in transaction volume in equity finance for Japanese companies. Net gain on trading was ¥272,557 million for the year ended 31 March 2012, due primarily to downturn in financial markets mainly caused by the European

sovereign debt crisis. Net gain on trading also included total gains of ¥28.8 billion attributable to changes in Nomura's own creditworthiness with respect to derivative liabilities and financial liabilities for which the fair value option has been elected. This net gain was due primarily to the widening of Nomura's credit spreads during the period. Gain on private equity investments was ¥25,098 million for the year ended 31 March 2012 due primarily to realised gains on equity securities of certain investee companies. Other was ¥563,186 million for the year ended 31 March 2012, including ¥510,556 million relating to the conversion of NLB into a subsidiary of Nomura Holdings, Inc. Of this amount, ¥24,299 million was recognised at the time of the acquisition and is therefore expected to be non-recurring in nature and the remaining ¥486,257 million relates to operating revenues of NLB which were consolidated into Nomura's group revenue from acquisition date. This included ¥251,377 million of revenues from real estate sales generated by NREH.

Net interest revenue was ¥91,309 million for the year ended 31 March 2011, ¥119,989 million for the year ended 31 March 2012 and ¥127,695 million for the year ended 31 March 2013. Net interest revenue is a function of the level and mix of total assets and liabilities, which includes trading assets and financing and lending transactions, and the level, term structure and volatility of interest rates. Net interest revenue is an integral component of trading activity. In assessing the profitability of Nomura's overall business and of Nomura's Global Markets business in particular, Nomura views net interest revenue and non-interest revenues in aggregate. For the year ended 31 March 2013, interest revenue decreased by 10 per cent. due mainly to a decrease of dividends and interest income on reverse repo transactions in the Europe region and interest expense decreased by 16 per cent. due primarily to a decrease in interest expense on repo transactions and loans. As a result, net interest revenue for the year ended 31 March 2013 increased by ¥7,706 million from the year ended 31 March 2012. For the year ended 31 March 2012, interest revenue increased by 26 per cent. due mainly to an increase in securitised product trading in the Americas region and interest expense increased by 24 per cent. due primarily to an increase in interest expense on securities lending transactions. As a result, net interest revenue for the year ended 31 March 2012 increased by ¥28,680 million from the year ended 31 March 2011.

In Nomura's consolidated statements of income, Nomura includes gains and losses on investments in equity securities within revenue. Nomura recognised gains and losses on such investments in the amount of losses of ¥16,677 million for the year ended 31 March 2011, gains of ¥4,005 million for the year ended 31 March 2012 and ¥38,686 million for the year ended 31 March 2013. This line item includes both realised and unrealised gains and losses on investments in equity securities held for operating purposes. These investments refer to Nomura's investments in unaffiliated companies, which Nomura holds on a long-term basis in order to promote existing and potential business relationships.

Non-interest expenses increased by 9 per cent. from ¥1,450,902 million for the year ended 31 March 2012 to ¥1,575,901 million for the year ended 31 March 2013. The increase in non-interest expenses was caused by an increase in other expenses by 24 per cent. from ¥496,227 million for the year ended 31 March 2012 to ¥616,463 million for the year ended 31 March 2013 due primarily to the impact of consolidating NLB for a full fiscal year. For the year ended 31 March 2013, other expenses include ¥481,641 million related to NLB and its subsidiaries, of which ¥306,570 million represented cost of real estate sales incurred in generating real estate revenues by NREH, a subsidiary of NLB.

Non-interest expenses increased by 40 per cent. from ¥1,037,443 million for the year ended 31 March 2011 to ¥1,450,902 million for the year ended 31 March 2012. The increase in non-interest expenses was caused by an increase in other expenses by 296 per cent. from ¥125,448 million for the year ended 31 March 2011 to ¥496,227 million for the year ended 31 March 2012, including ¥382,044 million relating to the conversion of NLB into a subsidiary of Nomura Holdings, Inc. This amount relates to operating expense of NLB which were consolidated into Nomura's group expense from acquisition date. Also, of this amount, ¥226,450 million represented cost of real estate sales incurred in generating real estate revenues by NREH, a subsidiary of NLB.

Income before income taxes was ¥93,255 million for the year ended 31 March 2011, ¥84,957 million for the year ended 31 March 2012 and ¥237,730 million for the year ended 31 March 2013.

Nomura is subject to a number of different taxes in Japan and has adopted the consolidation tax system permitted under Japanese tax law. The consolidation tax system only imposes a national tax. Since 1 April 2004, Nomura's domestic statutory tax rate has been approximately 41 per cent.. However, as a result of the revisions of domestic tax laws, the domestic statutory tax rates are 38 per cent. between 1 April 2012 and 31 March 2015 and 36 per cent. thereafter. Nomura's foreign subsidiaries are subject to the income tax rates of the countries in which they operate, which are generally lower than those in Japan. Nomura's effective tax rate in any one year is therefore dependent on its geographic mix of profits and losses and also on the specific tax treatment applicable in each location.

Income tax expense for the year ended 31 March 2013 was ¥132,039 million, representing an effective tax rate of 55.5 per cent.. The significant factors causing the difference between the effective tax rate of 55.5 per cent. and the effective

statutory tax rate of 38 per cent. were non-deductible expenses which increased the effective tax rate by 12.8 per cent. and the effect of the tax positions to foreign subsidiaries which increased the effective tax rate by 10.0 per cent.. The significant factor reducing the effective tax rate was non-taxable revenue which decreased the effective tax rate by 9.3 per cent..

Income tax expense for the year ended 31 March 2012 was ¥58,903 million, representing an effective tax rate of 69.3 per cent.. The significant factors causing the difference between the effective tax rate of 69.3 per cent. and the statutory tax rate of 41 per cent. were changes in domestic tax laws which increased the effective tax rate by 45.7 per cent., non-deductible expenses which increased the effective tax rate by 23.3 per cent. and the effect of the tax positions to foreign subsidiaries which increased the effective tax rate by 14.1 per cent.. The significant factors reducing the effective tax rate were non-taxable revenue which decreased the effective tax rate by 29.7 per cent. and change in valuation allowance which decreased the effective tax rate by 22.5 per cent..

Income tax expense for the year ended 31 March 2011 was ¥61,330 million, representing an effective tax rate of 65.8 per cent.. The significant factors causing the difference between the effective tax rate of 65.8 per cent. and the statutory tax rate of 41 per cent. were the effect of the tax positions to foreign subsidiaries which increased the effective tax rate by 10.8 per cent., taxable items to be added to financial profit and non-deductible expenses which increased the effective tax rate by 5.3 per cent. and 16.6 per cent., respectively. The significant factor reducing the effective tax rate was non-taxable revenue which decreased the effective tax rate by 8.4 per cent..

Net income attributable to NHI shareholders for the year ended 31 March 2011, 2012 and 2013 was ¥28,661 million, ¥11,583 million and ¥107,234 million, respectively. NHI's return on equity for the year ended 31 March 2011, 2012 and 2013 was 1.4 per cent., 0.6 per cent. and 4.9 per cent., respectively.

Private Equity Business

Nomura makes private equity investments primarily in Japan and Europe.

Private equity investments made by certain entities which Nomura consolidates under either a voting interest or variable interest model which are investment companies pursuant to the provisions of ASC 946 ("investment company subsidiaries") are accounted for at fair value, with changes in fair value recognised through the consolidated statements of income. Investment company accounting applied by each of these investment company subsidiaries is retained in its consolidated financial statements included in its Form 20-F.

These entities make private equity investments solely for capital appreciation, current income or both rather than to generate strategic operating benefits to Nomura. In accordance with Nomura's investment policies, non-investment companies within the group may not make investments in entities engaged in non-core businesses if such investments would result in consolidation or application of the equity method of accounting. Such investments may generally only be made by investment company subsidiaries. Non-core businesses are defined as those engaged in activities other than Nomura's business segments.

Nomura also has a subsidiary which is not an investment company but which makes investments in entities engaged in Nomura's core businesses. These investments are made for capital appreciation or current income purposes or both and are also carried at fair value, either because of election of the fair value option or other U.S. GAAP requirements.

Private equity business in Japan

Nomura has an established private equity business in Japan, which has been operated primarily through a wholly-owned subsidiary, Nomura Principal Finance Co., Ltd ("NPF"). NPF is an investment company subsidiary pursuant to the provisions of ASC 946 and therefore has carried all of its investments at fair value, with changes in fair value recognised through the consolidated statements of income.

Since its inception in 2000, NPF has made investments in 21 entities, however, Nomura exited from the majority of these investments for the year ended 31 March 2012 and as a result, the fair value of its investment portfolio as of 31 March 2012 was ¥789 million. Nomura exited from the remaining investments held by NPF during the year ended 31 March 2013, therefore, the fair value of its investment portfolio was ¥nil as of 31 March 2013.

Nomura also makes private equity investments through another wholly-owned subsidiary, Nomura Financial Partners Co., Ltd. ("NFP"). NFP is not an investment company subsidiary as it invests in entities engaged in Nomura's core business. Nomura elected the fair value option to account for its 47.0 per cent. investment in the common stock of Ashikaga Holdings.

