(Note1)"ES" in the selection criteria column indicates issues selected by "return on capital" (equity spread criteria) and "PBR" indicates issues selected by "market valuation" (PBR criteria) .
 (Note2)"*" indicates the issues meet not only "return on capital" (equity spread criteria) but also the "market valuation" criteria (issues whose PBRs of the current period and average of two periods PBRs are both over 1x, and whose full market capitalization exceeds the minimum full market capitalization for the issues selected from PBR criteria) .
