To the best of the knowledge of the Issuer the information contained in this Base Prospectus is in accordance with the facts and the Base Prospectus makes no omission likely to affect the import of such information.

Where information has been sourced from a third party, this information has been accurately reproduced and, as far as the Issuer is aware and is able to ascertain from the information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The source of third party information is identified where used.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated in it by reference. See "*Documents Incorporated by Reference*". This Base Prospectus shall be read and construed on the basis that those documents are incorporated and form part of this Base Prospectus.

Other than in relation to the documents which are deemed to be incorporated by reference (see "*Documents Incorporated by Reference*"), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus.

Neither the Dealers nor the Trustee (as defined below) have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer in connection with the Programme or for any acts or omissions of the Issuer or any other person in connection with the issue and offering of the Notes under the Programme. No Dealer or the Trustee accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

No person is or has been authorised by the Issuer, the Dealers or the Trustee to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, any of the Dealers or the Trustee.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer, any of the Dealers or the Trustee that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, any of the Dealers or the Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuer is correct at any time subsequent to its date or that any other information supplied in connection with the

The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in the Notes issued under the Programme of any information coming to their attention.

IMPORTANT – EEA AND UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA and UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the **PRIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Joint Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the SFA) – Unless otherwise stated in the Final Terms in respect of any of the Notes, all Notes issued or to be issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in the Monetary Authority of Singapore (the **MAS**) Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Trustee do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Trustee which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and

regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA (including the UK and Belgium), Hong Kong, Singapore) and Japan. Non-IFRS Measures

General

This Base Prospectus includes certain non-IFRS measures that are unaudited supplementary measures of the performance of the Issuer and its subsidiaries (together, the **Group**) that are not required by, or presented in accordance with, the International Financial Reporting Standards as issued by the European Union (**IFRS**). The non-IFRS measures described below are alternative performance measures (**APMs**) as defined in the European Securities and Market Authority Guidelines on Alternative Performance Measures dated 5 October 2015 (the **ESMA Guidelines**). Where used, the relevant metrics are identified as APMs and accompanied by an explanation of each such metric's components and calculation method.

Although the APMs disclosed in this Base Prospectus are not measures of operating income, operating performance or liquidity derived in accordance with IFRS, the Issuer has presented these measures in this Base Prospectus because it understands that similarly titled measures may be used by some investors and analysts. In particular, the APMs used by the Group are commonly referred to and analysed by professionals participating in the real estate sector to reflect the underlying business performance and to enhance comparability both between different companies in the sector and between different financial

periods. The use of APMs in the real estate sector is considered advantageous by various participants, including banks, analysts, bondholders and other users of financial information: APMs provide additional helpful and useful information in a concise and practical manner; APMs are commonly used by senior management and the Board of Directors for their decision making and setting the mid- and long-term strategy of the Group and assist in discussion with outside parties; and APMs in some cases might better reflect key trends in the Group's performance which are specific to that sector, that is, APMs are a way for management to highlight the key value drivers within the business that may not be obvious in the consolidated financial statements.

The APMs disclosed in this Base Prospectus should not, however, be considered as an alternative to, in isolation from or as substitutes for financial information reported under IFRS. The APMs disclosed in this Base Prospectus are not measures specifically defined by IFRS and the Group's use of these measures may vary from other companies in its industry due to differences in accounting policies or differences in the calculation methodology of similar measures by other companies in its industry.

The Group calculates the APMs it uses as follows:

- "*Average cost of debt*" is calculated as a weighted average interest rate of Total Debt, reflecting also the impact of contracted interest rate swaps and cross-currency swaps by the Group.
- "*Consolidated Adjusted EBITDA*" as the consolidated profit/(loss) of the Issuer before taxes, depreciation, amortisation, impairments and change in provisions and excluding any revaluation changes, financial income and financial expenses, net result on acquisitions and disposals and any other exceptional non-recurring and non-cash items, as determined by reference to the most recent audited annual or unaudited semi-annual, as the case may be, consolidated income statement of the Issuer.
- "*Consolidated Adjusted EBITDA margin*" as the ratio of Consolidated Adjusted EBITDA to net business income.
- "*Consolidated Total Indebtedness*" or "*Total Debt*" as the total indebtedness of the Group (excluding deferred tax liabilities) as determined by reference to the most recent consolidated statement of financial position of the audited annual or unaudited semi-annual condensed (as the case may be) financial statements of the Group, prepared in accordance with IFRS or IAS 34, as applicable.
- "*EPRA Net Asset Value*" is a measure of the fair value of net assets assuming a normal investment property company business model. Accordingly, there is an assumption of owning and operating investment property for the long term. For this reason, deferred taxes on property revaluations and the fair value of deferred tax liabilities are excluded as the investment property is not expected to be sold and the tax liability is not expected to materialise. In addition, the fair value of financial instruments which the company intends to hold to maturity is excluded as these will cancel out on settlement. All other assets including trading property, finance leases, and investments reported at cost are adjusted to fair value. This performance indicator has been prepared in accordance with best practices as defined by EPRA (European Public Real Estate Association) in its Best Practices Recommendations guide, available on EPRA's website (www.epra.com).
- "*gross leasable area*" as the amount of floor space available to be rented. Gross leasable area is the area for which tenants pay rent, and thus the area that produces income for the property owner.
- "*Interest coverage ratio*" as Consolidated Adjusted EBITDA divided by a sum of interest expense and interest income, each as shown in the most recent consolidated statement of comprehensive income of the audited annual or unaudited semi-annual condensed (as the case may be) financial statements of the Group.

- "*Net loan to value*" as net debt divided by fair value of the property portfolio. Net debt is calculated as Consolidated Total Indebtedness less cash and cash equivalents. Net loan to value provides a general assessment of financing risk undertaken.
- "*occupancy rate*" represents a ratio of rented or used space compared to the total amount of gross leasable area.
- "*property portfolio*" includes all properties held by the Group, irrespective of their balance sheet classification.
- "*Unencumbered assets ratio*" is calculated as total assets less a sum of pledged assets divided by total assets, each as shown in the most recent consolidated statement of financial position of the audited annual or unaudited semi-annual condensed (as the case may be) financial statements of the Group.
- "*vacancy rate*" as the ratio of vacant or unoccupied space compared to the total amount of gross leasable area.

SUITABILITY OF INVESTMENT

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the

market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There are a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due. It is not possible to identify all such factors as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Risks related to the markets in which the Issuer and its subsidiaries (together, the Group) operate

The Group has significant investments and operations in emerging markets

Investors in emerging and developing markets such as the regions of Central and Eastern Europe (CEE), in which the Group operates, should be aware that these markets are subject to greater legal, economic, fiscal and political risks than mature markets and are subject to rapid and sometimes unpredictable change. As a result, investing in the securities of issuers with substantial operations in emerging or developing markets generally involves a higher degree of risk than investing in the securities of issuers with substantial operations in the countries of Western Europe or other similar jurisdictions.

The Group's operations in the CEE region are exposed to risks which are common to all regions that have recently undergone, or are undergoing, political, economic and social change, including currency fluctuations, an evolving regulatory environment, inflation, economic downturns, local market disruptions, labour unrest, changes in disposable income or gross national product, variations in interest rates and taxation policies and other similar factors. Political or economic instability resulting from the occurrence of any of these risks may adversely affect the real estate market in the CEE region. As a result, the Group's performance could be significantly affected by events in the CEE region which are beyond its control, such as a general downturn in the economy, political instability, changes in regulatory requirements and applicable laws (including in relation to taxation), the condition of financial markets and interest and inflation rate fluctuations. Such events could reduce the Group's rental income and/or the market value of its properties, which could have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

Investors should note that since emerging economies can be subject to rapid change, the information set out herein may become outdated relatively quickly. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in light of those risks, their investment is appropriate. Generally, investment in emerging markets is only suitable for sophisticated investors who fully appreciate the significance of the risks involved, and investors are urged to consult with their own legal and financial advisors before making an investment in the Notes.

The Group faces business risks stemming from central banks' monetary policy decisions. Any rise in interest rates could have material adverse effects on real estate markets and on the Group

In recent years, central banks around the world have engaged in an unprecedented set of monetary policy measures generally referred to as quantitative easing. Such measures generally consist of central bank purchases of government and other securities held by commercial banks and other private sector entities to stimulate the economy by increasing the amount of liquidity available to banks for onward lending to businesses. By engaging in quantitative easing and pegging interest rates at historically low levels, central

banks have created an environment that has affected real estate companies in a variety of ways. Among other things, this has made it easier for the Group to raise new finance and to refinance its existing liabilities. Moreover, by contributing to a rise in asset prices, including real estate, this has supported the valuation of the Group's property portfolio. In some of the Group's key jurisdictions such as the Czech Republic, inflationary pressures were prevalent with high wage inflation for example in 2019.

Should central banks, including the European Central Bank, begin to tighten monetary policy and eventually raise interest rates to levels that are more in line with historical averages, the Group's business is likely to be affected in a number of ways. The cost at which the Group is able to raise new financing and refinance its existing liabilities will increase. Asset prices may decline from their current high levels, which could lead to a reduction in the value of the Group's property portfolio. Moreover, because of the dampening effect that a tighter monetary policy typically has on the general economy, private households on average are likely to have less disposable income, which may impact the performance of the Group's tenants. Therefore, if central banks begin to tighten monetary policy, the Group's business activities, results of operations, net assets, financial condition or cash flow could be materially adversely affected in a variety of ways.

The Group's properties are generally subject to state bodies exercising their right of expropriation or directing a compulsory purchase

Under certain circumstances, properties of the Group (each a **property** and together, the **properties**) may be subject to expropriation, for example to complete public works, redevelopment or infrastructure projects. Typically, compensation must be paid to the owner of the property, however there can be no assurance that compensation in respect of any expropriation will be adequate in all circumstances. Such events could reduce the Group's rental income and/or the value of its property portfolio, which could have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

Risks related to the Group's business and industry

The recent global coronavirus pandemic has led to significant volatility in financial and other markets and could harm the Group's business and results of operations

The outbreak of the coronavirus (**Covid-19**) pandemic, together with measures aimed at mitigating the further spread of Covid-19, such as restrictions on travel, imposition of quarantines, prolonged closures of workplaces, or curfews or other social distancing measures, has had a significant adverse effect on the global economy and international financial markets and may significantly negatively impact the Group's business.

A number of factors that are important for the Group to successfully conduct its business could be materially affected by the Covid-19 pandemic. The social distancing measures implemented by countries around the world to slow the spread of Covid-19 could result in a severe global recession and financial crisis. As economic activity is expected to be drastically reduced for several months, many businesses could be forced to close, leading to a dramatic increase in unemployment. Such developments could have a number of effects on the Group's business, including the following:

- some tenants in the Group's properties could find it increasingly difficult to pay rent, thereby leading to an increase in late payments and a consequential reduction of the Group's cash flow;
- other tenants in the Group's properties may go bankrupt and/or may no longer be able to afford to pay rent at all and be forced to move out, thereby further reducing the Group's revenue streams. As a result, the Group may be confronted with having lower occupancy levels or having to lower rental prices at its properties;
- the Covid-19 pandemic may have a negative impact on rental and sale prices and overall demand, which may also affect the Group's cash flow. Subdued economic activity could make it more difficult for the Group to sell properties at the prices expected by the Group, if at all; and
- hotels account for approximately 9 per cent. of the Group's property portfolio and the Group's hotel

operations depend on corporate spending and tourism, which could be materially impacted by a significant drop in demand, directly impacting the occupancy and therefore profitability of the Group's hotel portfolio.

As of the date of this Base Prospectus, more than 75 per cent. of the Group's total property portfolio by gross leasable area (GLA) and headline rent, including nearly 50 per cent. of the Group's retail units, were open and operating normally. Retail properties constitute approximately 24 per cent. of the Group's property portfolio by value and include shopping centres, retail parks and grocery stores primarily located in the Czech Republic, Poland and Hungary. Closed units primarily relate to units in the Group's shopping centres which were deemed "non-essential" by local governments. The Group has not experienced any significant delays or variations in rental collections from offices and open retail units. Rental collections from closed retail units are in progress and reliable data is not yet available, but any delays are expected to be temporary and local governments in the Czech Republic and Poland have already begun to relax restrictions on retail stores. The Group is working closely with tenants, many of whom are expected to take advantage of government measures which may support rental payments, even if on a delayed basis. In some cases, the Group has collected security deposits in lieu of rents. However, the Group has not agreed to any rental holidays or discounts but may consider such actions in the coming months.

The Group had over EUR 1 billion of liquidity as at 31 March 2020, comprised of more than EUR 500 million of cash and an undrawn EUR 510 million revolving credit facility with 11 local and international banks maturing in 2022. 70 per cent. of the Group's assets were unencumbered as at 31 December 2019. On 1 April 2020, S&P reaffirmed its rating BBB rating of the Issuer, however, in light of the Covid-19 pandemic, revised its outlook from stable to negative. The Group believes that fundamental factors such as low office vacancy rates in Berlin and Prague, demographic migration and office job creation in Warsaw, and low levels of retail density in the Czech Republic will continue to be supportive of valuations over the long-term. Compared to other segments, the Group's hotel operations remain relatively small in terms of portfolio value and income generation, thus limiting the potential impact a drop in profitability would have on the overall group. In addition, this is further mitigated by the disruption occurring primarily during the quieter season of the year, a significant portion of hotels catering to domestic business demand instead of foreign tourism, and ultimately the Group's ability to carefully manage costs.

As such, the Group does not expect the Covid-19 pandemic to have an impact on its ability to continue as a going concern. The Group has significant headroom under its financial covenants and remains committed to the Group's financial policy. However, the Group is reassessing and reprioritising its capital expenditure and development plans, as well as taking actions to reduce overhead and other costs.

The extent of the impact of the Covid-19 pandemic on the Group is highly uncertain at this time and depends on a number of factors, such as the duration and scope of the pandemic, and the suitability and effectiveness of measures adopted by authorities in response to the pandemic. The continued spread of the Covid-19 pandemic and the occurrence or escalation of one or more of the above developments may significantly negatively impact the Group's business, financial condition, prospects and results of operations. The potential impact on property valuations is unknown but will be highly dependent on the economic situation and the speed at which lockdown restrictions are relaxed in the countries where the Group operates.

The Group is exposed to general commercial property risks including economic, demographic and market developments

The Group is exposed to all of the risks inherent in the business of owning, managing and using commercial and residential real estate. Its performance may be adversely affected by an oversupply or a downturn in the commercial real estate market in general, or in the commercial real estate market in those cities in which the properties are located. For example, rental income and the market value for properties are generally affected by overall conditions in the EU and national and local economies, such as growth in gross domestic product (GDP), inflation and changes in interest rates. Changes in GDP may also impact employment levels, which in turn may affect tenants' ability to meet their rental obligations to the Group and impact the demand for premises generally. There can be no assurance that the Group will be able to maintain the current high occupancy rates, rental levels and lease terms of its properties in

the future.

Other factors which could have an impact on the value of a property are more general in nature, such as national, regional or local economic conditions (including key business closures, industry slowdowns and unemployment rates, and any cyclical patterns relating to these trends); local property conditions from time to time (such as the balance between supply and demand); demographic factors; consumer confidence; consumer tastes and preferences; changes in governmental regulations including retrospective changes in building codes; planning/zoning or tax laws; potential environmental legislation or liabilities; the availability of refinancing; and changes in interest rate levels or yields required by investors in income producing commercial properties.

The demand for commercial properties and the ability of such properties to generate income and sustain market value is based on a number of factors, including:

- the economic and demographic environment;
- renovation work required on vacant units before they are re-let;
- tenant credit risk;
- workplace trends including growth rate, telecommuting and tenants' use of space sharing;
- local infrastructure and access to public transportation;
- the competitive environment; and
- tenant expectations of facility quality and upkeep.

Any deterioration in demand may result in increased pressure to offer new and renewing tenants financial and other incentives, which in turn may lead to an overall negative impact on net rental incomes as operating expenses increase. The occurrence of any one or a combination of the factors noted above may have a material adverse effect on the value of the properties, the potential to increase rent following rent reviews and the ability of the Group to sell its properties on favourable terms or at all. Any deterioration on net rental income, the value of the properties, or the Group's ability to sell its properties, could adversely affect the ability of the Issuer to make payments of interest and/or principal on the Notes.

The performance of the Group's property portfolio is exposed to concentration risks

The Group's property portfolio is exposed to concentration risk as a significant proportion of its portfolio is located in a limited number of countries and cities, including, in particular, in Berlin and the Czech Republic. As at 31 December 2019, 73 per cent. of the Group's property portfolio was located in Berlin and the Czech Republic. The performance of the Group's property portfolio may be disproportionately impacted by events or market developments occurring in specific countries or cities or by developments that affect certain types of commercial or residential real estate. These developments may result in less favourable lease terms, increased vacancy rates and decreased rent levels for the Group's property portfolio, which could have a material adverse effect on the Group's business activities, results of operations and financial condition.

Any decline in occupancy levels may have a direct impact on the Group's cash flows

The Group invests in real estate and derives a significant proportion of its cash flows from rental payments received from the tenants occupying its properties. Any significant decline in occupancy levels in respect of the properties could have a material adverse effect on the ability of the Issuer to make payments of interest on the Notes. Factors affecting occupancy may include, but are not limited to:

- the age, quality and design of a property relative to comparable properties in the local market;
- the property's location relative to public transportation;

- the standard of maintenance and upkeep of a property, including any work done by third-party service providers; and
- perceptions regarding the safety, convenience and attractiveness of the property.

There can be no assurance that tenants will renew their leases on terms favourable to the Group at the end of their current tenancies or, if they do not, that new tenants of equivalent standing (or any new tenants) will be found to take-up replacement leases.

Any failure of the Group to sustain an adequate occupancy level could have a material adverse effect on any Group member's ability to collect rent payments. Further, the relevant Group member would continue to face fixed costs (subject to certain exceptions) to cover service charge contributions in respect of any vacant units, which would reduce amounts available to make payments of interest on the Notes.

The Group's financial performance relies on its ability to attract and retain tenants, which may suffer as a result of increased competition from other owners, operators and developers

The Group faces competition from other owners, operators and developers of real estate. The Group competes with local real estate developers, private investors, property funds and other retail property owners for tenants. Other than the requirement for capital, there are few other barriers to entry to the property market. Some of the Group's competitors may have properties that are newer, better located, or in superior condition compared to its properties.

The competition for tenants may also negatively affect the Group's ability to optimise the tenant mix, attract new tenants and retain existing tenants and may negatively influence the terms of the Group's lease agreements, including the amount of rent that the Group charges and the incentives that the Group provides to tenants, thereby adversely affecting the Group's business, financial condition, prospects and results of operations.

The Group's strategy envisions potential additional selective property acquisitions, but the Group may be unable to acquire them on acceptable terms, identify all potential liabilities associated with them or complete the acquisitions

The Group has created and increased its property portfolio through selective property acquisitions. In the future, the Group plans to continue to expand its property portfolio through selective acquisitions. Its acquisition strategy includes identifying properties that meet Group's investment criteria and acquiring such properties on terms acceptable to the Group. See "*Description of the Issuer—Strategy*".

The acquisition of real estate requires, among other things, an analysis of the factors that create value, and such analysis is subject to a wide variety of factors and subjective assessments and is based on various assumptions. It is possible that the Group may overestimate the potential of target properties when making acquisition decisions and cost savings and synergies may not develop or that it may base its decision on inaccurate information or assumptions that turn out to be incorrect. The Group may also overestimate the likelihood of obtaining the required government permits and approvals for development properties. Such errors may only become apparent at a later stage and force the Group to recognise fair value losses in its statement of income. Furthermore, the Group cannot guarantee that its due diligence when purchasing a property will identify all of the potential liabilities and risks related to the property or that it will have recourse to the seller of the property for the non-disclosure of such risks. Such risks could impact the fair value of the properties, cause a loss of the Group's rights to a property or incur significant additional costs. Any inability or failure to identify and acquire attractive properties at commercially acceptable terms or to identify potential liabilities associated with the properties, or complete the property acquisitions at all will negatively impact the Group's business strategy to focus on targeting properties with value-add potential which may have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

The Group may not be able to manage its growth successfully

The Group expects its future growth to place significant demands on its management, operations and

other resources. Challenges it may face in future growth include continuing to improve its managerial, technical and operational knowledge, implementing an effective management information system, continuing to recruit and train managerial and other professional staff to satisfy its business requirements, obtaining sufficient financial resources to fund its on-going operations and its future growth, managing relationships with a greater number of tenants, suppliers, contractors, lenders and other third parties, and strengthening its internal control and compliance functions to ensure that the Group is able to comply with its regulatory and contractual obligations.

The Group has made a number of significant acquisitions in 2017, 2018, 2019 and 2020 across various asset classes. For example, in March 2017, the Group acquired a retail portfolio consisting of 11 shopping centres located in the Czech Republic, Hungary, Poland and Romania with a total leasable area of approximately 280,000 square meters (**sqm**). The acquired portfolio consists of (i) major shopping centres Olympia Plzeň and Nisa Liberec in the Czech Republic, Ogrody in Poland, Polus and Campona in Hungary and Felicia in Romania; (ii) multifunctional complexes Zlatý Anděl in Prague and Andrassy Complex in Budapest; and (iii) two Interspar stores in Hungary. See "Description of the Issuer—History". In December 2017, the Group acquired a 94.9 per cent. stake in "ARMO Verwaltungsgesellschaft mit beschränkter Haftung", a German company which owns four commercial assets, two of which, with a total GLA of approximately 75,800 sqm, are in Berlin and the remaining two of which, with a total GLA of approximately 31,500 sqm, are in Karlsruhe. In December 2017, the Group also acquired (i) a historical building in Český Krumlov which it plans to refurbish into a four star boutique hotel with approximately 30 rooms; (ii) a hotel, Ibis Olomouc Centre, in Olomouc with 90 rooms and (iii) a building in central Budapest with approximately 3,700 sqm of GLA, which it intends to refurbish into a three star hotel. These acquisitions may require additional management resources to ensure their successful integration into the Group's business. In 2018, the Group acquired (i) Zgorzelec Property Development sp. z o.o., the owner of a retail park in Zgorzelec, Poland; (ii) Futurum Hradec Králové Shopping Centre with a total floor area of 39,000 sqm and 1,350 parking spaces; (iii) four existing retail parks in Poland – Retail park HopStop Zamość 1, Retail park HopStop Zamość 2, Retail park HopStop Rembertów and Retail park Hop Stop Radom; (iv) 11 luxury apartments at Buxmead in North London; (v) the hotel operator of the Holiday Inn hotel in Rome; and (vi) two office properties in Warsaw. In the final quarter of 2019 and the first quarter of 2020, the Group acquired seven properties in Warsaw, valued at more than EUR 740 million, with a total GLA exceeding 220,000 sqm. In 2019, the Group also acquired (i) Hotel Park Inn in Ostrava, Czech Republic; (ii) a four star Holiday Inn hotel in Brno; (iii) 7 St James's Square in London, offering up to 33,000 square feet of GLA for offices; and (iv) seven fully let homes at West Village, a development of contemporary homes in Notting Hill, London. In January and February 2020, through a series of transactions, the Group acquired 65,250,000 shares (equating to a 29.4 per cent. stake) of Globalworth Real Estate Investments Limited (**Globalworth**), a leading owner of income-generating office properties in Poland and Romania with approximately EUR 3.5 billion of assets generating more than EUR 150 million of gross rental income each year.

There can be no assurance that the Group will not experience issues such as capital constraints, delays relating to regulatory and contractual compliance obligations, operational difficulties at new or existing locations, difficulties in integrating new acquisitions into the Group's existing business and operations and managing the training of an increasing number of personnel to manage and operate the expanded business. If the Group is unable to successfully manage the impact of its growth on its operational and managerial resources and control systems, its reputation could suffer, which may have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

The valuations performed on the Group's real estate portfolio represent the analysis and opinion of independent experts and may not be an accurate reflection of their present or future value

The financial statements of the Group reflect property valuations performed by external valuation agents and are not guarantees of present or future value. One external valuation agent may reach a different conclusion to the conclusion that would be reached if a different external valuation agent were appraising the same property, and similarly the same external valuation agent may come to a different conclusion at different periods of time. This variation may be due to the use of different methodologies and assumptions.

Any change to valuation methodology may result in gains or losses in the Group's consolidated income statement, based on the change to each property's valuation compared with prior valuations. There can be no assurance that any revaluation could be realised in a third-party sale.

The valuations given to properties by any external appraiser and reflected in the Group's financial statements may exceed or be below the actual amount of net proceeds which would be realised on the relevant property at the time of any sale, and are subject to fluctuation over time. Such variations may be driven by factors outside the control of the Group. The net proceeds realised from any future disposal may vary from the related valuation and such variations may be material and the relevant Group member may not be able to realise the full property value reflected in any valuation report. This could have a material adverse effect on the ability of the Issuer to repay the full principal of the Notes.

The Group's consolidated income statement has been and may be significantly affected by changes in the fair market value of the properties

The Group's investment properties are generally revalued annually in accordance with IAS 40 at their respective market value on the reporting dates. Since changes in the fair value of investment property are recognised in the Group's consolidated income statement for the period in which they arise, such non-cash valuation gains or losses can materially affect the Group's consolidated income statement and balance sheet, due to the resulting impact on retained earnings and equity.

If the values of comparable commercial real estate properties decrease, the Group may experience revaluation losses in the future, and the value of its property portfolio could decrease. Such events could have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

Certain properties are subject to legacy restrictions incurred through historical receipt of public subsidies

GSG Berlin (as defined below) is a part of the Group and owns and operates properties of the Group in Berlin. See "*Description of the Issuer—Sectors—Office—The Group's German office portfolio*". GSG Berlin was the beneficiary of subsidies granted pursuant to the German Act on the Joint Scheme for Improving Regional Economic Structures (*Gesetz über die Gemeinschaftsaufgabe "Verbesserung der regionalen Wirtschaftsstruktur"*), which are specified by Regional Development Strategic Frameworks (*Rahmenplan*) that apply for set periods of time. The properties to which these subsidies have been applied remain subject to certain conditions and restrictions, including on rent levels and tenant requirements.

Compliance with these restrictions may limit the Group's ability to fully exploit those properties until the relevant expiration dates of such restrictions. Furthermore, there is some uncertainty as to the interpretation and period of application of these restrictions, and any breach by GSG Berlin of these obligations may lead to a full or partial revocation of the subsidies for the affected properties, which may lead to GSG Berlin being required to reimburse the relevant public authorities. There can be no assurance that any interpretations made now may not be subsequently challenged as a result of a change of interpretations or a change in the relevant agency.

The Group may not be able to successfully recover operating, maintenance and capital expenditure costs from its tenants

To maintain the properties and comply with applicable law, it is necessary to perform maintenance and/or repairs. Such measures can be time consuming and expensive, and risks can arise in the form of higher costs than anticipated or unforeseen additional expenses for maintenance, repair or modernisation that cannot be passed on to tenants. Moreover, work can be delayed, for example, because of bad weather, poor performance or insolvency of contractors or the discovery of unforeseen structural defects. In the ordinary course of events, the Group may fund such capital expenditure out of cash flow generated by the properties. If the necessary capital expenditure is not undertaken, this could lead to a decline in the value of the relevant properties, impacting their liquidation or refinancing value and hence the ability to generate sufficient disposal refinancing proceeds. Changes in government

regulations may result in additional capital expenditure requirements to modernise or maintain the properties, such as refurbishment to comply with energy efficiency standards or health and safety requirements, which may not always be possible to charge to tenants.

The Group is exposed to risks relating to hotel properties

As of 31 December 2019, 9 per cent. by value of the Group's properties are operated as hotels by the Group or by third parties. See "*Description of Issuer—Sectors—Hospitality and Hotels*". A number of factors may adversely affect the value and successful operation of a hotel property. Some of these factors include general economic conditions, the level of business and leisure travel in the local economy, the franchise affiliation of the hotel, the competition faced by the hotel and the desirability of the hotel's location.

Adverse economic and social conditions, either local or national, may limit the amount that can be charged for a room and may result in a reduction of occupancy levels. The construction or development of competing hotels can have similar effects. To meet competition in the industry and to maintain economic values, continuing expenditure is required to modernise, refurbish and maintain existing facilities throughout their anticipated useful lives. As hotel rooms are generally rented for short periods of time, hotels tend to respond more quickly to adverse economic conditions and an operator of a hotel may have an impact on the hotel's quality of service and economic performance. The hotel industry is generally seasonal in nature and this seasonality can cause periodic fluctuations in a hotel property's room and other revenues, occupancy levels, room rates and operating expenses. The demand for particular accommodations may also be affected by changes in travel patterns and other factors. In addition, as seen in recent years, acts of terrorism, outbreaks of disease and other difficulties not directly related to an economic downturn can have an adverse impact on both leisure and business travel and, therefore, should be considered as a potential factor in evaluating the performance of a hotel property. See "*—The recent global coronavirus pandemic has led to significant volatility in financial and other markets and could harm the Group's business and results of operations*".

Adverse changes in any of the factors described above could adversely affect income derived from the Group's hotel properties, which could in turn affect the ability of the Issuer to meet its obligations in respect of the Notes.

Risks related to the financial condition of the Group

Changes in foreign exchange rates could have a material adverse effect on the Group's results

The Group operates in a number of different countries and is therefore exposed to financial risks that arise from changes in exchange rates, primarily the Czech Koruna against the Euro. Exchange rate fluctuations could cause losses if assets denominated in currencies with a falling exchange rate lose value, while at the same time liabilities denominated in currencies with a rising exchange rate appreciate.

The impact of foreign exchange is mostly non-cash related and arises whenever there is a mismatch between the currency in which a property is valued and the functional currency of the entity into which the property is consolidated. Appreciation of the Czech Koruna relative to the Euro could result in an unrealised foreign exchange loss on Euro-denominated assets, which would have an impact on the Group's profit and loss and balance sheet in terms of property carrying values. In addition to the non-cash effects, the Group is exposed to foreign currencies (primarily Czech Koruna) through rental income and expenses.

In 2019, 28 per cent. of the Group's gross rental income was received in Czech Koruna, 54 per cent. of the Group's property operating expenses and 43 per cent. of administrative expenses were also denominated in Czech Koruna. While the net remaining exposure to the Czech Koruna is limited due to a natural hedge, the Group is nevertheless exposed to fluctuation in rental income, property operating expenses and administrative expenses (in the functional reporting currency of Euro), should the Czech Koruna fluctuate versus the Euro.

Furthermore, any change in exchange rates between foreign currencies and the Euro affects the Group's reported results of operations and assets and liabilities when the results are translated into Euro for reporting purposes. Unfavourable fluctuations in the values of the currencies in which financial statements of subsidiaries of the Issuer are prepared against the Euro could have a material negative impact on the Group's future consolidated financial statements. The exposure to exchange rate volatility could materially adversely affect the Group's business, financial condition, results of operations and prospects in respect of the Notes.

The Group has a substantial amount of outstanding indebtedness and may not be able to successfully renew or refinance any such indebtedness as it matures, or may only be able to renew or refinance its indebtedness on less favourable terms

The Group has a substantial amount of indebtedness and debt service obligations. As of 31 December 2019, the Group's Total Debt was EUR 4,105 million (which includes bonds issued of EUR 2,892 million and financial debts of EUR 1,213 million) . The Group's business is subject to significant risks in relation to its ability to renew, extend or refinance loans and other obligations as they mature.

The ability of the Issuer to repay its indebtedness, including its indebtedness under the Notes, will depend, among other things, upon it having sufficient available cash and/or upon its ability to find a lender willing to lend to it sufficient funds to enable repayment of its indebtedness. The availability of funds in the credit market fluctuates and it is possible that at the relevant time there will be a shortage of credit to redeem the Notes or other indebtedness.

If the Issuer is unable to refinance its indebtedness, including the Notes, it may be forced, in unfavourable market conditions, into selling some or all of the properties in order to repay such indebtedness, and there can be no assurance that the assessed fair value of the properties would be realised under such circumstances. Failure by the Issuer to repay or refinance its indebtedness or by the Group to sell the properties (or any sale occurring at an unfavourable price) may result in the Issuer defaulting on the Notes and in its insolvency.

The Group must observe financial ratios and covenants under the terms of its indebtedness

All of the Group's major credit facilities and its outstanding CZK and EUR denominated notes contain restrictive covenants that require compliance with certain financial ratios and covenants. While the Group believes that the financial ratios and covenants contained in the Group's credit facilities allow sufficient flexibility for the Group to continue to conduct its business in the normal course and to meet its debt servicing obligations, the need to observe these financial ratios and covenants could nevertheless hinder the Group's ability to incur additional debt and grow its business.