Private equity business in Europe

In Europe, Nomura's private equity investments primarily comprise legacy investments made by Nomura's former Principal Finance Group ("PFG") now managed by Terra Firma (collectively referred to as the "Terra Firma Investments"), investments in other funds managed by Terra Firma ("Other Terra Firma Funds") and through other investment company subsidiaries ("Other Investments").

Terra Firma Investments

Following a review to determine the optimum structure for Nomura's European private equity business, on 27 March 2002, Nomura restructured PFG and, as a result, contributed its investments in certain of its remaining investee companies to Terra Firma Capital Partners I ("TFCP I"), a limited partnership which is engaged in the private equity business, in exchange for a limited partnership interest. Terra Firma Investments (GP) Limited, the general partner of TFCP I, which is independent of Nomura, assumed the management and control of these investments, together with one other PFG investment, Annington Holdings plc ("Annington"), which due to contractual restrictions was not transferred to the partnership.

With effect from 27 March 2002, Nomura ceased consolidating the Terra Firma Investments and accounted for those investments at fair value in accordance with ASC 946.

The Terra Firma Investments are held by entities which are investment company subsidiaries and therefore Nomura had accounted for these investments at fair value, with changes in fair value recognised through the consolidated statements of income.

In December 2012, Nomura completed the sale of Annington to Terra Firma and as a result, the fair value of the Terra Firma Investments fell from ¥102,649 million as of 31 March 2012 to ¥nil as of 31 March 2013.

Other Terra Firma Funds

Nomura is a 10 per cent. investor in a ¥234 billion private equity fund ("TFCP II") and a 2 per cent. investor in a ¥623 billion private equity fund ("TFCP III"), also raised and managed by Terra Firma Capital Partners Limited.

Nomura's total commitment for TFCP II was originally ¥23,362 million and reduced to ¥4,001 million as a result of adjustments for recyclable distributions. As of 31 March 2013, ¥3,957 million had been drawn down for investments.

For TFCP III, Nomura's total commitment was ¥11,793 million and ¥11,094 million had been drawn down for investments as of 31 March 2013.

The investments in TFCP II and TFCP III are carried at fair value, with changes in fair value recognised through the consolidated statements of income.

Other Investments

Nomura also makes private equity investments in Europe through wholly-owned subsidiaries and other consolidated entities which have third party pooling of funds. Certain of these entities are investment company subsidiaries and therefore all of their investments are carried at fair value, with changes in fair value recognised through the consolidated statements of income.

Liquidity and Capital Resources

Funding and Liquidity Management

Overview

Nomura defines liquidity risk as the potential inability to meet financial obligations as they become due. This risk could arise from an inability to access the secured or unsecured debt markets, a deterioration in Nomura's credit ratings, a failure to manage unplanned changes in funding requirements, a failure to liquidate assets quickly and with minimal loss in value, or changes in regulatory capital restrictions which may prevent the free flow of funds between different group entities. Liquidity risk could be due both to Nomura-specific and market-wide events. Liquidity risk management policy is based on liquidity risk appetite which the Group Integrated Risk Management Committee formulates upon delegation by the Executive Management Board ("EMB"). Nomura's primary objective for liquidity risk management is to ensure continuous liquidity across market cycles and periods of market stress, and to ensure that all funding

requirements and unsecured debt obligations that fall due within one year can be met without additional unsecured funding or forced liquidation of assets.

Nomura has in place a number of liquidity risk management frameworks that enable it to achieve Nomura's primary liquidity objective. These frameworks include (1) centralised control of residual cash; (2) appropriate funding and diversification of funding sources and maturities commensurate with the composition of assets; (3) management of credit lines to Nomura group entities; (4) implementation of liquidity stress tests; and (5) a Contingency Funding Plan ("CFP").

The EMB has the authority to make decisions concerning Nomura Group's liquidity management. The Chief Financial Officer (CFO) has the operational authority and responsibility over Nomura Group's liquidity management based on decisions made by the EMB.

1. Centralised Control of Residual Cash. Nomura controls centrally residual cash held at Nomura Group entities for effective utilisation purposes. As for the usage of funds, Nomura manages the overall level of unsecured funding and sets internal limits on the additional amount of unsecured funding available across Nomura Group. The limit for unsecured funding is set by the EMB and monitored closely by Global Treasury.

In order to enable Nomura to transfer funds smoothly among the Group entities, Nomura limits issuance of securities by regulated broker-dealers or banking entities. Nomura actively seeks to concentrate issuance of all long-term unsecured, non-deposit funding instruments at either Nomura or unregulated issuing entities. The primary benefits of this strategy include cost minimisation, wider investor name recognition and greater flexibility in providing funding to various subsidiaries across Nomura Group.

2. Appropriate funding and diversification of funding sources and maturities commensurate with the composition of assets. Nomura seeks to maintain a surplus of long term debt and equity above the cash capital requirements of Nomura's assets. This enables Nomura to fund Nomura's operations for at least one year in a stress event, without needing to raise additional unsecured funding or forcing the liquidation of assets. The amount of liquidity required is based on an internal model which incorporates the following requirements:
 - (i) Nomura's ability to finance assets using secured funding, including repurchase agreements and securities lending transactions. The cash capital requirements are calculated using conservative estimates of the assets secured borrowing power in stressed scenarios.
 - (ii) Goodwill and identifiable intangible assets, property, equipment and other illiquid assets.
 - (iii) Collateral requirements on derivative contracts arising as a result of a two-notch downgrade in Nomura's credit rating. Collateral requirements to support potential increased intraday collateral requirements from Nomura's clearers and settlement agents arising as a result of a two-notch downgrade in Nomura's credit rating. In addition, other unencumbered assets held at exchanges for chaining requirements are also funded with long-term liquidity.
 - (iv) Commitments to lend to external counterparties based on the probability of drawdown.
 - (v) Capital or other forms of financing in Nomura's regulated subsidiaries that is in excess of their long-term cash capital requirements.

Nomura's internal model takes into account legal, regulatory and tax restrictions that may impact the ability to freely transfer liquidity across the entities within the group.

Nomura seeks to achieve diversification of its funding sources by market, instrument type, investors and currency in order to reduce its reliance on any one funding source and reduce refinancing risk. Nomura benefits by distributing a significant portion of its debt through retail and institutional sales force to a diversified global investor base.

Nomura diversifies funding by issuing various types of debt instruments—these include both structured loans and notes. Structured notes are debt obligations with returns linked to other debt or equity securities, indices, currencies or commodities. Nomura issues structured notes in order to increase the diversity of its debt instruments. Nomura typically hedges the returns Nomura is obliged to pay with derivative positions and/or the underlying assets to maintain funding consistency with its unsecured long term debt.

The proportion of its non-yen denominated long-term debt slightly increased to 29.7 per cent. of total term debt outstanding as of 31 March 2013 from 28.0 per cent. as of 31 March 2012.

2.1 Short-Term Unsecured Debt

Its short-term unsecured debt consists primarily of short-term bank borrowings (including long-term bank borrowings maturing within one year), commercial paper, deposits at banking entities, certificates of deposit and bonds and notes maturing within one year. Deposits at banking entities and certificates of deposit represent customer deposits and certificates of deposit held by its banking subsidiaries.

Its total short-term unsecured debt decreased ¥715.8 billion to ¥2,293.3 billion as of 31 March 2013 from ¥3,009.1 billion as of 31 March 2012 mainly due to a ¥629.4 billion decrease in short-term bank borrowings to ¥621.3 billion as of 31 March 2013 from ¥1,250.7 billion as of 31 March 2012. The average outstanding balance of commercial paper was ¥262.0 billion for the period ended in 31 March 2013.

The following table presents an analysis of Nomura's short-term unsecured debt by type of financial liability as of 31 March 2012 and 2013:

	Billions of yen	
	March 31	
	2012	2013

Total short-term unsecured debt ⁽¹⁾	¥ 3,009.1	¥ 2,293.3

⁽¹⁾ Short-term unsecured debt includes the current portion of long-term unsecured debt.

2.2 Long-Term Unsecured Debt

Nomura also routinely issues long term debt in various maturities and currencies to maintain a long-term funding surplus, and to also achieve both cost-effective funding and a maturity profile where the average duration of Nomura's debt is sufficient to meet Nomura's long-term cash capital requirements.

Its long-term unsecured debt includes senior and subordinated debt issued through U.S registered shelf offerings and its U.S. registered medium-term note programmes, its Euro medium-term note programmes, registered shelf offerings in Japan and various other bond programmes.

As a globally competitive financial service group in Japan, Nomura has access to multiple markets worldwide and major funding centres. NHI, NSC, Nomura Europe Finance N.V. ("NEF") and Nomura Bank International plc ("NBI") are the main group entities that borrow externally, issue debt instruments and engage in other funding activities. By raising funds to match the currencies and liquidities of its assets or by using foreign exchange swaps as may be necessary, Nomura pursues optimisation of its funding structures.

Nomura uses a wide range of products and currencies to ensure that its funding is efficient and well diversified across markets and investor types. Its unsecured senior debt is issued without financial covenants, such as covenants related to adverse changes in its credit ratings, cash flows, results of operations or financial ratios, which could trigger an increase in its cost of financing or accelerate the maturity of the debt.

