

VI Support for Transfers to Other Markets of TSE

1 Support Activities Concerning Market Transfers

The New Listings Department of TSE provides consultation for companies listed on TOKYO PRO Market which are considering transferring to other markets of TSE, such as Mothers and JASDAQ, concerning points to remember and issues for making such transfers. The department not only provides support for transfers but also holds various events for listed companies to help them expand their business such as business matching and networking events.

2 Mail Magazine

"IPO Center Mail Magazine" is a weekly publication that provides information concerning seminars and lectures hosted by TSE, Q&A for listing examinations, and a commentary on the listing system.

For questions concerning initial listing such as the listing criteria and details of what to prepare for listing, feel free to contact us.