Any deterioration in the Group's operating performance, including as a result of any worsening of prevailing economic conditions, or any financial, business or other factors, many of which are beyond its control, may materially adversely affect its cash flow and hinder its ability to service its indebtedness and result in covenant breaches under the Group's credit facilities. While the Group is currently in compliance with all of its credit facilities, if, in the future, the Group does not generate sufficient cash flow from operations in order to meet its debt service obligations or if it breaches covenants which are not waived by its lenders, the Group may have to refinance or restructure its debt, reduce or delay its planned development activities or sell some of its properties in order to avoid default and acceleration of its debt by lenders. Waivers by the Group's lenders may trigger higher interest rates or waiver fees. Some of the ratios and financial covenants in the Group's borrowings are calculated on the basis of the fair value of its properties. Therefore, fluctuations in the fair value of the Group's properties could have an adverse impact on its compliance with relevant financial ratios and covenants. The Group cannot guarantee that any refinancing or additional financing would be available at all or on acceptable terms in such a situation. If the Group defaults under one or more of its credit facilities and its lenders accelerate the debt, the Group may forfeit the property securing the indebtedness and its income may be substantially reduced. Any failure to meet its debt service obligations, to obtain waivers of covenant breaches or to refinance its debt on commercially acceptable terms in such a situation could lead to serious consequences for the Group, including the sale of properties to repay lenders and substantial retrenchment of its business.

A significant part of the Group's indebtedness is secured

As of 31 December 2019, 25 per cent. of the Group's indebtedness (including bonds issued and financial debts) was secured by pledges over property in its portfolio. Since the Notes are unsecured, the Notes are structurally and effectively subordinated to the extent of the value of collateral to all the Group's secured creditors. While the Terms and Conditions of the Senior Notes contain a negative pledge restriction, the negative pledge covenant contains certain carve-outs. In the event of any foreclosure, dissolution, winding-up, liquidation, reorganisation, administration or other bankruptcy or insolvency proceeding of the Issuer or the Group that has secured obligations, holders of secured indebtedness will have prior claims to the Group's assets that constitute the collateral for such secured indebtedness. In such a scenario, holders of the Notes may receive less, rateably, than the holders of secured indebtedness and they may lose some or all of their investment in the Notes.

Legal and Regulatory Risks

Governments in jurisdictions in which the Group operates might introduce changes in laws (including laws governing rent collection, debt collection and insolvency) in response to the recent Covid-19 pandemic

In light of the expected payment difficulties of companies and private individuals as a result of the Covid-19 pandemic, a number of jurisdictions in which the Group operates (such as Germany, the Czech Republic and Poland) have enacted legislative amendments meaning that landlords can no longer terminate rental agreements under certain circumstances. For example, in Germany, with effect from 1 April 2020 until 30 June 2022, rental agreements can no longer be terminated by the landlord solely based on a default in rental payments in the period from 1 April 2020 to 30 June 2020, if the failure to pay is due to the effects of the Covid-19 pandemic. The German Federal Government is authorised to extend the relevant period by decree until 30 September 2020. Similar measures have been announced or adopted by legislators in the Czech Republic, Poland and other jurisdictions in which the Group operates. Income from, and the market value of, the Group's portfolio would be adversely affected if, as a result of governmental measures, rental payments could not be collected.

It cannot be excluded that the additional measures may be adopted which could further limit landlord's rights vis-à-vis their tenants, including amendments to involency laws. The Group is exposed to risks relating to planning and environmental regulation, and municipal pre-emption rights

The properties are subject to restrictions under applicable planning, building, monument protection, environment and other laws and regulations, and may be subject to statutory encumbrances, competing claims, pre-emption rights and other limitations, which may impact their value and/or the relevant Group member's ability to use and dispose of them as it would otherwise see fit.

As a result of the above or other restrictions, the Group may incur expenses and be prevented from charging market rents or from upgrading the affected properties in a way that would otherwise make such properties more attractive to tenants and allow the Group to increase its overall occupancy and/or rent levels. Further, non-compliance with such restrictions may have consequences ranging from fines, administrative and penal sanctions to prohibition of use or demolition orders.

Certain of the properties were historically industrial buildings, and the aftermath of their former uses may continue to constrain their current use due to the demands of applicable environmental laws. Further, it is possible that some properties contain ground contamination, hazardous materials, other residual pollution and/or wartime relics (potentially including unexploded ordnance). The discovery of such residual pollution, particularly in connection with the lease or sale of properties, can also trigger claims for rent reductions, termination of leases, damages and other breach of warranty claims, and its remediation and related additional measures could involve considerable additional costs. It may no longer be possible to take recourse against the polluter or the previous owners of the properties. Moreover, the existence or even merely the suspicion of the existence of wartime ordnance, hazardous materials, residual pollution or ground contamination can negatively affect the value of a property and the ability to lease or sell such a property.

In addition, several of the properties may be in technical violation of easement or encroachment requirements, and the Group could as a result be required to pay compensation to the relevant authorities.

The insolvency laws of Luxembourg may not be as favourable to Noteholders as insolvency laws of jurisdictions with which you may be familiar and may preclude holders of the Notes from recovering payments due on the Notes

The Issuer is incorporated and has its "centre of main interests" for the purposes of Regulation (EU) 2015/848 of the European Parliament and of the Council of 20 May 2015 on insolvency proceedings (the **EU Insolvency Regulation**) in Luxembourg. Accordingly, insolvency proceedings with respect to the Issuer under the EU Insolvency Regulation would proceed under, and be governed by, Luxembourg insolvency laws. The insolvency laws of Luxembourg may not be as favourable to investors' interests as those of other jurisdictions with which investors may be familiar and may limit the ability of Noteholders to enforce the terms of the Notes. Insolvency proceedings may have a material adverse effect on the Issuer's business and assets and its obligations under the Notes as Issuer.

Legal regimes in the CEE region differ from those in Western Europe

The legal systems of most of the countries in the CEE region have undergone dramatic changes in recent years.

In many cases, the interpretation and procedural safeguards of the new legal and regulatory systems are still being developed, which may result in the promulgation of new laws, changes in existing laws, inconsistent application of existing laws and regulations and uncertainty as to the application and effect of new laws and regulations.

Additionally, in some circumstances, it may not be possible to obtain the legal remedies provided for under relevant laws and regulations in a reasonably timely manner or at all. A lack of legal certainty or the inability to obtain effective legal remedies in a reasonably timely manner may have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

The Group's agricultural business is exposed to the risk of adverse weather, commodity prices or disease

The Group has investments in farmland and agricultural production, which are primarily focussed on high-quality and vertically integrated production of beef, lamb and chicken.

The Group's agricultural business operates in a highly competitive environment. In addition to the risk of over-supply and competition from both domestic and imported products, the Group is exposed to volatility in commodity prices, which may affect both the prices it is able to achieve for its products, and the cost of its inputs such as stock feed and fertiliser, as well as the risk of adverse weather, disease and the imposition of quarantine, import or export restrictions. Such factors may adversely affect the Group's return from its agricultural investments and therefore on its business, financial condition, prospects and results of operation.

The Group's contractual rights under its leases may be limited by law

The Group may be subject to statutory restrictions on its right to modify or terminate lease agreements (particularly in respect of residential leases). This may restrict the Group's ability to let its properties at market rent levels or to manage its tenant base as it sees fit, thereby adversely affecting the Group's business, financial condition, prospects and results of operations.

Operational Risks

The members of the Group may be exposed to the credit risk of their tenants and the risks of the industries in which they operate

The Group may be exposed to the credit risk of its tenants. There can be no assurance that a tenant will remain solvent and able to perform its obligations throughout the term of its lease.

Income from, and the market value of, the properties would be adversely affected if material numbers of tenants were unable to meet their lease obligations, were to become insolvent, or if, for any other reason, rental payments could not be collected.

An economic decline in the businesses operated by tenants can affect a building, including the properties, and cause one or more significant tenants to cease operations and/or become insolvent. Further, the Group faces certain fixed costs which it is obligated to pay regardless of whether or not it receives payments from tenants to fund such expenses.

The risk of litigation is inherent in the Group's operations

Legal actions, claims against the Group and arbitrations involving the Group may arise in the ordinary course of business. The Group may be involved from time to time in disputes with various parties involved in the development and lease of its properties such as contractors, sub-contractors, suppliers, construction companies, purchasers and tenants. See "*Description of the Issuer – Litigation*".

These disputes may lead to legal or other proceedings, and may cause the Group to incur additional costs and delays in its development schedule, and the diversion of resources and management's attention, regardless of the outcome. The Group is also unable to predict with certainty the cost of prosecution, the cost of defence or the ultimate outcome of litigation and other proceedings filed by or against it, including remedies and damage awards.

The potential publicity associated with, and the outcome of, such claims, arbitrations and legal proceedings could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group is exposed to risks related to the safety of consumers and tenants in shopping centres and other properties, including acts of terrorism and violence

The Group promotes the security and safety of consumers and tenants in its properties. However, due to high visibility and the presence of large numbers of people, the Group's properties may be targets for terrorism and other forms of violence. Any terror or violent attack on a property of the Group or a similar property owned by someone else may harm the condition of its tenants and may, apart from any direct losses, directly or indirectly affect the value of its properties and its development land. Moreover, any of these events could lower consumer confidence and spending in the Group's retail centres or increase volatility and uncertainty in the worldwide financial markets and economy, particularly in the event that there are further terrorist attacks across the globe following the recent attacks in a number of European cities. Adverse economic conditions resulting from these types of events could reduce demand for space in the Group's properties and thereby reduce the value of these properties and rental income and as a result may have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

The Group depends on its asset and property managers and other key personnel

The Group's properties require continual, active management. The Group's ability to generate revenue and profits, and therefore the Issuer's ability to make payments on the Notes, depends on the performance of its asset and property managers and certain key personnel. Were such asset or property managers or key personnel to depart, the Group may not be able to find effective replacements in a timely manner, or at all. The loss of these individuals, or of any senior member of management, or any delay in replacing a departed member of management, may result in the loss of industry and property specific knowledge as well as relationships with lenders, potential tenants and industry personnel.

The Group is dependent on co-operative relations with its employees

Any sustained labour dispute affecting the Issuer, or any of its direct or indirect subsidiaries which employ property and asset management teams, could lead to a substantial interruption of the business of the Group and could have a material effect on their operating results or financial condition and the ability of the Issuer to make payments on the Notes. Furthermore, the Group's employees are critical to the successful implementations of its business strategy. If the Group fails to retain and attract necessary and

effective employees to fill management and technical roles and at economically reasonable compensation levels, this could have a material effect on its operations which may have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

Interruption or failure of the Group's information technology systems could damage its reputation and business

The Group is dependent on the proper functioning of its information systems and processes. The Group's systems and the systems on which it relies are vulnerable to damage or interruption from various factors, including but not limited to power loss, telecommunication failures, data corruption, network failure, computer viruses, security breaches, natural disasters, theft, vandalism or other acts. A disaster or disruption in the infrastructure that supports the Group's businesses could have a material adverse effect on its ability to continue to operate the Group's business without interruption.

The Group is also reliant on the general and timely functioning of banking systems and associated technology in order to receive and make payments. Any cessation of the ordinary functioning of the banking system or any interruption of payment systems may impact the ability to collect rents from tenants and could prejudice the ability of the Issuer to make payments in respect of the Notes.

Increasing use of online retail providers may have an adverse effect on shopping centre sales and decrease demand for commercial retail premises

The retail industry is undergoing a transformation as e-commerce grows and consumers become increasingly comfortable with Internet and mobile shopping. Shopping centres will need to adapt their services and tenant offerings to meet changing consumer behaviour and demand to continue to attract customers in the future. A significant increase in Internet shopping could decrease shopping centre sales, demand for commercial retail premises and the value of properties, which may have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

The members of the Group may sustain losses from risks not covered by, or exceeding the coverage limits of, its insurance policies

The Group maintains insurance policies (including with respect to the properties) which it considers appropriate to the nature of its business.

However, there are certain types of losses (such as losses resulting from war, terrorism, nuclear radiation, radioactive contamination, ground heaving or settlement) which are or may be or become either uninsurable or not insurable at economically viable rates, or which are not covered by the Group's insurance policies for other reasons. The Issuer's ability to make payments on the Notes might be adversely affected if such an uninsured loss were to occur or the relevant insurer became insolvent or otherwise unable to satisfy any claim, and the Group was not able to shift the cost burden to the tenant or another third party.

No assurance can be given that material losses in excess of insurance proceeds will not occur in the future. Any such uninsured loss or a loss in excess of insured limits may have a material adverse effect on the Group's business, financial condition, prospects and results of operations.

Unexpected problems and unrecognised risks could arise in the Group's future conversion or development projects

The Group is engaged in development projects and may undertake further development or conversion projects in the future. The real estate construction and development business is subject to certain risks arising from the complexity of the projects, including higher than expected costs, breaches of labour laws, delays in completion, the application of regulations, health and safety or environmental constraints, the multiplicity of participants and the need to obtain permits. These risks could result in the abandonment of projects after significant feasibility study costs and management attention have been expended.

The Group's controlling shareholder's interest may differ from the interests of Noteholders

The Group is directly or indirectly controlled by Mr Radovan Vitek, who, through his associated entities,

controlled 90.70 per cent. of the Issuer's shares and 94.18 per cent. of voting rights as of 31 December 2019. See "*Description of the Issuer—Major Shareholders*". In his position, Mr Vitek has the power to influence the outcome of most material matters that require votes of the majority of board members and, subject to contractual and legal restrictions, the distribution of dividends. Mr Vitek can exercise influence over the Group's legal and capital structure, day-to-day operations and business strategies, and his interests may in some cases differ from those of the Issuer or of Noteholders.

The Issuer is a holding company with no revenue generating operations of its own

Since the Issuer is the holding and service company of its subsidiaries, it is reliant on revenue generation through its subsidiaries. Accordingly, while the other members of the Group depend on the Issuer to perform management and administration services, the ability of the Issuer to fund any payments that it might be required to make in respect of the Notes or its on-going operations is dependent on receipt by it of distributions from its subsidiaries, and it is therefore dependent on the continued operation and solvency of its subsidiaries.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features, distinguishing between factors which may occur in relation to any Notes:

Risks applicable to all Notes

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes or is perceived to be able to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Senior Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Senior Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions and the Trust Deed of the Senior Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 16 (Reorganisation and Substitution) of the Senior Notes.

The Terms and Conditions and the Trust Deed of the Subordinated Notes also provide that the Trustee may, without the consent of the Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of the Terms and Conditions of the Subordinated Notes or of any other provisions of the Trust Deed or the Agency Agreement which is in each case, in the opinion of the Trustee, of a formal, minor or technical nature or is made to correct a manifest error, (ii) any other modification to (except as mentioned in the Trust Deed), and any waiver or authorisation of, any breach or proposed breach by the Issuer of, any of the Terms and Conditions of the Subordinated Notes or of the provisions of the Trust Deed or the Agency Agreement which is, in the opinion of the Trustee, not materially prejudicial to the interests of the Noteholders (which will not include, for the avoidance of doubt, any provision entitling the Noteholders to institute proceedings for the winding-up of the Issuer which is more extensive than those set out in Condition 11 (Enforcement Event) of the Subordinated Notes), (iii) the substitution on a subordinated basis equivalent to that referred to in Conditions 2.4 (Status) and 3 (Subordination) of the Subordinated Notes of certain other entities in place of the Issuer (or any previous substitute) as a new principal debtor under the Trust Deed and the Subordinated Notes or (iv) substitute all, but not some only, of the Subordinated Notes for Qualifying Subordinated Notes (as defined in Condition 7 (Substitution or Variation), or vary the terms of the Subordinated Notes with the effect that they remain or become (as the case may be), Qualifying Subordinated Notes at any time following the occurrence of an Accounting Event, a Capital Event, a Tax Deduction Event (subject to any such event being specified as applicable in the applicable Final Terms) or a Withholding Tax Event and subject to the receipt by the Trustee of the certificate of two Authorised Signatories (as defined in Condition 23 (Definitions)) of the Issuer referred to in Condition 8 (Preconditions to Special Event Redemption, Change of Control Event Redemption, Substitution and Variation) of the Subordinated Notes. Whilst Qualifying Subordinated Notes are required to have terms which are not materially less favourable to Noteholders (as a class) than the terms of the Subordinated Notes, there can be no assurance that the Qualifying

Subordinated Notes will not have a significant adverse impact on the price of, and/or market for, the Subordinated Notes or the circumstances of individual Noteholders.

The value of the Notes could be adversely affected by a change in English law, Luxembourg law or administrative practice

The Terms and Conditions of the Notes are based on English law and, in respect of Condition 3 (Subordination) of the Subordinated Notes only, Luxembourg law, in effect as of the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law, Luxembourg law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed or issued) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks", (including the London interbank offered rate (**LIBOR**) and the euro interbank offered rate (**EURIBOR**)) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

The **Benchmarks Regulation** applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU (which, for these purposes, includes the UK). Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things,

have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant "benchmark".

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. The UK Financial Conduct Authority has indicated through a series of announcements that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

Separately, the euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system.

It is not possible to predict with certainty whether, and to what extent, LIBOR and EURIBOR will continue to be supported going forwards. This may cause LIBOR and EURIBOR to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may (without limitation) have the following effects on certain "benchmarks": (i) discouraging market participants from continuing to administer or contribute to a "benchmark"; (ii) triggering changes in the rules or methodologies used in the "benchmark" and/or (iii) leading to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing or otherwise dependent (in whole or in part) upon, a "benchmark".

The Terms and Conditions of the Notes provide for certain fallback arrangements in the event that a Benchmark Event occurs, including if an Original Reference Rate and/or any page on which an Original Reference Rate may be published, becomes unavailable, or if the Issuer, the Calculation Agent, the Agent Bank, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms), as applicable, are no longer permitted lawfully to calculate interest on any Notes by reference to such an Original Reference Rate under the Benchmarks Regulation or otherwise. Such fallback arrangements include the possibility that the Rate of Interest or the Subsequent Reset Rate, as applicable, could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Terms and Conditions), with the application of an adjustment spread and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by an Independent Adviser (acting in good faith and in a commercially reasonable manner). The applicable adjustment spread could be positive, negative or zero and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of an Original Reference Rate. However, the applicable adjustment spread may not be effective to reduce or eliminate economic prejudice to investors. The use of a Successor Rate or Alternative Rate with the application of an adjustment spread will still result in any Notes linked to or referencing an Original Reference Rate performing differently (which may include payment of a lower Rate of Interest or Subsequent Reset Rate) than they would if the Original Reference Rate were to continue to apply in its current form.

If, following the occurrence of a Benchmark Event, the Issuer is unable to appoint an Independent Adviser or no Successor Rate or Alternative Rate (as applicable) or, in either case, applicable Adjustment Spread is determined, in the case of Floating Rate Senior Notes, the ultimate fallback for the purposes of calculation of the Rate of Interest in for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used or, in the case of Subordinated Notes, the ultimate fallback

for the purposes of calculation of the Subsequent Reset Rate for a particular Reset Period may result in the Subsequent Reset Rate for the last preceding Reset Period being used. This may result in the effective application of a fixed rate for Floating Rate Senior Notes based on the rate which was last observed on the Relevant Screen Page or, in the case of Subordinated Notes, the application of the previous Subsequent Reset Rate for the last preceding Reset Period or, in the case of the first Reset Determination Date, this may result in the effective application of a fixed rate for Subordinated Notes based on the rate which was last observed on the relevant Subsequent Reset Reference Screen Page. Due to the uncertainty concerning the availability of Successor Rates and Alternative Rates, the involvement of an Independent Adviser and the potential for further regulatory developments there is a risk that the relevant fallback provisions may not operate as intended at the relevant time.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or any of the international or national reforms and the possible application of the benchmark replacement provisions of Notes in making any investment decision with respect to any Notes linked to or referencing a "benchmark".

In respect of any Notes issued as Green Bonds, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor.

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply the proceeds from an offer of those Notes specifically for projects and/or activities that promote climate-friendly and other environmental purposes (either in those words or otherwise) (**Green Projects**). Prospective investors should have regard to the information in the relevant Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer that the use of such proceeds for any Green Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Green Project). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any Green Projects will meet any or all investor expectations regarding such "green", "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Green Projects.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Notes and in particular with any Green Projects to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Notes. Any such opinion or certification is only current as of the date that such opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Notes. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Notes are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer or any other person

that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Green Projects. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

While it is the intention of the Issuer to apply the proceeds of any Notes so specified for Green Projects in, or substantially in, the manner described in the relevant Final Terms, there can be no assurance that the relevant intended project(s) or use(s) the subject of, or related to, any Green Projects will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such Green Projects. Nor can there be any assurance that such Green Projects will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not constitute an Event of Default under the Notes.

Any such event or failure to apply the proceeds of any issue of Notes for any Green Projects as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance Green Projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Risks related to the Subordinated Notes generally

The Undated Subordinated Notes will be perpetual securities

The Undated Subordinated Notes will be perpetual securities in respect of which there is no fixed redemption date by which the Issuer would be under the obligation to redeem or repurchase the Undated Subordinated Notes at any time, and the Noteholders have no right to require redemption of the Undated Subordinated Notes. See Condition 6 (Redemption) of the Subordinated Notes. Therefore, prospective investors should be aware that they may be required to bear financial risks of an investment in the Undated Subordinated Notes for an indefinite period of time and may not recover their investment in the foreseeable future.

The Subordinated Notes will be subject to optional redemption by the Issuer including upon the occurrence of certain events

The Subordinated Notes will be redeemable, at the option of the Issuer, in whole but not in part, on any Optional Redemption Date(s) at their principal amount together with any accrued and unpaid interest up to (but excluding) the redemption date and any outstanding Arrears of Interest (as defined in Condition 5 (Optional Interest Deferral) of the Subordinated Notes).

In addition, upon the occurrence of an Accounting Event, a Capital Event, a Change of Control Event, a Tax Deduction Event, a Substantial Repurchase Event (subject to any such event being specified as applicable in the applicable Final Terms) or a Withholding Tax Event (each as defined in Condition 23 (Definitions) of the Subordinated Notes and as more fully described in Condition 6 (Redemption) of the Subordinated Notes), the Issuer shall have the option to redeem, in whole but not in part, the Subordinated Notes at the prices set out therein, in each case together with any accrued and unpaid interest up to (but

excluding) the redemption date and any outstanding Arrears of Interest. In the case of the first Change of Control Event, in the event that the Issuer does not elect to redeem the Subordinated Notes, the then prevailing Rate of Interest (as defined in Condition 23 (Definitions) of the Subordinated Notes), and each subsequent Rate of Interest otherwise determined in accordance with Condition 4 (Interest) of the Subordinated Notes, shall be increased by an additional 5 percentage points per annum with effect from (and including) the Change of Control Step Up Date (as defined in Condition 23 (Definitions) of the Subordinated Notes).

During any period when the Issuer may elect to redeem the Subordinated Notes, the market value of the Subordinated Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem the Subordinated Notes when its cost of borrowing is lower than the interest payable on them. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest payable on the Subordinated Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

There is no redemption at the option of the Noteholders of the Subordinated Notes.

There is a risk that Undated Subordinated Notes are treated as equity of the Issuer for Luxembourg tax purposes

Luxembourg tax law generally follows Luxembourg civil (or commercial) law and Luxembourg GAAP when determining the nature of an instrument. Instruments such as the Undated Subordinated Notes that are considered as debt for Luxembourg legal and Luxembourg GAAP purposes are thus, as a general rule, also considered as debt for Luxembourg tax purposes. Accordingly, payments of interest made on such instruments should (i) be deductible for Luxembourg corporate income tax and (ii) not be subject to Luxembourg withholding tax; furthermore, the principal amount of such instruments should be deductible for Luxembourg net wealth tax purposes.

Nevertheless, in certain circumstances and on the basis of legal and factual elements, it might be the case that the economic substance differs from the legal documentation, in which case, the tax analysis of the equity or debt qualification of a financial instrument must follow the "economic substance over legal form" approach. In accordance with this economic approach, or "*wirtschaftliche Betrachtungsweise*", any analysis of the equity or debt qualification of an instrument must cover different features, no single element being decisive.

Hence, there is a risk that the Undated Subordinated Notes could be treated as equity of the Issuer for Luxembourg tax purposes and accordingly, there is a risk that payments of interest under the Undated Subordinated Notes will (i) not be deductible for Luxembourg corporate income tax purposes and (ii) subject to Luxembourg dividend withholding tax; there is an additional risk that (iii) the principal amount of such Undated Subordinated Notes will no longer be deductible for Luxembourg net wealth tax purposes.

The Issuer may on a series by series basis decide to request a ruling from the Luxembourg tax authorities as to the classification of Undated Subordinated Notes for Luxembourg tax purposes.

In the event that the Undated Subordinated Notes are treated as equity from the Issue Date, payments of interest will not be deductible for Luxembourg corporate income tax and the Issuer will be obliged to pay Additional Amounts in accordance with Condition 12 (Taxation) of the Subordinated Notes subject, in each case, to such Undated Subordinated Notes being reclassified as debt, in which case see "*The Subordinated Notes will be subject to optional redemption by the Issuer including upon the occurrence of certain events*". For so long as any Undated Subordinated Notes are classified as equity, the Issuer's cost of funding could increase, which could adversely affect the ability of the Issuer to make payments of interest and/or principal on the Undated Subordinated Notes.

The current IFRS accounting classification of financial instruments such as the Notes as equity instruments may change, which may result in the occurrence of an Accounting Event

In June 2018, the IASB (International Accounting Standards Board) published the discussion paper DP/2018/1 on "Financial Instruments with Characteristics of Equity" (the **DP/2018/1 Paper**). While the final timing and outcome are uncertain, if the proposals set out in the DP/2018/1 Paper are implemented, the IFRS accounting classification of financial instruments such as the Subordinated Notes as equity instruments may change and this may result in the occurrence of an Accounting Event. In such an event, the Issuer will have the option to redeem, in whole but not in part, the Subordinated Notes pursuant to Condition 6.5 (Redemption upon an Accounting Event) or substitute or vary the terms of the Subordinated Notes as described in Condition 7 (Substitution or Variation).

The implementation of any of the proposals set out in the DP/2018/1 Paper or any other similar such proposals that may be made in the future, including the extent and timing of any such implementation, if at all, is uncertain. Accordingly, no assurance can be given as to the future classification of the Subordinated Notes from an accounting perspective or whether any such change may result in the occurrence of an Accounting Event.

For further description of risks related to early redemption or to substitution or variation of the Subordinated Notes see also "*—The Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretion on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders*" and "*—The Subordinated Notes will be subject to optional redemption by the Issuer including upon the occurrence of certain events*".

The interest rate on the Subordinated Notes will reset on the First Reset Date and on every Reset Date thereafter, which can be expected to affect the interest payment on the Subordinated Notes and the market value of the Subordinated Notes

Although the Subordinated Notes will earn interest at a fixed rate until (but excluding) the First Reset Date, the current market interest rate on the capital markets (the **market interest rate**) typically changes on a daily basis. Since the initial fixed rate of interest for the Subordinated Notes will be reset on the First Reset Date (as defined under Condition 4.3 (First Fixed Interest Rate) of the Subordinated Notes), and on each subsequent Reset Date (as defined in Condition 23 (Definitions) of the Subordinated Notes), the interest payment on the Subordinated Notes will also change. The Noteholders should be aware that movements in these market interest rates can adversely affect the price of the Subordinated Notes and can lead to losses for the Noteholders if they sell the Subordinated Notes.

Noteholders are exposed to the risk of fluctuating interest rate levels and uncertain interest income as the reset rates could affect the market value of an investment in the Subordinated Notes. Fluctuations in interest rates could therefore affect the levels of capital gains or losses on the Subordinated Notes and make it impossible to determine the yield of such securities in advance. During periods of rising interest rates, the prices of fixed rate securities, such as the Subordinated Notes, tend to fall and gains are reduced or losses incurred upon their sale. Therefore, investment in the Subordinated Notes involves the risk that changes in market interest rates may adversely affect the value of the Subordinated Notes.

The Issuer has the right to defer interest payments on the Subordinated Notes

The Issuer may, at its sole discretion, elect to defer any payment of interest on the Subordinated Notes, in whole but not in part, which is otherwise scheduled to be paid on an Interest Payment Date. See Condition 5 (Optional Interest Deferral) of the Subordinated Notes. Only upon the occurrence of a Compulsory Arrears of Interest Settlement Event (as defined in Condition 23 (Definitions) of the Subordinated Notes), in the event of a redemption of the Subordinated Notes pursuant to Condition 6 (Redemption) of the Subordinated Notes or in the event of a winding up of the Issuer in a manner falling within Condition 11 (Enforcement Event) of the Subordinated Notes will the Issuer be obliged to pay any such Arrears of Interest to Noteholders.

Any such deferral of interest payment shall not constitute an Enforcement Event (as defined in Condition 11 (Enforcement Event) of the Subordinated Notes) or a default for any purpose unless such payment is required in accordance with Condition 5.2 (Mandatory Settlement of Arrears of Interest) of the Subordinated Notes.

Any deferral of interest payments, or perceived increased likelihood of deferral of interest payments, is likely to have an adverse effect on the market price of the Subordinated Notes. In addition, as a result of the interest deferral provision of the Subordinated Notes, the market price of the Subordinated Notes may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the Issuer's financial condition.

The Issuer's obligations under the Subordinated Notes will be subordinated

The Issuer's obligations under the Subordinated Notes will be unsecured and subordinated. In the event of:

- (a) an order being made, or an effective resolution being passed, for the winding-up of the Issuer (except, in any such case, a solvent winding-up solely for the purposes of a reorganisation, restructuring, reconstruction, merger, conversion, amalgamation or the substitution in place of the Issuer of a Substituted Obligor (as defined in Condition 15 (Substitution of the Issuer)) of the Issuer, (x) the terms of which reorganisation, restructuring, reconstruction, merger, conversion or amalgamation have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) and do not provide that the Subordinated Notes shall thereby become redeemable or repayable in accordance with the Subordinated Conditions or (y) which substitution is effected in accordance with the provisions of Condition 15 (Substitution of the Issuer) and Clause 21 (Substitution) of the Trust Deed);
- (b) an administrator or receiver of the Issuer being appointed and such administrator or receiver giving notice that it intends to declare and distribute a dividend or distribution; or
- (c) any analogous event relating to the Issuer to those described in (a) and (b) above under any insolvency, bankruptcy or similar law applicable to the Issuer,

the rights and claims of the Noteholders in respect of the Subordinated Notes and the Couponholders in respect of the Coupons, in each case against the Issuer, will rank (i) junior to any present or future claims in respect of Senior Obligations, (ii) *pari passu* without any preference among themselves and with any present or future claims in respect of all Parity Obligations and (iii) senior to all present or future claims in respect of all Junior Obligations. See Condition 2.5 (Status of the Senior Notes) of the Senior Notes and Condition 3 (Subordination) of the Subordinated Notes.

By virtue of such subordination, payments to a Noteholder will, in the events described in the Terms and Conditions of the Subordinated Notes, only be made after all obligations of the Issuer resulting from higher ranking claims have been satisfied. A Noteholder may, therefore, recover less than the holders of unsubordinated or other prior ranking subordinated liabilities of the Issuer. Furthermore, the Terms and Conditions of the Subordinated Notes will not limit the amount of the liabilities ranking senior to, or *pari passu* with, the Subordinated Notes which may be incurred or assumed by the Issuer from time to time, whether before or after the Issue Date of the Subordinated Notes. The incurrence of any such other liabilities may reduce the amount (if any) recoverable by Noteholders on a winding-up or administration of the Issuer and/or may increase the likelihood of a deferral of interest payments under the Subordinated Notes. Subject to applicable law, no Noteholder may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer in respect of, or arising under or in connection with, the Subordinated Notes or the Trust Deed and each Noteholder shall, by virtue of his holding of any Subordinated Note, be deemed to have waived all such rights of set-off, compensation or retention.

Although subordinated debt securities, such as the Subordinated Notes, may pay a higher rate of interest than comparable debt securities which are not subordinated, there is a real risk that an investor in subordinated securities such as the Subordinated Notes will lose all or some of his investment should the Issuer become insolvent.

Limited Remedies

The Terms and Conditions of the Subordinated Notes provide that the Undated Subordinated Notes will be perpetual securities and there is, therefore, no obligation on the Issuer to repay principal on any given date. In addition, payments of interest on the Subordinated Notes may be deferred in accordance with Condition 5.1 (Deferral of Payments) of the Subordinated Notes and interest will not therefore be due other than in the limited circumstances described in Condition 5.2 (Mandatory Settlement of Arrears of Interest) of the Subordinated Notes.

The only enforcement event in the Terms and Conditions of the Subordinated Notes is if a default is made by the Issuer for a period of 7 days or more in the payment of principal or 14 days or more in the payment of interest, in each case in respect of the Subordinated Notes and which is due.

Therefore, it will only be possible for the Noteholders to enforce claims for payment of principal or interest in respect of the Subordinated Notes when the same are due.

In addition the claims of holders of all Senior Obligations will first have to be satisfied in any winding-up or administration proceedings before the Noteholders may expect to obtain any recovery in respect of their Subordinated Notes and prior thereto Noteholders will have only limited ability to influence the conduct of such winding-up or administration proceedings. See "*—The Issuer's obligations under the Subordinated Notes will be subordinated*".