The following table presents an analysis of Nomura's long-term unsecured debt by type of financial liability as of 31 March 2012 and 2013.

	Billions of yen	
	March 31	
	2012	2013
Long-term deposit at banking entities	¥ 80.2	¥ 76.2
Long-term bank borrowings.....	2,589.1	2,173.7

Bonds and notes ⁽¹⁾	3,559.3	4,073.5
Total long-term unsecured debt total.....	¥ 6,373.0	¥ 6,457.3
NHI shareholders' equity	¥ 2,107.2	¥ 2,294.4

- (1) Excludes “long-term bonds and notes issued by consolidated VIEs” that meet the definition of Variable Interest Entities (“VIEs”) under ASC 810, “Consolidation” (“ASC 810”) and secured financing transactions recognised within long-term borrowings as a result of transfers of financial assets that are accounted for as financings rather than sales in accordance with ASC 860.

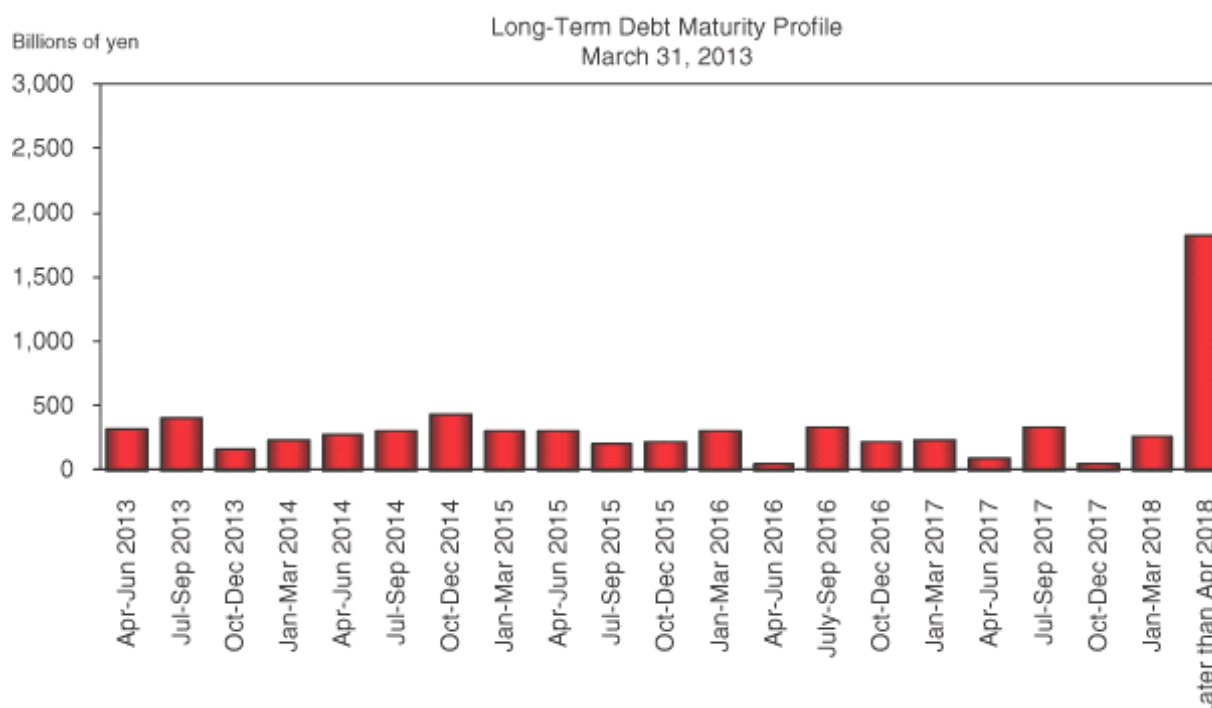

Its long-term debt increased ¥84.3 billion to ¥6,457.3 billion as of 31 March 2013 from ¥6,373.0 billion as of 31 March 2012, primarily due to ¥514.2 billion increase in bonds and notes to ¥4,073.5 billion as of 31 March 2013 from ¥3,559.3 billion as of 31 March 2012. The increase was partly offset by a ¥415.4 billion decrease in long-term bank borrowings to ¥2,173.7 billion as of 31 March 2013 from ¥2,589.1 billion as of 31 March 2012.

In the fiscal year ended 31 March 2013, Nomura issued ¥539.6 billion of domestic and global senior bonds.

2.3 Maturity Profile

Nomura also seeks to maintain an average maturity for plain vanilla instruments greater than or equal to three years. The average maturity for plain vanilla debt securities and borrowings with maturities longer than one year was 3.80 years as of 31 March 2013. A major part of Nomura’s medium-term notes are structured and linked to interest or equity, indices, currencies or commodities. Conditions for calling notes linked to indices are individually determined. These maturities are evaluated based on Nomura’s internal model and monitored by Global Treasury. Maturities for plain vanilla debt securities and borrowings are evaluated based on contractual maturities. Where there is a possibility that notes may be called prior to their scheduled maturity date, maturities are based on Nomura’s internal stress option adjusted model. This model values the embedded optionality under stress market conditions in order to determine when the note is likely to be called.

On this basis, the average maturity of structured notes (notes with maturities longer than one year) was 7.95 years as of 31 March 2013. The average maturity of Nomura’s entire long-term debt portfolio, including plain vanilla debt securities and borrowings, was 5.19 years as of 31 March 2013. The graph below shows the distribution of maturities of Nomura’s outstanding long-term debt securities and borrowings.

Redemption schedule is individually estimated by considering the probability of redemption.

2.4 Secured Borrowings

Nomura typically funds its trading activities on a secured basis through secured borrowings repurchase agreements and Japanese “Gensaki Repo” transactions. Repo transactions involve the selling of government and government agency securities under agreements with clients to repurchase these securities from clients. Japanese “Gensaki Repo” transactions have no margin requirements or substitution right. Nomura believes

these funding activities in the secured markets are more cost-efficient and less credit-rating sensitive than financing in the unsecured market. Also, repurchase agreements tend to be short-term, often overnight. Nomura manages the liquidity risks arising from secured funding by transacting with a diverse group of global counterparties, delivering various types of securities collateral and actively seeking for long-term agreements.

3. *Management of credit lines to Nomura Group entities.*

Nomura maintains committed facility agreements with financial institutions for Nomura Group entities in order to provide contingent financing sources. Total unused committed facilities decreased ¥60.3 billion to ¥78.0 billion as of 31 March 2013 from ¥138.3 billion as of 31 March 2012. Nomura has structured facilities to ensure that the maturity dates of these facilities are distributed evenly throughout the year in order to prevent excessive maturities of facilities in any given period. While the ability to borrow under these facilities is subject to customary lending conditions and covenants, Nomura does not believe that any of the covenant requirements will impair its ability to draw on the facilities. Nomura occasionally test the effectiveness of its drawdown procedures.

4. *Implementation of Liquidity Stress Tests.* Nomura maintains its liquidity portfolio and monitors its sufficiency of liquidity based on an internal model which simulates changes in cash outflow under specified stress scenarios to comply with its above mentioned liquidity management policy.

Nomura assesses the liquidity requirements of the Nomura Group under various stress scenarios with differing levels of severity over multiple time horizons. Nomura evaluates these requirements under company-specific and broad market wide events, including potential credit rating downgrades at the parent company and subsidiary levels that may impact Nomura by loss of access to unsecured capital markets, additional collateral posting requirements, limited or no access to secured funding markets and other events. Nomura calls this risk analysis Nomura's Maximum Cumulative Outflow ("MCO") framework.

The MCO framework is designed to incorporate the primary liquidity risks for Nomura and models the relevant cash flows in the following two primary scenarios:

- *Stressed scenario*—To maintain adequate liquidity during a severe market-wide liquidity event without raising additional funds through unsecured financing or the liquidation of assets for a year; and
- *Acute stress scenario*—To maintain adequate liquidity during a severe market-wide liquidity event coupled with credit concerns regarding Nomura's liquidity position, without raising additional funds through unsecured funding or the liquidation of assets for one month.

Nomura assumes that it will not be able to liquidate assets or adjust its business model during the time horizons used in each of these scenarios. The MCO framework therefore defines the amount of liquidity required to be held in order to meet its expected liquidity needs in a stress event to a level Nomura believes appropriate based on its liquidity risk appetite.

As of 31 March 2013, Nomura' liquidity portfolio exceeded net cash outflows under the stress scenarios described above.

To ensure a readily available source for a potential liquidity requirement, Nomura maintains a liquidity portfolio in the form of cash and highly liquid, unencumbered securities that may be sold or pledged to provide liquidity. As of 31 March 2013, Nomura's liquidity portfolio was ¥5,883.5 billion which generated a liquidity surplus taking into account a stress scenario as defined in its liquidity risk policy. Nomura recognises that the liquidity standards for financial institutions continue to be the subject of further discussion among the relevant supervisory bodies including the Basel Committee. The existing model and simulations upon which Nomura currently rely may need to be reviewed depending on any new development in this area.

The following table presents a breakdown of Nomura's liquidity portfolio by type of financial assets as of 31 March 2012 and 2013 and yearly averages maintained during the fiscal year. Yearly averages are calculated using month-end amounts.

