		Non-publicly offered local government bonds	0200	〜	0499
	Foreign bonds	Foreign bonds	0500	〜	0599
			0800	〜	0899
			0980	〜	0999
	Special bonds	Special bonds	0900	〜	0949
	Bank debentures	Bank debentures	0950	〜	0979
	Overflow area		0600	〜	0799
			1000	〜	1299
Stocks (including other securities such as ETFs and REITs)			1300	〜	9999
			130A	〜	999Y
			1A00	〜	9Y99

Note 1.The code range for "non-publicly offered local government bonds" is the range in which users can freely assign codes.

2. In principle, domestic corporate bonds other than special bonds and bank debentures will be assigned with specific name codes for stocks.

3. The code range for "stocks (including other securities such as ETFs and REITs)" is comprised of 4-digit numeric codes, codes containing Roman alphabet characters only in the 4th digit, and codes containing Roman alphabet characters only in the 2nd digit.