Provisions which provide for interest to be payable on interest may be unenforceable as a matter of Luxembourg law

The Subordinated Notes contain provisions which provide that any Deferred Interest Payment (or part thereof) shall itself bear interest. If it came to any proceeding before a Luxembourg court any provision relating to the payment of interest on interest may not be enforceable pursuant to Article 1154 of the Luxembourg Civil Code. There exists no published case law in Luxembourg in relation to the recognition of provisions pursuant to which a party agrees to pay to the other party an interest on interest. If a Luxembourg court had to analyse the validity and enforceability of such provisions, it may likely consider the position taken by the French *Cour de Cassation* and Belgian, French and Luxembourg legal scholars according to which Article 1154 of the Civil Code is not of international public policy and, therefore, provisions relating to the payment of interest on interest provided for in a foreign law document, such as the Terms and Conditions of the Subordinated Notes, are not affected by Article 1154 of the Civil Code. There can, however, be no guarantee that a Luxembourg court would take this approach.

The Singapore tax treatment of the SGD-denominated Subordinated Notes is unclear

The Singapore income tax treatment of the Subordinated Notes as described in "*Taxation—Singapore Taxation*" is subject to the agreement of the Inland Revenue Authority of Singapore (the **IRAS**). It is not clear whether any particular Tranche of SGD-denominated Subordinated Notes (the **Relevant Tranche of Subordinated Notes**) will be regarded as "debt securities" by the IRAS for the purposes of the Income Tax Act, Chapter 134 of Singapore (the **ITA**) and therefore if the holders of the Relevant Tranche of Subordinated Notes may be eligible to receive the tax concessions or exemptions available for "qualifying debt securities" under the qualifying debt securities scheme (as described in the section entitled "*Taxation—Singapore Taxation*"). The Issuer does not intend to request an advance tax ruling from the IRAS to confirm, amongst other things, whether the Relevant Tranche of Subordinated Notes would be regarded as "debt securities" for the purposes of the ITA. If the Relevant Tranche of Subordinated Notes is not regarded as "debt securities" or the interest payments made under the Relevant Tranche of Subordinated Notes are not regarded as interest payable on indebtedness for the purposes of the ITA and

Noteholders thereof are not eligible for the tax concessions under the qualifying debt securities scheme, the tax treatment to Noteholders may differ. No assurance, warranty or guarantee is given on the tax treatment to Noteholders in respect of the distributions payable to them.

The disclosure below is based on the assumption that the IRAS regards the Relevant Tranche of Subordinated Notes as “debt securities” for the purposes of the ITA and that interest payments made under the Relevant Tranche of Subordinated Notes will be regarded as interest payable on indebtedness and holders thereof may therefore enjoy the tax concessions available for qualifying debt securities, provided that the other conditions for the qualifying debt securities scheme are satisfied. If the Relevant Tranche of Subordinated Notes is not regarded as “debt securities” for the purposes of the ITA, holders thereof would not be eligible for the tax concessions under the qualifying debt securities scheme and the tax treatment to holders may differ depending on the characterisation and treatment of the Relevant Tranche of Subordinated Notes by the IRAS.

Investors and Noteholders should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding and disposal of any Notes, including the Relevant Tranche of Subordinated Notes.

Investments in the SGD-denominated Notes may be subject to Singapore taxation

The Notes to be issued under the Programme during the period from the date of this Base Prospectus to 31 December 2023 are intended to be "qualifying debt securities" for the purpose of the ITA subject to the fulfilment of certain conditions more particularly described in the "Singapore Taxation" section of this Base Prospectus. However, there is no assurance that the conditions for "qualifying debt securities" will be met or that such Notes will continue to enjoy the tax concessions in connection therewith should the relevant tax laws be amended or revoked at any time or should the required conditions cease to be fulfilled.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell their Notes

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. In addition, liquidity may be limited if the Notes are offered to a limited number of investors. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

If an investor holds Notes which are not denominated in the investor's home currency, they will be exposed to movements in exchange rates adversely affecting the value of their holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of

the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the standing of the Issuer or the value of the Notes.

The expected rating(s), if any, of the Notes will be set out in the relevant Final Terms for each Series of Notes. Any rating agency may lower its rating or withdraw its rating if, in the sole judgement of the rating agency, the credit quality of the Notes has declined or is in question. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

There is no guarantee that any rating of the Issuer or the Notes will be maintained by the Issuer following the date of this Base Prospectus. If any rating assigned to the Issuer or the Notes is revised lower, suspended, withdrawn or not maintained by the Issuer, the market value of the Notes may be reduced.

The Issuer is exposed to changes in the rating methodologies applied by rating agencies. Any adverse changes of such methodologies may materially and adversely affect the Issuer's operations or financial condition, the Issuer's willingness or ability to leave individual transactions outstanding and adversely affect the Issuer's capital market standing.

In general, European (including UK) regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU or the UK and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU and non-UK credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered or UK-registered credit rating agency or the relevant non-EU and non-UK rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). If the status of the rating agencies rating the Notes changes, European (including UK) regulated investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European (including UK) regulated investors selling the Notes which may impact the value of the Notes and any secondary market. The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached. Bearer and Registered Notes will be issued outside the United States in reliance on Regulation S under the Securities Act (**Regulation S**).

Bearer Notes

Each Tranche of Bearer Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Bearer Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Bearer Global Note**) and, together with a Temporary Bearer Global Note, each a **Bearer Global Note**) which, in either case, will:

- (a) if the Bearer Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (b) if the Bearer Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for Euroclear and Clearstream, Luxembourg.

Where the Bearer Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Bearer Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Global Notes are to be so held does not necessarily mean that the Bearer Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem, either upon issue or at any times during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Note of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case

may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For the purposes of the Senior Notes, **Exchange Event** means that (i) in respect of the Senior Notes, an Event of Default (as defined in Condition 10.1 (Events of Default) of the Senior Notes) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available or (iii) in respect of the Senior Notes, the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 (Notices) of the Senior Notes or, as the case may be Condition 18 (Notices) of the Subordinated Notes if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Bearer Notes (other than Temporary Bearer Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Bearer Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The Registered Notes of each Tranche will initially be represented by a global note in registered form (a **Registered Global Note**).

Registered Global Notes will be deposited with a common depositary or, if the Registered Global Notes are to be held under the new safe-keeping structure (the **NSS**), a common safekeeper, as the case may be for Euroclear and Clearstream, Luxembourg, and registered in the name of the nominee for the Common Depositary of Euroclear and Clearstream, Luxembourg or in the name of a nominee of the common safekeeper, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Where the Registered Global Notes issued in respect of any Tranche is intended to be held under the **NSS**, the applicable Final Terms will indicate whether or not such Registered Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Registered Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised

as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem, either upon issue or at any time during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for a Registered Global Note held under the NSS will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 6.4 (Payments in respect of Registered Senior Notes) of the Senior Notes or, as the case may be, Condition 10.4 (Payments in respect of Registered Subordinated Notes) of the Subordinated Notes) as the registered holder of the Registered Global Notes. None of the Issuer, any Paying Agent, the Trustee or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6.4 (Payments in respect of Registered Senior Notes) of the Senior Notes or, as the case may be, Condition 10.4 (Payments in respect of Registered Subordinated Notes) of the Subordinated Notes) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without interest coupons or talons attached only upon the occurrence of an Exchange Event. For the purposes of the Senior Notes, **Exchange Event** means that (i) in respect of the Senior Notes an Event of Default has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system satisfactory to the Trustee is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form and a certificate to that effect signed by two Directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 (Notices) of the Senior Notes or, as the case may be, Condition 18 (Notices) of the Subordinated Notes, if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Registered Global Note) or the Trustee may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case to the extent applicable.

General

Pursuant to the Agency Agreement (as defined under the relevant Terms and Conditions of the Notes), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, (i) fails so to do within 60 days, or (ii) is unable for any reason to do so, and the failure or inability shall be continuing.

The Issuer may agree with any Dealer and the Trustee that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event, a new Base Prospectus or a supplement to the Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

[PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Senior Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA) or in the United Kingdom (the UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Senior Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Senior Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]¹

[²MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Senior Notes has led to the conclusion that: (i) the target market for the Senior Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, **MiFID II**)] [MiFID II]; and (ii) all channels for distribution of the Senior Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Senior Notes (a **distributor**) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Senior Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

[Where interest, discount income, prepayment fee, redemption premium or break cost is derived from any of the Senior Notes by any person who is not resident in Singapore and who carries on any operations in Singapore through a permanent establishment in Singapore, the tax exemption available for qualifying debt securities (subject to certain conditions) under the Income Tax Act, Chapter 134 of Singapore (the **ITA**), shall not apply if such person acquires such Senior Notes using the funds and profits of such person's operations through a permanent establishment in Singapore. Any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from the Senior Notes is not exempt from tax (including for the reasons described above) shall include such income in a return of income made under the ITA.]

[Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the SFA) – The Senior Notes are capital market products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]³

TERMS AND CONDITIONS OF THE SENIOR NOTES

The following are the Terms and Conditions of the Senior Notes which will be incorporated by reference into each Global Senior Note (as defined below) and each definitive Senior Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Senior Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Senior Note and definitive Senior Note. Reference should be made to "Applicable Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Senior Notes.

This Senior Note is one of a Series of Senior Notes issued by CPI Property Group, a société anonyme with its registered office at 40, rue de la Vallée, L-2661 Luxembourg and registered with the Register of Commerce and Companies of Luxembourg under number B102254 (the **Issuer**) constituted by an Amended and Restated Trust Deed (such Trust Deed as modified and/or supplemented and/or restated from time to time, the **Trust Deed**) dated 27 April 2020 made between the Issuer and Deutsche Trustee Company Limited (the **Trustee**, which expression shall include any successor as Trustee).

References herein to the **Senior Notes** shall be references to the **Senior** Notes of this Series and shall mean:

- (a) in relation to any Senior Notes represented by a global Senior Note (a **Global Senior Note**), units of each Specified Denomination in the Specified Currency;
- (b) any Global Senior Note;
- (c) any definitive Senior Notes in bearer form (**Bearer Senior Notes**) issued in exchange for a Global Senior Note in bearer form; and
- (d) any definitive Senior Notes in registered form (**Registered Senior Notes**) (whether or not issued in exchange for a Global Senior Note in registered form).

The Senior Notes (as defined below) and the Coupons (as defined below) have the benefit of an Amended and Restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 30 May 2019 and made between the Issuer, the Trustee, Deutsche Bank AG, London Branch as issuing and principal paying agent (the **Principal Paying Agent**, which expression shall include any successor principal paying agent) and the other paying agents named therein (together with the Principal Paying Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents), Deutsche Bank Luxembourg S.A. as registrar (the **Registrar**, which expression shall include any successor registrar) and a transfer agent and the other transfer agents named therein (together with the Registrar, the **Transfer Agents**, which expression shall include any additional or successor transfer agents). The Principal Paying Agent, the Calculation Agent (if any is specified in the applicable Final Terms), the Registrar, the Paying Agents and the other Transfer Agents are together referred to as the **Agents**.

The final terms for this Senior Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Senior Note which supplement these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Senior Note. Interest bearing definitive Bearer Senior Notes have interest coupons (**Coupons**) and, in the case of Bearer Senior Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Registered Senior Notes and Global Senior Notes do not have Coupons or Talons attached on issue.

The Trustee acts for the benefit of the Noteholders (which expression shall mean (in the case of Bearer Senior Notes) the holders of the Senior Notes and (in the case of Registered Senior Notes) the persons in whose name the Senior Notes are registered and shall, in relation to any Senior Notes represented by a Global Senior Note, be construed as provided below) and the holders of the Coupons (the **Couponholders**, which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Trust Deed.

As used herein, **Tranche** means Senior Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Senior Notes together with any further Tranche or Tranches of Senior Notes which (a) are expressed to be consolidated and form a single series and (b) have the same terms and conditions or terms and conditions which are the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

Copies of the Trust Deed and the Agency Agreement are available for inspection during normal business hours at the principal office for the time being of the Trustee and at the specified office of each of the Paying Agents. If the Senior Notes are to be admitted to trading on the regulated market of Euronext Dublin (the **Euronext Dublin Regulated Market**) the applicable Final Terms will be published on the website of Euronext Dublin: <http://www.ise.ie/>. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed and the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in these Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed and the Agency Agreement.

Words and expressions defined in the Trust Deed, the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Trust Deed and the Agency Agreement, the Trust Deed will prevail and, in the event of inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In these Conditions, **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

1. **FORM, DENOMINATION AND TITLE**

The Senior Notes are in bearer form or in registered form as specified in the applicable Final Terms and, in the case of definitive Senior Notes, serially numbered, in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms. Senior Notes of one Specified Denomination may not be exchanged for Senior Notes of another Specified Denomination and Bearer Senior Notes may not be exchanged for Registered Senior Notes and *vice versa*.

This Senior Note may be a Fixed Rate Senior Note, a Floating Rate Senior Note, a Zero Coupon Senior Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Definitive Bearer Senior Notes are issued with Coupons attached, unless they are Zero Coupon Senior Notes in which case references to Coupons and Couponholders in these Conditions are not applicable.

Subject as set out below, title to the Bearer Senior Notes and Coupons will pass by delivery and title to the Registered Senior Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The Issuer, the Trustee and any Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Senior Note or Coupon and the registered holder of any Registered Senior Note as the absolute owner thereof (whether or not

overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Senior Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Senior Notes is represented by a Global Senior Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Senior Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Senior Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee and the Agents as the holder of such nominal amount of such Senior Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Senior Notes, for which purpose the bearer of the relevant Bearer Global Senior Note or the registered holder of the relevant Registered Global Senior Note shall be treated by the Issuer, the Trustee and any Agent as the holder of such nominal amount of such Senior Notes in accordance with and subject to the terms of the relevant Global Senior Note and the expressions **Noteholder** and **holder of Senior Notes** and related expressions shall be construed accordingly.

In determining whether a particular person is entitled to a particular nominal amount of Senior Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Senior Notes which are represented by a Global Senior Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

In the event of a partial redemption of Senior Notes under Condition 7 (Redemption and Purchase), the Issuer shall not be required to register the transfer of any Registered Senior Note, or part of a Registered Senior Note, called for partial redemption.

2.4 Costs of registration

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

2.5 Status of the Senior Notes

The Senior Notes and any relative Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3 (Negative Pledge)) unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

3. NEGATIVE PLEDGE

So long as any Senior Note remains outstanding (as defined in the Trust Deed), the Issuer will not, and will procure that none of its Subsidiaries (as defined below) will, create or have outstanding any mortgage, charge, lien, pledge or other security interest, including without limitation, anything analogous to any of the foregoing under the laws of any jurisdiction (which, for the avoidance of doubt, shall not include a guarantee, suretyship or indemnity, or a similar undertaking under the laws of any jurisdiction to reimburse loss or damage) (each a **Security Interest**), other than a Permitted Security Interest, upon, or with respect to, any of the present or future business, undertaking, assets or revenues (including any uncalled capital), to secure any Relevant Indebtedness (as defined below) of the Issuer and/or any of its Subsidiaries, unless the Issuer, in the case of the creation of the Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that:

- (a) all amounts payable by it under the Senior Notes, the Coupons and the Trust Deed are secured by the Security Interest equally and rateably with the Relevant Indebtedness to the satisfaction of the Trustee; or
- (b) such other Security Interest or other arrangement (whether or not it includes the giving of a Security Interest) is provided either (A) as the Trustee in its absolute discretion deems not materially less beneficial to the interests of the Noteholders or (B) as is approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

Relevant Indebtedness means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures, debenture stock, loan stock or other securities which are for the time being, or are capable of being, quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market, and (ii) any guarantee or indemnity in respect of any such indebtedness, *excluding, for the avoidance of doubt*, any present or future indebtedness (whether being principal, premium, interest or other amounts) incurred in respect of loans or facilities (which are not in the form specified in (i) and (ii)) to finance the ordinary course activities of the Issuer or its Subsidiaries.

Permitted Security Interest means (A) a Security Interest in respect of notes or bonds denominated in CZK only (**Secured CZK Notes**) *provided that* (X) the aggregate principal amount of Secured CZK Notes outstanding at any time shall not exceed the equivalent of EUR 300 million, and (Y) the aggregate principal amount of Secured CZK Notes outstanding under any single series at any time shall not exceed the equivalent of EUR 200 million (in each case, calculated based on the relevant official central bank currency exchange rate in effect on the date of determination thereof and including Secured CZK Notes outstanding as of the date of this Base Prospectus) and (B) a Security Interest on the undertaking or assets of a company acquired by the Issuer or any of its Subsidiaries after the Issue Date, provided that such Security Interest was not created in contemplation of such acquisition and the principal amount secured by such Security Interest has not been increased in contemplation of or since such acquisition.

Subsidiary means in relation to any person (the **first person**) at any particular time, any other person (the **second person**):

- (a) whose affairs and policies the first person controls or has power to control, whether by ownership or share capital, contract, the power to appoint or remove members of the governing body of the second person or otherwise; or
- (b) whose financial statements are, in accordance with applicable law and generally accepted accounting principles, consolidated with those of the first person.

4. COVENANTS

4.1 Financial Covenants

So long as any Senior Note remains outstanding, the Issuer undertakes that:

- (a) the Consolidated Leverage Ratio shall not exceed 0.60 on any Measurement Date;
- (b) the Consolidated Coverage Ratio shall be at least 1.90 on any Measurement Date; and
- (c) the Consolidated Secured Leverage Ratio shall not exceed 0.45 on any Measurement Date, save that the Issuer shall not be in breach of this Condition 4.1(c) if, on no more than two consecutive Measurement Dates, the Consolidated Secured Leverage Ratio is greater than 0.45 but does not exceed 0.50.

The Issuer shall engage an external, reputable independent valuation company and/or real estate consultant, having an appropriately recognised professional qualification and recent experience in the respective locations and categories of real estate assets being valued, to value at least 90 per cent. (by market valuation) of the Group's standing investments and land at least once per calendar year (which, for the avoidance of doubt, may include a company or consultant meeting such criteria and which is engaged to value the Group's standing investments and land for purposes of its IFRS financial statements).

The Issuer will promptly notify the Trustee in accordance with the Trust Deed in the event that any of the undertakings in this Condition 4.1 is breached at any time.

For so long as any Senior Note remains outstanding, the Issuer will deliver a certificate to the Trustee on each Reporting Date signed by two duly Authorised Signatories of the Issuer, certifying that the Issuer is and has been in compliance with the undertakings set out in this Condition 4.1 at all times during the relevant period. Such certificate may be relied on by the Trustee without further enquiry or evidence and, if relied upon by the Trustee, shall, in the absence of manifest error, be conclusive and binding on all parties.

4.2 Equity Cure

- (a) Subject to the provisions of this Condition 4.2, in the event that the Issuer fails to comply, or would otherwise fail to comply, with any of its obligations under subparagraph (a) and (c) of Condition 4.1 (Financial Covenants), the Issuer shall have the right, and may elect by written notice to the Trustee (in accordance with paragraph (b) below), to cure an actual or anticipated breach of the Consolidated Leverage Ratio or the Consolidated Secured Leverage Ratio in Condition 4.1 (Financial Covenants) by applying net amounts received in respect of any new equity issued by the Issuer and/or Subordinated Shareholder Debt received by the Issuer to remedy any actual or anticipated non-compliance and by having such amounts included in the calculation or recalculation of the financial covenant contained in Condition 4.1 (Financial Covenants) subparagraph (a) and (c).
- (b) A notice to the Trustee under paragraph (a) above will not be regarded as having been delivered unless:
 - (A) it is signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer and delivered before the date which is 30 Business Days after the applicable Reporting Date on which the compliance certificate for the calendar year to which the non-compliance relates would have been required to be delivered pursuant to Condition 4.1 (Financial Covenants);
 - (B) it certifies the aggregate amounts received by the Issuer in respect of any equity issued by the Issuer and/or Subordinated Shareholder Debt;
 - (C) it specifies the calendar year to which the non-compliance relates and in relation to which the equity issued by the Issuer and/or Subordinated Shareholder Debt is to be applied; and
 - (D) if the Issuer makes an election under paragraph (a) above during the period of 30 Business Days after the Reporting Date on which the compliance certificate for the calendar year to which the non-compliance relates would have been required to be delivered pursuant to Condition 4.1 (Financial Covenants), it is accompanied by a revised compliance certificate indicating compliance with the ratios in Condition 4.1 (Financial Covenants) after taking into account the amounts used to remedy the non-compliance.

- (c) For the purposes of this Condition 4.2, the net amounts received in cash in respect of any equity issued by the Issuer and/or Subordinated Shareholder Debt shall be deemed to be received on the Measurement Date in respect of which they are to be taken into account to remedy the non-compliance with any ratios set out in Condition 4.1 (Financial Covenants).
- (d) If, after giving effect to the recalculation referred to in the paragraphs above, the financial covenants are complied with, the Issuer shall be deemed to have satisfied the requirements of Condition 4.1 (Financial Covenants) as of the relevant Measurement Date as though there had been no failure to comply with such obligations, and the applicable breach shall be deemed to have been cured for the purposes hereof.

4.3 Payment of dividends

The Issuer and its Subsidiaries may pay dividends at any time provided that, in the case of dividends paid by the Issuer, no Event of Default or Potential Event of Default (as defined in the Trust Deed) has occurred and is continuing at the time of, or would result following, the payment of such dividend by the Issuer.

4.4 Financial reporting

So long as any of the Senior Notes remains outstanding, the Issuer shall deliver to the Trustee:

- (a) not later than six months after the end of the Issuer's financial year, copies or the electronic versions of the audited consolidated financial statements of the Group for such financial year, prepared in accordance with IFRS and applicable Luxembourg law, consistently applied, and accompanied by the report of the independent auditors of the Issuer thereon;

5. INTEREST

5.1 Interest on Fixed Rate Senior Notes

Each Fixed Rate Senior Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Senior Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Senior Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Senior Notes which are (i) represented by a Global Senior Note or (ii) Registered Notes in definitive form, the aggregate outstanding nominal amount of (A) the Fixed Rate Senior Notes represented by such Global Senior Note or (B) such Registered Notes; or
- (b) in the case of Fixed Rate Senior Notes which are Bearer Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction.

The resultant figure (including after application of any Fixed Coupon Amount or Broken Amount, as applicable, to the aggregate outstanding nominal amount of Fixed Rates Notes which are Registered Notes in definitive form or the Calculation Amount in the case of Fixed Rate Notes which are Bearer Notes in definitive form) shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Senior Note which is a Bearer Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Senior Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this Condition 5.1:

- (i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (A) in the case of Senior Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the

number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (B) in the case of Senior Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
- (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (iii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Accrual Period divided by 365.

In these Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

5.2 Interest on Floating Rate Senior Notes

(a) Interest Payment Dates

Each Floating Rate Senior Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest

Commencement Date) to (but excluding) the next (or first) Interest Payment Date or the relevant payment date if the Notes become payable on a date other than an Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 5.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre (other than TARGET2 System) specified in the applicable Final Terms;
- (b) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the **TARGET2 System**) is open; and
- (c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Senior Notes will be determined in the manner specified in the applicable Final Terms.

- (i) ISDA Determination for Floating Rate Senior Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent or the Calculation Agent, as applicable, under an interest rate swap transaction if the Principal Paying Agent or the Calculation Agent, as applicable, were acting as Calculation Agent (as defined in the ISDA Definitions (as defined below)) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as of the Issue Date of the first Tranche of Senior Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Senior Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as of 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent or the Calculation Agent, as applicable, for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as of the time specified in the preceding paragraph.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Principal Paying Agent or the Calculation Agent, as applicable, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent or the Calculation Agent, as applicable, will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Senior Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Floating Rate Senior Notes which are represented by a Global Senior Note, the aggregate outstanding nominal amount of the Senior Notes represented by such Global Senior Note; or
- (ii) in the case of Floating Rate Senior Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Senior Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Senior Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5.2:

- (i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

- (iv) if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(e) Linear Interpolation

Where linear interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent or the Calculation Agent, as applicable, by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent or the Calculation Agent, as applicable, shall determine such rate at such time and by reference to such sources as it determines appropriate.

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(f) Benchmark Event

Notwithstanding the provisions above in this Condition 5.2, if the Issuer, in consultation with the party responsible for determining the Rate of Interest (being the Principal Paying Agent, the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), determines that a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Conditions provide for any Rate of Interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply:

- (i) the Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate, failing which an Alternative Rate and in either case, an applicable Adjustment Spread and any Benchmark Amendments (each as defined and as further described below) no later than five Business Days prior to the Interest Determination Date relating to the next succeeding Interest Period (the **IA Determination Cut-off Date**) for purposes of determining the Rate of Interest applicable to the Senior Notes for such next succeeding Interest Period and for all future Interest Periods (subject to the subsequent operation of this Condition 5.2(f) during any other future Interest Period(s));
- (ii) if the Independent Adviser (acting in good faith and in a commercially reasonable manner) determines that:
 - (A) there is a Successor Rate, then such Successor Rate (as adjusted by the applicable Adjustment Spread as provided in Condition 5.2(f)(iv)) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant 82 component part thereof) for all future payments of interest on the Senior Notes (subject to the subsequent further operation of this Condition 5.2(f)); or
 - (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate (as adjusted by the applicable Adjustment Spread as provided in Condition 5.2(f)(iv)) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Senior Notes (subject to the further operation of this Condition 5.2(f));
- (iii) if, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, the Issuer is unable to appoint an Independent Adviser or no Successor Rate or Alternative Rate (as applicable) or, in either case, applicable Adjustment Spread is determined pursuant to this provision prior to the IA Determination Cut-off Date, the Original Reference Rate will continue to apply for the purposes of determining such Rate of Interest on such Interest Determination Date, with the effect that the fallback provisions provided elsewhere in these Conditions will continue to apply to such determination.
- (iv) if a Successor Rate or Alternative Rate is determined in accordance with Condition 5.2(f)(ii), the Independent Adviser acting in good faith and in a commercially reasonable manner shall determine an Adjustment Spread (which may be expressed as a specified quantum or a formula or methodology for determining the applicable Adjustment Spread (and, for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero) which shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable), subject to the subsequent further operation and adjustment as provided in this Condition 5.2(f);
- (v) if any Successor Rate, Alternative Rate and (in either case) the applicable Adjustment Spread is determined in accordance with this Condition 5.2(f) and the Independent Adviser acting in good faith and in a commercially reasonable manner determines (i) that amendments to these Conditions, the Agency Agreement and/or the Trust Deed (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or (in either case) Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark

Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5.2(f)(vi), without any requirement for the consent or approval of Noteholders or Couponholders, vary these Conditions, the Agency Agreement and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by two authorised signatories of the Issuer pursuant to Condition 5.2(f)(vi), the Trustee, the Principal Paying Agent, the Paying Agents and the Calculation Agent shall (at the Issuer's expense and direction), without any requirement for the consent or approval of the Noteholders or Couponholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments required to the Trust Deed (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), the Agency Agreement and these Conditions and the Trustee, the Principal Paying Agent, the Paying Agents and the Calculation Agent shall not be liable to any party for any consequences thereof, provided that none of the Trustee, the Principal Paying Agent, the Paying Agents and the Calculation Agent shall be obliged so to concur if in its sole opinion doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in the Conditions, the Agency Agreement or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed or supplemental agency agreement) in any way.

Notwithstanding any other provision of this Condition 5.2(f), if, in the Calculation Agent's opinion, there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5.2(f), the Calculation Agent shall promptly notify the Issuer and/or the Independent Advisor thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and/or the Independent Advisor (as the case may be) thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

For the avoidance of doubt, neither the Principal Paying Agent and/or the Calculation Agent shall be obliged to monitor or inquire whether a Benchmark Event has occurred or have any liability in respect thereof.

In connection with any such variation in accordance with this Condition 5.2(f), the Issuer shall comply with the rules of any stock exchange or other relevant authority on or by which the Senior Notes are for the time being listed or admitted to trading; and

- (vi) the Issuer shall promptly notify the Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent, the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), the Principal Paying Agent, the Paying Agents and, in accordance with Condition 14 (Notices), the Noteholders of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 5.2(f). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories:

- (A) confirming (x) that a Benchmark Event has occurred, (y) the Successor Rate or, as the case may be, the Alternative Rate and (z) the applicable Adjustment Spread

and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 5.2(f);

- (B) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or (in either case) Adjustment Spread; and
- (C) certifying that the Issuer has duly consulted with an Independent Adviser with respect to each of the matters above.

The Trustee shall be entitled to rely on such certificate (without inquiry and without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and (in either case) the Adjustment Spread and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent, the Calculation Agent, or such other party specified in the applicable Final Terms, as applicable), the Principal Paying Agent, the Paying Agents and the Noteholders and Couponholders.

Without prejudice to the obligations of the Issuer under this Condition 5.2(f), the Original Reference Rate and the fallback provisions provided for in Condition 5.2(b)(ii) will continue to apply unless and until the party responsible for determining the Rate of Interest (being the Principal Paying Agent, the Calculation Agent or such other party specified in the applicable Final Terms, as applicable) has been notified of the Successor Rate or the Alternative Rate (as the case may be), the applicable Adjustment Spread and Benchmark Amendments (if applicable), in accordance with Condition 5.2(f)(vi).

For the purposes of this Condition 5.2(f):

Adjustment Spread means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser acting in good faith and in a commercially reasonable manner determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) (if no such recommendation or option has been made (or made available), or in the case of an Alternative Rate) the Independent Adviser acting in good faith and in a commercially reasonable manner determines is recognised or acknowledged as being in customary usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (c) (if no such customary market usage is recognised or acknowledged) the Independent Adviser acting in good faith and in a commercially reasonable manner determines to be appropriate;

Alternative Rate means an alternative to the Original Reference Rate which the Independent Adviser acting in good faith and in a commercially reasonable manner determines in accordance with Condition 5.2(f)(ii) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same interest period and in the same Specified Currency as the Senior Notes or, if the Independent Adviser determines there is no such rate, such other rate as the Independent Adviser acting in good faith and in a commercially reasonable manner determines is most comparable to the Original Reference Rate;

Benchmark Amendments has the meaning given to it in Condition 5.2(f)(v);

Benchmark Event means:

- (a) the Original Reference Rate ceasing to be published for a period of at least five Business Days or ceasing to exist;
- (b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to the date specified in (b)(i);
- (c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- (d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (d)(i);
- (e) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date and (ii) the date falling six months prior to the specified date referred to in (e)(i) above;
- (f) it has or will prior to the next Interest Determination Date become unlawful for any Paying Agent, the Principal Paying Agent, the Calculation Agent, the Issuer or other party to calculate any payments due to be made to any Noteholder or Couponholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable); or
- (g) the making of a public statement by the supervisor of the administrator of such Original Reference Rate announcing that such Original Reference Rate is no longer representative or may no longer be used;

Independent Adviser means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the Issuer at its own expense and approved in writing by the Trustee. For the avoidance of doubt, an Independent Adviser appointed pursuant to this Condition 5.2(f) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it pursuant to this Condition 5.2(f);

Original Reference Rate means the originally-specified Reference Rate or, where a Successor Rate or an Alternative Rate has been determined pursuant to Condition 5.2(f)(ii), such Successor Rate or Alternative Rate, as applicable, used to determine the Rate of Interest (or any component part thereof) on the Senior Notes;

Relevant Nominating Body means, in respect of an Original Reference Rate:

- (a) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate, (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(g) Notification of Rate of Interest and Interest Amounts

The Principal Paying Agent or the Calculation Agent, as applicable, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee and any stock exchange on which the relevant Floating Rate Senior Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 (Notices) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Senior Notes are for the time being listed and to the Noteholders in accordance with Condition 14 (Notices). For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(h) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2 by the Principal Paying Agent shall (in the absence of manifest error) be binding on the Issuer, the Principal Paying Agent or the Calculation Agent, as applicable, the other Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent, as applicable, in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Accrual of interest

Each Senior Note (or in the case of the redemption of part only of a Senior Note, that part only of such Senior Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Senior Note have been paid; and
- (b) as provided in the Trust Deed.