Nomura assesses its liquidity portfolio requirements globally as well as by each major operating entity in the Nomura group. Nomura primarily maintains its liquidity portfolio at NHI, NSC, its other major broker-dealer subsidiaries and its bank subsidiaries. In determining the amounts and entities which hold this portfolio, Nomura considers legal, regulatory and tax restrictions which may impact Nomura's ability to freely transfer liquidity across different entities in the Nomura Group.

The following table presents a breakdown of Nomura's liquidity portfolio by entity as of 31 March 2012 and 2013:

	Billions of yen

Liquidity surplus at NHI is lent to NSC via short-term intercompany loans, which can be unwound immediately when needed.

In addition to the liquidity portfolio, Nomura has ¥1,168.4 billion of other unencumbered assets comprising mainly unpledged trading assets that can be used as an additional source of secured funding. The aggregate value of Nomura's liquidity portfolios and other unencumbered assets as of 31 March 2013 was ¥7,051.9 billion which represented 307.5 per cent. of its total unsecured debt maturing within one year.

Net liquidity value of other unencumbered assets	¥ 1,289.6	¥ 1,168.4

In the stress test, Nomura assumes the cash outflow as shown below and also assume that in certain instances, legal and regulatory requirements can restrict the flow of funds between entities in Nomura's consolidated group, and funds or securities may not freely move among Nomura.

The size and structure of Nomura's liquidity portfolio takes into account immediate cash requirements arising from

- (i) Upcoming maturities of unsecured debt (maturities less than one year)
- (ii) Potential buybacks of Nomura's outstanding debt
- (iii) Loss of secured funding lines particularly for less liquid assets, over and above Nomura's cash capital estimates
- (iv) Fluctuation of funding needs under normal business circumstances
- (v) Cash and collateral outflows in a stress event

Nomura constantly evaluates and modifies its liquidity risk assumptions based on regulatory and market changes. The model Nomura uses in order to simulate the impact of stress scenarios assumes no liquidation of assets, no ability to issue additional unsecured funding, a widening of haircuts on outstanding repo funding, collateralisation of clearing banks and depositories, drawdowns on loan commitments and loss of liquidity from market losses on inventory.

In 2008, the Basel Committee published Principles for Sound Liquidity Risk Management and Supervision ("Sound Principles"). To complement these principles, the Committee has further strengthened its liquidity framework by developing two minimum standards for funding liquidity. These standards have been developed to achieve two separate but complementary objectives.

The first objective is to promote short-term resilience of a bank's liquidity risk profile by ensuring that it has sufficient high-quality liquid assets to survive a significant stress scenario lasting for one month. The Committee developed the Liquidity Coverage Ratio ("LCR") to achieve this objective.

The second objective is to promote resilience over a longer time horizon by creating additional incentives for banks to fund their activities with more stable sources of funding on an ongoing basis. The Net Stable Funding Ratio ("NSFR") has a time horizon of one year and has been developed to provide a sustainable maturity structure of assets and liabilities.

These two standards are comprised mainly of specific parameters which are internationally "harmonised" with prescribed values. Certain parameters, however, contain elements of national discretion to reflect jurisdiction-specific conditions.

After an observation period, the LCR, including any revisions, will be introduced on 1 January 2015. The NSFR, including any revisions, will move to a minimum standard by 1 January 2018.

5. *Contingency Funding Plan ("CFP").*

Nomura has developed a detailed contingency funding plan to integrate liquidity risk control into its comprehensive risk management strategy and to enhance the quantitative aspects of its liquidity risk control procedures. As a part of Nomura's Contingency Funding Plan ("CFP"), it has developed an approach for analysing and quantifying the impact of any liquidity crisis. This allows Nomura to estimate the likely impact of both Nomura-specific and market-wide events; and specifies the immediate action to be taken to mitigate any risk. The CFP lists details of key internal and external parties to be contacted and the processes by which information is to be disseminated. This has been developed at a legal entity level in order to capture specific

cash requirements at the local level—it assumes that the parent company does not have access to cash that may be trapped at a subsidiary level due to regulatory, legal or tax constraints. Nomura periodically tests the effectiveness of its funding plans for different Nomura-specific and market-wide events. Nomura also has access to central banks including but not exclusively the Bank of Japan, which provide financing against various types of securities. These operations are accessed in the normal course of business and are an important tool in mitigating contingent risk from market disruptions.

Cash Flows

Nomura's cash flows are primarily generated from operating activities undertaken in connection with its client flows and trading and from financing activities which are closely related to such activities. As a financial institution, growth in operations tends to result in cash outflows from operating activities as well as investing activities, as was generally the case for a number of years through the fiscal year ended 31 March 2011. For the fiscal year ended 31 March 2012, Nomura recorded net cash inflows from operating activities and investing activities, and for the fiscal year ended 31 March 2013, Nomura recorded net cash inflows from operating activities and net cash outflows from investing activities as discussed in the comparative analysis below.

The following is the summary information on Nomura's consolidated cash flows for the years ended 31 March 2012 and 2013:

As part of trading activities, while there were net cash outflows of ¥1,200.5 billion from cash inflows due to an increase in *Trading liabilities* in combination with cash outflows due to an increase in *Trading assets and Private equity investments*, they were offset by ¥2,239.4 billion of net cash inflows from repo transactions and securities borrowed and loaned transactions such as *Securities purchased under agreements to resell*, *Securities sold under agreements to repurchase*, and *Securities borrowed, net of Securities loaned*. As a result, net cash of ¥549.5 billion was provided by operating activities.

For the year ended 31 March 2012, its cash and cash equivalents decreased by ¥549.8 billion to ¥1,070.5 billion. Total assets as of 31 March 2013, were ¥37,942.4 billion, a increase of ¥2,245.1 billion compared with ¥35,697.3 billion as of 31 March 2012, reflecting increases in *Securities purchased under agreements to resell* and *Trading assets*. NHI shareholders' equity as of 31 March 2013, was ¥2,294.4 billion, an increase of ¥187.2 billion compared with ¥2,107.2 billion as of 31 March 2012, due to increases in *Retained earnings* and *Accumulated other comprehensive income (loss)*.

Nomura seeks to maintain sufficient capital at all times to withstand losses due to extreme market movements. The EMB is responsible for implementing and enforcing capital policies. This includes the determination of Nomura's balance sheet size and required capital levels. Nomura continuously reviews its equity capital base to ensure that it can support the economic risk inherent in Nomura's business. There are also regulatory requirements for minimum capital of entities that operate in regulated securities or banking businesses.

As leverage ratios are commonly used by other financial institutions similar to Nomura, Nomura voluntarily provides a Leverage ratio and Adjusted leverage ratio primarily for benchmarking purposes so that users of its annual report can compare its leverage against other financial institutions. Adjusted leverage ratio is a non-GAAP financial measure that Nomura considers to be a useful supplemental measure of leverage. There are currently no regulatory or statutory reporting requirements which require Nomura to disclose leverage ratios.

The following table sets forth NHI shareholders' equity, total assets, adjusted assets and leverage ratios:

	Billions of yen, except ratios	
	March 31	
	2012	2013
NHI shareholders' equity.....	¥2,107.2	¥2,294.4
Total assets ⁽¹⁾	35,697.3	37,942.4
Adjusted assets ⁽²⁾	21,954.7	23,827.1
Leverage ratio ⁽³⁾	16.9x	16.5x
Adjusted leverage ratio ⁽⁴⁾	10.4x	10.4x

- (1) Reconciles to the total assets amount disclosed on the face of Nomura's consolidated balance sheets and therefore excludes the fair value of securities transferred to counterparties under repo-to-maturity and certain Japanese securities lending transactions which are accounted for as sales rather than collateralised financing arrangements. The fair value of securities derecognised under these agreements has not had a significant impact on Nomura's reported Leverage and Adjusted leverage ratios as of March 2012. The fair value of securities derecognised under these agreements as of March 2013 was ¥nil.
- (2) Represents total assets less *Securities purchased under agreements to resell* and *Securities borrowed*. Adjusted assets is a non-GAAP financial measure and is calculated as follows:

	Billions of yen	
	March 31	
	2012	2013
Total assets.....	¥ 35,697.3	¥ 37,942.4
Less:		
Securities purchased under agreements to resell.....	7,662.7	8,295.4
Securities borrowed.....	6,079.9	5,819.9
Adjusted assets.....	¥ 21,954.7	¥ 23,827.1

- (3) Equals total assets divided by NHI shareholders' equity.
- (4) Equals adjusted assets divided by NHI shareholders' equity.

Total assets increased by 6.3 per cent. reflecting primarily an increase in *Trading assets*. Total NHI shareholders' equity increased by 8.9 per cent.. As a result, NHI's leverage ratio fell from 16.9 times as of 31 March 2012 to 16.5 times as of 31 March 2013.

Adjusted assets increased primarily due to an increase in *Trading assets*. As a result, Nomura's adjusted leverage ratio was 10.4 times as of 31 March 2012 and as of 31 March 2013.

Capital Management

Capital Management Policy

Nomura seeks to enhance shareholder value and to capture growing business opportunities by maintaining sufficient levels of capital. Nomura reviews levels of capital as appropriate, taking into consideration the economic risks inherent to operating Nomura's businesses, the regulatory requirements, and maintaining the ratings necessary to operate businesses globally.

