2 Flow of Procedures

2.1 End-User License Agreement

In case of indirectly receiving Information from information vendors etc. and using the Information only internally, usually such end-users do not have to enter into Agreement with TSE. However, those who fall under any of the following are required to enter into contract with TSE.

Are you going to or currently receiving real-time information from information vendors or other service providers, in the manner which fall under any of the following (1) through (3)?

(1) Such information vendors do not technologically control the total number of your access rights to Real-Time Information.
(2) You receive Real-Time Information in TSE Co-Location Facility.
(3) You receive Real-Time Information in a manner equivalent to direct connection to TSE system. (e.g. you receive Real-Time Information with TSE proprietary message format.)

YES

Licensed End-User

Aside from contracts with information vendors etc., please enter into contract directly with TSE to receive information.

Application for License of Information Usage by End-User

Please enter into Agreement with TSE through MICS. For procedures to take please refer to chapter 5 and 6 of this Manual.

Completion of Agreement

When you receive Agreement Completed message from TSE on MICS, the procedures has completed. When you have any payment to make to TSE, TSE will send you the first invoice soon after the execution of agreement.

Start of reception of Information

Please notify your information vendors of the execution of the Agreement with TSE and start receiving Information.

NO

No direct agreement with TSE is required. Please contact information vendors etc. to receive market information.
2.2 Information Provision and License Agreement

Enter into IPLA in case of receiving Information directly from TSE or in case of conducting External Distribution of Information whether you are connecting directly to TSE or not.

Would you like to receive information directly from TSE?
(Please also refer to Policies Regarding Usage of Market Information “5. Acquisition of Information”.)

Directly from TSE
In order to connect directly to TSE system, you have to install equipments in Japan to receive TSE data. In addition, your operators have to understand Japanese language since all the correspondences about system operations are conducted in Japanese language.

For inquiries regarding network connection, please contact JPX ServiceDesk: servicedesk@jpx.co.jp

Indirectly from Information Vendors
Please consult with staff of information vendor for necessary procedures. Please refer to “2.1 End-User License Agreement” of this Manual when you do not externally distribute the information.

Do you use indices published by TSE such as TOPIX?

If you use indices published by TSE, you might need to execute TOPIX License Agreement in addition to Information Provision and License Agreement. Please tell TSE staff about your intention to use such indices.

Procedures through Market Information Client System
Please enter into contract with TSE through Market Information Client System. Please refer to chapter 7 and 8 for the procedures to take.

Start of your service
Through MICS, TSE will send you “Agreement Completion” message. You can provide your service from the date specified in the agreement. TSE will send you the first invoice soon after the execution of the agreement.

Send back one copy of Agreement
Based on the information provided through MICS, TSE will send 2 hardcopies of Information Provision and License Agreement with TSE stamp on it. Please sign both of them and return 1 copy. (The other copy of Information Provision and License Agreement is for your retention.)

Other procedure
- Receiving “Receipt of Deposit”
  After confirming your payment of the deposit, TSE will issue Receipt of Deposit. Please keep the Receipt in safe place since it is required when you claim refund of your deposit.
- Notice of URL(Optional)
  If you wish to be listed as an authorized information vendor of TSE data in TSE website (please see below URL), please inform your URL to be linked.
  Japanese:  http://www.tse.or.jp/about/link/vendor.html
  English:    http://www.tse.or.jp/english/about/link/vendor.html

8.3 Usage Manner

Please make sure to confirm if your services comply with all the required items in 6.1 of Policies Regarding Usage of Market Information. Specifically, please make sure your contract with your clients cover all the matters required by the Policy.

**【Examples of usages and applied Usage Manner】**

| Directly receiving data from TSE and use the information for dealing | Internal Usage |
| Indirectly receiving data through information vendors and use it for dealing | This is regarded as a terminal of the information vendor. Please report the number of terminals to your information vendor. However, you may need to enter into End-User Agreement. Please refer to 3.1.4 of Policies Regarding Usage of Market Information for details. |
| Developing internal monitoring system to support your external distribution service | You do not need to check “Internal Usage.” Please just check applicable external distribution service. (Please report the number of terminals using real-time data for this purpose separately as those for “system operation.”) |
| Only your clients who have a contractual relationship with you can see the information under ID/Password protected environment | Subscription-Based Terminal Service |
| Anyone can see the information without executing particular contract with you:  
  • Viewers can choose the information to be displayed, such as internet service  
  • Viewers cannot choose the information to be displayed, such as large news displays at the counter | Open-Accessibility Terminal Service |
| Providing raw data to your clients without displaying functions | Data Feed for End-User |
(1) Internal Usage

- Please select all the information received directly from TSE and used internally.
- If applicable, check “Internal Usage” and check all the information internally.