5.4 Adjustment of Rate of Interest for Fixed Rate Senior Notes and Floating Rate Senior Notes

If a Step Up Rating Change and/or Step Down Rating Change is specified as being applicable in the applicable Final Terms, the following terms relating to the Rate of Interest for the Senior Notes shall apply:

- (a) The Rate of Interest payable on the Senior Notes will be subject to adjustment from time to time in the event of a Step Up Rating Change and/or a Step Down Rating Change, as the case may be.
- (b) Subject to (d) and (h) below, from and including the first Interest Payment Date falling on or after the date of a Step Up Rating Change, the Rate of Interest (in the case of Fixed Rate Senior Notes) or the Margin (in the case of Floating Rate Senior Notes) payable on the Senior Notes shall be increased by the Step Up Margin.
- (c) Subject to (d) and (h) below, in the event of a Step Down Rating Change following a Step Up Rating Change, with effect from and including the first Interest Payment Date falling on or after the date of such Step Down Rating Change, the Rate of Interest (in the case of Fixed Rate Senior Notes) or the Margin (in the case of Floating Rate Senior Notes) payable on the Senior Notes shall be decreased by the Step Up Margin back to the initial Rate of Interest (in the case of Fixed Rate Senior Notes) or the initial Margin (in the case of Floating Rate Senior Notes).
- (d) If a Step Up Rating Change and, subsequently, a Step Down Rating Change occur during the same Fixed Interest Period (in the case of Fixed Rate Senior Notes) or the same Interest Period (in the case of Floating Rate Senior Notes), the Rate of Interest (in the case of Fixed Rate Senior Notes) or the Margin (in the case of Floating Rate Senior Notes) on the Senior Notes shall be neither increased nor decreased as a result of either such event.
- (e) The Issuer shall use all reasonable efforts to maintain credit ratings for its senior unsecured long-term debt from Moody's and, if an additional Rating Agency is appointed to rate the Issuer's senior unsecured long-term debt by or with the consent of the Issuer, such additional Rating Agency. If, notwithstanding such reasonable efforts, any Rating Agency fails or ceases to assign a credit rating to the Issuer's senior unsecured long-term debt, the Issuer shall use all reasonable efforts to obtain a credit rating of its senior unsecured long-term debt from a Substitute Rating Agency approved (other than in the case of S&P or Fitch) by the Trustee (such approval not to be unreasonably withheld or delayed), and references herein to such Rating Agency or the credit ratings thereof, shall be to such Substitute Rating Agency or, as the case may be, the equivalent credit ratings thereof as specified in or determined in accordance with the remainder of this Condition 5.4.
- (f) The Issuer will cause the occurrence of a Step Up Rating Change or a Step Down Rating Change giving rise to an adjustment to the Rate of Interest (in the case of Fixed Rate Senior Notes) or the Margin (in the case of Floating Rate Senior Notes) payable on the Senior Notes pursuant to this Condition 5.4 to be notified to the Trustee and the Principal Paying Agent and (in accordance with Condition 14 (Notices)) the Noteholders as soon as reasonably practicable after the occurrence of such Step Up Rating Change or Step Down Rating Change, but in no event later than the fifth London Business Day thereafter.

- (g) If the rating designations employed by any Rating Agency are changed from those which are described in this Condition or if a rating is procured from a Substitute Rating Agency other than S&P or Fitch, the Issuer shall determine, with the prior approval of the Trustee (not to be unreasonably withheld or delayed), the rating designations of such Substitute Rating Agency as are most equivalent to the prior rating designations of the existing Rating Agency (or Rating Agencies, as the case may be).
- (h) Notwithstanding any other provision contained herein, there shall be no limit on the number of times that the Rate of Interest may be adjusted pursuant hereto during the term of the Senior Notes provided that at no time during the term of the Senior Notes will the Rate of Interest be (i) less than the initial Rate of Interest or (ii) more than the initial Rate of Interest plus the Step Up Margin specified hereon.

Where:

Rating Agency, Fitch, Moody's, S&P and Substitute Rating Agency have the meanings given to such terms in Condition 7.6 (Redemption at the option of the Noteholders upon a change of control (Change of Control Put));

Step Down Rating Change means the first public announcement by Moody's and, if applicable, each other Rating Agency appointed by or with the consent of the Issuer, after a Step Up Rating Change, that the credit rating of the Issuer's senior unsecured long-term debt is at least Baa3 in the case of Moody's and, if applicable, at least BBB- in the case of S&P and at least BBB- in the case of Fitch. For the avoidance of doubt, any further increase in the credit rating of the Issuer's senior unsecured long-term debt above Baa3 in the case of Moody's and, if applicable, at least BBB- in the case of S&P and at least BBB- in the case of Fitch shall not constitute a further Step Down Rating Change;

Step Up Margin means the rate per annum specified in the applicable Final Terms; and

Step Up Rating Change means the first public announcement by Moody's or, if applicable, any other Rating Agency appointed by or with the consent of the Issuer of a decrease in the credit rating of the Issuer's senior unsecured long-term debt to below Baa3 (in the case of Moody's) or below BBB- (in the case of S&P) or below BBB- (in the case of Fitch). For the avoidance of doubt, any further decrease in the credit rating of the Issuer's senior unsecured long-term debt below Baa3 in the case of Moody's or, if applicable, below BBB- in the case of S&P or below BBB- in the case of Fitch shall not constitute a further Step Up Rating Change.

6. PAYMENTS

6.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (b) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments in respect of principal and interest on the Senior Notes will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without

prejudice to the provisions of Condition 8 (Taxation) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8 (Taxation)) any law implementing an intergovernmental approach thereto. No Commissions or expenses shall be charged to the Noteholders by the Registrar in respect of any payments of principal or interest in respect of the Registered Senior Notes.

6.2 Presentation of definitive Bearer Senior Notes and Coupons

Payments of principal in respect of definitive Bearer Senior Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Senior Notes, and payments of interest in respect of definitive Bearer Senior Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Senior Notes in definitive bearer form (other than Long Maturity Senior Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8 (Taxation)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9 (Prescription)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Senior Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Senior Note or Long Maturity Senior Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Senior Note** is a Fixed Rate Senior Note (other than a Fixed Rate Senior Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Senior Note shall cease to be a Long Maturity Senior Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Senior Note.

If the due date for redemption of any definitive Bearer Senior Note is not an Interest Payment Date, interest (if any) accrued in respect of such Senior Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Senior Note.

6.3 Payments in respect of Bearer Global Senior Notes

Payments of principal and interest (if any) in respect of Senior Notes represented by any Global Senior Note in bearer form will (subject as provided below) be made in the manner specified

above in relation to definitive Bearer Senior Notes or otherwise in the manner specified in the relevant Global Senior Note, where applicable against presentation or surrender, as the case may be, of such Global Senior Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Senior Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

6.4 Payments in respect of Registered Senior Notes

Payments of principal in respect of each Registered Senior Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Senior Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Senior Note appearing in the register of holders of the Registered Senior Notes maintained by the Registrar (the **Register**) (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. For these purposes, **Designated Account** means the account maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Senior Note (whether or not in global form) will be made by transfer on the due date to the Designated Account of the holder (or the first named of joint holders) of the Registered Senior Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**). Payment of the interest due in respect of each Registered Senior Note on redemption will be made in the same manner as payment of the principal amount of such Registered Senior Note.

No commissions or expenses shall be charged to the holders by the Registrar in respect of any payments of principal or interest in respect of Registered Senior Notes.

None of the Issuer, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Senior Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

6.5 General provisions applicable to payments

The holder of a Global Senior Note shall be the only person entitled to receive payments in respect of Senior Notes represented by such Global Senior Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Senior Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Senior Notes represented by such Global Senior Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Senior Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Senior Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Senior Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Senior Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.6 Payment Day

7. REDEMPTION AND PURCHASE

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Senior Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

7.2 Redemption for tax reasons

Subject to Condition 7.7 (Early Redemption Amounts), the Senior Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Senior Note is not a Floating Rate Senior Note) or on any Interest Payment Date (if this Senior Note is a Floating Rate Senior Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Principal Paying Agent and, in accordance with Condition 14 (Notices), the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Senior Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 (Taxation) as a result of any change in, or amendment to, the laws or regulations of a Relevant Tax Jurisdiction (as defined in Condition 8 (Taxation)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Senior Notes; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Senior Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept the certificate

as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Senior Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.7 (Early Redemption Amounts) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.3 Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms to the Noteholders in accordance with Condition 14 (Notices) (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Senior Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Where the Optional Redemption Amount is Make-whole Amount, any such notice of redemption may, at the Issuer's discretion, be subject to one or more conditions precedent, in which case such notice shall state that, in the Issuer's discretion, the Optional Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by the Issuer in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by the Issuer in its sole discretion) by the Optional Redemption Date, or by the Optional Redemption Date so delayed. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

The Optional Redemption Amount will either be the specified percentage of the nominal amount of the Senior Notes stated in the applicable Final Terms or, if Make-whole Amount is specified in the applicable Final Terms, will be the higher of (i) 100 per cent. of the nominal amount outstanding of the Senior Notes to be redeemed and (ii) the sum of the present values of the nominal amount outstanding of the Senior Notes to be redeemed and the Remaining Term Interest on such Senior Notes (exclusive of interest accrued to the date of redemption) and such present values shall be calculated by discounting such amounts to the date of redemption on an annual basis (based on the Day Count Fraction specified in the applicable Final Terms) at the Reference Bond Rate, plus the Redemption Margin, all as determined by the Determination Agent.

In this Condition:

DA Selected Bond means a government security or securities (which if the Specified Currency is euro, will be a German *Bundesobligationen*) selected by the Determination Agent as having an actual or interpolated maturity comparable with the remaining term of the Senior Notes, that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the Specified Currency and of a comparable maturity to the remaining term of the Senior Notes;

Reference Bond Rate means, with respect to any date of redemption, the rate per annum equal to the annual or semi-annual yield (as the case may be) to maturity or interpolated yield to maturity (on the relevant day count basis) of the Reference Bond, assuming a price for the Reference Bond (expressed as a percentage of its nominal amount) equal to the Reference Bond Price for such date of redemption;

Reference Date will be set out in the relevant notice of redemption;

Reference Government Bond Dealer means each of five banks selected by the Issuer, or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues;

Remaining Term Interest means, with respect to any Senior Note, the aggregate amount of scheduled payment(s) of interest on such Senior Note for the remaining term of such Senior Note determined on the basis of the rate of interest applicable to such Senior Note from and including the date on which such Senior Note is to be redeemed by the Issuer pursuant to this Condition 7.3.

In the case of a partial redemption of Senior Notes, the Senior Notes to be redeemed (**Redeemed Senior Notes**) will (i) in the case of Redeemed Senior Notes represented by definitive Senior Notes, be selected individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Senior Notes represented by a Global Senior Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of Redeemed Senior Notes represented by definitive Senior Notes, a list of the serial numbers of such Redeemed Senior Notes will be published in accordance with Condition 14 (Notices) not less than 15 days prior to the date fixed for redemption.

If Issuer Maturity Par Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms to the Noteholders in accordance with Condition 14 (Notices) (which notice shall be irrevocable and specify the date fixed for redemption), redeem the Senior Notes then outstanding in whole, but not in part, at any time during the Maturity Par Call Period specified as being applicable in the applicable Final Terms, at the Final Redemption Amount specified in the applicable Final Terms, together (if appropriate) with interest accrued but unpaid to (but excluding) the date fixed for redemption.

7.5 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Senior Note giving to the Issuer in accordance with Condition 14 (Notices) not less than the

minimum period nor more than the maximum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem such Senior Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Senior Note the holder of this Senior Note must, if this Senior Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Senior Notes) or the Registrar (in the case of Registered Senior Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a **Put Notice**) and in which the holder must specify a bank account to which payment is to be made under this Condition and, in the case of Registered Senior Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Senior Notes so surrendered is to be redeemed, an address to which a new Registered Senior Note in respect of the balance of such Registered Senior Notes is to be sent subject to and in accordance with the provisions of Condition 2.2 (Transfers of Registered Senior Notes in definitive form). If this Senior Note is in definitive bearer form, the Put Notice must be accompanied by this Senior Note or evidence satisfactory to the Paying Agent concerned that this Senior Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Senior Note is represented by a Global Senior Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Senior Note the holder of this Senior Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear, Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice (or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg by a holder of any Senior Note pursuant to this Condition 7.5) shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and the Trustee has declared the Senior Notes to be due and payable pursuant to Condition 10 (Events of Default and Enforcement), in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 7.5.

7.6 Redemption at the option of the Noteholders upon a change of control (Change of Control Put)

If Change of Control Put is specified as being applicable in the applicable Final Terms, then this Condition 7.6 shall apply.

A **Change of Control Put Event** will be deemed to occur if:

- (a) any person or any persons acting in concert (other than Mr Radovan Vitek, any member of his immediate family or any entity directly or indirectly controlled by him or them) shall acquire a controlling interest in (A) more than 50 per cent., of the issued or allotted ordinary share capital of the Issuer or (B) shares in the issued or allotted ordinary share capital of the Issuer carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of the Issuer (each such event being, a **Change of Control**); and

 - (ii) a non-investment grade credit rating (*Ba1/BB+/BB+ or equivalent or worse*) from any Rating Agency (provided by such Rating Agency at the invitation or with the consent of the Issuer) and such rating from any Rating Agency is within the Change of Control Period downgraded by one or more notches (*for illustration, Ba1/BB+/BB+ to Ba2/BB/BB being one notch*) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such Rating Agency; or

Upon receipt by the Issuer or the Trustee of any such written confirmation, the Issuer shall forthwith give notice of such written confirmation to the Noteholders in accordance with Condition 14 (Notices).

If the rating designations employed by Moody's, S&P or Fitch are changed from those which are described in paragraph (b) of the definition of "Change of Control Put Event" above, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine the rating designations of Moody's, S&P or Fitch or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody's, S&P or Fitch and this Condition 7.6 shall be construed accordingly.

If a Change of Control Put Event occurs, the holder of any Senior Note will have the option to require the Issuer to redeem or, at the Issuer's option, purchase (or procure the purchase of) such Senior Note on the Change of Control Put Date (as defined below) at the Change of Control Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption or purchase.

Promptly upon the Issuer becoming aware that a Change of Control Put Event has occurred and, in any event, within 5 days of the occurrence of the relevant Change of Control Put Event, the Issuer shall and, at any time upon the Trustee becoming similarly so aware, the Trustee may, and if so requested by the holders of at least one-fifth in principal amount of the Senior Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders, shall (subject in each case to the Trustee being indemnified and/or secured and/or pre-funded to its satisfaction) give notice (a **Change of Control Put Event Notice**) to the Noteholders in accordance with

The Trustee is under no obligation to ascertain whether a Change of Control Put Event or Change of Control, or any event which could lead to the occurrence of, or could constitute, a Change of Control Put Event or Change of Control has occurred, and until it shall have received notice thereof pursuant to the Trust Deed to the contrary, the Trustee may assume that no Change of Control Put Event or Change of Control or other such event has occurred.

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Senior Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Senior Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Senior Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Senior Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Senior Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Senior Note becomes due and repayable and the denominator will be 365).

Such Senior Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to a Paying Agent or the Registrar for cancellation.

7.9 Cancellation

All Senior Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Senior Notes so cancelled and the Senior Notes purchased and cancelled pursuant to Condition 7.8 above (Purchases) (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

7.10 Late payment on Zero Coupon Senior Notes

If the amount payable in respect of any Zero Coupon Senior Note upon redemption of such Zero Coupon Senior Note pursuant to Condition 7.1 (Redemption at maturity), 7.2 (Redemption for tax reasons), 7.3 (Redemption at the option of the Issuer (Issuer Call)) or 7.5 (Redemption at the option of the Noteholders (Investor Put)) or upon its becoming due and repayable as provided in Condition 10 (Events of Default and Enforcement) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Senior Note shall be the amount calculated as provided in Condition 7.7(b) above (Early Redemption Amounts) as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Senior Note becomes due and payable were replaced by references to the date which is the earlier of:

whatever nature (**Taxes**) imposed, levied, collected, withheld or assessed by or on behalf of any Relevant Tax Jurisdiction unless such withholding or deduction of such Taxes is required by law. In such event, the Issuer will pay such additional amounts (**Additional Amounts**) as shall be necessary in order that the net amounts received by the holders of the Senior Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Senior Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Senior Note or Coupon:

- (a) presented for payment in Luxembourg;
- (b) the holder of which is liable for such Taxes in respect of such Senior Note or Coupon by reason of his having some connection with a Relevant Tax Jurisdiction other than the mere holding of such Senior Note or Coupon; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting such Senior Note or Coupon for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.6 (Payment Day)).

9. PRESCRIPTION

The Senior Notes (whether in bearer or registered form) and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8 (Taxation)) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6.2 (Presentation of definitive Bearer Senior Notes and Coupons) or any Talon which would be void pursuant to Condition 6.2 (Presentation of definitive Bearer Senior Notes and Coupons).

The Luxembourg act dated 3 September 1996 on the involuntary dispossession of bearer securities, as amended (the **Involuntary Dispossession Act 1996**) requires that any amount that is payable under the Definitive Bearer Senior Notes and Coupons before opposition to such payment under the Senior Notes and Coupons that has been filed (by the relevant holder) but not yet been paid to the holder of these Definitive Bearer Senior Notes and Coupons is paid to the *Caisse de Consignations* in Luxembourg until the opposition to such payment under the Definitive Bearer Senior Notes and Coupons has been withdrawn or elapsed.

The replacement of Senior Notes, Talons and Coupons in bearer form in the case of loss or theft is subject to the procedure of the Involuntary Dispossession Act 1996, which provides that the person who lost bearer notes may, subject to certain conditions, request the issuer of the notes to deliver new Senior Notes, Talons and Coupons.

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Senior Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding the Registered Senior Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Senior Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive Senior Notes are issued, there may, so long as any Global Senior Notes representing the Senior Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites or such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Senior Notes and, in addition, for so long as any Senior Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Senior Notes on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Senior Note in definitive form) with the relative Senior Note or Senior Notes, with the Principal Paying Agent (in the case of Bearer Senior Notes) or the Registrar (in the case of Registered Senior Notes). Whilst any of the Senior Notes are represented by a Global Senior Note, such notice may be given by any holder of a Senior Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such

manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Senior Notes and the Coupons or any of the provisions of the Trust Deed and/or Agency Agreement. Such a meeting may be convened by the Issuer or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than five per cent. in nominal amount of the Senior Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Senior Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Senior Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Senior Notes or the Coupons or the Trust Deed (including modifying the date of maturity of the Senior Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Senior Notes or altering the currency of payment of the Senior Notes or the Coupons in certain respects), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Senior Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Senior Notes for the time being outstanding. An Extraordinary Resolution passed by the Noteholders will be binding on all the Noteholders, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Couponholders.

The Trustee may agree, without the consent of the Noteholders or Couponholders, to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Senior Notes or the Trust Deed, or determine, without any such consent as aforesaid, that any Event of Default or potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error. In addition, the Trustee shall be obliged to effect such modifications to these Conditions, the Trust Deed and the Agency Agreement as may be required in order to give effect to Condition 5.2(f) (*Benchmark Event*) in connection with effecting any Successor Rate, Alternative Rate, Adjustment Spread or any other related changes referred to in Condition 5.2(f) (*Benchmark Event*) subject to the provisions thereof, without the requirement for the consent or sanction of the Noteholders or Couponholders. Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 (Notices) as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have

regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders, except to the extent already provided for in Condition 8 (Taxation) and/or any undertaking or covenant given in addition to, or in substitution for, Condition 8 (Taxation) pursuant to the Trust Deed.

- (b) to which the Issuer has sold, conveyed or leased all or substantially all of the property of the Issuer (whether or not affiliated with the Issuer),

17. INDEMNIFICATION OF THE TRUSTEE AND TRUSTEE CONTRACTING WITH THE ISSUER

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured and/or pre-funded to its satisfaction.

For the avoidance of doubt, the provisions of articles 470-1 to 470-19 of the Luxembourg Companies' Act 1915 are expressly excluded.

20.2 Submission to jurisdiction

- (a) Subject to Condition 20.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Trust Deed, the Senior Notes and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Senior Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.
- (b) For the purposes of this Condition 20.2, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (c) To the extent allowed by law, the Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

Nothing herein shall affect the right to serve process in any other manner permitted by law.

20.4 Other documents

The Issuer has in the Trust Deed and the Agency Agreement submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

For so long as any of the Subordinated Notes is represented by a Global Subordinated Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Subordinated Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Subordinated Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee and the Agents as the holder of such nominal amount of such Subordinated Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Subordinated Notes, for which purpose the bearer of the relevant Bearer Global Subordinated Note or the registered holder of the relevant Registered Global Subordinated Note shall be treated by the Issuer, the Trustee and any Agent as the holder of such nominal amount of such Subordinated Notes in accordance with and subject to the terms of the relevant Global Subordinated Note and the expressions **Noteholder** and **holder of Subordinated Notes** and related expressions shall be construed accordingly.

In determining whether a particular person is entitled to a particular nominal amount of Subordinated Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Subordinated Notes which are represented by a Global Subordinated Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

2. TRANSFERS OF REGISTERED SUBORDINATED NOTES

2.1 Transfers of interests in Registered Global Subordinated Notes

Transfers of beneficial interests in Registered Global Subordinated Notes will be effected by Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of transferors and transferees of such interests. A beneficial interest in a Registered Global Subordinated Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Subordinated Notes in definitive form or for a beneficial interest in another Registered Global Subordinated Note of the same series only in the authorised denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Trust Deed and the Agency Agreement.

2.2 Transfers of Registered Subordinated Notes in definitive form

Upon the terms and subject to the conditions set forth in the Trust Deed and the Agency Agreement, a Registered Subordinated Note in definitive form may be transferred in whole or in part (in the authorised denominations set out in the applicable Final Terms). In order to effect any such transfer (a) the holder or holders must (i) surrender the Registered Subordinated Note for registration of the transfer of the Registered Subordinated Note (or the relevant part of the

Registered Subordinated Note) at the specified office of any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (ii) complete and deposit such other certifications as may be required by the relevant Transfer Agent and (b) the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer, the Trustee and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 2 to the Agency Agreement). Subject as provided above, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Subordinated Note in definitive form of a like aggregate nominal amount to the Registered Subordinated Note (or the relevant part of the Registered Subordinated Note) transferred. In the case of the transfer of part only of a Registered Subordinated Note in definitive form, a new Registered Subordinated Note in definitive form in respect of the balance of the Registered Subordinated Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

2.3 Costs of registration

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

2.4 Status of the Subordinated Notes

The Subordinated Notes and any relative Coupons are direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves. The rights and claims of the Noteholders in respect of the Subordinated Notes and the Couponholders in respect of the Coupons, in each case against the Issuer, are subordinated as described in the provisions of Condition 3 (Subordination).

3. SUBORDINATION

3.1 General

In the event of:

- (a) an order being made, or an effective resolution being passed, for the winding-up of the Issuer (except, in any such case, a solvent winding-up solely for the purposes of a reorganisation, restructuring, reconstruction, merger, conversion, amalgamation or the substitution in place of the Issuer of a Substituted Obligor (as defined in Condition 15 (Substitution of the Issuer)) of the Issuer, (x) the terms of which reorganisation, restructuring, reconstruction, merger, conversion or amalgamation have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) and do not provide that the Subordinated Notes shall thereby become redeemable or repayable in accordance with these Conditions or (y) which substitution is effected in accordance with the provisions of Condition 15 (Substitution of the Issuer) and Clause 21 (Substitution) of the Trust Deed);

- (b) an administrator or receiver of the Issuer being appointed and such administrator or receiver giving notice that it intends to declare and distribute a dividend or distribution; or
- (c) any analogous event relating to the Issuer to those described in (a) and (b) above under any insolvency, bankruptcy or similar law applicable to the Issuer,

the rights and claims of the Noteholders in respect of the Subordinated Notes and the Couponholders in respect of the Coupons, in each case against the Issuer, in respect of or arising under the Subordinated Notes will rank (i) junior to any present or future claims in respect of Senior Obligations, (ii) *pari passu* without any preference among themselves and with any present or future claims in respect of all Parity Obligations and (iii) senior to all present or future claims in respect of all Junior Obligations.

Accordingly, the claims of holders of all Senior Obligations will first have to be satisfied in any winding-up or administration or any other proceeding described in (a) through (c) above before the Noteholders and Couponholders may expect to obtain any recovery in respect of their Subordinated Notes and Coupons, respectively, and prior thereto Noteholders and Couponholders will have only limited ability to influence the conduct of such winding-up or administration. See the section entitled "Risk Factors—Risks related to the Subordinated Notes generally—Limited Remedies".

The Issuer does not have any Preferred Shares outstanding. For so long as any of the Subordinated Notes remain outstanding, the Issuer does not intend to issue any Preferred Shares. Preferred Shares means any shares in the Issuer which constitute "capital without voting rights" issued in accordance with Article 430-9 of the Luxembourg law of 10 August 1915 on Commercial Companies, as amended (the Luxembourg Companies' Act 1915), and which confer a preferential right with respect to the reimbursement of contributions.

3.2 Set-off

Subject to applicable law, no Noteholder or Couponholder may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer in respect of, or arising under or in connection with the Subordinated Notes, the Coupons or the Trust Deed and each Noteholder and Couponholder shall, by virtue of his holding of any Subordinated Note or Coupon, be deemed to have waived all such rights of set-off, compensation or retention.

4. INTEREST

4.1 Interest Payment Dates

Each Subordinated Note bears interest on their principal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate of Interest, subject to Condition 4.9 (Step Up after Change of Control Event).

Subject to Condition 5 (Optional Interest Deferral), such interest will be payable in arrear on the Interest Payment Date(s) in each year from (and including) the first Interest Payment Date.

Any Interest Payment may be deferred in accordance with Condition 5 (Optional Interest Deferral).

4.2 Interest Accrual

The Subordinated Notes (and any unpaid amounts thereon) will cease to bear interest from (and including) the date of redemption thereof pursuant to the relevant paragraph of Condition 6 (Redemption) or the date of substitution thereof pursuant to Condition 7 (Substitution or

Variation), as the case may be, unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Subordinated Note have been paid; and
- (b) as provided in the Trust Deed.

Except in the case of Subordinated Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (a) in the case of Subordinated Notes which are (i) represented by a Global Subordinated Note or (ii) Registered Subordinated Notes in definitive form, the aggregate outstanding nominal amount of (A) the Subordinated Notes represented by such Global Subordinated Note or (B) such Registered Subordinated Notes; or
- (b) in the case of Subordinated Notes which are Bearer Subordinated Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction.

The resultant figure (including after application of any Fixed Coupon Amount or Broken Amount, as applicable, to the aggregate outstanding nominal amount of Subordinated Notes which are Registered Subordinated Notes in definitive form or the Calculation Amount in the case of Subordinated Notes which are Bearer Subordinated Notes in definitive form) shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Subordinated Note which is a Bearer Subordinated Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Subordinated Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this (Condition 4.2 (Interest Accrual):

- (i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (A) in the case of Subordinated Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Subordinated Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - I. the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

- II. the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (iii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Accrual Period divided by 365.

In these Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

4.3 First Fixed Interest Rate

For each Interest Period ending on or before the First Reset Date (as specified in the applicable Final Terms) and subject to Condition 5 (Optional Interest Deferral), each Subordinated Note bears interest at the rate per annum equal to the First Fixed Interest Rate (as specified in the applicable Final Terms), subject to Condition 4.9 (Step Up after Change of Control Event).

If the Subordinated Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the First Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

4.4 Subsequent Reset Rates

For each Interest Period which commences on or after the First Reset Date and subject to Condition 5 (Optional Interest Deferral), each Subordinated Note bears interest at the relevant Subsequent Reset Rate as determined, and notified in writing to the Agents and the Issuer, by the Agent Bank on the relevant Reset Determination Date in accordance with this Condition 4.4, subject to Condition 4.9 (Step Up after Change of Control Event).

As used in these Conditions:

payments are payable on the Subordinated Notes during the relevant Reset Period (calculated on the day count basis customary for fixed rate payments in the Specified Currency as determined, and notified in writing to the Agents and the Issuer, by the Agent Bank) of a fixed-for-floating interest rate swap transaction in the Specified Currency which transaction (a) has a term of equal to the relevant Reset Period and commencing on the relevant Reset Date, (b) is in an amount that is representative for a single transaction in the relevant market at the relevant time with an acknowledged dealer of good credit in the swap market, and (c) has a floating leg based on the Mid Swap Benchmark Rate for the Mid Swap Maturity as specified in the Final Terms (calculated on the day count basis customary for floating rate payments in the Specified Currency as determined, and notified in writing to the Agents and the Issuer, by the Agent Bank).

Reference Bond means for any Reset Period a government security or securities issued by the state responsible for issuing the Specified Currency (which, if the Specified Currency is euro, shall be Germany) selected by the Issuer on the advice of an investment bank of international repute as having an actual or interpolated maturity comparable with the relevant Reset Period that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Subordinated Notes and of a comparable maturity to the relevant Reset Period.

Reference Bond Price means, with respect to any Reset Determination Date, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such Reset Determination Date, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (B) if fewer than four, but more than one, Reference Government Bond Dealer Quotations are received, the arithmetic average of all such quotations.

Reference Government Bond Dealer means each of five banks (selected by the Issuer on the advice of an investment bank of international repute), or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues.

Reset Determination Date means for each Reset Period the date as specified in the Final Terms falling on or before the commencement of such Reset Period on which the rate of interest applying during such Reset Period will be determined.

Subsequent Reset Rate for any Reset Period means the sum of (i) the applicable Subsequent Reset Reference Rate and (ii) the applicable Margin (rounded down to four decimal places, with 0.00005 being rounded down).

Subsequent Reset Reference Rate Screen Page has the meaning specified in the applicable Final Terms.

Subsequent Reset Reference Rate Time has the meaning specified in the applicable Final Terms.

Subsequent Reset Reference Rate means either:

- (A) if **Mid Swaps** is specified in the Final Terms, the Mid Swap Rate displayed on the Subsequent Reset Reference Rate Screen Page at or around the Subsequent Reset Reference Rate Time on the relevant Reset Determination Date for such Reset Period; or
- (B) if **Reference Bond** is specified in the Final Terms, the annual yield to maturity or interpolated yield to maturity (on the relevant day count basis) of the relevant Reference Bond, assuming a price for such Reference Bond (expressed as a percentage of its nominal amount) equal to the relevant Reference Bond Price; or
- (C) if **Singapore Dollar Swap Offer Rate** is specified in the Final Terms, the Singapore Dollar swap offer rate for a duration equal to the relevant Reset Period displayed on the Subsequent Reset Reference Rate Screen Page at or around the Subsequent Reset Reference Rate Time on the relevant Reset Determination Date for such Reset Period.

4.5 Subsequent Reset Reference Rate Screen Page

If the Subsequent Reset Reference Rate Screen Page is not available, the Issuer (or an independent investment bank, commercial bank or stockbroker appointed by the Issuer) shall request each of the Reference Banks (as defined below) to provide the Issuer or the Agent Bank with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Reference Rate Time on the Reset Determination Date in question. If two or more of the Reference Banks provide the Issuer or the Agent Bank with offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Margin (if any), all as determined, and notified in writing to the Agent, by the Issuer or the Agent Bank. If on any Reset Determination Date only one or none of the Reference Banks provides the Issuer or the Agent Bank with an offered quotation as provided in the foregoing provisions of this paragraph, the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date less the Margin applicable as from the last preceding Reset Date plus the Margin applicable as from the current Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Reference Rate shall be equal to the last Subsequent Reset Reference Rate available on the Subsequent Reset Reference Rate Screen Page as determined by the Agent Bank.

4.7 Agent Bank and Reference Banks

With effect from the Reset Determination Date relating to the First Reset Date, the Issuer will maintain an Agent Bank and five Reference Banks where the Rate of Interest is to be calculated

by reference to them. The name of the initial Agent Bank and its initial specified office is set out at the end of these Conditions.

The Issuer may, with the prior written consent of the Trustee, from time to time replace the Agent Bank with another leading financial institution in London or Luxembourg. If the Agent Bank is unable or unwilling to continue to act as the Agent Bank or fails duly to determine a Subsequent Reset Rate in respect of any Interest Period as provided in Condition 4.4 (Subsequent Reset Rates), the Issuer shall forthwith appoint another leading financial institution in London or Luxembourg approved in writing by the Trustee to act as such in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed as aforesaid.

4.8 Determinations Binding

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4 by the Agent Bank or the Reference Banks, as the case may be, shall (in the absence of manifest error) be binding on the Issuer the Agent Bank, the Trustee, the Registrar, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default or negligence) no liability to the Noteholders, the Couponholders or the Issuer shall attach to the Agent Bank in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

4.9 Step Up after Change of Control Event

If Change of Control Event is specified as being applicable in the applicable Final Terms, then this Condition 4.9 shall apply.

Notwithstanding any other provision of this Condition 4, if the Issuer does not elect to redeem the Subordinated Notes in accordance with Condition 6.8 (Redemption for Change of Control Event) on or before the end of the Exercise Period following the occurrence of the first Change of Control Event, the then prevailing Rate of Interest, and each subsequent Rate of Interest otherwise determined in accordance with the provisions of this Condition 4, on the Subordinated Notes shall be increased by an additional 5 percentage points per annum with effect from (and including) the Change of Control Step Up Date.