Dividends

Nomura believes that pursuing a sustainable increase in shareholder value and paying dividends are essential to generating return to its shareholders. Nomura will strive to pay stable dividends using a consolidated payout ratio of 30 per cent. as a key indicator.

Dividend payments are determined by taking into account a comprehensive range of factors such as the tightening of Basel regulations and other changes to the regulatory environment as well as the company's consolidated financial performance.

Nomura paid a dividend of ¥2.0 per share for the first half and a dividend of ¥6.0 per share for the second half in line with its dividend policy for the fiscal year ended 31 March 2013.

With respect to the retained earnings, in order to implement measures to adapt to regulatory changes and to increase shareholder value, Nomura seeks to efficiently invest in business areas where high profitability and growth may reasonably be expected, including the development and expansion of infrastructure.

The following table sets forth the amounts of dividends per share paid by Nomura in respect of the periods indicated:

Fiscal year ended or ending March 31,	First Quarter	Second Quarter	Third Quarter	Fourth Quarter	Total
2008	¥ 8.50	¥ 8.50	¥ 8.50	¥ 8.50	¥ 34.00
2009	8.50	8.50	8.50	—	25.50
2010	—	4.00	—	4.00	8.00
2011	—	4.00	—	4.00	8.00
2012	—	4.00	—	2.00	6.00
2013	—	2.00	—	6.00	8.00

Stock Repurchases

Nomura considers repurchase of treasury stock as an option in its financial strategy to respond quickly to changes in the business environment and to increase shareholder value. Nomura makes announcements immediately after any decision to set up a share buyback programme and conduct such programmes in accordance with internal guidelines.

Preferred Stock

Effective 28 June 2011, in order to respond to Basel III capital adequacy requirements, Nomura has amended its Articles of Incorporation to enable the issuance of each class of preferred stock with a provision for redemption upon the occurrence of certain events. Nomura has no plans to issue preferred stocks as of the date of this Base Prospectus. The amendment did not result in any change to the total number of shares authorised to be issued.

Consolidated Regulatory Capital Requirements

Japan's Financial Services Agency ("FSA") established the "Guideline for Financial Conglomerate Supervision" (hereinafter referred to as the "Financial Conglomerate Guideline") in June 2005 and set out the rules on consolidated regulatory capital. Nomura started monitoring the consolidated capital adequacy ratio of NHI in accordance with the Financial Conglomerate Guideline from April 2005.

From the end of March 2009, Nomura elected to calculate the consolidated capital adequacy ratio according to the "Bank Holding Companies Notice" as permitted under the Financial Instruments Business Operators Guidelines, although Nomura continues to be monitored as a financial conglomerate governed by the Financial Conglomerate Guideline.

NHI has been assigned as a Final Designated Parent Company who must calculate a consolidated capital adequacy ratio according to the Capital Adequacy Notice on Final Designated Parent Company in April 2011. Since then, Nomura has been calculating its consolidated capital adequacy ratio according to the Capital Adequacy Notice on Final Designated Parent Company. Note that the Capital Adequacy Notice on Final Designated Parent Company has been revised to be in line with Basel 2.5 Basel III, and, Nomura has calculated Basel III-based consolidated capital adequacy ratio from the end of March 2013, Basel 2.5 includes significant change in calculation method of market risk and Basel III includes redefinition of capital items for the purpose of requiring higher quality of capital and expansion of the scope of credit risk-weighted assets calculation.

In accordance with Article 2 of the Capital Adequacy Notice on Final Designated Parent Company, Nomura's consolidated capital adequacy ratio is currently calculated based on the amounts of common equity Tier 1 capital, Tier 1 capital (sum of common equity Tier 1 capital and additional Tier 1 capital), total capital (sum of Tier 1 capital and Tier 2 capital), credit risk-weighted assets, market risk and operational risk. As of 31 March 2013, Nomura's common equity Tier 1 capital ratio (common equity Tier 1 capital divided by risk-weighted assets) is 11.9 per cent., Tier 1 capital ratio (Tier 1 capital divided by risk-weighted assets) is 11.9 per cent. and consolidated capital adequacy ratio (total capital divided by risk-weighted assets) is 13.9 per cent. and Nomura was in compliance with the requirement for each ratio set out in the Capital Adequacy Notice on Final Designated Parent Company (required level as of 31 March 2013 is 3.5 per cent. for common equity Tier 1 capital ratio, 4.5 per cent. for Tier 1 capital ratio and 8 per cent. for consolidated capital adequacy ratio).

The following table presents the Nomura's consolidated capital adequacy ratios as of 31 March 2012 and 31 March 2013. Comparative amounts as of 31 March 2012 are calculated based on the Capital Adequacy Notice on Final Designated Parent Company in effect as of that date (and therefore prior to the Basel III amendment).

	Billions of yen, except ratios	
	March 31	
	2012	2013
Common equity Tier 1 capital	¥ —	¥ 2,092.9
Tier 1 capital	2,090.2	2,092.9
Total capital	2,427.0	2,452.1
Risk-Weighted Assets		
Credit risk-weighted assets	8,324.4	9,529.1
Market risk equivalent assets	3,924.6	5,846.1
Operational risk equivalent assets	2,432.0	2,171.4
Total risk-weighted assets	¥ 14,681.0	¥ 17,546.7
Consolidated Capital Adequacy Ratios		
Common equity Tier 1 capital ratio	—	11.9%
Tier 1 capital ratio	14.2%	11.9%
Consolidated capital adequacy ratio	16.5%	13.9%

Common equity Tier 1 capital, additional Tier 1 capital and Tier 2 capital are calculated by deducting each regulatory adjustment from each capital item, respectively. Each capital item and regulatory adjustment is defined in the Capital Adequacy Notice on Final Designated Parent Company and these new definitions of capital will come into effect gradually by transitional measures.

As of 31 March 2013, capital items for Nomura's common equity Tier 1 capital mainly consists of shareholder's equity relating to the common stock and all or part of subordinated debt which satisfies the requirements under Capital Adequacy Notice on Final Designated Parent Company (such as maturity) is included into capital items for Tier 2 capital. Nomura has not issued any capital instruments which can be included into additional Tier 1 capital.

Regulatory adjustment for Nomura's common equity Tier 1 capital mainly consists of a part of intangible assets and 50 per cent. of expected losses and regulatory adjustment for Nomura's Tier 2 capital includes investments in additional Tier 1 capital instruments of other financial institutions and 50 per cent. of expected losses. Regulatory adjustment for Nomura's additional Tier 1 capital will be included into regulatory adjustment for common equity Tier 1 capital, as Nomura does not have any outstanding additional Tier 1 capital instruments.

Market risk equivalent assets are calculated by using The Internal Models Approach for market risk. From the end of December 2011, Nomura is required to calculate market risk equivalent assets under the Basel 2.5 rule, which is significantly larger than under the Basel II rule. Also, from the end of March 2013, a part of securitisation products is added to the scope of market risk calculation.

On the end of March 2011, Nomura started calculating credit risk-weighted assets and operational risk equivalent assets by using the foundation Internal Ratings-Based Approach and The Standardised Approach, respectively, with the approval of the FSA. Furthermore, from the end of December 2012, upon approval from the FSA, Nomura started using the Internal Model Method for credit risk exposure calculation of majority of derivative and repurchase transactions instead of the Current Exposure Method or the Comprehensive Method. Since the end of March 2013, the scope of credit risk-weighted assets calculation has been widened following the implementation of Basel III.

Nomura provides consolidated capital adequacy ratio not only to demonstrate that Nomura is in compliance with the requirements set out in the Capital Adequacy Notice on Final Designated Parent Company but also for benchmarking purposes so that users of Nomura's report can compare its capital position against those of other financial groups to which Basel III is applied. Management receives and reviews these capital ratios on a regular basis.

The Basel Committee has issued a series of announcements regarding a broader programme designed to strengthen the regulatory capital framework in light of weaknesses revealed by the financial crises. The following is a summary of the proposals which are most relevant to Nomura.

On 13 July 2009, the Basel Committee announced its approval of a package of measures designed to strengthen its rules governing trading book capital and to enhance the three pillars of the Basel II framework, which is called 'Basel 2.5'. This announcement states that the Basel Committee's trading book rules, effective at the end of 2011, would introduce higher capital requirements to capture the credit risk of complex trading activities, which became effective as the end of 2011. Such trading rules also include a stressed VaR requirement.

On 16 December 2010, in an effort to promote a more resilient banking sector, the Basel Committee issued Basel III, that is, "International framework for liquidity risk measurement, standards and monitoring" and "A global regulatory framework for more resilient banks and banking systems". The proposals include raising the quality, consistency and transparency of the capital base; strengthening the risk coverage of the capital framework such as the implementation of a credit value adjustment ("CVA") charge for over-the-counter derivative trades; introducing a leverage ratio requirement as a supplemental measure to the risk-based framework; and introducing a series of measures to address concerns over the "procyclicality" of the current framework. The proposals also introduce a minimum liquidity standard including a 30-day liquidity coverage ratio as well as a longer-term structural liquidity ratio. Additional capital, liquidity or other supervisory measures to reduce the externalities created by systemically important institutions are also under review. These standards will be phased in gradually from 2013. In addition, after two rounds of public consultation and discussions with the Committee on Payment and Settlement Systems ("CPSS") and the International Organisation of Securities Commissions ("IOSCO"), the Basel Committee has issued interim rules for the capitalisation of bank exposures to central counterparties ("CCPs") on 25 July 2012, which are intended to come into effect as of January 2013 as part of Basel III.