(2) Usage Manner Involving Distribution to End-User

[Information to be used in “Usage Manner Involving Distribution to End-User”]

For Information to be used in “Usage Manner Involving Distribution to End-User”, please select all the information to be used in manner of “Subscription-Based Terminal” to “Information Provision with Printed Medium”.

- If information not selected in Registration Form (Basic Information) is checked, alert message indicating that there is a contradiction between Forms will appear when you push “Apply” button.
- When distributing information to your client in the manner which fall under any of the following (1) through (3), your client needs to enter into Licensed End-User Agreement. (Please refer to 3.1.4 of Policies Regarding Usage of Market Information.) Please do not forget to check “Provide Information to Licensed End-Users who need direct agreement with TSE” in this form. (Otherwise, your client cannot make necessary procedures.)

1. You do not technologically control the total number of the End-User’s access rights to Real-Time Information.
3. Your client receives the Real-Time Information in a manner equivalent to direct connection to TSE system(e.g. in the case that the End-User receives Real-Time Information with TSE proprietary message format.)
When distributing information in manner of “Subscription-Based Terminal” (see 6.3.1 of Policies Regarding Usage of Market Information), check “Subscription-Based Terminal Service” and select all the information used in the service.

- If information not selected in “4. Information to be Licensed” of “Registration Form (Basic Information)” is checked, alert message indicating that there is a contradiction between Forms will appear when you push “Apply” button.
- Please be aware that if checked “Subscription-Based Terminal Service” is canceled, the information checked will all be canceled.
- Please select “Snap-Shot Information Display Terminal” when a terminal which displays real-time information but updates with more than 15 minutes interval is used. (Please refer to 7.2.3 of the Policy.)
- If you select “Snap-Shot Information Display Terminal” without selecting Real-Time Information in “4. Information to be Licensed” of “Registration Form (Basic Information),” alert message indicating that there is a contradiction between Forms will appear when you push “Apply” button.

(3) Usage Manner Involving Distribution to Secondary-Distributor

When your clients distribute Information externally, check “Usage Manner Involving Distribution to Secondary-Distributor” and select all the information used in the service.

(3) Usage Manner Involving Distribution to Secondary-Distributor

If applicable, please also fill in “Secondary-Distributor”.

☐ Usage Manner Involving Distribution to Secondary-Distributor

- If applicable, please also fill in Supplementary Form for “Secondary-Distributor”.
- Your client cannot enter into IPL Agreement, if you have not checked “Usage Manner Involving Distribution to Secondary-Distributor”

(4) Other Usage Manner

- Please check “Information Usage for Off-Exchange Transaction” if you use TSE data for off-exchange transactions on PTS etc.
- Please check “Index Information” if you calculate/publish your own indices using TSE data. You do NOT need to check “Index Information” if you just use indices published by TSE, such as TOPIX.

(4) Other Usage Manners

If applicable, please also fill in “Other Usage Manners” and submit supplemental Registration Form for upload.

☐ Information Usage for Off-Exchange Transaction

☐ Index Information (External Distribution and Usage for Off-Exchange Transaction)

If checked either one of the Other Usage Manner, please also fill in Form “Other Usage Manners” and submit supplemental Registration Form for upload if required.
(5) Related Parties

Please check each applicable item.

(5) Related Parties

(If applicable, please also submit supplemental Registration Form for upload.)

☐ Affiliated Company
☐ Service Facilitator
☐ Registered Financial Instruments Intermediary Service Provider
☐ TOPIX Information Distributor
☐ iNAV Information Distributor
☐ Registered Newspaper

[Affiliated Company]

If you provide your service through your affiliates, please check “Affiliated Company”.

- Affiliated Companies can be, in principle, approved when you provide the same service through different legal entities due to legal requirements etc. Just 50%+ ownership is not enough for approval.
- Your company is solely responsible for data usage by Affiliated Companies. Please read 3.2.2 of the Policy and establish necessary administration system. Please also make sure that Affiliated Companies well understand the Policy.
- Please fill in the “Affiliated Company” sheet of “Supplemental Registration Form for upload” and upload the file. (For instruction on filling out the sheet, see page 95, for uploading file see page 29)

[Service Facilitator]

If you relegate your system operations etc. to a third party, please check “Service Facilitator”

- Information usage by the Service Facilitators is limited to the area which is necessary for operating your service. Please make sure to establish effective administration system to prevent their improper data usage, including proper contractual restriction.
- Your company is solely responsible for data usage by Service Facilitators. Please see 3.2.3 of the Policy for further details.
- Please fill in the “Service Facilitator” sheet of “Supplemental Registration Form for upload” and upload the file. (For instruction on filling out the sheet, see page 96, for uploading file see page 29)
[Registered Financial Instruments Intermediary Service Provider]
If you are a Japanese brokerage house and provide information through Financial Instruments Intermediary Service Provider, please check "Registered Financial Instruments Intermediary Service Provider". (However, please be aware that depending on the information provision scheme, TSE may not render approval.)