4.10 Benchmark Event

Notwithstanding the provisions above in this Condition 4, if (on or after the date falling sixth months before the First Reset Date) the Issuer, in consultation with the Agent Bank), determines that a Benchmark Event occurs in relation to an Original Reference Rate (whether such occurrence is before, on or after the date falling six months before the First Reset Date) when the Conditions provide for any Subsequent Reset Rate (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply:

- (i) the Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate, failing which an Alternative Rate and in either case, an applicable Adjustment Spread and any Benchmark Amendments (each as defined and as further described below) no later than five Business Days prior to the Reset Determination Date relating to the next succeeding Reset Period (the **IA Determination Cut-off Date**) for purposes of determining the Subsequent Reset Rate applicable to the Subordinated Notes for such next succeeding Reset Period and for all future Reset Periods

- (subject to the subsequent operation of this Condition 4.10 during any other future Reset Period(s));
- (ii) if the Independent Adviser (acting in good faith and in a commercially reasonable manner) determines that:
 - (A) there is a Successor Rate, then such Successor Rate (as adjusted by the applicable Adjustment Spread as provided in Condition 4.10(iv)) shall subsequently be used in place of the Original Reference Rate to determine the Subsequent Reset Rate (or the relevant component part thereof) for all future payments of interest on the Subordinated Notes (subject to the subsequent further operation of this Condition 4.10); or
 - (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate (as adjusted by the applicable Adjustment Spread as provided in Condition 4.10(iv)) shall subsequently be used in place of the Original Reference Rate to determine the Subsequent Reset Rate (or the relevant component part thereof) for all future payments of interest on the Subordinated Notes (subject to the further operation of this Condition 4.10);
 - (iii) If, following the occurrence of a Benchmark Event and in relation to the determination of the Subsequent Reset Rate on the immediately following Reset Determination Date, the Issuer is unable to appoint an Independent Adviser or no Successor Rate or Alternative Rate (as applicable) or, in either case, applicable Adjustment Spread is determined pursuant to this provision prior to the IA Determination Cut-off Date, the Original Reference Rate will continue to apply for the purposes of determining such Subsequent Reset Rate on such Reset Determination Date, with the effect that the fallback provisions provided elsewhere in these Conditions will continue to apply to such determination;
 - (iv) if a Successor Rate or Alternative Rate is determined in accordance with Condition 4.10(ii), the Independent Adviser acting in good faith and in a commercially reasonable manner shall determine an Adjustment Spread (which may be expressed as a specified quantum) or a formula or methodology for determining the applicable Adjustment Spread (and, for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero) which, shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Subsequent Reset Rate (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable), subject to the subsequent further operation and adjustment as provided in this Condition 4.10;
 - (v) if any Successor Rate, Alternative Rate and (in either case) the applicable Adjustment Spread is determined in accordance with this Condition 4.10 and the Independent Adviser acting in good faith and in a commercially reasonable manner determines (i) that amendments to these Conditions, the Agency Agreement and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or (in either case) Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 4.10(vi), without any requirement for the consent or approval of Noteholders or Couponholders, vary these Conditions, the Agency Agreement and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by two authorised signatories of the Issuer pursuant to Condition 4.10(vi), the Trustee, the Principal Paying Agent, the Paying Agents and the Agent Bank shall (at the Issuer's

expense and direction), without any requirement for the consent or approval of the Noteholders or Couponholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments required to the Trust Deed (including, inter alia, by the execution of a deed supplemental to or amending the Trust Deed), the Agency Agreement and these Conditions and the Trustee, the Principal Paying Agent, the Paying Agents and the Agent Bank shall not be liable to any party for any consequences thereof, provided that none of the Trustee, the Principal Paying Agent, the Paying Agents and the Agent Bank shall be obliged so to concur if in its sole opinion doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in the Conditions, the Agency Agreement or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed or supplemental agency agreement) in any way.

Notwithstanding any other provision of this Condition 4.10, if, in the Calculation Agent's opinion, there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 4.10, the Calculation Agent shall promptly notify the Issuer and/or the Independent Advisor thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and/or the Independent Advisor (as the case may be) thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

For the avoidance of doubt, neither the Principal Paying Agent and/or the Calculation Agent shall be obliged to monitor or inquire whether a Benchmark Event has occurred or have any liability in respect thereof.

In connection with any such variation in accordance with this Condition 4.10, the Issuer shall comply with the rules of any stock exchange or other relevant authority on or by which the Subordinated Notes are for the time being listed or admitted to trading; and

- (vi) the Issuer shall promptly notify the Trustee, the Agent Bank, the Principal Paying Agent, the Paying Agents and, in accordance with Condition 18 (Notices), the Noteholders of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 4.10. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories:

- (A) confirming (x) that a Benchmark Event has occurred, (y) the Successor Rate or, as the case may be, the Alternative Rate and (z) the applicable Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 4.10;
- (B) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or (in either case) Adjustment Spread; and
- (C) certifying that the Issuer has duly consulted with an Independent Adviser with respect to each of the matters above.

The Trustee shall be entitled to rely on such certificate (without inquiry and without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and (in either case) the Adjustment Spread and the Benchmark Amendments (if any)

specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and (in either case) the Adjustment Spread and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Agent Bank, the Principal Paying Agent, the Paying Agents and the Noteholders and Couponholders.

Without prejudice to the obligations of the Issuer under this Condition 4.10, the Original Reference Rate and the fallback provisions provided for in Condition 4.5 will continue to apply unless and until Agent Bank has been notified of the Successor Rate or the Alternative Rate (as the case may be), the applicable Adjustment Spread and Benchmark Amendments (if applicable), in accordance with Condition 4.10(vi).

For the purposes of this Condition 4.10:

Adjustment Spread means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser acting in good faith and in a commercially reasonable manner determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) (if no such recommendation or option has been made (or made available), or in the case of an Alternative Rate) the Independent Adviser acting in good faith and in a commercially reasonable manner determines is recognised or acknowledged as being in customary usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (c) (if no such customary market usage is recognised or acknowledged) the Independent Adviser acting in good faith and in a commercially reasonable manner determines to be appropriate;

Alternative Rate means an alternative to the Original Reference Rate which the Independent Adviser acting in good faith and in a commercially reasonable manner determines in accordance with Condition 4.10(ii) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same reset period in the same Specified Currency as the Subordinated Notes or, if the Independent Adviser determines there is no such rate, such other rate as the Independent Adviser acting in good faith and in a commercially reasonable manner determines is most comparable to the Original Reference Rate;

Benchmark Amendments has the meaning given to it in Condition 4.10(v);

Benchmark Event means:

- (a) the Original Reference Rate ceasing to be published for a period of at least five Business Days or ceasing to exist;

- (b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to the date specified in (b)(i);
- (c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

Independent Adviser means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the Issuer at its own expense and approved in writing by the Trustee. For the avoidance of doubt, an Independent Adviser appointed pursuant to this Condition 4.10 shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Paying Agents, the Agent Bank, the Noteholders or the Couponholders for any determination made by it pursuant to this Condition 4.10;

5. OPTIONAL INTEREST DEFERRAL

5.1 Deferral of Payments

The Issuer may, at its sole discretion, elect to defer any Interest Payment (a **Deferred Interest Payment**), in whole but not in part, which is otherwise scheduled to be paid on an Interest Payment Date by giving notice (a **Deferral Notice**) of such election to the Noteholders in accordance with Condition 18 (Notices), the Trustee, the Registrar and the Paying Agents not more than 14 nor fewer than seven Business Days prior to the relevant Interest Payment Date.

Subject to Condition 5.2 (Mandatory Settlement of Arrears of Interest), if the Issuer elects to so defer any Interest Payment on an Interest Payment Date, then it will not have any obligation to pay such interest on the relevant Interest Payment Date and any such non-payment of interest will not constitute an Enforcement Event (as defined in Condition 11 (Enforcement Event)) or any other breach of its obligations under the Subordinated Notes or for any other purpose.

Arrears of Interest (as defined below) may be satisfied at the option of the Issuer in whole but not in part at any time (the **Optional Deferred Interest Settlement Date**) following delivery of a notice to such effect given by the Issuer to the Noteholders in accordance with Condition 18 (Notices), the Trustee, the Registrar and the Paying Agents not more than 14 nor fewer than seven Business Days prior to the relevant Optional Deferred Interest Settlement Date informing them of its election to so satisfy such Arrears of Interest and specifying the relevant Optional Deferred Interest Settlement Date.

Any Deferred Interest Payment shall itself bear interest (such further interest together with the Deferred Interest Payment, being **Arrears of Interest**), at the Rate of Interest prevailing from time to time, from (and including) the date on which (but for such deferral) the Deferred Interest Payment would otherwise have been due to be made to (but excluding) the relevant Optional Deferred Interest Settlement Date or, as appropriate, such other date on which such Deferred Interest Payment is paid in accordance with Condition 5.2 (Mandatory Settlement of Arrears of Interest), in each case such further interest being compounded on each Interest Payment Date on which such interest remains unpaid.

The deferral of interest on any Interest Payment Date or the non-payment of Arrears of Interest shall not constitute a default by the Issuer under the Subordinated Notes or for any other purpose, unless such payment is required in accordance with Condition 5.2 (Mandatory Settlement of Arrears of Interest). For the avoidance of doubt, payment of Arrears of Interest shall not be required other than in accordance with Condition 5.2 (Mandatory Settlement of Arrears of Interest).

5.2 Mandatory Settlement of Arrears of Interest

Notwithstanding the provisions of Condition 5.1 (Deferral of Payments) relating to the ability of the Issuer to defer Interest Payments, the Issuer shall pay any outstanding Arrears of Interest, in whole but not in part, on the first occurring Mandatory Settlement Date following the Interest Payment Date on which a Deferred Interest Payment first arose.

Notice of the occurrence of any Mandatory Settlement Date shall be given to the Noteholders in accordance with Condition 18 (Notices), the Trustee, the Registrar and the Paying Agents not

more than 14 and no fewer than seven Business Days prior to the relevant Mandatory Settlement Date.

This Condition 6.6 shall not apply if the Subordinated Notes are treated as equity for Luxembourg tax purposes from the Issue Date and are not subsequently re-classified as debt, save that if (i) the

Subordinated Notes are re-classified as debt for Luxembourg tax purposes, this Condition 6.6 shall apply from the date of such re-classification, and (ii) the Subordinated Notes are treated as equity and there is a Tax Law Change resulting in an increase in Additional Amounts payable by the Issuer, this Condition 6.6 shall apply.

If, immediately prior to the giving of the notice referred to below, a Withholding Tax Event has occurred, then the Issuer may, subject to having given not fewer than 30 nor more than 60 days' notice to the Trustee, the Registrar, the Principal Paying Agent and, in accordance with Condition 18 (Notices), the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption) and subject to Condition 8 (Preconditions to Special Event Redemption, Change of Control Event Redemption, Substitution and Variation), redeem in accordance with these Conditions all, but not some only, of the Subordinated Notes at any time at their principal amount, together with any accrued and unpaid interest up to (but excluding) the redemption date and any outstanding Arrears of Interest. Upon the expiry of such notice, the Issuer shall redeem the Subordinated Notes.

If applicable, the Issuer may elect to include a statement of intention in the applicable Final Terms with respect to launching a tender offer for all of its outstanding unsubordinated debt securities that do not contain a contractual right of the holders of such debt securities for such securities to be redeemed or repurchased as a result of the events giving rise to the Change of Control Event.

7. SUBSTITUTION OR VARIATION

If an Accounting Event, a Capital Event, a Tax Deduction Event (subject to any such event being specified as applicable in the applicable Final Terms) or a Withholding Tax Event (each a **Substitution or Variation Event**) has occurred and is continuing, then the Issuer may, subject to Condition 8 (Preconditions to Special Event Redemption, Change of Control Event Redemption, Substitution and Variation) (without any requirement for the consent or approval of the Noteholders or Couponholders) and subject to its having satisfied the Trustee immediately prior to the giving of any notice referred to herein that the provisions of this Condition 7 have been complied with, and having given not fewer than 30 nor more than 60 days' notice to the Trustee, the Registrar, the Principal Paying Agent and, in accordance with Condition 18 (Notices), the Noteholders (which notice shall be irrevocable), at any time either:

- (a) substitute all, but not some only, of the Subordinated Notes for Qualifying Subordinated Notes; or
- (b) vary the terms of the Subordinated Notes with the effect that they remain or become (as the case may be), Qualifying Subordinated Notes,

and the Trustee shall (subject to the following provisions of this Condition 7 and subject to the receipt by it of the certificate of two Authorised Signatories of the Issuer referred to in Condition 8 (Preconditions to Special Event Redemption, Change of Control Event Redemption, Substitution and Variation)) agree to such substitution or variation.

Upon expiry of such notice, the Issuer shall either vary the terms of or, as the case may be, substitute the Subordinated Notes in accordance with this Condition 7.

The Trustee shall, at the expense of the Issuer, use reasonable endeavours to assist the Issuer in the substitution of the Subordinated Notes for, or the variation of the terms of the Subordinated Notes so that they remain, or as appropriate, become, Qualifying Subordinated Notes, provided that the Trustee shall not be obliged to participate in, or assist with, any such substitution or variation if the terms of the proposed Qualifying Subordinated Notes or the participation in or assistance with such substitution or variation would impose, in the Trustee's opinion, more onerous obligations upon it or expose it to liabilities or reduce its protections. If the Trustee does not participate or assist as provided above, the Issuer may redeem the Subordinated Notes as provided in Condition 6 (Redemption).

In connection with any substitution or variation in accordance with this Condition 7, the Issuer shall comply with the rules of any stock exchange on which the Subordinated Notes are for the time being listed or admitted to trading.

Any such substitution or variation in accordance with the foregoing provisions following a Substitution or Variation Event shall only be permitted if it does not give rise to any other Substitution or Variation Event with respect to the Qualifying Subordinated Notes.

Any such substitution or variation in accordance with the foregoing provisions following a Substitution or Variation Event shall only be permitted if it does not result in the Qualifying Subordinated Notes no longer being eligible for the same, or a higher amount of, "equity credit" (or such other nomenclature that the Capital Rating Agency may then use to describe the degree to which an instrument exhibits the characteristics of an ordinary share) as is attributed to the Subordinated Notes on the date notice is given to Noteholders of the substitution or variation.

In these Conditions:

Qualifying Subordinated Notes means subordinated notes that:

- (a) are issued by the Issuer or any wholly-owned direct or indirect finance subsidiary of the Issuer with a guarantee of such obligations by the Issuer;
- (b) rank and (save in the case of a direct issue by the Issuer) benefit from a guarantee that ranks in relation to the obligations of the Issuer under such subordinated notes and/or such guarantee (as the case may be), equally with the Subordinated Notes and *pari passu* in a winding-up or liquidation of the Issuer with any Parity Obligations;
- (c) contain terms not materially less favourable to Noteholders than the terms of the Subordinated Notes (as reasonably determined by the Issuer) and which:
 - (i) provide for the same Rate of Interest from time to time as applied to the Subordinated Notes immediately prior to such substitution or variation and preserve the same Interest Payment Dates;
 - (ii) preserve the obligations (including the obligations arising from the exercise of any right) of the Issuer as to principal and as to redemption of the Subordinated Notes, including (without limitation) as to timing of, and amounts payable upon, such redemption;
 - (iii) preserve any existing rights under these Conditions to any accrued interest, any Deferred Interest Payments, any Arrears of Interest and any other amounts payable under the Subordinated Notes which, in each case, has accrued to Noteholders and not been paid;
 - (iv) do not provide for the mandatory deferral or cancellation of payments of interest and/or principal;
 - (v) do not provide for loss absorption through principal write down or conversion to ordinary shares; and
 - (vi) may include a feature which contains a term for the mandatory repayment of such subordinated notes on a specified date which shall not be earlier than the date on which the next Call Date would have fallen under the Subordinated Notes (and the inclusion of such feature shall be deemed not to be materially less favourable to Noteholders as compared with the terms of the Subordinated Notes);
- (d) are (i) listed on the official list of Euronext Dublin and admitted to trading on its regulated market or (ii) listed on such other internationally recognised exchange platform in an OECD country as is selected by the Issuer and approved by the Trustee; and
- (e) will, immediately after such substitution or variation, be assigned at least the same credit rating(s) by the same Rating Agencies as may have been assigned to the Subordinated Notes at the invitation of the Issuer immediately prior to such substitution or variation.

8. PRECONDITIONS TO SPECIAL EVENT REDEMPTION, CHANGE OF CONTROL EVENT REDEMPTION, SUBSTITUTION AND VARIATION

Prior to the publication of any notice of redemption pursuant to Condition 6 (Redemption) (other than redemption pursuant to Condition 6.2 (Issuer's Call Option)) or any notice of substitution or variation pursuant to Condition 7 (Substitution or Variation), the Issuer shall deliver to the Trustee:

- (a) a certificate signed by two Authorised Signatories of the Issuer stating that the relevant requirement or circumstance giving rise to the right to redeem, substitute or vary (as the

case may be) is satisfied, and where the relevant Special Event requires measures reasonably available to the Issuer to be taken, the relevant Special Event cannot be avoided by the Issuer taking such measures. In relation to a substitution or variation pursuant to Condition 7 (Substitution or Variation), such certificate shall also include further certifications that the criteria specified in paragraphs (a) to (e) of the definition of Qualifying Subordinated Notes will be satisfied by the Qualifying Subordinated Notes upon issue and that such determinations were reached by the Issuer in consultation with an independent investment bank of international repute, an independent financial adviser with appropriate expertise or independent counsel of recognised standing;

- (b) in the case of a Tax Deduction Event and a Withholding Tax Event only, an opinion (addressed to the Trustee) of independent legal advisers of recognised standing to the effect that Condition 6.3 or 6.6, as the case may be, apply and a Tax Deduction Event or a Withholding Tax Event, as the case may be, has occurred;
- (c) in the case of an Accounting Event only, a copy of a letter or report from a recognised international accounting firm confirming that an Accounting Event has occurred;
- (d) in the case of a substitution or variation pursuant to Condition 7 (Substitution or Variation) only, an opinion from independent legal advisers of recognised standing confirming:
 - (i) that the Issuer has capacity to assume all rights and obligations under the Qualifying Subordinated Notes and has obtained all necessary corporate or governmental authorisation to assume all such rights and obligations (either as primary debtor or as a guarantor of a wholly-owned direct or indirect finance subsidiary of the Issuer that assumes the role of primary debtor in respect of the Qualifying Subordinated Notes) and, in the case of a wholly-owned direct or indirect finance subsidiary of the Issuer that assumes the role of primary debtor in respect of the Qualifying Subordinated Notes, that such finance subsidiary has capacity to assume all rights and obligations under the Qualifying Subordinated Notes and has obtained all necessary corporate or governmental authorisation to assume all such rights and obligations; and
 - (ii) the legality, validity and enforceability of the Qualifying Subordinated Notes,

and the Trustee may rely absolutely upon and shall be entitled to accept such certificate and any such opinions without any liability to any person for so doing and without any further inquiry as sufficient evidence of the satisfaction of the conditions precedent set out in such paragraphs in which event it shall be conclusive and binding on the Noteholders.

Any redemption of the Subordinated Notes in accordance with Conditions 6.2 (Issuer's Call Option), 6.3 (Redemption upon a Tax Deduction Event), 6.4 (Redemption upon a Capital Event), 6.5 (Redemption upon an Accounting Event), 6.6 (Redemption upon a Withholding Tax Event), 6.7 (Redemption upon a Substantial Repurchase Event), 6.8 (Redemption for Change of Control Event) shall be conditional on all outstanding Arrears of Interest being paid in full in accordance with the provisions of Condition 5 (Optional Interest Deferral) on or prior to the date thereof, together with any accrued and unpaid interest up to (but excluding) such redemption, substitution or, as the case may be, variation date.

The Trustee is under no obligation to ascertain whether any Special Event or Change of Control Event or Change of Control or any event which could lead to the occurrence of, or could constitute, any such Special Event, Change of Control Event or Change of Control, has occurred and, until it shall have actual knowledge or express notice pursuant to the Trust Deed to the

contrary, the Trustee may assume that no such Special Event, Change of Control Event or Change of Control or such other event has occurred.

9. PURCHASES AND CANCELLATION

9.1 Purchases

The Issuer and any of its Subsidiaries may at any time purchase or procure others to purchase beneficially for its account Subordinated Notes (provided that, in the case of definitive Bearer Subordinated Notes, all matured Coupons and Talons appertaining thereto are purchased therewith) in any manner and at any price.

9.2 Cancellation

All Subordinated Notes redeemed or substituted by the Issuer pursuant to Condition 6 (Redemption) or 7 (Substitution or Variation), in each case, together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith at the time of redemption, will forthwith be cancelled. Subordinated Notes so surrendered shall be cancelled forthwith. Any Subordinated Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Subordinated Notes shall be discharged.

10.1 Method of payment

Subject as provided below:

- (b) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Without prejudice to the terms of Condition 12 (Taxation), all payments in respect of principal, premium and interest on the Subordinated Notes will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 12 (Taxation) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders by the Registrar in respect of any payments of principal, premium or interest in respect of Registered Subordinated Notes.

10.2 Presentation of definitive Bearer Subordinated Notes and Coupons

Payments of principal and premium in respect of definitive Bearer Subordinated Notes will (subject as provided below) be made in the manner provided in Condition 10.1 (Method of payment) above only against presentation and surrender of definitive Bearer Subordinated Notes, and payments of interest in respect of definitive Bearer Subordinated Notes will (subject as

provided below) be made as aforesaid only against presentation and surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Subordinated Notes in definitive bearer form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), and all unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

Upon any Subordinated Note in definitive bearer form becoming due and repayable on the due date for redemption of which notice hereunder may be given, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet (to include another Talon for a further Coupon sheet, if appropriate) (but excluding any Coupons that may have become void pursuant to Condition 13 (Prescription)).

If the due date for redemption of which notice hereunder may be given of any definitive Bearer Subordinated Note is not an Interest Payment Date, interest (if any) accrued in respect of such Subordinated Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Subordinated Note.

10.3 Payments in respect of Bearer Global Subordinated Notes

Payments of principal, premium and interest (if any) in respect of Subordinated Notes represented by any Global Subordinated Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Subordinated Notes or otherwise in the manner specified in the relevant Global Subordinated Note, where applicable against presentation or surrender, as the case may be, of such Global Subordinated Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Subordinated Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

10.4 Payments in respect of Registered Subordinated Notes

Payments of principal and premium in respect of each Registered Subordinated Note (whether or not in global form) will be made against presentation and surrender of the Registered Subordinated Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Subordinated Note appearing in the register of holders of the Registered Subordinated Notes maintained by the Registrar (the **Register**) (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. For these purposes, **Designated Account** means the account maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the

Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest (including, for the avoidance of doubt Arrears of Interest) in respect of each Registered Subordinated Note (whether or not in global form) will be made by transfer on the due date to the Designated Account of the holder (or the first named of joint holders) of the Registered Subordinated Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**). Payment of the interest due in respect of each Registered Subordinated Note on redemption will be made in the same manner as payment of the principal amount of such Registered Subordinated Note.

No commissions or expenses shall be charged to the holders by the Registrar in respect of any payments of principal, premium or interest in respect of Registered Subordinated Notes.

None of the Issuer, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Subordinated Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

10.5 General provisions applicable to payments

The holder of a Global Subordinated Note shall be the only person entitled to receive payments in respect of Subordinated Notes represented by such Global Subordinated Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Subordinated Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Subordinated Notes represented by such Global Subordinated Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Subordinated Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal, premium and/or interest in respect of Bearer Subordinated Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Subordinated Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Subordinated Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

10.6 Payment Day

If the date for payment of any amount in respect of any Subordinated Note or Coupon is not a Payment Day, the Noteholder thereof shall not be entitled to payment until the next following

Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 13 (Prescription)) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):

11. ENFORCEMENT EVENT

11.1 Proceedings

If a default is made by the Issuer for a period of 7 days or more in the payment of principal or 14 days or more in the payment of interest, in each case in respect of the Subordinated Notes and which is due (an **Enforcement Event**), then the Issuer shall without notice from the Trustee be deemed to be in default under the Trust Deed, the Subordinated Notes and the Coupons and the Trustee at its sole discretion may, and if so requested in writing by the Noteholders of at least one-fifth in principal amount of the Subordinated Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject to Condition 11.3 (Entitlement of the Trustee)), institute proceedings for the winding-up of the Issuer.

Subject to the next paragraph, in the event of a winding-up of the Issuer, (whether instituted by the Trustee as aforesaid or otherwise), the Undated Subordinated Notes will become immediately due and payable at their principal amount together with all accrued and unpaid interest in respect thereof, and the Trustee may, and if so requested in writing by the holders of at least one-fifth in principal amount of the Subordinated Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject to Condition 11.3 (Entitlement of the Trustee)), prove and/or claim in such winding-up in respect of the Subordinated Notes, such claim being for such amount, and being subordinated in such manner, as is provided under Condition 3 (Subordination).

A **winding-up** includes, without limitation, any procedure or proceeding in relation to an entity becoming bankrupt (*faillite*), insolvency, voluntary or judicial liquidation, composition with creditors (*concordat préventif de faillite*), moratorium or reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), general settlement with creditors, reorganisation or any other similar proceedings affecting the rights of creditors generally under Luxembourg law, and shall be construed so as to include any equivalent or analogous liquidation or reorganisation proceedings.

11.2 Enforcement

The Trustee may at its discretion (subject to Condition 11.3 (Entitlement of the Trustee)) and without further notice institute such proceedings or take such steps or actions against the Issuer as it may think fit to enforce any term or condition binding on the Issuer under the Trust Deed, the Subordinated Notes or the Coupons but in no event shall the Issuer, by virtue of the institution of any such proceedings, steps or actions, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

11.3 Entitlement of the Trustee

The Trustee shall not be bound to take any of the actions referred to in Condition 11.1 (Proceedings) or 11.2 (Enforcement) above to enforce the terms of the Trust Deed, the Subordinated Notes or any other action or step under or pursuant to the Trust Deed or the Subordinated Notes unless (i) it shall have been so requested by an Extraordinary Resolution of the Noteholders or in writing by the holders of at least one-fifth in principal amount of the Subordinated Notes then outstanding and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

11.4 Right of Noteholders

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, (i) fails so to do within 60 days, or (ii) is unable for any reason to do so, and the failure or inability shall be continuing.

11.5 Extent of Noteholders' remedy

No remedy against the Issuer, other than as referred to in this Condition 11 shall be available to the Trustee, the Noteholders or the Couponholders, whether for the recovery of amounts owing in respect of the Subordinated Notes, the Coupons or under the Trust Deed or in respect of any other breach by the Issuer of any of its other obligations under or in respect of the Subordinated Notes, the Coupons or under the Trust Deed.

Nothing in this Condition 11 shall affect or prejudice the payment of the costs, charges, expenses, liabilities or remuneration of the Trustee or Agents or the rights and remedies of the Trustee or the Agents in respect thereof.

12. TAXATION

All payments of principal, premium and interest in respect of the Subordinated Notes and Coupons by or on behalf of the Issuer in respect of the Subordinated Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (**Taxes**) imposed, levied, collected, withheld or assessed by or on behalf of any Relevant Tax Jurisdiction, unless such withholding or deduction of such Taxes is required by law. In such event, the Issuer will pay such additional amounts (**Additional Amounts**) as shall be necessary in order that the net amounts received by the Noteholders or the Couponholders after such withholding or deduction shall equal the respective amounts of principal, premium and interest which would otherwise have been receivable in respect of the Subordinated Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that, only in the case of Subordinated Notes that are treated as debt for Luxembourg tax purposes, no such Additional Amounts shall be payable with respect to any Subordinated Note or Coupon:

- (a) the Noteholder of which is liable for such Taxes in respect of such Subordinated Note or Coupon by reason of his having some connection with a Relevant Tax Jurisdiction other than the mere holding of such Subordinated Note or Coupon;
- (b) presented for payment in Luxembourg; or
- (c) presented for payment more than 30 days after the Relevant Date except to the extent that the Noteholder thereof would have been entitled to such Additional Amount on presenting such Subordinated Note or Coupon for payment on such thirtieth day assuming that day to have been a Payment Day as defined in Condition 10.6 (Payment Day).

13. PRESCRIPTION

The Subordinated Notes (whether in bearer or registered form) and Coupons will become void unless claims in respect of principal, premium and/or interest are made within a period of 10 years (in the case of principal and premium) and five years (in the case of interest) after the Relevant Date (as defined in Condition 23 (Definitions) therefor).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 10.2 (Presentation of definitive Bearer Subordinated Notes and Coupons) or any Talon which would be void pursuant to Condition 10.2 (Presentation of definitive Bearer Subordinated Notes and Coupons).

The Luxembourg act dated 3 September 1996 on the involuntary dispossession of bearer securities, as amended (the **Involuntary Dispossession Act 1996**) requires that any amount that is payable under the Definitive Bearer Subordinated Notes and Coupons before opposition to such payment under the Subordinated Notes and Coupons that has been filed (by the relevant holder) but not yet been paid to the holder of these Definitive Bearer Subordinated Notes and Coupons is paid to the Caisse de Consignations in Luxembourg until the opposition to such payment under the Definitive Bearer Subordinated Notes and Coupons has been withdrawn or elapsed.

14. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

14.1 Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Subordinated Notes and the Coupons or any of the provisions of the Trust

Deed and/or Agency Agreement. Such a meeting may be convened by the Issuer or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than five per cent. in principal amount of the Subordinated Notes for the time being remaining outstanding.

The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in principal amount of the Subordinated Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the principal amount of the Subordinated Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Subordinated Notes or the Coupons or the Trust Deed (including modifying any redemption date of the Subordinated Notes, reducing or cancelling the nominal amount payable upon redemption, reducing or cancelling the amount payable or modifying any date for payment of interest or the method of calculating the rate thereon and altering the currency of payment of the Subordinated Notes or the Coupons in certain respects), the quorum shall be one or more persons holding or representing not less than two-thirds in principal amount of the Subordinated Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in principal amount of the Subordinated Notes for the time being outstanding.

The Trust Deed provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed by a majority consisting of not less than three-fourths of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the Noteholders of not less than three-fourths in principal amount of the Subordinated Notes for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the Noteholders of not less than three-fourths in principal amount of the Subordinated Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. A resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders. An Extraordinary Resolution passed by the Noteholders will be binding on all the Noteholders, whether or not they are present at any meeting and whether or not they voted on the resolution, and on all Couponholders.

The agreement or approval of the Noteholders shall not be required in the case of any variation of the Subordinated Notes, the Coupons or the Trust Deed which is required to be made in the circumstances described in Condition 7 (Substitution or Variation) in connection with the substitution or variation of the terms of the Subordinated Notes so that they become Qualifying Subordinated Notes under Condition 7 (Substitution or Variation).

14.2 Modification and Waiver

The Trustee may agree, without the consent of the Noteholders or Couponholders, to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Subordinated Notes or the Trust Deed where it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error. In addition, the Trustee shall be obliged to effect such modifications to these Conditions, the Trust Deed and the Agency Agreement as may be required in order to give effect to Condition 4.10 (*Benchmark Event*) in connection with effecting any Successor Rate, Alternative Rate, Adjustment Spread or any other related changes referred to in Condition 4.10 (*Benchmark Event*) subject to the provisions thereof, without the requirement for the consent or sanction of the Noteholders or Couponholders. Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 18 (Notices) as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination or substitution pursuant to Condition 15 (Substitution of the Issuer)), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders, except to the extent already provided for in Condition 12 (Taxation) and/or any undertaking or covenant given in addition to, or in substitution for Condition 12 (Taxation), pursuant to the Trust Deed.

15. SUBSTITUTION OF THE ISSUER

The Trust Deed contains provisions under which a legal entity:

- (a) formed by any consolidation or merger of the Issuer with or into any other corporation or corporations (whether or not affiliated with the Issuer), or successive consolidations or mergers into which the Issuer or its successor or successors shall have been merged or consolidated; or
- (b) to which the Issuer has sold, conveyed or leased all or substantially all of the property of the Issuer (whether or not affiliated with the Issuer),

(any such legal entity, a **Substituted Obligor**) may, without the consent of the Noteholders or Couponholders assume the obligations of the Issuer on a subordinated basis equivalent to that referred to in Conditions 2.4 (Status of the Subordinated Notes) and 3 (Subordination) in place of the Issuer (or of any previous substitute under this Condition 15) as principal debtor under the Trust Deed, the Subordinated Notes and the Coupons *provided that*:

- (i) the Substituted Obligor takes direct or indirect ownership of at least 80 per cent. of Consolidated Adjusted Total Assets;
- (ii) the Substituted Obligor is a legal entity incorporated in a Member State of the European Economic Area;
- (iii) the Trustee is satisfied that the relevant transaction is not materially prejudicial to the interests of the Noteholders; and
- (iv) certain further conditions specified in the Trust Deed are fulfilled.

No Noteholder shall, in connection with any substitution, be entitled to claim any indemnification or payment in respect of any tax consequence thereof for such Noteholder, except to the extent provided for in Condition 13 (Prescription) (or any undertaking given in addition to or substitution for it pursuant to the provisions of the Trust Deed).

16. REPLACEMENT OF SUBORDINATED NOTES, COUPONS AND TALONS

Should any Subordinated Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations or other relevant regulatory authority regulations, at the specified office of the Principal Paying Agent (in the case of Bearer Subordinated Notes or Coupons) or the Registrar (in the case of Registered Subordinated Notes) or such other Paying Agent as may from time to time be designated by the Issuer for that purpose

and notice of whose designation is given to Noteholders, in each case upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Subordinated Notes, Coupons or Talons must be surrendered before replacements will be issued.

The replacement of Subordinated Notes, Talons and Coupons in bearer form in the case of loss or theft is subject to the procedure of the Involuntary Dispossession Act 1996, which provides that the person who lost bearer Subordinated Notes may, subject to certain conditions, request the issuer of the Subordinated Notes to deliver new Subordinated Notes, Talons and Coupons.