At the G-20 summit in November 2011, the Financial Stability Board ("FSB") and the Basel Committee announced the list of global systemically important banks ("G-SIBs") and the additional requirements to the G-SIBs including the recovery and resolution plan. The FSB also announced the group of G-SIBs will be updated annually and published by the FSB each November. In November 2012, the FSB and the Basel Committee have updated the list of G-SIBs. Nomura was not designated as a G-SIBs in November 2011 and November 2012. On the other hand, the FSB and the Basel Committee were asked to work on extending the framework for G-SIBs to domestic systemically important financial institutions ("D-SIBs") and the Basel Committee developed and published a set of principles on the assessment methodology and the higher loss absorbency requirement for D-SIBs.

The FSA introduced rules and notices such as the Capital Adequacy Notice on Final Designated Parent Company on consolidated regulation and supervision of securities companies on a consolidated basis on 1 April 2011 to improve the stability and transparency of Japan's financial system and ensure the protection of investors. It reviewed the Capital Adequacy Notice on Final Designated Parent Company according to Basel 2.5 and Basel III framework and the revised notice in line with Basel 2.5 was implemented at the end of December 2011 and the revised notice in line with Basel III was implemented at the end of March 2013. Following the implementation of the revised notice in line with Basel III, inclusion of risk of fluctuations in CVA and exposures to CCPs into credit risk-weighted assets calculation became effective. It is expected that such regulation and notice will be revised further to be in line with a series of rules and standards proposed by the Basel Committee.

Competition

The financial services industry is intensely competitive and Nomura expects it to continue to remain so. Nomura competes globally with other brokers and dealers, investment banking firms, commercial banks, investment advisors

and other financial services firms. Nomura also faces competition on regional, product and niche bases from local and specialist firms. A number of factors determine Nomura's competitive position against other firms, including:

- the quality, range and prices of Nomura's products and services,
- Nomura's ability to originate and develop innovative client solutions,
- Nomura's ability to maintain and develop client relationships,
- Nomura's ability to access and commit capital resources,
- Nomura's ability to retain and attract qualified employees, and
- Nomura's general reputation.

Nomura's competitive position is also affected by the overall condition of the global financial markets, which are influenced by factors such as:

- the monetary and fiscal policies of national governments and international economic organisations, and
- economic developments both within and between Japan, the United States, Europe and other major industrialised and developing countries and regions.

In Japan, Nomura competes with other Japanese and non-Japanese securities companies and other financial institutions. Competition has become more intense due to deregulation in the Japanese financial industry since the late 1990s and the increased presence of global securities companies and other financial institutions. In particular, major global firms have increased their presence in securities underwriting, corporate advisory services (particularly M&A advisory) and secondary securities sales and trading.

There has also been substantial consolidation and convergence among financial institutions, both within Japan and globally and this trend accelerated further in recent years as the credit crisis caused mergers and acquisitions and asset acquisitions in the industry. The growing presence and scale of financial groups which encompass commercial banking, securities brokerage, investment banking and other financial services has led to increased competition. Through their broadened offerings, these firms are able to create good client relationships and leverage their existing client base in the brokerage and investment banking business as well.

In addition to the breadth of their products and services, these firms have the ability to pursue greater market share in investment banking and securities products by reducing margins and relying on their commercial banking, asset management, insurance and other financial services activities. This has resulted in pricing pressure in Nomura's investment banking and trading businesses and could result in pricing pressure in other areas of Nomura's businesses. Nomura has also competed, and expects to compete, with other financial institutions which commit capital to businesses or transactions for market share in investment banking activities. In particular, corporate clients may seek loans or commitments in connection with investment banking mandates and other assignments.

Moreover, the trend towards consolidation and convergence has significantly increased the capital base and geographic reach of some of Nomura's competitors, hastening the globalisation of the securities and financial services markets. To accommodate this trend, Nomura will have to compete successfully with financial institutions that are large and well-capitalised, and that may have a stronger local presence and longer operating history outside Japan.

REMITTANCE OF RENMINBI INTO AND OUTSIDE THE PRC

Renminbi is not a freely convertible currency. The remittance of Renminbi into and outside the PRC is subject to control imposed under PRC law.

Current Account Items

Under the PRC foreign exchange control regulations, current account item payments include payments for imports and exports of goods and services, payments of income and current transfers into and outside the PRC.

Prior to July 2009, all current account items were required to be settled in foreign currencies. Since July 2009, the PRC has commenced a pilot scheme pursuant to which Renminbi may be used for settlement of imports and exports of goods between approved pilot enterprises in five designated cities in the PRC including Shanghai, Guangzhou, Dongguan, Shenzhen and Zhuhai and enterprises in designated offshore jurisdictions including Hong Kong and Macau. In June 2010 and August 2011 respectively, the PRC government promulgated the Circular on Issues concerning the Expansion of the Scope of the Pilot Programme of Renminbi Settlement of Cross-Border Trades and the Circular on Expanding the Regions of Cross-border Trade Renminbi Settlement, two circulars with regard to the expansion of designated cities and offshore jurisdictions implementing the pilot Renminbi settlement scheme for cross-border trades. Pursuant to these circulars, (i) Renminbi settlement of imports and exports of goods and of services and other current account items became permissible, (ii) the list of designated pilot districts was expanded to cover all provinces and cities in the PRC, (iii) the restriction on designated offshore districts has been lifted and (iv) any enterprise qualified for the export and import business is permitted to use Renminbi as settlement currency for exports of goods, provided that the relevant provincial government has submitted to PBOC and five other PRC authorities (the "**Six Authorities**") a list of key enterprises subject to supervision and the Six Authorities have verified and signed off such list (the "**Supervision List**"). On 12 June 2012, the PBOC issued a notice stating that the Six Authorities had jointly verified and announced a Supervision List and as a result any enterprise qualified for the export and import business is permitted to use Renminbi as settlement currency for exports.

As new regulations, the circulars will be subject to interpretation and application by the relevant PRC authorities. Further, if any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the use of Renminbi for payment of transactions categorised as current account items, then such settlement will need to be made subject to the specific requirements or restrictions set out in such rules. Local authorities may adopt different practises in applying these circulars and impose conditions for settlement of current account items.

Capital Account Items

Under the applicable PRC foreign exchange control regulations, capital account items include cross-border transfers of capital, direct investments, securities investments, derivative products and loans. Capital account payments are generally subject to approval of the relevant PRC authorities.

On 7 April 2011, the Shanghai Bureau of the State Administration of Foreign Exchange (SAFE) issued the Notice on Relevant Issues regarding Streamlining the Business Operation of Cross-border RMB Capital Account Items, which clarifies that the borrowing by an onshore entity (including a financial institution) of Renminbi loans from an offshore creditor shall in principle follow the current regulations on borrowing foreign debts and the provision by an onshore entity (including a financial institution) of external guarantees in Renminbi shall in principle follow the current regulations on the provision of external guarantees in foreign currencies.

On 12 October 2011, the Ministry of Commerce of the PRC (MOFCOM) promulgated the MOFCOM Circular, and pursuant to which, prior written consent from the appropriate office of MOFCOM and/or its local counterparts (depending on the size and the relevant industry of the investment) is required for RMB FDI. The MOFCOM Circular also requires that the proceeds of RMB FDI may not be used towards investment in securities, financial derivatives or entrustment loans in the PRC, except for investments in the PRC domestic listed companies through private placements or share transfers by agreement under the strategic investment regime.

On 13 October 2011, the PBOC issued the Administrative Measures of Renminbi Settlement of Foreign Direct Investment (the PBOC RMB FDI Measures) which set out operating procedures for PRC banks to handle RMB settlement relating to RMB FDI and borrowing by foreign invested enterprises of offshore RMB loans. Prior to the PBOC RMB FDI Measures, cross-border RMB settlement for RMB FDI has required approvals on a case-by-case basis from the PBOC. The new rules replace the PBOC approval requirement with less onerous post-event registration and filing requirements. The PBOC RMB FDI Measures cover various aspects of RMB FDI, including capital injection,

payment of purchase price in the acquisition of PRC domestic enterprises, repatriation of dividends and distribution, as well as Renminbi denominated cross-border loans. Foreign invested enterprises, whether established or acquired by foreign investors, shall complete the corporate information registration after the completion of relevant RMB FDI transactions, and shall make post-event registration or filing with the PBOC of increases or decreases in registered capital, equity transfers or swaps, merger or acquisition or other changes to registered information.

As new regulations, such notices will be subject to interpretation and application by the relevant PRC authorities. There is no assurance that approval of such remittances, borrowing or provision of external guarantee in Renminbi will continue to be granted or will not be revoked in the future. Further, since the remittance of Renminbi by way of investment or loans are now categorised as capital account items, such remittances will need to be made subject to the specific requirements or restrictions set out in the relevant SAFE rules. If any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the remittance of Renminbi for payment of transactions categorised as capital account items, then such remittances will need to be made subject to the specific requirements or restrictions set out in such rules.