- This is relevant only to Japanese brokerage houses.
- Information usage by the Registered Financial Instruments Intermediary Service Provider is limited to the area which is necessary for operating financial intermediary service. Please make sure to establish effective administration system to prevent their improper data usage, including proper contractual restriction.
- For details about Registered Financial Instruments Intermediary Service Provider, please see 3.2.4 of the Policy.
- Please fill in the "Registered Financial Instruments Intermediary Service Provider" sheet of "Supplemental Registration Form for upload" and upload the file. (For instruction on filling out the sheet, see page 97, for uploading file see page 29)

[TOPIX Information Distributor]
If your clients externally distribute TOPIX Information, please check "TOPIX Information Distributor" (You do not need to check if you externally distribute TOPIX information but your clients do not.)

- By being registered as TOPIX Information Distributor, your clients are exempted from executing Information Provision and License Agreement with TSE. However, they may be required to execute TOPIX License Agreement. Please notify TSE staff to receive necessary documents.
- For details about TOPIX Information Distributor, please see 3.2.5 of the Policy and make necessary measure.
- Please fill in the "TOPIX Information Distributor" sheet of "Supplemental Registration Form for upload" and upload the file. (For instruction on filling out the sheet, see page 98, for uploading file see page 29)

[iNAV Information Distributor]
If your clients externally distribute only iNAV Information, please check "iNAV Information Distributor".

- By being registered as iNAV Information Distributor, your clients are exempted from executing Information Provision and License Agreement with TSE.
- In case of directly connecting to TSE for receiving and using only Indicative iNAV Information, please enter into "Application for direct usage of Indicative NAV” instead of “Information Provision and License Agreement”.
[Registered Newspaper]
If *your clients* wish to create stock price table on the newspaper, please check “Registered Newspaper”.

- “Registered Newspaper” applies only when *your clients* wish to create stock price table on the newspaper. By being registered as Registered Newspaper, your clients are exempted from executing Information Provision and License Agreement with TSE.
- For details about Registered Newspaper, please see 3.2.6 of the Policy and take necessary measure.
- Please fill in the “Registered Newspaper” sheet of “Supplemental Registration Form for upload” and upload the file. (For instruction on filling out the sheet, see page 98, for uploading file see page 29)

8.8 Supplemental Registration Form for Upload

You can download template file for these Forms from the Contract Administration screen. Please upload the file after inputting necessary items. (Please see page 29.)

If you upload this Form but no item in “(4) Other Usage Manners” or “(5) Related Parties” is selected in Registration Form (Usage Manner), alert message indicating that there is a contradiction between Forms will appear when you push “Apply” button.

Each Form is separated in each sheet. List of Forms sheet looks like as follows:

[Name of the Licensee]

Please write your company name.

[The Effective Date you entered in MICS]

Please input the same date as the date input in “Effective date of this application” in Contract Administration screen.
[Name of Forms]
By clicking the name of Form, you can jump to the Form.

- If there are not enough areas in each Form, you may insert areas as necessary.
- For the Form that does not apply to you, please leave it blank when you upload the file.

8.8.1 Affiliated Company
Please input this Form when “Affiliated Company” in “(5) Related Parties” of Form “Usage Manner” is selected.

[Name of the company]
Please write the official name of your affiliated company.

Please register the companies which actually use TSE data. (If the affiliated company may use TSE data but it is not confirmed yet, please register the company later when it becomes clear that they actually uses TSE data.)

[Contact]
Please provide the detailed contact information (address, telephone, E-mail, department in charge etc.) so that TSE can directly contact this affiliated company.

[General Description about its business]
Affiliated Companies can be, in principle, approved when you provide the same service through different legal entities due to legal requirements etc. Please provide some descriptions so that TSE can confirm this point.

Please attach diagram explaining ownership relationship between your company and the affiliated companies. If it is difficult, you may provide separate file as Attachment. Please upload the file as Attachments from the Contract Administration screen in this case.
8.8.2 Service Facilitator

Please input this Form when “Service Facilitator” in “(5) Related Parties” of Form “Usage Manner” is selected.