17. INDEMNIFICATION OF THE TRUSTEE AND TRUSTEE CONTRACTING WITH THE ISSUER

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer or any of its Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer or any of its Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

18. NOTICES

All notices regarding the Bearer Subordinated Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the Financial Times in London. All notices regarding the Registered Subordinated Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Subordinated Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive Subordinated Notes are issued, there may, so long as any Global Subordinated Notes representing the Subordinated Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites or such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Subordinated Notes and, in addition, for so long as any Subordinated Notes are listed on a stock exchange or

are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Subordinated Notes on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Subordinated Note in definitive form) with the relative Subordinated Note or Subordinated Notes, with the Principal Paying Agent (in the case of Bearer Subordinated Notes) or the Registrar (in the case of Registered Subordinated Notes). Whilst any of the Subordinated Notes are represented by a Global Subordinated Note, such notice may be given by any holder of a Subordinated Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

19. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further subordinated notes ranking *pari passu*, and having terms and conditions the same as the Subordinated Notes, in all respects (or in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue) and so that the same shall be consolidated and form a single Series with the outstanding Subordinated Notes.

20. AGENTS

The initial Agents are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer is entitled, without the prior written approval of the Trustee, to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (c) there will at all times be a Paying Agent in a jurisdiction within Europe, other than the jurisdiction in which the Issuer is incorporated; and
- (d) whenever a function expressed in these Conditions to be performed by the Agent Bank or by the Reference Banks fails to be performed, the Issuer will appoint and (for so long as such function is required to be performed) there will at all times be an Agent Bank and/or, as appropriate, Reference Banks.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 10.5 (General provisions applicable to payments).

Notice of any variation, termination, appointment or change in the specified offices of the Trustee, the Registrar or any of the Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 18 (Notices). If any of the Registrar, the Agent Bank or the Principal Paying Agent is unable or unwilling to act as such or if it fails to make a determination or calculation or otherwise fails to perform its duties under these Conditions or the Agency Agreement (as the case may be), the Issuer shall appoint, an independent financial institution to act as such in its place. All calculations and determinations made by the Agent Bank or the Principal Paying Agent in relation to the Subordinated Notes shall (save in the case of manifest error) be final and binding on the Issuer, the Trustee, the other Agents and the Noteholders.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder or Couponholder. 21.1 Governing law

The Trust Deed, the Agency Agreement, the Subordinated Notes and the Coupons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Agency Agreement, the Subordinated Notes and the Coupons are governed by, and construed in accordance with English law save for the provisions contained in Condition 3 (Subordination) which shall, subject to the provisions of Condition 15 (Substitution of the Issuer), be governed by Luxembourg law. For the avoidance of doubt, the provisions of articles 470-1 to 470-19 of the Luxembourg Companies' Act 1915 are excluded.

21.2 Submission to jurisdiction

- (a) Subject to Condition 21.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Trust Deed, the Subordinated Notes and/or the Coupons including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Subordinated Notes and/or the Coupons (a Dispute) and accordingly, each of the Issuer and the Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.
- (b) For the purposes of this Condition, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (c) To the extent allowed by law, the Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

21.3 Appointment of Process Agent

The Issuer irrevocably appoints Law Debenture Corporate Services Limited at Fifth Floor, 100 Wood Street, London EC2V 7EX as its agent for service of process in any proceedings before the English courts in relation to any Dispute and agrees that, in the event of Law Debenture Corporate Services Limited being unable or unwilling for any reason so to act, it will immediately appoint another person approved by the Trustee as its agent for service of process in England in respect

of any Dispute. The Issuer agrees that failure by a process agent to notify it of any process will not invalidate service. Nothing herein shall affect the right to serve process in any other manner permitted by law.

21.4 Other documents

The Issuer has in the Trust Deed and the Agency Agreement submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

22. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

MARKET OVERVIEW

The Group is a leading long-term investor in income-generating real estate, predominantly in the Czech Republic and Berlin. The Group's four key segments are the Czech Republic, Berlin, Hotels and Resorts and the Complementary Assets Portfolio. While the largest sectors of the Group are office space and retail, the Group also has hotels, residential, agricultural, industrial and logistics properties and holds a land bank primarily in the Czech Republic, of which the largest segment is in Prague. Approximately 73 per cent. of the Group's properties are located in the Czech Republic and Berlin, with the remaining properties in Poland, Hungary, Croatia, the UK, France and Slovakia and to a lesser extent Switzerland, Italy, Romania and Russia. The Group has an asset management team which actively manages the portfolio to improve occupancy rates, and tenant mix.

Below is an overview of the real estate market in these key segments.

The Czech Republic

Retail

As of 31 December 2019, the Group's total retail GLA in the Czech Republic totalled 636,000 sqm, of which (i) shopping centres and (ii) retail parks and warehouses occupied approximately 54 per cent. and 36 per cent., respectively.

Despite the continued growth of e-commerce, the Czech Republic prime rents continued to increase in shopping centres (at an increase of 3.4 per cent. year-on-year) in excess of the high street (at an increase of 2.2 per cent. year-on-year). Shopping centre prime yields increased slightly to around 5.0 per cent. in Prague, while prime high street yields remain around 4.0 per cent., albeit having widened by a greater margin than shopping centres prime yields since 2018. Prime retail locations continued to attract new tenants in all segments of the market (sources: *Cushman & Wakefield, CBRE, Savills*). Furthermore, the retail market in the Czech Republic has been performing well due to strong economic fundamentals, including the lowest unemployment rate among EU Member States, stable GDP growth and rising wages stimulating household spending (source: Eurostat).

Turnover in the Group's shopping centres increased by 8.8 per cent. in 2019, with significant increases in turnover of recently refurbished shopping centres, such as at the IGY Centre (57 per cent.) following its extensive redevelopment that was completed in 2018. Retail occupancy increased to 96.9 per cent. as at 31 December 2019 compared to 93.6 per cent. as at 31 December 2018. This increase was largely driven by the Group's shopping centre portfolio, where occupancy rose by 4.6 per cent. to 97.2 per cent. as at 31 December 2019, owing to strong leasing activity as a record number of retailers extended leases or entered into new contracts. However, there has been a decrease in Net Rental Income to EUR 95 million as at 31 December 2019, from EUR 98 million as at 31 December 2018, due to the impact of asset sales at the end of 2018, together with higher refurbishment and fit-out costs in 2019.

As at 31 December 2019, the value of the Group's retail portfolio in the Czech Republic increased by 3.1 per cent. to EUR 1,633 million (compared to EUR 1,584 million as at 31 December 2018), as the Group focused the portfolio on the best-performing locations and asset types.

Office

The Group's office portfolio in the Czech Republic is primarily located in Prague, followed by Brno. Brno is known as the research and development centre of the Czech Republic, and has the second largest office market in the country. Management believes the office rental market in the Czech Republic has benefited from continued demand from multinational companies seeking headquarters in the CEE region, as well as positive economic conditions and relatively low supply in the market. The valuation of the Group's office portfolio in the Czech Republic increased by 7.7 per cent. in 2019 to EUR 814 million as at 31 December 2019. The majority of the increase was driven by positive revaluations in Prague as well as the completion of Mayhouse, a newly developed office in Prague 4.

Occupancy in the office portfolio declined slightly to 94.5 per cent. as at 31 December 2019, from 96.8

per cent. as at 31 December 2018. The decrease is primarily due to temporary vacancy in the recently completed development of Mayhouse, as well as tenant rotation in Marisa West. With the exception of these, the Group's office vacancy rate in Prague was lower, at 3.2 per cent as at 31 December 2019. Continuing significant new supply and lower leasing activity has resulted in a slight increase in the vacancy rate, which increased to 5.5 per cent. at the end of 2019, having been at 5.1 per cent. at the end of 2018. However, this remains low in a historical context given the consistent reduction in vacancy across Prague over previous years from relatively high levels. Despite pressures on vacancy rates, prime rents increased by 2.2 per cent. versus 2018, while positive pressure on valuations saw prime yields fall close to 4 per cent. for the first time (source: *Cushman & Wakefield, www.praguecitytourism.cz*).

In 2019, gross office take-up in Prague was close to 445,000 sqm, representing a decrease of 7 per cent. compared to 488,400 sqm in 2018. As at 31 December 2019, 247,000 sqm of office space was under construction.

As at 31 December 2019, net rental income generated from office buildings in the Czech Republic decreased slightly by 1.5 per cent. to EUR 42 million (compared to EUR 43 million as at 31 December 2018). Over 25 per cent. of office tenants were financial services companies, followed by energy companies which occupied 16 per cent. of the office buildings, calculated on the basis of headline rent.

Residential

The real estate price index has shown a sharp increase in prices in the residential real estate market since 2014, and the valuation of the Group's residential portfolio has increased to EUR 473 million as at 31 December 2019 (compared to EUR 452 million as at 31 December 2018).

Market rents have been consistently rising in Prague and major regional cities for a number of years, buoyed by economic factors such as very low unemployment, population growth, rising wages and solid inflation. Furthermore, the rental market has been supported by the increasing unaffordability of housing in the country, rising interest rates and mortgage lending restrictions imposed in late 2018.

The number of residential units owned by the Group decreased slightly to 11,882 in the year ended 31 December 2019, compared to 11,895 in the year ended 31 December 2018. The total number of rented units increased by 1.7 per cent. to 10,780, and occupancy rose to 90.7 per cent. for the year ended 31 December 2019, compared to 10,602 rented units and occupancy of 89.1 per cent. for the year ended 31 December 2018.

Development Properties

Overall development activity in the Czech Republic remained subdued given the challenges associated with obtaining building permits. The Group's development activities in the Czech Republic include both new developments and redevelopments of existing office and retail properties, in particular the Bubenská redevelopment in Prague, the Spektrum redevelopment in Čestlice and ZET.com office development in Brno. The property portfolio value for development properties increased to EUR 93 million as at 31 December 2019, compared to EUR 57 million as at 31 December 2018.

Land Bank

The Group's land bank is primarily located in Prague, which includes the 202,000 sqm Bubny site in central Prague. The total area of the Group's land bank increased in 2019 by 1,420,000 sqm to 20,916,000 sqm, the property portfolio value for land bank has increased by 13.8 per cent. to EUR 569 million as at 31 December 2019 compared to EUR 500 million as at 31 December 2018.

Berlin

According to Eurostat, German GDP increased by 0.6 per cent. in 2019, compared to 1.4 per cent. in 2018. Berlin continues to outperform the rest of Germany, in terms of GDP growth, achieving annual growth of 3.1 per cent. in 2018.

Net rental income for the Group's Berlin operations increased by 12 per cent. to EUR 71.5 million as at 31 December 2019 compared to EUR 64 million as at 31 December 2018, primarily due to like-for-like

growth in rents. Management expects this increasing trend to persist due to robust demand and a shortage of modern space, which is also reflected in the low market overall vacancy rate of 1.6 per cent. in 2019. The Group achieved record increases in rents in the Berlin office portfolio, benefiting from strong demand, increasing by 10 per cent. year-on-year.

As at 31 December 2019, occupancy in Berlin was at 93.4 per cent., compared to 95.6 per cent. as at 31 December 2018, due to upgrades made to vacant space, bringing occupancy down on a temporary basis. These investments are strategic and intended to improve the portfolio and future rent potential. Occupancy in terms of GLA actually increased by about 0.5 per cent. in 2019.

At 1,016,900 sqm of office take-up, rising by 17 per cent. from the previous year, 2019 set a record for the strongest year ever in Berlin. Prime rents in the city increased by 18 per cent. Office investment volume totaled almost EUR 9 billion, making Berlin the top market in Germany. Part of the driving force behind the trajectory of the Berlin market is the burgeoning growth of technology-focused start-ups. Despite only representing 4.4 per cent. of the German population and 4.3 per cent. of national GDP, close to 60 per cent. of all investment in German start-ups was invested in Berlin-based companies in 2019 (sources: *Cushman & Wakefield, EY: Start-up-Barometer Deutschland*).

The Group did not make any acquisitions in Berlin in 2019, and instead focused on investments in the existing portfolio, in particular the successful redevelopment of AQUA-Hofe in the second half of 2018, and the opening of The Briq in early September 2019. As at 31 December 2019, the total value of the Group's Berlin property portfolio was EUR 2,468 million compared to EUR 2,056 million as at 31 December 2018, an increase of 20.0 per cent. from 2018, reflecting the strength of the market.

Hotels and Resorts

Czech Republic and Prague

Prague continues to experience increasing tourist demand and is becoming one of the most popular destinations in Europe. In 2019, the number of visitors to Prague increased by 1.6 per cent. compared to 2018. The total increase in the Czech Republic was 4.1 per cent. The highest volume of foreign tourists came from Germany, Slovakia and Poland.

The value of the Group's hotels and resorts portfolio increased to EUR 0.9 billion at the end of 2019, from EUR 0.7 billion at the end of 2018, primarily due to the acquisition of two properties in the Czech Republic in the first half of the year (Quality Ostrava City and Holiday Inn Brno).

Croatia

The Croatian tourism market is rapidly growing as demand from Western European travellers continues to increase. Management believes that this trend will continue as tourist infrastructure develops. Croatia attracts luxury developers and high-end hotels due to its higher availability of prime sea side locations compared to other areas of the Mediterranean. In 2019, 19.57 million tourist arrivals and 91.24 million tourist nights were realised in commercial accommodation in Croatia, an increase of 4.8 per cent. and 1.8 per cent., respectively, compared to 2018.

Sunčani Hvar, the Group's resorts business in Croatia, is the leading owner of hotels on the island of Hvar. The year ended 31 December 2019 was Sunčani Hvar's best year to date, supported by a record pre-season, followed by the opening of Palace Elisabeth towards the end of the third quarter of 2019. The five largest resorts, which represent approximately 90 per cent. of Sunčani Hvar's revenues, all achieved average revenue growth close to 3 per cent.

Complementary Assets Portfolio

Overall portfolio value increased significantly to EUR 2.0 billion at the end of 2019 from EUR 1.3 billion in the prior year, primarily as a result of office acquisitions in Warsaw, Poland towards the end of 2019. In addition, the increase was also supported by completed developments and positive revaluations in Hungary, together with two acquisitions in London: 7 St James's Square and seven homes in West Village, Notting Hill. At the end of 2019, 77 per cent. of the Group's Complementary Assets portfolio was

comprised of its investments in Poland and Warsaw.

Poland

Office

In Warsaw, take-up of new office space in 2019 reached 880,000 sqm (an increase of 2.3 per cent. compared to 2018), and vacancy dropped to 7.8 per cent., the lowest level since 2012. Prime office rents in Warsaw have increased to a range of EUR 18-24 sqm/month. The volume of space under construction totalled 800,000 sqm, as of 31 December 2019, to be completed by 2022. The new supply in 2019 totalled 162,200 sqm across 17 projects. It was the lowest level of supply recorded in the last 10 years, exacerbating the supply shortage in the market (sources: *JLL, Colliers*).

In October 2019, the Group announced plans to acquire more than EUR 800 million of office properties in central Warsaw during the fourth quarter of 2019 and first quarter of 2020. In total during the final quarter of 2019, the Group acquired three properties in Warsaw for over EUR 560 million, significantly increasing the size of the portfolio, with a total GLA exceeding 156,000 sqm. As a result of these acquisitions, the office portfolio increased from EUR 146.5 million at the end of 2018 to EUR 712.7 million at the end of 2019. In the first quarter of 2020, the group had completed over EUR 740 million of the acquisition pipeline, with the purchase of four additional properties.

Occupancy decreased by 0.5 per cent. to 91.4 per cent. compared to 2018. This decrease was mainly due to temporary reductions in the existing portfolio – primarily a tenant departure from Prosta 69 and tenant rotations across other assets.

Retail

The development of the Polish retail market was driven primarily by high GDP growth, falling unemployment and rising private consumption. The vacancy ratio in shopping centres in the main markets remains low at around 4 per cent. In addition, the Polish market still attracts large international brands (source: *JLL*).

The Group's retail net rental income increased by 11 per cent. in 2019 to EUR 10.5 million due to the full-year contribution of rent from four retail parks acquired in April 2018.

The Group's retail occupancy increased by 0.7 per cent. to 96.8 per cent., compared to 2018. Despite the implementation of the Sunday trading ban in Poland, the Ogrody Shopping Centre, the only modern shopping centre in Elbląg, reported an increase of turnover of 3.2 per cent. compared to 2018, though footfall fell by 5.1 per cent. compared to 2018. Orkana, a shopping centre based in Lublin, showed a decline in total footfall of 2.2 per cent. compared to 2018, while tenant sales increased by 3.8 per cent. compared to 2018. Occupancy fell slightly to 92.0 per cent. due to the closure of the Tesco situated next to Orkana, but is expected to quickly reverse with the space due to be taken up by Kaufland. As in the Czech Republic, the Group is focused on regionally dominant shopping centres in Poland where the demand dynamics and lack of competing supply result in more favourable yields relative to prime.

Hungary

The value of the Hungary portfolio increased to EUR 607 million at the end of 2019 from EUR 549 million, primarily due to completed developments and positive revaluations. In April 2019, the Group completed the new E-F hall of Airport City Park, offering an additional 13,000 sqm of logistics and office space. Subsequently, in December 2019 tenants moved into Balance Hall, a 16,000 sqm ultra-modern and sustainable office property on the Váci Corridor. Overall occupancy of the portfolio decreased slightly to 94.5 per cent. at year-end 2019 from 97.3 per cent. This was skewed primarily by the temporarily elevated vacancy levels in Balance Hall at year-end.

In the office segment, all properties except for Balance Hall were either fully or close to fully occupied at the end of the year. Occupancy held firm across the retail segment, which were also nearly all either fully or close to fully occupied at the end of 2019.

Reported net rental income growth for the whole Hungarian portfolio was outstanding at a 15.3 per cent. increase for 2019. This was primarily driven by strong like-for-like growth in rents, mainly in the office segment, as well as the up-tick in occupancy across numerous assets.

In line with previous years' trends, domestic consumption growth remained robust leading to an expansion in retail trade by 6 per cent. in 2019. 11 new brands entered the Hungarian retail market in 2019. E-commerce retail, while growing rapidly, still remains below 6 per cent. of total retail, significantly less than other CEE countries. Vacancy rates continue to decline due to continued strong demand combined with little new retail supply. Only 10,700 sqm of new space was delivered in the year. Average prime rents fell slightly for shopping centres by 4 per cent. in Budapest to EUR 97/sqm owing to the unfavourable VAT environment, along with high labour costs, though the rental market remained robust (sources: *CBRE Research, KSH, GFK, Euromonitor*).

In 2019, the Budapest office market continued on the strong trajectory of previous years, given continued robust demand pressure was still met by rather modest new supply. As a consequence, the rent appreciation carried on as well. Pre-leasing activity in new developments continued to remain buoyant. Overall, 571,400 sqm was under construction as of January 2020, up by 18 per cent. from January 2019. At the end of 2019, the citywide average vacancy rate declined further to 5.6 per cent., hitting its lowest level on record. Average rents in Budapest continued to climb, reaching EUR 13/sqm per month from EUR 12.2/sqm per month at the beginning of the year (sources: *CBRE, BRF*).

Competitive Strengths

Management believes that the Group's key competitive strengths are its:

- ***Market leading position in the Czech Republic, Berlin and the CEE region, benefiting from scale and diversity of income.*** The Group is a leading long-term investor in income-generating real estate, predominantly in the Czech Republic and Berlin. Management believes the Group is the largest owner of income generating real estate in the CEE region, with a diversified portfolio worth in aggregate EUR 9,111 million as of 31 December 2019, including approximately 332 commercial properties, in aggregate 11,919 residential units and in aggregate 12,416 hotel beds (including hotels operated, but not owned by, the Group). In particular, the Group is the clear market leader in commercial real estate and the second largest residential landlord in the Czech Republic, the leading provider of office property in Berlin, and has a solid market position with high-quality office and retail assets in Poland, Hungary and Slovakia.
- ***Well diversified business by geography, segment, asset portfolio and tenants.*** The Group's real estate business is well diversified by geography, segment, asset portfolio and tenants. The Group's largest sectors are office, retail and hotels. The Group also has residential, agricultural, industrial and logistics properties and holds a land bank primarily located in the Czech Republic, the largest segment of which is in Prague. Approximately 73 per cent. of the Group's properties are located in the Czech Republic and Berlin, with the remaining properties located in Poland, Hungary, Croatia, the UK, France and Slovakia and to a lesser extent Switzerland, Italy, Romania and Russia. As of 31 December 2019, the Group's top ten income generating properties represented 19.2 per cent. of the total property portfolio by value. In recent years, the CEE region has benefited from strong GDP growth, declining unemployment rates and significant yield compression on real estate and rental growth underpinned by positive inflation expectations.
- ***Robust occupancy rates supported by long leases and a track record of renewals.*** Occupancy rates in the Group are high at 94.3 per cent. and 94.5 per cent. as of 31 December 2019 and 31 December 2018, respectively. The Group generally maintains a long-dated lease profile which is carefully managed to mitigate against the risk of re-leasing and provides the Group with resilient income streams. The Group has selectively used shorter leases in its Berlin office portfolio in order to capture higher market rents.
- ***High quality property portfolio augmented by acquisitions and refurbishments.*** The Group's properties were valued in aggregate at EUR 9,111 million as of 31 December 2019, having grown from EUR 7,555 million as of 31 December 2018. The growth in valuation between these dates was primarily due to acquisitions and the positive revaluations reflecting the strong performance of the Group's core markets. Acquisitions include three large office properties in Warsaw, as well as two hotels in the Czech Republic and two smaller properties in London.
- ***Prudent financial policy and robust credit metrics.*** The Group maintains a prudent financial policy. Foreign exchange risks are effectively managed by shifting risks associated with movements in exchange rates to its tenants in most of its Euro-denominated contracts in order to hedge exposure to currency risks in its loans; it uses interest rate swaps to hedge against interest rate risks and uses a credit rating scorecard to manage credit risk associated with its tenants. The Group is also able to draw on a diverse range of capital and liquidity sources including issuances of bonds under the Issuer's EUR 8 billion Euro Medium Term Note Programme, secured loans

from its relationship banks and equity investment from its majority shareholder. The Group's land bank accounts for 8 per cent. or EUR 707 million of its total property portfolio, representing a source of flexibility and liquidity for the Group. The Group also has strong credit metrics, which management believes provide it with the capacity to further de-lever. As of and for the year ended 31 December 2019, the Group's net loan to value was 36.2 per cent. and the interest coverage ratio was 7.2x.

- ***Experienced management team backed by strong shareholder support.*** The Issuer's management has on average more than 15 years of experience in the property industry, mainly in the CEE region, with particular expertise in asset and property management, finance, leasing and development. The Group benefits from the local knowledge and expertise of its regional managers, whose input is integral to the business. The Issuer is committed to the continued and progressive implementation of best practices with respect to corporate governance and continues to adjust and improve its internal practices in order to meet evolving standards. The Issuer aims to communicate regularly with its shareholders and stakeholders regarding corporate governance and follows the principles and recommendations of the Luxembourg Stock Exchange as a reference for its corporate governance rules. This management team is backed by strong shareholder support. The majority shareholder, Mr Radovan Vitek, has been active as an investor in the Czech real estate market for more than 25 years and became the majority owner of the Issuer in 2014. Mr Radovan Vitek and entities owned by him have invested more than EUR 1,900 million in the Issuer. This includes cash contributions of EUR 50.0 million in April 2018, EUR 100.0 million in November 2017 and EUR 51.5 million in June 2017; an in-kind contribution of EUR 4.45 million in December 2016; a cash contribution of EUR 130 million in November 2016; a cash contribution of EUR 55 million in June 2016; a EUR 297 million bond contribution in exchange for shares in April 2016; and a EUR 149 million bond and loan contribution in exchange for shares in December 2014. The Group has not historically paid dividends but has reinvested retained earnings in the business. The Group does not have any current plans to commence dividend payments.

Strategy

The Group's strategy is focused on:

- ***growing net operating income and long term property value*** by (i) reinvesting the Group's profits in upgrades and refurbishment of its properties, and (ii) opportunistic acquisitions of stable, income-generating assets in local markets where the Group has a competitive advantage and which have asset management or redevelopment up-side potential, such as prime shopping centres in Hungary, and shopping centres, retail parks and convenience stores in the Czech Republic. The Group's sector priorities for growth include retail, office and hotel assets;
- ***active asset management in capital cities and large regional cities to increase net rental income*** by expanding occupancy rates, increasing rent per square metre, offering new services and spaces to satisfy and retain existing tenants, reducing operational costs and divesting non-core assets which do not contribute to the Group's strategy;
- ***diversifying the Group's debt financing portfolio and utilising opportunities created by the Group's credit rating and the low-interest environment*** to reduce its financing costs, consolidate debt at the holding company level and attract new investors; and
- ***maintaining a disciplined approach to pricing and leverage***, which demonstrates the Group's commitment to strong investment grade credit ratings and draws on the Group's ability to buy property assets from short-term investors or over-leveraged sellers, and manage its leverage through the use of external sources of financing and its well-established relations with financial institutions.

History

The Issuer was founded in 2004 as an investor, developer and asset manager in the real estate market.

In 2007, the Issuer acquired a majority interest in *Gewerbesiedlungs-Gesellschaft mit beschränkter Haftung (GSG)*. GSG and its respective subsidiaries (GSG, together with its subsidiaries, **GSG Berlin**) is a real estate group with a property portfolio located exclusively in Berlin. The roots of GSG Berlin can be traced back to 1965, with its incorporation as a joint venture by the Government of the Federal State of Berlin, the Berlin Chamber of Skilled Crafts (*Handwerkskammer Berlin*) and the Berlin Chamber of Commerce and Industry (*Industrie- und Handelskammer Berlin*) to establish a state-backed commercial development company to promote the development of regional economic infrastructure in what was then West Berlin by developing or redeveloping suitable office and commercial space to offer to small and medium sized enterprises (**SMEs**), start-ups and nascent companies at affordable, often subsidised, rents. Also in 2007, the shares of the Issuer were admitted to trading on the regulated market of the Frankfurt Stock Exchange.

In 2014, Mr Radovan Vitek acquired a majority interest in the Issuer in exchange for 100 per cent. of the issued shares in Czech Property Investments, a.s. (**CPI**). CPI is a real estate group concentrating on long-term investments and the lease of real estate, mainly in the CEE region. CPI has been operating in the real estate market since the late 1990s and was active across the Czech Republic, Hungary, Poland, Slovakia and Romania. The Group's acquisition of CPI brought not only a valuable real estate portfolio comprising a diverse range of assets in the CEE region, but also more than 20 years of investment experience of operating in the CEE markets.

In 2015, the Group acquired the Ullsteinstrasse 73 industrial complex in Berlin-Tempelhof, and entered the mountain resort sector by acquiring a majority stake in Remontées Mécaniques Crans-Montana-Aminona, a Swiss entity owning and operating cable cars in the Crans-Montana ski resort, and CMA Immobilier SA, a Swiss entity owning real estate and rights to develop a high-end hotel complex and car park in Crans-Montana.

(**CPI Hotels**), a hotel operator which operates 29 of the Group's hotels situated in the Czech Republic, Slovakia, Poland and Hungary.

Also in 2016, the Group launched the revitalisation of a 20-hectare of brownfield site in central Brno in the Czech Republic, which is expected to comprise 800 apartments and 30,000 sqm of office space, with total investments planned to exceed EUR 150 million; and increased its share capital by over EUR 500 million.

In 2017, the Group acquired a retail portfolio of 11 shopping centres located in the Czech Republic, Hungary, Poland and Romania with a total leasable area of approximately 280,000 sqm from CBRE Global Investors. The acquired portfolio consists of: (i) major shopping centres Olympia Plzeň and Nisa Liberec in the Czech Republic, Ogrody in Poland, Pólus and Campona in Hungary and Felicia in Romania; (ii) two multifunctional complexes (Zlatý Anděl in Prague and Andrássy Complex in Budapest); and (iii) two Interspar stores in Nyíregyháza and Zalaegerszeg (Hungary). It also disposed of the Lozorno logistics park, located outside Bratislava in Slovakia.

In December 2017, the Group acquired a 94.9 per cent. stake in "ARMO Verwaltungsgesellschaft mit beschränkter Haftung", a German company which owns four commercial assets, two of which, with a total GLA of approximately 75,800 sqm, are in Berlin and the remaining two of which, with a total GLA of approximately 31,500 sqm, are in Karlsruhe. In December 2017, the Group also acquired (i) a historical building in Český Krumlov which it plans to refurbish into a four star boutique hotel with approximately 30 rooms; (ii) a hotel, Ibis Olomouc Centre, in Olomouc with 90 rooms and (iii) a building in central Budapest with approximately 3,700 sqm of GLA, which it intends to refurbish into a three star hotel.

In 2018, the Group made a number of property asset acquisitions. This included a 100 per cent. stake in Zgorzelec Property Development sp. z o.o., the owner of a retail park in Zgorzelec, Poland; Futurum Hradec Králové Shopping Centre with a total floor area of 39,000 sqm and 1,350 parking spaces; four existing retail parks in Poland – Retail park HopStop Zamość 1, Retail park HopStop Zamość 2, Retail park HopStop Rembertów and Retail park Hop Stop Radom; two office properties, Atrium Centrum and Atrium Plaza, in Warsaw with a total floor area of 32,000 sqm; and 11 luxury apartments at Buxmead in

North London.

Also in 2018, the Group acquired the hotel operator of the Holiday Inn hotel in Rome. The Group also disposed of ten subsidiaries, which were considered as non-core assets.

In the final quarter of 2019, the Group acquired three properties in Warsaw for more than EUR 560 million (Equator IV, Eurocentrum Office Complex and Warsaw Financial Centre), with a total GLA exceeding 156,000 sqm. As a result, the level of green certification in the Group's property portfolio also increased to more than 16 per cent. by the end of 2019, from 8 per cent. in 2018. In the first quarter of 2020, the Group acquired four more offices in Warsaw for more than EUR 180 million, with a GLA of 67,000 sqm, bringing the total value of properties acquired to over EUR 740 million, representing over 220,000 sqm of GLA. In June 2019, the Group also acquired 7 St James's Square in London, offering up to 33,000 square feet of GLA for offices. In September 2019, the Group acquired seven fully let homes at West Village, a development of contemporary homes in Notting Hill, London. In December 2019, the Group acquired a land plot in central Prague with a total area of more than 10,000 sqm. The Group also made disposals of EUR 77 million in 2019, principally the sale of inventories in France and in the Czech Republic, and the sale of non-strategic retail assets in the Czech Republic.

Throughout January and February 2020, through a series of transactions, the Group acquired 65,250,000 shares of Globalworth, a leading owner of income-generating office properties in Poland and Romania with about EUR 3.5 billion of assets generating more than EUR 150 million of gross rental income each year. The Group's share ownership represents 29.4 per cent. of voting rights, making the Group the largest shareholder in Globalworth by a small margin.

Overview of the Property Portfolio

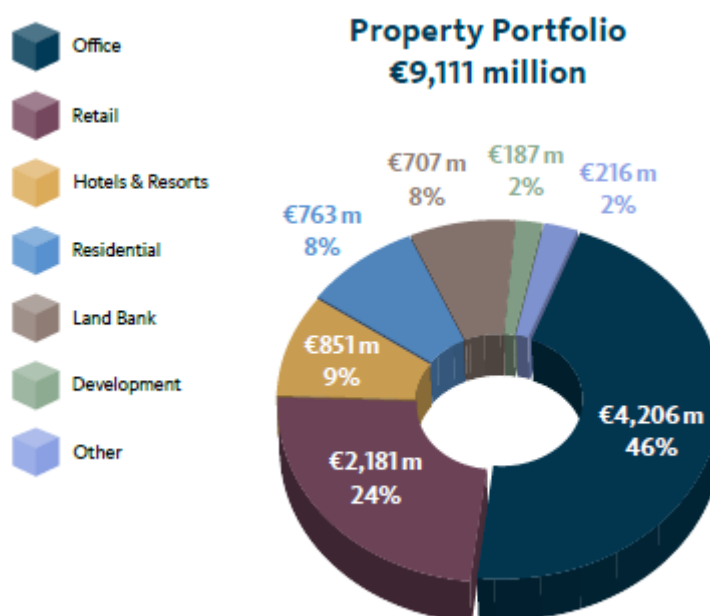

The Group is a leading long-term investor in income-generating real estate, predominantly in the Czech Republic and Berlin. The Group's four key segments are the Czech Republic, Berlin, Hotels and Resorts and the Complementary Assets Portfolio, which generated net business income of EUR 164 million, EUR 72 million, EUR 42 million and EUR 67.8 million in 2019, respectively. While the largest sectors of the Group are office and retail, the Group also has hotels, residential, agricultural, industrial and logistics properties and holds a land bank primarily in the Czech Republic, of which the largest segment is in Prague. Approximately 73 per cent. of the Group's properties are located in the Czech Republic and Berlin, with the remaining properties in Poland, Hungary, Slovakia, the UK, France and Croatia and to a lesser extent Switzerland, Italy, Romania and Russia.

Management believes that the Group was, as at 31 December 2019, the largest owner of income-generating real estate in the Czech Republic, the CEE region and Berlin, with a diversified property portfolio of approximately EUR 9,111 million.