TAXATION

General Taxation Information

The following information provided below does not purport to be a complete summary of the tax law and practise currently available. Potential purchasers of Notes are advised to consult their own tax advisers as to the tax consequences of transactions involving Notes.

Purchasers and/or sellers of Notes may be required to pay stamp taxes and other charges in accordance with the laws and practises of the country of transfer in addition to the issue price or purchase price (if different) of the Notes.

Transactions involving Notes (including purchases, transfer or redemption), the accrual or receipt of any interest payable on the Notes and the death of a holder of any Note may have tax consequences for potential purchasers which may depend, amongst other things, upon the tax status of the potential purchaser and may relate to stamp duty, stamp duty reserve tax, income tax, corporation tax, capital gains tax and inheritance tax.

Japanese Taxation

The payment of principal and interest in respect of the Notes issued by an Issuer to a non-resident of Japan or a non-Japanese corporation will, under Japanese tax laws currently in effect, not be subject to any Japanese income or corporation tax unless the receipt of the relevant payment is the income of such non-resident or non-Japanese corporation from sources in Japan. In the case of Guaranteed Notes, payment by the relevant Guarantor(s) under the Guarantee to a non-resident of Japan or a non-Japanese corporation will, under Japanese tax laws currently in effect, not be subject to any Japanese income or corporation tax payable by way of withholding. Furthermore, none of such payments will be subject to any other Japanese income or corporation tax, unless such non-resident or non-Japanese corporation has a permanent establishment in Japan and the payment is attributable to the business of such non-resident or non-Japanese corporation carried on in Japan through such permanent establishment.

Gains derived from the sale outside Japan of Notes by a non-resident of Japan or a non-Japanese corporation are in general not subject to Japanese income or corporation taxes. Gains derived from the sale in Japan of Notes by a non-resident of Japan or a non-Japanese corporation not having a permanent establishment in Japan are in general not subject to Japanese income or corporation taxes. Japanese inheritance and gift taxes at progressive rates may be payable by a Japanese national, wherever resident, who has acquired Notes as legatee, heir or donee. No stamp, issue, registration or similar taxes or duties will, under present Japanese law, be payable by Noteholders in connection with the issue of the Notes.

United Kingdom Taxation

The comments below are of a general nature based on current United Kingdom law and HM Revenue & Customs (HMRC) published practise relating to payments of interest on the Notes and are not intended to be exhaustive. They do not deal with any United Kingdom taxation implications of acquiring, holding or disposing of the Notes. They relate only to the position of persons who are the absolute beneficial owners of their Notes and Coupons and may not apply to certain classes of persons such as dealers or certain professional investors. They do not necessarily apply where the income is deemed for tax purposes to be the income of any other person. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Any prospective Noteholders who are in doubt as to their own tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.

Interest on the Notes

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 (the Act). The Luxembourg Stock Exchange is a recognised stock exchange. The Notes will satisfy this requirement if they are officially listed in Luxembourg in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Luxembourg Stock Exchange. Provided, therefore, that the Notes remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom income tax provided that the relevant Issuer is and continues to be a bank within the meaning of section 991 of the Act, and provided that the interest on the Notes is paid in the ordinary course of its business within the meaning of section 878 of

the Act. Interest will not be regarded as being paid in the ordinary course of business where the borrowing relates to the capital structure of the relevant Issuer. The borrowing will be regarded as relating to the capital structure of the relevant Issuer if it conforms to any of the definitions of tier 1, 2 or 3 capital adopted by the Prudential Regulation Authority, whether or not the borrowing actually counts towards tier 1, 2 or 3 capital for regulatory purposes.

Interest payable on the Notes with a maturity of less than 365 days from the date of issue and which do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days can be paid without withholding or deduction for or on account of United Kingdom income tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes with a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the relevant Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

HMRC has powers, in certain circumstances, to obtain information about: payments derived from securities (whether income or capital); certain payments of interest (including the amount payable on the redemption of a deeply discounted security); and securities transactions.

The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from securities; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to securities transactions (which includes an issue of securities) on behalf of others; registrars or administrators in respect of securities transactions; and each registered or inscribed holder of securities.

The information HMRC can obtain includes: details of the beneficial owner of securities; details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to securities transactions; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid. HMRC is generally not able to obtain information (under its power relating solely to interest) about a payment of interest to (or a receipt for) a person that is not an individual. This limitation does not apply to HMRC's power to obtain information about payments derived from securities.

HMRC has indicated that it will not use its information-gathering power on interest to obtain information about amounts payable on the redemption of deeply discounted securities which are paid before 6 April 2014.

In certain circumstances the information which HMRC has obtained using these powers may be exchanged with tax authorities in other jurisdictions.

Dutch taxation

This summary solely addresses the principal Dutch tax consequences of the acquisition, ownership and disposal of Notes issued on or after the date of this Base Prospectus. It does not purport to describe every aspect of taxation that may be relevant to a particular Holder of Notes (as defined below). Any potential investor should consult his tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes in his particular circumstances.

Where in this summary English terms and expressions are used to refer to Dutch concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Dutch concepts under Dutch tax law. Where in this summary the terms "the Netherlands" and "Dutch" are used, these refer solely to the European part of the Kingdom of the Netherlands.

This summary is based on the tax law of the Netherlands (unpublished case law not included) as it stands at the date of this Base Prospectus. The tax law upon which this summary is based, is subject to changes, perhaps with retroactive effect. Any such change may invalidate the contents of this summary, which will not be updated to reflect such change. This summary assumes that each transaction with respect to Notes is at arm's length.

Where in this Dutch taxation paragraph reference is made to a "Holder of Notes", that concept includes, without limitation:

1. an owner of one or more Notes who in addition to the title to such Notes has an economic interest in such Notes;

2. a person who or an entity that holds the entire economic interest in one or more Notes;
3. a person who or an entity that holds an interest in an entity, such as a partnership or a mutual fund, that is transparent for Dutch tax purposes, the assets of which comprise one or more Notes, within the meaning of 1. or 2. above; or
4. a person who is deemed to hold an interest in Notes, as referred to under 1. to 3., pursuant to the attribution rules of article 2.14a, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), with respect to property that has been segregated, for instance in a trust or a foundation.

Withholding tax

All payments under Notes may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority of or in the Netherlands, except where Notes are issued under such terms and conditions that such Notes are capable of being classified as equity of NEF for Dutch tax purposes or actually function as equity of NEF within the meaning of article 10, paragraph 1, letter d, of the Dutch Corporation Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*) and where Notes are issued that are redeemable in exchange for, convertible into or linked to shares or other equity instruments issued or to be issued by NEF or by any entity related to NEF.

Taxes on income and capital gains

The summary set out in this section "Taxes on income and capital gains" applies only to a Holder of Notes who is neither resident nor deemed to be resident in the Netherlands for the purposes of Dutch income tax or corporation tax, as the case may be, and who, in the case of an individual, has not elected to be treated as a resident of the Netherlands for Dutch income tax purposes (a "**Non-Resident Holder of Notes**").

Individuals

A Non-Resident Holder of Notes who is an individual will not be subject to any Dutch taxes on income or capital gains in respect of any benefits derived or deemed to be derived from Notes, including any payment under Notes and any gain realised on the disposal of Notes, except if:

1. he derives profits from an enterprise, whether as an entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net value of such enterprise, other than as a shareholder, such enterprise either being managed in the Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in the Netherlands and his Notes are attributable to such enterprise; or
2. he derives benefits or is deemed to derive benefits from Notes that are taxable as benefits from miscellaneous activities in the Netherlands (*resultaat uit overige werkzaamheden in Nederland*).

If a Holder of Notes is an individual who does not come under exception 1 above, and if he derives or is deemed to derive benefits from Notes, including any payment under such Notes and any gain realised on the disposal thereof, such benefits are taxable as benefits from miscellaneous activities in the Netherlands if he, or an individual who is a connected person in relation to him as meant by article 3.91, paragraph 2, letter b, or c, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), has a substantial interest (*aanmerkelijk belang*) in NEF.

Generally, a person has a substantial interest in NEF if such person – either alone or, in the case of an individual, together with his partner (*partner*), if any, or pursuant to article 2.14a, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) – owns or is deemed to own, directly or indirectly, either a number of shares representing five per cent. or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of NEF, or rights to acquire, directly or indirectly, shares, whether or not already issued, representing five per cent. or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of NEF, or profit participating certificates (*winstbewijzen*) relating to five per cent. or more of the annual profit of NEF or to five per cent. or more of the liquidation proceeds of NEF.

A person who is entitled to the benefits from shares or profit participating certificates (for instance a holder of a right of usufruct) is deemed to be a holder of shares or profit participating certificates, as the case may be, and such person's entitlement to such benefits is considered a share or a profit participating certificate, as the case may be.

