Because ETFs benchmarked by indices invest in securities whose prices fluctuate, the market price or base value may decrease due to fluctuations in the underlying index or foreign exchange markets, fluctuations in the price of constituent securities, bankruptcy or deterioration in the financial conditions of constituent securities issuers, or other market causes. Losses may arise from these factors and, as such, invested capital is not guaranteed. Additionally, in the case of margin trading, losses may occur in excess of the deposited margin. When trading ETFs benchmarked by indices, please fully read the documents distributed before concluding a contract with a financial instruments business operator, etc. Trading should be conducted on one's own judgment and responsibility, with sufficient understanding of the product's attributes, trading mechanism, existence of risk, sales commissions, total expense ratio, etc. Index values calculated by JPX and JPX trademarks are the intellectual property of JPX and JPX owns all such rights.