Please write the official name of the Service Facilitator. Information usage by the Service Facilitators is limited to the area which is necessary for operating your service. Please make sure to establish effective administration system to prevent their improper data usage, including proper contractual restriction. (For details, please see 3.2.3 of Policies Regarding Usage of Market Information.)

[Name of the company]

Please provide the detailed contact information (address, telephone, E-mail, department in charge etc.) so that TSE can directly contact this Service Facilitator.

[Functions to be consigned, Description of how Information is used by Service Facilitator, Description of controls over the Service Facilitator’s usage of Information, etc.]

Please write the details of how TSE data is processed by the Service Facilitator. You can say “See attachment” here and attach separate material. Please upload the file as Attachments from the Contract Administration screen in this case.

(Example 1)

System operation of the stock price search function, which is a part of functions of XXX service, is relegated to this Service Facilitator. When clients send a query message on XXX service screen, the message is sent to the server operated by this Service Facilitator. The server accesses to our stock price database and acquires necessary information, then display the search result to our client. Our stock price database check the authenticity of the access by IP address, message format etc. and reject unauthorized access.

(Example 2)

Hardware maintenance is relegated to this Service Facilitator. Applications are not covered by the maintenance contract, and this Service Facilitator cannot access to TSE information.

10 Other Functions

10.1 Announcement

It displays announcements from TSE.

Announcements from TSE will be displayed on Top Menu. There will be icons to the left of the subject if there are attachments. By clicking on the icon attachments will be displayed. When there are details about the announcement, it is displayed with link. By clicking the link, you can view the details about the announcement.

You can view the list of announcements by clicking “List of announcements.”

You can view the past announcements on the list of announcements. When there are details about the announcement, it is displayed with link. By clicking the link, you can view the details about the announcement.
10.2 Message from TSE

You can view the messages from TSE such as the notification of application process and inquiry from TSE for your application.

When TSE sends a message, E-mail will be sent to the E-mail address associated with your Master ID. Since the E-mail does not contain the message itself, please confirm TSE’s message by using this function.

“New Message has arrived” will be displayed on the Top Menu when there is a message that the user with Master ID has not read (or has not sent confirmation when it is required). By clicking it, a list of unread messages will appear.
You can see the details of the message by clicking “Details” button. When you have logged in with the Master ID and the message requests your confirmation, “Send confirmation” button will appear.

By hitting “Send confirmation” button, you can send a notification to TSE that you have read the message.

If you have logged in with other IDs, “Send confirmation” button will not appear.

When the message does not request your confirmation, it is displayed as below. In this case, it will be displayed in the same way regardless of your type of ID.
By clicking “List of Messages” on Top Menu, you can view the list of messages you have received.

You can view the past messages you have received. Also you can search by Subject, Status and received date.

[Details button]
You can view the details by pushing this button.

[Confirmation required]
“○” will appear when the message requests your confirmation. If the message does not request your confirmation, the area will be blank.

[Status]
It indicates if you have already read the message.

If the message requests your confirmation, the message becomes “Already-read” when user with the Master ID sends confirmation. If the message does not request your confirmation, the message becomes “Already-read” when user with the Master ID read the message.
10.3 Inquiry to TSE

You can send inquiry to TSE by this function.

[New Inquiry]

Please enter Subject, Body and hit “Send” button. You can send the message to TSE by clicking “OK” when the following dialog is displayed.
[List of Responses]
When you click “List of Responses” in Top Menu, the screen for searching past inquiries and responses from TSE will appear.

Searching result will appear when you hit “Search” as specified by your searching criteria. When you click “Answered”, you can view the details of your inquiry.

The communication between TSE, including TSE’s response and additional comment from you, will be displayed together as one dialog.

If you leave both “Subject” and “Date” blank, all the past inquiries will be displayed.

Each key word for “Status” stands for the below status of each inquiry.

【New inquiry】
The new inquiry sent to TSE.

【Message opened】
TSE has confirmed the inquiry.

【Processing】
The inquiry is being processed at TSE.

【Answered】
The inquiries made in the past.

【Response】
The answers sent from TSE.

【Completed】
The inquiry has been completely answered.
In order to see the details of TSE’s responses etc., please click on the link. When responding to TSE’s response, please use the form at the bottom. As with [New Inquiry] form, you can send the files to TSE.

When TSE sends a response to the inquiry, E-mail will be sent to the E-mail address associated with your Master ID. Since the E-mail does not contain the response itself, please confirm TSE’s response by using this function.