Furthermore, a Holder of Notes who is an individual and who does not come under exception ¶1 above may, *inter alia*, derive, or be deemed to derive, benefits from Notes that are taxable as benefits from miscellaneous activities in the following circumstances, if such activities are performed or deemed to be performed in the Netherlands:

- (a) if his investment activities go beyond the activities of an active portfolio investor, for instance in the case of use of insider knowledge (*voorkennis*) or comparable forms of special knowledge; or
- (b) if he makes Notes available or is deemed to make Notes available, legally or in fact, directly or indirectly, to certain parties as meant by articles 3.91 and 3.92 of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) under circumstances described there; or
- (c) if he holds Notes, whether directly or indirectly, and any benefits to be derived from such Notes are intended, in whole or in part, as remuneration for activities performed or deemed to be performed in the Netherlands by him or by a person who is a connected person in relation to him as meant by article 3.92b, paragraph 5, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*).

Attribution rule

Benefits derived or deemed to be derived from certain miscellaneous activities by a child or a foster child who is under eighteen years of age, are attributed to the parent who exercises, or the parents who exercise, authority over the child, irrespective of the country of residence of the child.

Entities

A Non-Resident Holder of Notes other than an individual will not be subject to any Dutch taxes on income or capital gains in respect of benefits derived or deemed to be derived from Notes, including any payment under Notes and any gain realised on the disposal of Notes, except if:

- (a) such Non-Resident Holder of Notes derives profits from an enterprise directly, or pursuant to a co-entitlement to the net value of such enterprise, other than as a holder of securities, such enterprise either being managed in the Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in the Netherlands, and its Notes are attributable to such enterprise; or
- (b) such Non-Resident Holder of Notes has a substantial interest (as described above under Individuals) or a deemed substantial interest in NEF.

A deemed substantial interest may be present if shares, profit participating certificates or rights to acquire shares in NEF are held or deemed to be held following the application of a non-recognition provision.

General

Subject to the above, a Non-Resident Holder of Notes will not be subject to income taxation in the Netherlands by reason only of the execution (*ondertekening*), delivery (*overhandiging*) and/or enforcement of the documents relating to the issue of Notes or the performance by NEF of its obligations under such documents or under the Notes.

Gift and inheritance taxes

If a Holder of Notes disposes of Notes by way of gift, in form or in substance, or if a Holder of Notes who is an individual dies, no Dutch gift tax or Dutch inheritance tax, as applicable, will be due, unless:–

- (a) the donor is, or the deceased was resident or deemed to be resident in the Netherlands for purposes of Dutch gift tax or Dutch inheritance tax, as applicable; or
- (b) the donor made a gift of Notes, then became a resident or deemed resident of the Netherlands, and died as a resident or deemed resident of the Netherlands within 180 days of the date of the gift.

For purposes of the above, a gift of Notes made under a condition precedent (*opschortende voorwaarde*) is deemed to be made at the time the condition precedent is satisfied.

Turnover tax

No Dutch turnover tax will arise in respect of any payment in consideration for the issue of the Notes or with respect to any payment by NEF of principal or interest on the Notes.

Other taxes and duties

No Dutch registration tax, transfer tax, stamp duty or any other similar documentary tax or duty, other than court fees, is payable in the Netherlands in respect of or in connection with (i) the execution, delivery and/or enforcement by legal proceedings (including the enforcement of any foreign judgement in the courts of the Netherlands) of the documents relating to the issue of Notes, (ii) the performance by NEF of its obligations under such documents or under Notes, or (iii) the transfer of Notes, except that Dutch real property transfer tax (*overdrachtsbelasting*) may be due by a Holder of Notes if in satisfaction of all or part of any of its rights under the Notes, it acquires any asset, or an interest in any asset (*economische eigendom*), that qualifies as real property or as a right over real property, situated in the Netherlands, for the purposes of Dutch real property transfer tax (*overdrachtsbelasting*) or, where Notes are issued under such terms and conditions that they represent an interest in assets (*economische eigendom*) that qualify as real property, or rights over real property, situated in the Netherlands, for the purposes of Dutch real property transfer tax.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA. Each Issuer is classified as an FFI.

The new withholding regime will be phased in beginning 1 July 2014 for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "**grandfathering date**", which is the later of (a) 1 July 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes (unless it has agreed to do so under the U.S. "qualified intermediary," "withholding foreign partnership," or "withholding foreign trust" regimes). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign

passthru payments. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the United Kingdom have entered into an IGA based largely on the Model 1 IGA. The United States and Japan have entered into an IGA based on the Model 2 IGA. In addition, the United States has announced an intention to enter into an IGA with The Netherlands.

Each of the Issuers expect to be treated as a Reporting FI pursuant to an IGA and does not anticipate being obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that any Issuer will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, each of the Issuers and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by any Issuer, Guarantor, any paying agent, the common depositary or the common safekeeper, given that each of the entities in the payment chain beginning with the Issuers and ending with the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance, the US-UK IGA and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The Proposed Financial Transactions Tax (“FTT”)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU

Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated dealer agreement dated 5 August 2013 (as amended, supplemented and/or restated from time to time (the **Dealer Agreement**)), agreed with each of the Issuers and the Guarantors, a basis upon which the Dealers or any of them may from time to time agree to purchase Notes from the Issuer. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*” above. In the Dealer Agreement, the relevant Issuer, failing which (in the case of Guaranteed Notes) the Guarantor(s), has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. The relevant Issuer may also agree to issue Notes to persons other than the Dealers on, and subject to, the terms of the Dealer Agreement.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes of any Tranche (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part within the United States or to, or for the account or benefit of, U.S. persons and it will have sent to each Dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding paragraph and in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, an offer or sale of Notes of such Tranche within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

Each issue of Index Linked Notes, Equity Linked Notes, Foreign Exchange Linked Notes, Dual Currency Notes, Credit Linked Notes and Exchangeable Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer shall agree as a term of the issue and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Final Terms. Each Dealer has agreed and, if different, the relevant Dealer in respect of each such issue will be required to agree that it will offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive; or
- (b) at any time to fewer than 100 or, if the relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer(s) nominated by the relevant Issuer for any such offer; or

(c) at any time in any other circumstances pursuant to Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an **offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression **2010 PD Amending Directive** means Directive 2010/73/EU.

United Kingdom

Each Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that:

Legal Proceedings

Banca Monte dei Paschi di Siena SpA (**MPS**) issued a civil claim, dated 1 March 2013 in the Italian Courts against Nomura International plc (**NIP**) and two former directors of MPS. NIP is an indirectly wholly owned subsidiary of NHI and, as such, a Nomura Group company. (Giuseppe Mussari and Antonio Vigni, the former Chairman and General Manager of MPS respectively). MPS alleges that the former directors improperly caused MPS to enter into structured financial transactions with NIP in 2009 (the **Transactions**). The Transactions formed part of a 30 year derivatives financing arrangement between NIP and MPS to restructure an earlier derivatives transaction between MPS and another bank. The Transactions are primarily collateralised by Italian government bonds. MPS further alleges that NIP is jointly liable for the unlawful conduct of MPS's former directors. MPS claims damages of not less than EUR700 million. NIP is an indirectly wholly owned subsidiary of NHI. The Public Prosecutor's office in Siena, Italy has also commenced an investigation into the Transactions to determine whether offences have been committed under Italian law. Starting on 15 April 2013, the Public Prosecutor issued seizure orders seeking to seize the Transactions and approximately EUR 1.9 billion of assets said to be held or receivable in various NIP and NBI accounts in, or managed through, Italy and alleging that the Transactions involved offences under Italian law. NBI was informed on 23 April 2013 that a seizure order had been effected over a small amount of cash and certain receivables in Italy. However, on 26 April 2013, the relevant Italian criminal judge issued an order declining to validate the various seizure orders issued by the Public Prosecutor. Accordingly, on the same date, the Public Prosecutor ordered the immediate restitution of all assets subject to seizure. The Public Prosecutor subsequently lodged an appeal against the order of the relevant Italian criminal judge that declined to validate the seizure orders. The appeal was rejected by the relevant Italian criminal appeal judges by an order dated 13 July 2013. The Public Prosecutor has lodged an appeal against this order.

The Nomura Group is also involved in a number of actions and proceedings, which are either ordinary routine actions and proceedings and proceedings incidental to its business or not material to the Nomura Group. Based upon the information currently available to the Nomura Group and on the advice received from its legal counsel, NHI and NSC believe that the ultimate resolution of such actions and proceedings will not, in the aggregate, have any material adverse effect on the Nomura Group's financial condition or results of operations nor so far as NHI and NSC are aware are any such proceedings pending or threatened. However, an adverse outcome in certain of these matters could have a material adverse effect on the Nomura Group's consolidated results of operations or cash flows in a particular quarter or annual period.

Save for the matters set out in NHI's Form 20-F for the year ended 31 March 2012 at pages F-108 to F-112 and NHI's Form 20-F for the year ended 31 March 2013 at pages F-119 to F-124, the Nomura Group is not and has not been involved in any governmental, legal or arbitration proceedings (including any proceedings which are pending or

threatened of which NHI and NSC are aware) which may have or have had in the 12 months preceding the date of this document a significant effect on the financial position or profitability of NHI, NSC and/or their subsidiaries. None of the Issuers is, or has been involved in any legal or arbitration proceedings (including any proceedings which are pending or threatened of which the Issuers or the Guarantors are aware) which may have or have had in the 12 months preceding the date of this document a significant effect on the financial position of any of the Issuers.