The following table provides certain information on the Group's property portfolio as of the dates indicated:

The Group's properties were valued in aggregate at EUR 9,111 million as at 31 December 2019, compared to EUR 7,555 million as of 31 December 2018. The growth in valuation between these dates was mainly due to EUR 789 million of acquisitions made by the Group in 2019 including three office properties in Warsaw, two hotels in the Czech Republic and two properties in London. Additionally capital expenditure and development (on projects intended both for future rent and sale) of EUR 240 million and disposals of EUR 77 million, primarily inventories in France and in the Czech Republic, and non-strategic assets in the Czech Republic, were also contributing factors. There was a substantial EUR 627 million change in fair value, relating primarily (70 per cent.) to the Group's Berlin office portfolio, though increases were recorded across the portfolio. Management believes that the Group's large presence in the market will continue to mean attractive opportunities can emerge.

The Group's properties were valued in aggregate at EUR 7,555 million as of 31 December 2018, as compared to EUR 6,722 million as of 31 December 2017. The growth in valuation between these dates was primarily attributable to the valuation gain on the office portfolio in Berlin and was driven by the significantly improved performance of the Group's properties together with a market characterised by strong economic fundamentals and high investor demand. The Group believes that the changes in fair value of its property portfolio are due to a combination of strong underlying markets and the Group's successful asset management strategy to improve occupancy and rents.

The Group's portfolio mostly comprises income-generating assets. As of 31 December 2019, 90 per cent. or EUR 8,217 million of the portfolio, comprised income-generating assets and the land bank and development accounted for the remaining 10 per cent., or EUR 894 million (2018: 9 per cent. or EUR 696 million; 2017: 9 per cent. or EUR 612 million). As of 31 December 2019, 100 per cent. or EUR 707 million of the land bank consisted of non-income generating assets and 0.6 per cent. of the land bank assets were encumbered under any financing arrangements.

As of 31 December 2019, the Group's top ten income generating properties by value represented 19.2 per cent. of the total property portfolio. The following table sets out certain information on the Group's top

Occupancy rates and lease maturity profile

The Group experiences high levels of occupancy in its properties overall. This slight decrease was due to temporary factors in the Czech Republic and Berlin office segments, where some properties were closed for refurbishment and certain small developments were opened.

The following table sets out information on the occupancy levels in the Group's properties during the periods indicated:

The shorter-dated lease profile in Berlin is designed to capture rising rents in the market.

Tenant base

The Group has a diverse tenant base. In the year ended 31 December 2019, the aggregate amount of rent paid by the Group's top ten tenants amounted to 12.5 per cent. of the total rental income received by the Group. As of 31 December 2019, the Group's Czech Republic portfolio (excluding the Group's hotels in the Czech Republic, which are reported in the Hotels and Resorts segment), with a Property Portfolio (PP) value of EUR 3,755 million (31 December 2018: EUR 3,502 million), represented the most significant part of the Group's property portfolio. The Group invests in a wide range of assets but its primary investment focus is on the retail and office sectors, which together, in the year ended 31 December 2019, comprised 65 per cent. of the PP value of the Czech Republic property portfolio and approximately 1.8 million sqm of GLA.

The Czech Republic Retail Portfolio

The Group's Czech Republic retail portfolio focuses on shopping centres, convenience shopping, retail parks and supermarkets. While the Group has a meaningful number of high-quality properties in Prague, the largest portion of the Czech Republic retail portfolio is located outside of Prague with a focus on regionally dominant schemes. The following table provides certain information on the Group's Czech retail portfolio as of 31 December 2019:

	Number of properties	PP value	GLA	Occupancy
		EUR (millions)	sqm (thousands)	per cent.
Prague.....	38	377	95	96.1
Major cities	27	932	343	96.7
Other	57	325	197	98.1
The Group.....	122	1,633	636	96.9

The GLA of the Group's Czech Republic retail portfolio decreased as the Group focused the portfolio on the best-performing locations and asset types.

As of 31 December 2019, retail occupancy was 96.9 per cent., an increase of 3.3 per cent., compared to 31 December 2018, primarily due to the Group's shopping centre portfolio, where occupancy levels increased by 4.6 per cent. to 97.2 per cent. due to strong leasing activity, notably a record number of tenants extending leases and entering into new leases.

The Czech Republic Office Portfolio

The Group primarily invests in income-generating office buildings in prime locations, and has historically undertaken limited development activities in Prague and in regional cities of the Czech Republic, primarily in Brno. The Group's development activities primarily relate to utilising the Group's land bank to develop office or multi-purpose complexes. In cases where the Group undertakes development projects, the Group expects to develop and hold for the long term to rent.

The following table provides certain information on the Group's Czech office portfolio as of 31 December 2019:

	Number of properties	PP value	GLA	Occupancy
		EUR (millions)	sqm (thousands)	per cent.
Prague.....	19	772	277	95.1
Major cities	5	42	27	85.3
The Group.....	24	814	304	94.5

Occupancy in the Group's office portfolio declined slightly to 94.5 per cent. from 96.8 per cent. at the end of 2019. The decrease is primarily due to temporary vacancy in the recently completed development Mayhouse, as well as tenant rotation in Marisa West.

The Czech Republic Residential Portfolio

The Group's Czech Republic residential portfolio is the second largest residential portfolio in the Czech Republic. The business is stable, with an increase in gross rental income of EUR 0.8 million, or 4 per cent., compared to 2018, due to an overall increase of occupancy, from 89.1 per cent. in 2018 to 90.7 per cent. as at 31 December 2019. The Group's strategy is to maintain the portfolio as a source of steady cash flow. The value of the residential property portfolio grew by EUR 21 million due to revaluation gain during the same 2019 period.

The Czech Republic Land Bank and Development Portfolio

The Group's land bank and development portfolio consists of a land bank that was acquired and is held by the Group for future development, and includes assets under development. Once work on a development project is commenced, the area is presented in the Group's accounts either as a potential gross saleable area or a potential leasable area. Berlin

The Group's Berlin portfolio is held by a Group subsidiary, GSG Berlin. GSG Berlin is a leading provider of office and commercial space with approximately 971,000 sqm in total lettable area as of 31 December 2019. GSG Berlin's real estate business has been in operation for more than 50 years. See "—History". GSG Berlin is one of the largest operators of *Gewerbehof* properties in Berlin, which are typically highly integrated and multi-functional property complexes, comprising a mixture of office buildings, light industrial properties, value-added service facilities, community space and infrastructure, typically targeted towards SMEs, together with a small number of residential units. GSG Berlin's tenant base is comprised of approximately 2,000 tenants, many of which are SMEs. The following table provides certain information on the Group's Berlin portfolio as of 31 December 2019:

	Number of properties	PP value EUR (millions)	Occupancy per cent.	GLA <i>sqm</i> (thousands)

Other *.....	3	26	100.0	84
The Group.....	49	2,468	93.4	971

* "Other" consists of Wupperstraße and Ettlingen.

The Group's Berlin portfolio is divided into three main clusters:

- **Kreuzberg**, which includes assets located in Friedrichshain-Kreuzberg – a central business district popular with tech and start-up industries with a high demand for premises;
- **Rest-West**, which includes assets located in several western districts of Berlin, most of which were popular among industrial tenants in the past, but where the buildings have undergone a change of use during the past ten years as manufacturing sector tenants have declined and there has been an increasing demand by tenants from the service, technology and creative industries; and
- **econoparks**, which includes assets in the eastern parts of Berlin with good innercity connections and plenty of space enabling tenants to adjust their areas to match their business and development needs.

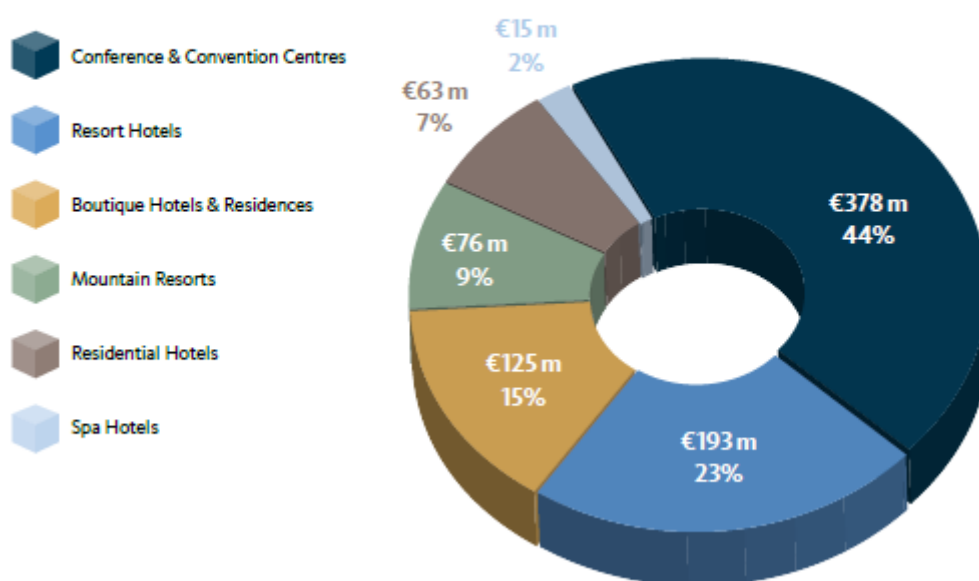

GSG Berlin operates as a full-service real estate provider that offers a range of high-margin value-added services (such as construction, office decoration and bespoke IT software) to its tenants, thereby enhancing the attractiveness of its properties. GSG Berlin's overall strategy is to focus on its existing portfolio and continue the optimisation of rent and occupancy levels for this portfolio. In addition to its core property investment activities, GSG Berlin has established a number of key subsidiaries which provide support services, including GSG Solar Berlin GmbH (GSG Solar), which leases space on roof surfaces of various real estate assets of GSG Berlin and erects solar panels to generate solar energy which it resells to the public grid. Once fully implemented, GSG Berlin expects that GSG Solar will become Berlin's biggest producer of solar energy, generating approximately 5.5 million kilowatts per hour each year.

Note:

(1) Czech Republic and Slovakia includes hotels operated, but not owned by the Group.

In 2019, the Group's hotel portfolio value increased to EUR 0.9 billion, primarily due to the acquisitions of two properties in the Czech Republic. The average revenue per available room and the average daily rate each increased by 1 per cent., in each case compared to 2018. Management believes these increases are as a result of favourable market conditions and also the benefits of being an owner / operator within these markets.

In 2019, the Group acquired a four-star hotel in Brno and the Quality Ostrava City in Ostrava. It further finished the renovation of a Comfort Hotel Prague City East which opened on 2 January 2020.

Sunčani Hvar, the Group's resorts business in Croatia, is the leading owner of hotels on the island of Hvar. The year ended 31 December 2019 was Sunčani Hvar's best year to date, supported by a record pre-

season, followed by the opening of Palace Elisabeth towards the end of the third quarter of 2019. An increase in room nights sold of 4.9 per cent. drove average occupancy across the portfolio from 74 per cent. to 76 per cent. Despite stable revenue per available room and a slight decrease in average daily rate of 4 per cent., the higher occupancy was sufficient to drive revenues 2.6 per cent. higher in 2019 to EUR 29.6 million. The five largest resorts, which represent approximately 90 per cent. of Sunčani Hvar's revenues, all achieved average revenue growth close to 3 per cent.

Complementary Assets Portfolio

The Complementary Assets Portfolio primarily comprises the Group's assets located in Hungary and Poland, and also includes investments in Slovakia, France, Italy, the UK and Romania.

The following chart provides a breakdown of the Group's Complementary Assets portfolio by value as of 31 December 2019:

Complementary Assets Portfolio (by value)

In 2019, the Group's Complementary Assets portfolio value increased by 60.4 per cent., or to EUR 2 billion from EUR 1.3 billion in 2018, while net rental income increased by 21 per cent., or to EUR 69 million from EUR 57 million in 2018, mostly due to the Group's acquisition of office properties in Warsaw, Poland, positive revaluations in Hungary and two acquisitions in London. The occupancy rate fell to 93.6 per cent. from 95.2 per cent. in 2018, figures which are impacted by finalised developments in Hungary and tenant changes in office assets in Poland.

Overview of Financial and Operational Results

The Group maintains a prudent financial policy. Foreign exchange risks are effectively managed by shifting risks associated with movements in exchange rates to its tenants in most of its Euro-denominated contracts in order to hedge exposure to currency risks in its loans; it uses interest rate swaps to hedge against interest rate risks and uses a credit rating scorecard to manage credit risk associated with its tenants.

The Group is also able to draw on a diverse range of capital and liquidity sources including international capital markets issuances under the Programme, secured loans from its relationship banks, and equity investment from its majority shareholder. As at 31 December 2019, the Group's land bank comprised 8 per cent. or EUR 707 million of the Group's total property portfolio representing a source of flexibility and liquidity for the Group.

The Group has strong credit metrics, and intends to maintain a conservative credit profile and strong investment grade ratings. As of and for the year ended 31 December 2019, the Group's net loan to value was 36.2 per cent. and the interest coverage ratio was 7.2x.

Management improved the unencumbered assets ratio and reduced the level of secured debt in the Group's portfolio by refinancing, and significantly reducing legacy, high-cost instruments while lengthening their maturity profile. The Group has not historically paid dividends but has reinvested retained earnings in the business. The Group does not have any current plans to commence dividend payments.

Following a review of the Group's financial policy in 2019, Management is committed to maintaining a net loan to value below 40 per cent., though it will consider 45 per cent. in cases of high strategic merit and to maintaining an interest coverage ratio above 4x over the long term (See – "Policies"), in support of a strong investment grade profile. Management may reconsider the level of its target net loan to value ratio in the future depending on performance and the level of investment activity.

In the year ended 31 December 2019, net rental income increased by 8 per cent. to EUR 294 million (31 December 2018: EUR 272 million). This increase was driven primarily by the extension of the Group's portfolio during 2019, including the EUR 789 million acquisition of office buildings, hotels and properties throughout Poland, the Czech Republic and the UK, and the full year impact of properties acquired in 2018.

In the year ended 31 December 2019, the operating result increased by 2.4 per cent. to EUR 805 million (31 December 2018: EUR 786 million).

In the year ended 31 December 2019, profit before taxes increased by 17.9 per cent. to EUR 765 million (31 December 2018: EUR 649 million).

In the year ended 31 December 2019, the Group's net business income increased by 7.8 per cent. to EUR 345 million and the Group's Consolidated Adjusted EBITDA increased by 7.9 per cent. to EUR 292 million. In the year ended 31 December 2018, net business income and Consolidated Adjusted EBITDA increased to EUR 320 million and EUR 270 million, respectively (31 December 2017: EUR 272 million and EUR 230 million, respectively). This increase was primarily due to the ongoing robust growth in rental and hotel net income.

Total assets increased by 29 per cent. to EUR 10,673 million as of 31 December 2019 (31 December 2018: EUR 8,259 million). This increase was primarily due to an increase in the size of the Group's property portfolio, which increased by EUR 1,556 million, or 20.6 per cent., to EUR 9,111 million as of 31 December 2019 (31 December 2018: EUR 7,555 million). The Group's property portfolio increase is primarily due to acquisitions and revaluations throughout 2019, coupled with favourable market conditions.

The net loan to value ratio decreased to 36.2 per cent., as of 31 December 2019 (31 December 2018: 36.7 per cent.). This decrease was primarily due to the fact that the Group issued hybrid bonds, repaid debt and retained funds from operations (**FFO**).

The ratio of secured debt to Total Debt decreased to 25 per cent., as of 31 December 2019 (31 December 2018: 37 per cent.). The ratio of unencumbered assets increased to 70 per cent., as of 31 December 2019 (31 December 2018: 65 per cent.). These improvements were achieved by refinancing high-coupon subsidiary bonds and secured bank loans from proceeds from both hybrid and senior unsecured notes issued during the fourth quarter of 2018.

In the year ended 31 December 2019, the interest coverage ratio increased significantly to 7.2x (31 December 2018: 4.2x). This increase reflects significant refinancing through 2018 and 2019 and continued improvements in profitability.

As of 31 December 2019, the overall vacancy rate increased to 5.7 per cent. (31 December 2018: 5.5 per cent.). This increase was due to temporary factors in the Czech Republic and Berlin office segments, where some properties were closed for refurbishment and certain small developments were opened.

Energy Transition and Circular Economy

The Group is committed to continuously improving the environmental performance of its portfolio. It is fully aware of the global challenge of climate change, and the Group is willing to contribute to the goals of the Paris Agreement and European energy regulations by setting appropriate targets for the Group. In February 2019, the Group set objectives for the reduction of green house gas (GHG) emissions and water consumption (20 per cent. and 10 per cent. reductions respectively compared to the 2018 baseline). The Group closely monitors developments of new EU legislation and standards that align with the Paris

Agreement objectives.

In April 2019, the Group developed a green bond framework (the **Framework**) under which the Group committed to use proceeds from green bonds to finance or refinance existing or future projects which improve the environmental performance of the Group's property portfolio and contribute to the Group's climate impact mitigation objectives. The Framework defines eligibility criteria according to four types of green assets/initiatives: certified green buildings, energy efficiency, renewable energy and the promotion of sustainable farming. The Framework is fully aligned with ICMA GBP 20181 and has a Second Party Opinion (**SPO**) provided by Sustainalytics. In August 2019, the Framework was updated to increase the scope of energy efficiency to include new or existing commercial buildings belonging to the top 15 per cent. most energy efficient buildings in the Czech Republic, based on a study the Group published with the help of EnergySim.

On 28 October 2019, the Group issued its inaugural green bond of EUR 750 million and became the first company in its region to issue a benchmark Euro-denominated green bond. This was followed by a subsequent Sterling-denominated green bond issuance in January 2020 of GBP 350 million.

In March 2019, the Group's ESG risk assessment by Sustainalytics was improved to 17.2/100, representing "Low Risk" and in the 23rd percentile of all rated issuers. In October 2019, MSCI also affirmed the Group's ESG rating at BBB.

At the end of 2019, the share of certified buildings in the Group's portfolio had increased to 20.3 per cent. of total value and 14.0 per cent. of total GLA. At the end of the reporting period, the Group's portfolio included 19 certified assets in operation. In 2019, certified GLA increased by 275,843 sqm and EUR 933 million in asset value, which represents an increase of over 100 per cent. in both metrics.

A significant portion of new certified assets is related to acquisitions in Warsaw made in the final quarter of 2019 where all acquired assets (156,227 sqm GLA) hold LEED or BREEAM (each as defined below) certifications. In addition, two shopping centres in the Czech Republic (80,255 sqm GLA) and one office building in Budapest (9,440 sqm GLA) achieved new BREEAM "Very Good" certifications during 2019.

New constructions plan to add over 130,300 sqm of certified GLA. These development projects, in the process of certification or planned to be certified in the future, include projects in Prague (16,500 sqm), Berlin (80,700 sqm) and Budapest (33,100 sqm).

Certifications planned for 2020 within the in-use portfolio (excluding possible future acquisitions) accounts for 16,350 sqm. The acquisitions in Warsaw that were completed in the first quarter of 2020 represent an additional 57,460 sqm GLA of certified office space and an estimated annual increase of 13.8 per cent. in certified GLA.

The energy usage of like-for-like built assets in operation decreased by 2.7 per cent. year-on-year. Decreases in energy consumption were realised in all categories: electricity (3.3 per cent.), district heating and cooling (2.9 per cent.) and fuels (0.8 per cent.).

The like-for-like asset segments contributing to decreases in energy consumption were Offices (2.0 per cent.), Shopping Centres (5.5 per cent.), Retail Parks (1.6 per cent.), Retail Complementary (1.9 per cent.), Hotels (2.8 per cent.) and Logistics (15.6 per cent.). Energy consumption increased by 7.3 per cent. in Retail Warehouses.

The Group maintains a strategic performance benchmark for its specific GHG production of 20 per cent. reduction by 2030 compared to the 2018 baseline. 92.2 per cent. of GHG production comes from operated buildings. For the purpose of accurate tracking of the performance of the operated buildings (the major GHG contributor), ski resort Crans-Montana and Farms are reported separately.

In 2019, total GHG emissions across the entire portfolio (adjusted for reported area) outperformed the required 2019 target by 0.4 per cent. based on absolute consumption and outperformed the target by 0.5 per cent. on a like-for-like portfolio basis. Further assessments will be undertaken across regions and segments to identify ways to continue to improve the trend. GHG emissions for like-to-like built assets in operation decreased by 1.4 per cent. The main contributor to GHG emissions in 2019 was the Czech Republic (271,175 t CO₂ eq), followed by Germany (81,930 t CO₂ eq) and Poland (34,404 t CO₂ eq).

GHG emissions decreased in most segments except for Retail Parks, Retail Warehouses and Retail Complementary segments and was flat in the Offices segment. Water consumption for like-for-like built assets in operation increased by 0.9 per cent, though it decreased in all segments except Shopping Centres and Hotels

The Group has a number of green CAPEX investments planned through to 2024, as set out in the table below.

Examples of green capex investments include the replacement of cooling systems across the entire Hungary office portfolio with state-of-the-art equipment, resulting in energy savings of 30 per cent. In addition, the entire mechanical system of Polus shopping centre in Hungary has been replaced, resulting in a GHG emission reduction of 291 t CO₂ eq pa.

The Group's goal is to gradually increase the share of green and certified buildings in its portfolio and to utilise environmental certification schemes to validate the sustainability value of key assets in all main environmental areas (management, health and well-being, energy, water, materials, waste, land use, pollution, transport). The Group's key sustainability principles are:

- promoting a sustainable approach towards real estate development and management;
- contributing to environmental protection and the development of local communities in which the Group operates;
- pursuing a sustainable business model that allows the Group to achieve its business objectives without placing an excessive burden on the environment;
- actively managing the Group's assets to continually improve environmental performance, quality and resilience; and
- encouraging proactive contributions from all employees, Tenants, customers and stakeholders of the Group to meeting the Group's environmental objectives.

The Group sustainability strategy informs every aspect of the Group's governance and operations and the Group integrates corporate social responsibility (**CSR**) and environmental factors into the business decision-making process and has established a set of environmental key performance indicators comprising: energy consumption; emissions of greenhouse gases; water consumption; and level of achieved sustainability certifications. The Group has, from March 2019, committed to carry out a life-cycle assessment (**LCA**) for all new real estate projects over 10,000m², new development projects which are assessed by sustainability certification schemes such as Building Research Establishment Environmental Assessment Method (**BREEAM**) or Leadership in Energy and Environmental Design (**LEED**) and key capital expenditures (such as major building refurbishments or replacement of core building technologies).

The Board has created a CSR Committee that focuses on the supervision of sustainability, environmental, corporate social responsibility, green financing, and compliance matters for the Group.

The Group is fully committed to the shared responsibility with the communities and environments where it is active. It strives to act transparently, ensure accountability and promote accessibility, inclusivity and smart livelihoods through its assets. The Group actively seeks relevant stakeholders, develops communication channels and seeks to address grievances.

The Group endorses all the 17 Sustainable Development Goals as defined by the United Nations for the period 2015 – 2030, as well as the 2015 Paris Agreement within the United Nations Framework Convention on Climate Change. The Group contributes to the fulfilment of the Sustainable Development Goals in all its operations. In particular, the Group has identified priority goals for which it intends to play a key and increasing role: Good health and well-being; affordable and clean energy; decent work and economic growth; industry, innovation and infrastructure; sustainable cities and communities; and climate action and life on land.

In December 2018, the Group began working with the University Centre for Energy Efficient Buildings (**UCEEB**) of the Czech Technical University in Prague. UCEEB helped the Group to establish and quantify environmental key performance indicators and advised the Group in setting up the regular monitoring, reporting and targeting process to align with ISO 14001, Global Reporting Initiative (**GRI**) and European Public Real Estate (**EPRA**) environmental reporting guidelines.

Through the partnership with UCEEB, the Group continues to work to improve its environmental performance and establish a strong Environmental Management System (**EMS**) comprising of set of processes and practices designed to promote environmental objectives.

In March 2019, the Group became a member of the Czech Green Building Council (**CZGBC**). The CZGBC was established in 2009 to support the principles of sustainable building. The CZGBC is a member of the European Regional Network of the World Green Building Councils and advises on EU legislation in its initial phase. It closely cooperates with the certification organisations operating LEED, BREEAM, German Sustainable Building Council (**DGNB**) and Czech SBTtoolCZ building certifications. Current activities are focused around: energy management and innovations; sustainable materials and waste; water management; and healthy internal environment and brownfields/industrial.

In December 2019, Petra Hajná was elected to the board of the CZGBC. Petra is a project manager in the Group's property and facility management division in Prague, responsible for plans and actions to improve the sustainability of the Group's existing assets, refurbishments and developments.

Sustainability Principles

The Group's goal is to gradually increase the share of green and certified buildings in its portfolio and to utilise environmental certification schemes to validate the sustainability value of key assets in all main environmental areas (management, health & well-being, energy, water, materials, waste, land, use, pollution, transport). The Group's key sustainability principles are as follows:

- promoting a sustainable approach towards real estate development and management;
- contributing to environmental protection and the development of local communities in which the Group operates;
- pursuing a sustainable business model that allows the Group to achieve its business objectives without placing an excessive burden on the environment;
- actively managing the Group's assets to continually improve environmental performance, quality and resilience; and
- encouraging proactive contributions from all employees, tenants, customers and stakeholders of the Group to meeting all objectives in compliance our principles.

The Group's sustainability strategy covers every aspect of governance and operations. The Group believes that sustainability begins with good corporate governance, which safeguards the interests of all stakeholders; shareholders, bondholders, lenders, tenants, employees, suppliers and contractors, communities and local authorities.

The Group integrates CSR and environmental factors into the business decision-making process and has established a set of environmental key performance indicators comprising energy consumption emissions of greenhouse gases, water consumption, and level of achieved sustainability certifications. The Group has also committed to carry out a life-cycle assessment for all new real estate projects over 10,000 sqm, new development projects which are assessed by sustainability certification schemes such as BREEAM or LEED and key capital expenditures (such as major building refurbishments or replacement of core building technologies) from March 2019.

Risk Management

Management considers that the main risks to which the Group is exposed relate to property and finance. The Group's overall approach to risk is conservative. There are inherent risks determined by the nature of the business, such as fluctuations in the value of assets, vacancies, volatility in market rents or risks associated with development activities. Key risks are assessed by ranking exposure on the basis of probability and magnitude and are closely managed. Analysis of sensitivity to these key risks is conducted at Group level.

Management considers re-financing risks to be limited. Risks of potential breaches of loan covenants are managed through a conservative financing policy and a close review of compliance indicators.

The Group has internal risk management and control systems. Key elements of the internal control systems are: a management structure designed to enable effective decision making; scheduled periodical reviews of key performance indicators, such as retail tenants' turnovers, vacancies, rent collection, arrears and doubtful debtors, and review of performance against budgets; and internal audit and cost control functions. Strict procedures are also observed for the periodic production of quarterly and annual figures on the basis of the adopted policies. There are clearly defined guidelines and approval limits for capital and operating expenditure and other key business transactions and decisions. The internal management reporting system is designed to identify fluctuations in the value of investments, income and expenses. Capital projects, major contracts and business property acquisitions are reviewed in detail and approved by the Board of Directors where appropriate.

The Group makes use of electronic data processing within automated information systems. Offsite data back-up and recovery measures are in place.

Note 7 to the 2019 Financial Statements contains a further discussion of financial risk management. The 2018 Financial Statements are incorporated by reference in, and form part of, this Base Prospectus. See "*Documents Incorporated by Reference*".

Litigation

Other than as described below, there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) during the 12 months preceding the date of this Prospectus which may have, or have had in the recent past, significant effects on the Issuer's and/or the Group's financial position or profitability.

Kingstown dispute in Luxembourg

On 20 January 2015, the Issuer was served with a summons containing petition of the three companies namely Kingston Partners Master Ltd. of the Cayman Islands, Kingston Partners II, LP of Delaware and Ktown LP of Delaware (together referred to as **Kingstown**), claiming to be one of the shareholders of CPI FIM SA. filed with the Tribunal d'Arrondissement de Luxembourg (the **Court**). The petition seeks condemnation of the Issuer together with CPI FIM SA and certain members of CPI FIM SA's board of directors as jointly and severally liable to pay damages in the amount of EUR 14.5 million and compensation for moral damage in the amount of EUR 5 million. According to Kingstown's allegation, the claimed damage has arisen as a consequence of, *inter alia*, alleged violation of CPI FIM SA's minority shareholders' rights. To the best of the Issuer's knowledge, Kingstown was not at the relevant time a shareholder of the Issuer. Therefore, and without any assumption regarding the possible violation, the Issuer believes that it cannot be held liable for the violation of the rights of the shareholders of another entity.

The Management of the Issuer has been taking all available legal actions to oppose these allegations in order to protect its corporate interest as well as the interest of its shareholders. Accordingly, the parties sued by Kingstown raised the *exceptio judicatum solvi* plea, which consists in requiring the entity which initiated the proceedings and which does not reside in the European Union or in a State which is not a Member State of the Council of Europe, to pay a legal deposit to cover the legal costs and compensation procedure. On 19 February 2016, the Court rendered a judgment, whereby each claimant had to place a legal deposit in the total amount of EUR 90 thousand with the "Caisse de Consignation" in Luxembourg, in order to continue the proceedings. Kingstown's legal advisors filed an additional submission to increase the amount of alleged damages to EUR 157 million. The Issuer continues to believe the claim is without merit.

On 21 June 2019, the Issuer received a first instance judgment which declared that a claim originally filed by Kingstown in 2015 was null and void against the Issuer. The Court dismissed the claim against the Issuer because the claim was not clearly pleaded ("*libellé obscur*"). Specifically, Kingstown did not substantiate or explain the basis of their claim against the Issuer, and failed to demonstrate how the Issuer committed any fault. In relation to the admissibility of Kingstown's claim against CPI FMU SA and other defendants, the Court is expected to rule only after it further examines the positions of the remaining parties on certain procedural aspects; until then, the case will continue at a procedural stage. The merits of the case will be pleaded by any remaining defendants only if the Court declares the claim admissible.

Kingstown Dispute in the United States

On 10 April 2019, a group of Kingstown companies, Investhold LTD and Verali Limited (together, the **Kingstown Plaintiffs**), filed a claim in the United States District Court of the Southern District of New York (the **SDNY Court**) against, amongst others, the Issuer and Mr. Radovan Vítek (together, the **CPI Defendants**). The claims brought by the Kingstown Plaintiffs against the Issuer include alleged violations of the Racketeer Influenced and Corrupt Organisations Act (**RICO**).

The Issuer believes that the claims are without merit and were designed to create negative press attention for the Group and to force an undue settlement. The Group's business has been unaffected by the New York lawsuit and by similar attempts by the Kingstown Plaintiffs to harm the reputation of the Group and Mr Vítek.

On 10 September 2019, the CPI Defendants filed a motion to dismiss the case in the SDNY Court. On 22 November 2019, the Kingstown Plaintiffs filed an amended complaint in the SDNY Court. The amended complaint adds new non-US defendants and simply continues the false campaign against the Issuer and Mr Vítek. The amended complaint does nothing to remedy the serious jurisdictional deficiencies and pleading defects present in the original complaint.

On 14 February 2020, the CPI Defendants filed a motion to dismiss the amended complaint. The arguments presented in the motion resemble those presented by the CPI Defendants in September 2019 and are further refined given the new allegations:

- (i) the Kingstown Plaintiffs have failed to justify the application of RICO outside the United States;
- (ii) the SDNY Court lacks jurisdiction over the CPI Defendants;
- (iii) the Kingstown Plaintiffs' alleged RICO claims are time-barred under RICO's four-year statute of limitations;
- (iv) the SDNY Court is an improper forum to hear the case given that, amongst other things, Kingstown initiated nearly identical proceedings in Luxembourg in January 2015, which are still pending against some of the CPI Defendants; and
- (v) the Kingstown Plaintiffs have nonetheless failed to adequately state any claim against the CPI Defendants.

The Issuer believes the amended complaint warrants dismissal and awaits a decision from the SDNY Court on the motion to dismiss in due course. The Group will continue to update all of its stakeholders on progress in the case and appreciates the steadfast support that the Group received from its tenants, bond investors, banks and other stakeholders.

Hagibor

In March 2016, an insolvency administrator of Hagibor Office Building (**Hagibor**), filed a lawsuit requesting OPG to repay an amount of USD 16.49 million that Hagibor had lent to OPG in 2012. In August 2016, the litigation was stayed until the resolution of separate litigation relating to the ownership of the Radio Free Europe building. In December 2016, OPG filed a lawsuit disputing the existence of pledges registered on the Radio Free Europe building in favour of the financing bank. A hearing on the matter of the non-existence of pledges took place in November 2018. After the lawsuit was dismissed, OPG filed a new claim in the matter of non-existence of pledges.

In November 2019, a global settlement agreement was agreed in relation to the above disputes relating to Hagibor and the Radio Free Europe building. The settlement agreement was concluded along with extensive ancillary documentation, which included, *inter alia*, termination of all court proceedings and confirmations that concerned parties would make no claims against each other. The settlement became effective on 20 March 2020.

Warrants issued by OPG

The Group's subsidiary OPG was sued by holders of the warrants issued by OPG and registered under ISIN code XS0290764728. The first group of warrant holders sued for approximately EUR 1.2 million in relation to the Change of Control Notice published by OPG, which occurred on 8 June 2016. The second group of warrant holders sued OPG for approximately EUR 1 million in relation to the alleged change of control which allegedly occurred in 2013. These proceedings, currently being in a procedural stage, are pending.

Vitericon

On 15 March 2019, the Issuer received a summons from the Berlin Court. The Issuer is being sued by an insolvency administrator of the Issuer's former subsidiary. The insolvency administrator is claiming invalidity of an intragroup debt settlement from 2013 and claims a payment of EUR 10.4 million from the Issuer. The Issuer appointed legal counsel and is prepared to defend itself in front of the Berlin Court. The first hearings are expected to be held in May 2020.

Capital and Development Expenditures

During 2019, the Group spent EUR 240 million on capital expenditures and developments, particularly in Berlin and Prague. This comprised maintenance-related capital expenditure, refurbishment and redevelopment projects and also new developments intended both for future rent and sale.

Insurance

The Group insures all of its income-producing properties with all-risk property insurance at reconstruction cost, business interruption (revenues for 24 months) and third party liability insurance. Some properties are also insured against terrorist acts. Properties under development have construction all-risk insurance. Insurance is contracted from reputable international firms such as Kooperativa, Česká pojišťovna and HDI Global SE.

As at 31 December 2019, the Group had 2,976 employees from the major regions in which it operates: the Czech Republic, Germany, Hungary, Poland and Croatia, of whom 49 per cent. were female and 51 per cent. were male. The gender split between employees in management roles is also split 51 per cent. male and 49 per cent. female. As at 31 December 2019, 28 per cent. of the Group's employees were under the age of 30, 49 per cent. were between the ages of 30-49 and 23 per cent. were 50 or over.

Additionally, the Group provides facilities for its special needs employees. As at 31 December 2019, the Group employed a total of 42 disabled people, representing 1.4 per cent. of its total workforce.

Acquisition of a Majority Stake in Globalworth

The Group decided to invest in Globalworth because of the quality of the company's properties, its strong management team, steady dividend, and conservative capital structure. The Group believes that the acquisition of a stake in Globalworth has strengthened the Group's financial and business profile through greater exposure to top-quality office properties. In addition, through the acquisition of Zakiono Enterprises Limited (**Zakiono**) (as described below), the Group was able to acquire special shareholder rights in Globalworth. Globalworth was founded in 2013 and is a leading owner of income-generating office properties in Poland and Romania. Globalworth's assets include Skylight & Lumen in Warsaw and Globalworth Tower in Bucharest.

On 27 January 2020, the Issuer announced its acquisition of 13,391,959 shares of Globalworth, or about 6 per cent. of shares outstanding. The shares were acquired through a broker on the secondary market.

Zakiono also owns warrants which are exercisable into an additional 2,830,020 Globalworth shares.

The Issuer now holds all its shares in Globalworth through its subsidiary Zakiono. Under Globalworth's articles of incorporation, Zakiono has embedded rights as a major shareholder which, among other rights, allows the Issuer to appoint members of Globalworth's board.

TAXATION

Tax legislation, including in the country where the investor is domiciled or tax resident and in the Issuer's country of incorporation, may have an impact on the income that an investor receives from the Notes.

Luxembourg Taxation

General

The following information is of a general nature only and is based on the laws in force in Luxembourg as of the date of this Base Prospectus. It does not purport to be a comprehensive description of all tax implications that might be relevant to an investment decision. It is included herein solely for preliminary information purposes. It has been prepared on the basis that the Notes qualify as debt for Luxembourg tax purposes. It is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should consult their professional advisers with respect to particular circumstances, the effects of state, local or foreign laws to which they may be subject and as to their tax position.

The residence concept used under the respective headings below applies for Luxembourg tax assessment purposes only. Any reference in the present section to a tax, duty, levy impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*). Corporate investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Tax residency

A holder of the Notes will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding and/or disposing of the Notes, or the execution, performance, delivery and/or enforcement of the Notes.

Luxembourg taxation consideration if the Notes are considered as debt for Luxembourg tax purposes

Withholding tax

Resident investors

Under the Luxembourg law of 23 December 2005, as amended (the **Law**), payments of interest or similar income made by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. This withholding tax also applies on accrued or capitalised interest received upon disposal, redemption or repurchase of the Notes. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management or his/her private wealth. Responsibility for the withholding of tax in application of the Law is assumed by the Luxembourg paying agent within the meaning of the Law.

Non-resident investors

Under Luxembourg tax law currently in effect, there is no withholding tax on payments of interest (including accrued but unpaid interest) made to Luxembourg non-resident holders of the Notes. There is also no Luxembourg withholding tax, upon repayment of the principal or, subject to the application of Luxembourg tax law, upon redemption, repurchase or exchange of the Notes.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent. If the individual Noteholder holds the Notes in the course of the management of his or her private wealth, the aforementioned 20 per cent. withholding tax will operate a full discharge of income tax due on such payments. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 20 per cent.

Income tax

Resident investors

Any investor who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a permanent representative in Luxembourg to which or whom the Notes are attributable, is subject to Luxembourg income tax in respect of the interest paid or accrued on the Notes. Specific exemptions may be available for certain taxpayers benefiting from a specific tax regime.

Resident individual investors

A Luxembourg resident individual acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at the ordinary rates in respect of interest received, redemption premiums or issue discounts under the Notes, except if (i) a final withholding tax has been levied by the Luxembourg paying agent on such payments in accordance with the Law, or (ii) in case of a non-resident paying agent established in a Member State of the European Union or in a Member State of the EEA, if such Luxembourg resident individual investor has opted for the levy of the 20 per cent. final tax in full discharge of income tax in accordance with the Law. The option for the 20 per cent. final tax must cover all interest payments made by such paying agents to the beneficial owner during the full fiscal year.

Under Luxembourg domestic tax law, gains realised upon the sale, disposal or redemption of Notes by a Luxembourg resident individual who acts in the course of the management of his/her private wealth, are not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the Notes.

Interest derived from as well as gains realised upon a sale or disposal, in any form whatsoever, of the Notes by a Luxembourg resident individual holder acting in the course of the management of a professional or business undertaking to which the Notes are attributable are subject to Luxembourg income taxes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price and the lower of the cost or book value of the Notes sold or redeemed.

Resident corporate investors

Interest derived from as well as gains realised by a Luxembourg resident corporate entity, which is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Notes are subject to Luxembourg income taxes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price and the lower of the cost or book value of the Notes sold or redeemed.

Resident investors benefiting from a special tax regime

Luxembourg residents who benefit from a special tax regime, such as, for example, (i) undertakings for collective investment governed by the amended law of 17 December 2010, (ii) specialised investment funds governed by the amended law of 13 February 2007, (iii) family wealth management companies governed by the amended law of 11 May 2007, or (iv) reserved alternative investment funds treated as specialised investment funds for Luxembourg tax purposes and governed by the law of 23 July 2016 are exempt from income taxes in Luxembourg and thus income derived from the Notes, as well as gains realised thereon, are not subject to Luxembourg income taxes.

Non-resident investors

Non-resident investors, who have neither a permanent establishment nor a permanent representative in Luxembourg to which or whom the Notes are attributable, are not subject to Luxembourg income tax on interest received or accrued on the Notes. A gain realised by such non-resident investor, on the sale or disposal, in any form whatsoever, of Notes is further not subject to Luxembourg income tax.

Non-resident corporate investors or non-resident individual investors acting in the course of the management of a professional or business undertaking, and who have a permanent establishment or a permanent representative in Luxembourg to which or whom the Notes are attributable, are subject to Luxembourg income tax on interest accrued or received on the Notes and on any gains realised upon the sale or disposal, in any form whatsoever, on the Notes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price and the lower of the cost or book value of the Notes sold or redeemed.

Net wealth tax

Luxembourg resident investors or non-resident investors who have a permanent establishment or a permanent representative in Luxembourg to which or whom the Notes are attributable, are subject to Luxembourg net wealth tax on such Notes, except if the investor is (i) a resident or non-resident individual taxpayer, (ii) an undertaking for collective investment governed by the amended law of 17 December 2010, (iii) a securitisation company governed by the amended law of 22 March 2004 on securitisation, (iv) a company governed by the amended law of 15 June 2004 on venture capital vehicles, (v) a specialised investment fund governed by the amended law of 13 February 2007, (vi) or a family wealth management company governed by the amended law of 11 May 2007, (vii) a professional pension institution governed by the amended law of 13 July 2005, or (viii) a reserved alternative investment fund governed by the law of 23 July 2016. However, (i) a securitisation company governed by the amended law of 22 March 2004 on securitisation, (ii) a company governed by the amended law of 15 June 2004 on venture capital vehicles, (iii) a professional pension institution governed by the amended law of 13 July 2005, and (iv) a reserved alternative investment fund treated as venture capital vehicle for Luxembourg tax purposes and governed by the law of 23 July 2016, remain subject to a minimum net wealth tax. In this respect, a flat annual minimum net wealth tax of EUR 4,815 would be due assuming the Luxembourg company's financial assets, transferable securities and cash deposits represent (i) at least 90 per cent. of its total balance sheet and (ii) a minimum amount of EUR 350,000 (the "**Asset Test**"). Alternatively, should the Asset Test not be met, a progressive annual minimum net wealth tax ranging from EUR 535 to EUR 32,100 depending on the Luxembourg company's total gross assets would be due.

Other taxes

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by noteholders as a consequence of the issuance of the Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer, repurchase or redemption of the Notes.

There is no Luxembourg value-added tax payable in respect of payments in consideration for the issuance of the Notes or in respect of the payment of interest or principal under the Notes or the transfer of the Notes.

Under present Luxembourg tax law, where an individual holder of the Notes is a resident for inheritance tax purposes of Luxembourg at the time of his/her death, the Notes are included in his or her taxable estate for inheritance tax purposes. On the contrary, no estate or inheritance taxes are levied on the transfer of the Notes upon death of an individual holder of the Notes in cases where the deceased was not a resident of Luxembourg at the time of his/her death. Gift tax may be due on a gift or donation of the Notes, if the gift is recorded in a Luxembourg deed or otherwise registered in Luxembourg.

Luxembourg taxation consideration if the Notes are considered as equity for Luxembourg tax purposes

Withholding tax

Under Luxembourg tax laws currently in force, dividends paid by the Issuer are in principle subject to a Luxembourg withholding tax equal to 15 per cent. of the gross dividend (17.65 per cent. of the net dividend if the Issuer bears the cost of the withholding tax, which is not mandatory under Luxembourg tax laws). Responsibility for the withholding of the tax is assumed by the Issuer.

However, if a double tax treaty between Luxembourg and the country of residence of the holders of Notes applies, an exemption or a reduction of the Luxembourg withholding tax may be available pursuant to the relevant provisions of such double tax treaty.

In addition, pursuant to current Luxembourg tax laws, an exemption from Luxembourg dividend withholding tax may apply under the following conditions:

- the holder of Notes receiving the dividends is either (i) a fully taxable Luxembourg resident collective entity, (ii) a collective entity resident in a European Union (EU) Member State and falling within the scope of article 2 of the Council directive of 30 November 2011 (2011/96/EU) on the common system of taxation applicable in the case of parent companies and subsidiaries of different EU Member States, as amended (the **EU Parent-Subsidiary Directive**), (iii) the Luxembourg State, a Luxembourg municipality, an association of a Luxembourg municipality or an operation of Luxembourg public-law entity, (iv) a permanent establishment of an entity referred to at letters (i),(ii) or (iii) above, (v) a Swiss resident joint-stock company subject to corporate income tax in Switzerland without benefiting from any exemption, (vi) a joint-stock company or a cooperative company resident in an European Economic Area (EEA) country (other than a EU Member State) to the extent that such company is fully taxable and subject (in its country of residence) to a tax corresponding to Luxembourg corporate income tax, as well as a permanent establishment of such company, or (vii) a collective entity resident in a treaty country, to the extent that such entity is fully taxable and subject (in its country of residence) to a tax corresponding to Luxembourg corporate income tax, as well as a Luxembourg permanent establishment of such entity; and
- on the date on which the income is made available, the holder of Notes holds or commits to hold directly (or even indirectly under certain conditions) for an uninterrupted period of at least twelve months, a participation of at least 10 per cent. in the share capital of the Issuer (or with an acquisition price of at least EUR 1,200,000).

Income taxation

(i) Taxation of dividend income

Holders of Notes who are either Luxembourg resident individuals or Luxembourg fully taxable resident companies (or foreign holders of Notes having a permanent establishment in Luxembourg through which such Notes are held), will in principle be subject to tax at the ordinary rates on the dividends received

from the Issuer. However, under Luxembourg tax laws currently in force, 50 per cent. of the amount of such dividend may be tax exempt at the level of these holders of Notes.

The Luxembourg withholding tax levied at source on the dividends paid may, under certain conditions, be credited against the Luxembourg income tax due on these dividends.

Furthermore, certain corporate holders of Notes may benefit from an exemption of Luxembourg corporation taxes on dividend income under the following conditions:

- the holder of Notes receiving the dividends is either (i) a fully taxable Luxembourg resident collective entity, (ii) a Luxembourg permanent establishment of an EU resident collective entity falling within the scope of article 2 of the EU Parent-Subsidiary Directive, (iii) a Luxembourg permanent establishment of a joint-stock company that is resident in a State with which Luxembourg has concluded a double tax treaty, or (iv) a Luxembourg permanent establishment of a joint-stock company or of a cooperative company which is a resident of a EEA Member State (other than a EU Member State); and
- on the date on which the income is made available, the holder of Notes holds or commits to hold directly (or even indirectly through certain entities) for an uninterrupted period of at least twelve months, a participation of at least 10 per cent. in the share capital of the Issuer (or with an acquisition price of at least EUR 1,200,000).

The holder of Notes which is a Luxembourg resident entity governed by the law of 17 December 2010 on undertakings for collective investment, as amended, by the law of 13 February 2007 on specialised investment funds, as amended, by the law of 11 May 2007 on the family estate management company, as amended, or by the law of 23 July 2016 on reserved alternative investment funds and which does not fall under the special tax regime set out in article 48 thereof, is not subject to any Luxembourg corporation taxes in respect of dividends received from the Issuer. No tax credit is then available for Luxembourg withholding tax on dividends received from the Issuer.

Non-resident holders of Notes (not having a permanent establishment in Luxembourg through which the Notes are held) will in principle not be subject to Luxembourg income tax on the dividends received from the Issuer (except for the withholding tax mentioned above, if applicable).

(ii) Taxation of capital gains

Under current Luxembourg tax laws, capital gains realised by a Luxembourg resident individual holder of Notes (acting in the course of the management of his/her private wealth) upon the disposal of his/her Notes are not subject to Luxembourg income tax, provided this disposal takes place more than six months after the Notes were acquired and he/she does not hold a substantial participation. The participation is considered as substantial (a **Substantial Participation**) if the holder of Notes (i) holds or has held (either solely or together with his/her spouse or partner and minor children) directly or indirectly more than 10 per cent. of the share capital of the Issuer at any time during a period of five years before the realisation of the capital gain or (ii) acquired his/her Notes for free during the five years preceding the disposal of his/her Notes and the previous holder of the Notes or, in the case of subsequent gratuitous transfers, one of the previous holders has held (either solely or together with his/her spouse or partner and minor children) directly or indirectly more than 10 per cent. of the share capital of the Issuer at any time during a period of five years before the realisation of the capital gain.

Capital gains realised upon the disposal of Notes by a Luxembourg resident corporate holder of Notes (fully subject to Luxembourg corporation taxes) are in principle fully taxable. However, an exemption from Luxembourg corporation taxes applies under the following conditions:

- the holder of Notes realising the capital gains is either (i) a fully taxable Luxembourg resident collective entity, (ii) a Luxembourg permanent establishment of an EU resident collective entity falling within the scope of article 2 of the EU Parent-Subsidiary Directive, (iii) a Luxembourg permanent establishment of a joint-stock company that is resident in a State with which Luxembourg has concluded a double tax treaty, or (iv) a Luxembourg permanent establishment of a joint-stock company or of a cooperative company which is a resident of a EEA Member State (other than a EU Member State); and
- on the date on which the disposal takes place, the holder of Notes has held for an uninterrupted period of at least twelve months, a participation of at least 10 per cent. in the share capital of the Issuer (or with an acquisition price of at least EUR 6,000,000).

The holder of Notes which is a Luxembourg resident entity governed by the law of 17 December 2010 on undertakings for collective investment, as amended, by the law of 13 February 2007 on specialised investment funds, as amended, by the law of 11 May 2007 on the family estate management company, as amended, or by the law of 23 July 2016 on reserved alternative investment funds and which does not fall under the special tax regime set out in article 48 thereof, is not subject to any Luxembourg corporation taxes in respect of capital gains realised upon disposal of its Notes.

Under Luxembourg tax laws currently in force (subject to the provisions of double taxation treaties), capital gains realised by a Luxembourg non resident holder of Notes (not acting via a permanent establishment or a permanent representative in Luxembourg through which/whom the Notes are held) are not taxable in Luxembourg unless (a) the holder of Notes holds a Substantial Participation in the Issuer and the disposal of the Notes takes place less than six months after the Notes were acquired or (b) the holder of Notes has been a former Luxembourg resident for more than fifteen years and has become a non-resident, at the time of transfer, less than five years ago.

Net wealth taxation

A corporate holder of Notes, whether it is resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg through which/whom such Notes are held, is subject to Luxembourg wealth tax on such Notes, except if the holder of Notes is governed by the law of 11 May 2007 on the family estate management company, as amended, by the law of 17 December 2010 on undertakings for collective investment, as amended, by the law of 13 February 2007 on specialised investment funds, as amended, by the law of 23 July 2016 on reserved alternative investment funds, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or is a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended.¹

The holder of Notes which is (i) a Luxembourg resident fully taxable collective entity, (ii) a Luxembourg permanent establishment of an EU resident collective entity falling within the scope of article 2 of the EU Parent-Subsidiary Directive, (iii) a domestic permanent establishment of a joint-stock company that is resident in a State with which Luxembourg has concluded a double tax treaty, or (iv) a domestic permanent establishment of a joint-stock company or of a cooperative company which is a resident of a EEA Member State (other than a EU Member State), may be exempt from Luxembourg net wealth tax on its Notes if it holds a participation of at least 10 per cent. in the share capital of the Issuer (or with an acquisition price of at least EUR1,200,000).

¹ Please however note that securitisation companies governed by the law of 22 March 2004 on securitisation, as amended, capital companies governed by the law of 15 June 2004 on venture capital vehicles, as amended, or reserved alternative investment funds governed by the law of 23 July 2016 and which fall under the special tax regime set out under article 48 thereof may, under certain conditions, be subject to minimum net wealth tax.

An individual holder of Notes, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on his/her Notes.

Other taxes

Under current Luxembourg tax laws, no registration tax or similar tax is in principle payable by the holder of Notes upon the acquisition, holding or disposal of the Notes. However, a fixed registration duty of EUR 12 may be due in the case where the Notes are physically attached to a public deed or to any other document subject to mandatory registration, as well as in the case of a registration of the Notes on a voluntary basis.

When the holder of Notes is a Luxembourg resident for inheritance tax assessment purposes at the time of his/her death, the Notes are included in his/her taxable estate for Luxembourg inheritance tax assessment purposes.

Luxembourg gift tax may be due on a gift or donation of the Notes if embodied in a notarial deed signed before a Luxembourg notary or recorded in Luxembourg.

Singapore Taxation

The statements below are general in nature and are based on certain aspects of current tax laws in Singapore and administrative guidelines and circulars issued by the IRAS and the MAS in force as at the date of this Base Prospectus and are subject to any changes in such laws, administrative guidelines or circulars, or the interpretation of those laws, guidelines or circulars, occurring after such date, which changes could be made on a retroactive basis. These laws, guidelines and circulars are also subject to various interpretations and the relevant tax authorities or the courts could later disagree with the explanations or conclusions set out below. Neither these statements nor any other statements in this Base Prospectus are intended or are to be regarded as advice on the tax position of any holder of the Notes or of any person acquiring, selling or otherwise dealing with the Notes or on any tax implications arising from the acquisition, sale or other dealings in respect of the Notes. The statements made herein do not purport to be a comprehensive or exhaustive description of all the tax considerations that may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and do not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or financial institutions in Singapore which have been granted the relevant Financial Sector Incentive(s)) may be subject to special rules or tax rates. It should not be regarded as advice on the tax position of any person and should be treated with appropriate caution. Holders or prospective holders of the Notes are advised to consult their own professional tax advisers as to the Singapore or other tax consequences of the acquisition, ownership or disposal of the Notes, including, in particular, the effect of any foreign, state or local tax laws to which they are subject. It is emphasised that none of the Issuer, the Joint Arrangers, the Dealers, the Trustee and any other persons involved in the Programme accepts responsibility for any tax effects or liabilities resulting from the subscription for, purchase, holding or disposal of the Notes.

1. Characterisation of the Subordinated Notes for Singapore income tax purposes

In Singapore, the income tax treatment of any distributions from the Subordinated Notes is dependent on the characterisation of such Subordinated Notes. Currently, there are no specific provisions in the ITA) which stipulate the considerations or factors for determining the nature of the Subordinated Notes as to whether it is a debt or an equity instrument. IRAS has however issued an e-Tax Guide titled “Income Tax Treatment of Hybrid Instruments (Second Edition)” dated 21 October 2019 (**Hybrid Instruments e-Tax Guide**) to provide some guidance in determining such characterisation.

Under the Hybrid Instruments e-Tax Guide, IRAS takes the approach that the characterisation is first determined based on its legal form. This involves the examination of the legal rights and obligations created by the instrument. A hybrid instrument is generally characterised as equity given that the legal terms of such an instrument would generally indicate ownership interests in the issuer. However, where

there are specific terms or features of a hybrid instrument which may not be aligned to its legal form, or if the legal form of a hybrid instrument is not indicative of or does not reflect the legal obligations and rights of the hybrid instrument, then the characterisation of the hybrid instrument would be determined based on all the relevant facts and circumstances and a combination of certain factors provided under the Hybrid Instruments e-Tax Guide. The presence of any single factor may not suffice to classify the hybrid instrument as either debt or equity. To determine the characterisation of the hybrid instrument, a combination of factors and the facts and circumstances of the case have to be taken into account. Once the characterisation of a hybrid instrument is determined, the corresponding tax treatment would follow.

The Issuer does not intend to request an advance tax ruling from the IRAS to confirm, amongst other things, whether the Relevant Tranche of Subordinated Notes would be regarded as “debt securities” for the purposes of the ITA. If the Relevant Tranche of Subordinated Notes is not regarded as “debt securities” or the interest payments made under the Relevant Tranche of Subordinated Notes are not regarded as interest payable on indebtedness for the purposes of the ITA and Noteholders thereof are not eligible for the tax concessions under the qualifying debt securities scheme, the tax treatment to Noteholders may differ. Investors and Noteholders should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding and disposal of the Relevant Tranche of Subordinated Notes.

The disclosure below is based on the assumption that the IRAS regards the Relevant Tranche of Subordinated Notes as “debt securities” for the purposes of the ITA and that interest payments made under the Relevant Tranche of Subordinated Notes will be regarded as interest payable on indebtedness and holders thereof may therefore enjoy the tax concessions available for qualifying debt securities, provided that the other conditions for the qualifying debt securities scheme are satisfied. If the Relevant Tranche of Subordinated Notes is not regarded as “debt securities” for the purposes of the ITA, holders thereof would not be eligible for the tax concessions under the qualifying debt securities scheme and the tax treatment to holders may differ depending on the characterisation and treatment of the Relevant Tranche of Subordinated Notes by the IRAS.

Investors and holders of any Notes should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding and disposal of any Notes (including the Relevant Tranche of Subordinated Notes).

2. Interest and Other Payments

In respect of any tranche of Notes (the **Relevant Tranche of Notes**) issued under the Programme, where more than half of the Relevant Tranche of Notes issued under that tranche is distributed by a Financial Sector Incentive (Bond Market) Company, a Financial Sector Incentive (Capital Market) Company or a Financial Sector Incentive (Standard Tier) Company (as defined in the ITA) at the time of such distribution, such Relevant Tranche of Notes, if treated as debt instruments, issued under the Programme during the period from the date of this Base Prospectus to 31 December 2023, should be regarded as debt securities (as defined in the ITA) and hence qualifying debt securities (**QDS**) for the purposes of the ITA, to which the following treatment shall apply:

- (i) subject to certain prescribed conditions having been fulfilled (including the furnishing by the Issuer, or such other person as MAS may direct, to MAS of a return on debt securities for the Relevant Tranche of Notes in the prescribed format within such period as MAS may specify and such other particulars in connection with the Relevant Tranche of Notes as MAS may require, and the inclusion by the Issuer in all offering documents relating to the Relevant Tranche of Notes of a statement to the effect that where interest, discount income, prepayment fee, redemption premium or break cost from the Relevant Tranche of Notes is derived by a person who is not resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption for qualifying debt securities shall not apply if the non-resident person acquires the Relevant Tranche of Notes using the funds and profits of such person’s operations through the Singapore permanent establishment), interest, discount income (not including discount income arising from secondary trading),

prepayment fee, redemption premium and break cost (collectively, the **Specified Income**) from the Relevant Tranche of Notes, paid by the Issuer and derived by a holder who is not resident in Singapore and who (aa) does not have any permanent establishment in Singapore or (bb) carries on any operation in Singapore through a permanent establishment in Singapore but the funds used by that person to acquire the Relevant Tranche of Notes are not obtained from such person's operation through a permanent establishment in Singapore, are exempt from Singapore tax; and

(ii) subject to certain conditions having been fulfilled (including the furnishing by the Issuer, or such other person as MAS may direct, to MAS of a return on debt securities for the Relevant Tranche of Notes in the prescribed format within such period as MAS may specify and such other particulars in connection with the Relevant Tranche of Notes as MAS may require), Specified Income from the Relevant Tranche of Notes paid by the Issuer and derived by any company or body of persons (as defined in the ITA) in Singapore is subject to income tax at a concessionary rate of 10.0 per cent. (except for holders of the relevant Financial Sector Incentive(s) who may be taxed at different rates).

Notwithstanding the foregoing:

(A) if during the primary launch of the Relevant Tranche of Notes, such Relevant Tranche of Notes is issued to fewer than four persons and 50.0 per cent. or more of the issue of such Notes is beneficially held or funded, directly or indirectly, by a related party or related parties of the Issuer, such Relevant Tranche of Notes would not qualify as QDS; and

(B) even though the Relevant Tranche of Notes is QDS, if, at any time during the tenure of such Relevant Tranche of Notes, 50.0 per cent. or more of such Relevant Tranche of Notes outstanding at any time during the life of its issue is beneficially held or funded, directly or indirectly, by any related party(ies) of the Issuer, Specified Income derived from such Relevant Tranche of Notes held by:

(I) any related party of the Issuer; or

(II) any other person where the funds used by such person to acquire such Relevant Tranche of Notes are obtained, directly or indirectly, from any related party of the Issuer,

shall not be eligible for concessionary rate of tax as described above.

The term "related party", in relation to a person, means any other person who, directly or indirectly, controls that person, or is controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

Where interest, discount income, prepayment fee, redemption premium or break cost (i.e. the Specified Income) is derived from the Relevant Tranche of Notes by any person who is not resident in Singapore and who carries on any operations in Singapore through a permanent establishment in Singapore, the tax exemption available for QDS under the ITA (as mentioned above) shall not apply if such person acquires such Relevant Tranche of Notes using the funds and profits of such person's operations through a permanent establishment in Singapore. Any person whose interest, discount income, prepayment fee, redemption premium or break cost (i.e. the Specified Income) derived from the Relevant Tranche of Notes is not exempt from tax is required to include such income in a return of income made under the ITA.

3. Capital Gains

Any gains considered to be in the nature of capital made from the sale of the Subordinated Notes will not be taxable in Singapore. However, any gains derived by any person from the sale of the Relevant Tranche of Notes which are gains from any trade, business, profession or vocation carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Holders of the Relevant Tranche of Notes who apply or are required to apply Singapore Financial Reporting Standard 39 (**FRS 39**), FRS 109 – Financial Instruments (**FRS 109**) or Singapore Financial Reporting Standard (International) 9 (**SFRS(I) 9**) (as the case may be), may for Singapore income tax purposes, be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Relevant Tranche of Notes, irrespective of disposal, in accordance with FRS 39, FRS 109 or SFRS(I) 9 (as the case may be). Please see the section below on “Adoption of FRS 39, FRS 109 or SFRS(I) 9 for Singapore Income Tax Purposes”.

4. Adoption of FRS 39, FRS 109 or SFRS(I) 9 for Singapore Income Tax Purposes

Subject to certain “opt-out” provisions, Section 34A of the ITA requires taxpayers who adopt or are required to adopt FRS 39 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 39, subject to certain exceptions provided in that section. The IRAS has also issued a circular entitled “Income Tax Implications Arising from the Adoption of FRS 39 – Financial Instruments: Recognition and Measurement” to provide guidance on the Singapore income tax treatment of financial instruments.

FRS 109 or SFRS(I) 9 (as the case may be) is mandatorily effective for annual periods beginning on or after 1 January 2018, replacing FRS 39. Section 34AA of the ITA requires taxpayers who adopt or who are required to adopt FRS 109 or SFRS(I) 9 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 109 or SFRS(I) 9 (as the case may be), subject to certain exceptions provided in that section. The IRAS has also issued a circular entitled “Income Tax: Income Tax Treatment Arising from Adoption of FRS 109 – Financial Instruments”.

Holders of the Relevant Tranche of Notes who may be subject to the tax treatment under the FRS 39 tax regime, FRS 109 tax regime or the SFRS(I) 9 tax regime should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Relevant Tranche of Notes.

5. Estate Duty

Singapore estate duty has been abolished with respect to all deaths occurring on or after 15 February 2008.

General

To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into the Base Prospectus by this Supplement and (b) any other statement in or incorporated by reference in the Base Prospectus, the statements in (a) above will prevail.

Save as disclosed in this Supplement, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectus.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **foreign financial institution** (as defined in FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including Luxembourg) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to

instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which financial regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are published generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described under "*Further Issues*" in the relevant Terms and Conditions) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

The Proposed Financial Transactions Tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No. 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

The Dealers have, in an Amended and Restated Programme Agreement (such Amended and Restated Programme Agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated [●] 2020 agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and in the relevant Terms and Conditions of the Notes. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the update and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. In addition, the Programme Agreement provides that the obligations of the Dealers to subscribe for Notes may be subject to certain conditions precedent, including (among other things) receipt of legal opinions from counsel.

SELLING RESTRICTIONS

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of sales to EEA and UK Retail Investors

Unless the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA and UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA or in the UK. For the purposes of this provision:

- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of the Insurance Mediation Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes specifies “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable”, in relation to each Member State of the EEA and the UK (each, a **Relevant State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant State except that it may make an offer of such Notes to the public in that Relevant State:

- (c) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (d) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (A) to (C) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision:

- the expression **an offer of Notes to the public** in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes; and
- the expression **Prospectus Regulation** means Regulation (EU) 2017/1129.

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer the information contained in this Supplement is in accordance with the facts and makes no omission likely to affect the import of such information.

Purpose of the Supplement

The purpose of this Supplement is to update the section of the Base Prospectus entitled "Description of the Issuer".

Description of the Issuer

With effect from the date of this Supplement, the information appearing on pages 187 and 188 of the Base Prospectus under the heading "*Description of the Issuer – Litigation – Kingstown Dispute in the United States*", shall be amended by deleting the last paragraph under this heading and replacing it with the following paragraphs:

"On 4 September 2020, the SDNY Court dismissed the claims against the CPI Defendants and directed the clerk of court to close the case.

In dismissing the claims, the SDNY Court ruled that Luxembourg is an adequate forum for resolution of the Kingstown Plaintiffs' claim and referenced the substantial similarities to a claim filed in Luxembourg by Kingstown in 2015, which was dismissed in June 2019 (see "*Kingstown dispute in Luxembourg*"). The SDNY Court also indicated that the claim "bears indicia of forum shopping" and that "the salient difference between the two suits is the potential for treble damages under the RICO statute" which "is not a legitimate reason for choosing this particular venue."

Due to the prior pending action and based on forum non conveniens, the SDNY Court granted dismissal and never considered the merits of the case. The Kingstown Plaintiffs may decide to appeal the SDNY Court ruling, however, the Issuer believes the basis for such appeal is exceptionally weak and the CPI Defendants would defend any such appeal vigorously."

General

To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into the Base Prospectus by this Supplement and (b) any other statement in or incorporated by reference in the Base Prospectus, the statements in (a) above will prevail.

Save as disclosed in this Supplement, there has been no other significant new factor, material mistake or material inaccuracy relating to information included in the Base Prospectus.
